DISCUSSION/GUIDANCE:

In an effort to provide procurement guidance to our contracting professionals, we are introducing PARC TIPS (Training in a Practical Sense). Our goals for the PARC TIPS are to share information, provide guidance and support consistency in contracting throughout the Command. These TIPS are not considered formal policy; however, we highly encourage our contracting professionals to utilize the guidance provided in performing their duties.

We will publish the PARC TIPS in an e-mail to the Command and on our AKO site at ECC 409th CSB Europe at the ECC 409th CSB Team Knowledge Center under 409th COD. All PARC TIPS will have a POC that you can contact for further information or with any questions. The POC for the PARC TIPS Program is Joy Lloyd (484-6314 or 06314136314, joy.lloyd@eur.army.mil).
