MEMORANDUM FOR DLA DISPOSITION SERVICES EMPLOYEES

SUBJECT: Environmental Policy Statement

DLA Disposition Services is a worldwide organization committed to finding the best possible use for excess Department of Defense personal property.

We are committed to reuse of DOD property resulting in solid and hazardous waste reductions for our customers.

We will practice pollution prevention in all of our processes through education, pollution prevention partnerships, and excellence in environmental stewardship.

We are committed to compliance with regulatory and other requirements. We recognize that compliance is the minimum requirement to improve our environmental performance.

We will work with our stakeholders to reduce environmental impact through resource conservation and pollution prevention.

DLA Disposition Services is committed to effective monitoring and continual improvement of our environmental performance both in the services we provide to others and in our internal operations.

TWILA C. GONZALES, SES
Director
