Classification: UNCLASSIFIED
Caveats: NONE

There have been a few questions on the exceptions to WAWF and the contingency contracting environment. ECC has addressed these questions in the below Policy Alert, which provides clarification for contingency operations and the applicability of WAWF. To summarize, Contracting actions awarded by ECC warranted Contingency Contracting Officers (CCOs) in support of OCONUS military exercises are deemed to be "in support of military operations" for purposes of the exception from WAWF applicability under DFARS 232.7002(a)(4).

Please let the PARC Policy and Compliance Team know if you have any questions at DL-409CSB-HQ-CMD-PARCPolicy@EUR.army.mil.

SUBJECT: COD Policy Alert #2011-001 - Wide Area Workflow (WAWF) Exception

1. The purpose of this alert is to provide clarification on the WAWF exception at DFARS 232.7002(a)(4) for contract awards awarded by deployed Contracting Officers in the course of military operations, including but not limited to contingency operations as defined in 10 U.S.C. 101(a)(13) or humanitarian or peacekeeping operations as defined in 10 U.S.C. 2302(8), or contracts awarded by contracting officers in the conduct of emergency operations, such as responses to natural disasters or national or civil emergencies.

2. Background: One of the CSB's requested clarification regarding the

PARC/Policy Alert #11-53, Wide Area Workflow Class Deviation. To summarize, with the removal of the exception at DFARS 232.7002(a)(2), would OCONUS military exercises be considered "military operations" under the exemption at DFARS 232.7002(a)(4)?

3. Clarification: Contracting actions awarded by ECC warranted Contingency Contracting Officers (CCOs) in support of OCONUS military exercises are deemed to be "in support of military operations" for purposes of the exception from WAWF applicability under DFARS 232.7002(a)(4).

4. The ECC point of contact for this action is Bernadette Dorsch, 256-955-7619 (DSN: 645), email: bernadette.dorsch@us.army.mil.
