

## **Inviting a Health Care Provider to Become TRICARE-Authorized**

If you would like to see a health care provider who does not currently accept TRICARE patients, TRICARE encourages you to print out the handout on the next page and give it to him or her. The handout explains the benefits of being a TRICARE-authorized provider and includes information about the authorization process.

Providers who are interested in attaining authorized status should follow the instructions in the handout. Please remember, if you see a provider who is not eligible for TRICARE authorization, you will be responsible for the full cost of care.

TRICARE is always eager to welcome new providers who provide excellent care for our nation's heroes and their families— and you, as the beneficiary, are TRICARE's best recruiter.

**Becoming a TRICARE-Authorized Provider**

TRICARE invites you to serve America’s heroes and their families by becoming a TRICARE-authorized provider. TRICARE is the health care plan for the nation’s 9.6 million uniformed services members, retirees, and families.

- TRICARE is an industry leader in timely claims processing; close to 100 percent of correctly filed claims are paid within 30 days, and all are paid within 60 days.
- TRICARE regional contractors provide administrative support, including quick, reliable assistance through dedicated contact phone numbers and resources.

You do not have to join the TRICARE network in order to see TRICARE beneficiaries, but you must become TRICARE-authorized. Most providers with a valid professional license (*issued by a state or a qualified accreditation organization*) can become TRICARE-authorized. It’s easy! Begin the process or get more information by:

- Visiting [www.tricare.mil/tma/providerinformation.aspx](http://www.tricare.mil/tma/providerinformation.aspx)
- Calling the regional contractor for the region where your office is located (*see below*)

Once you become TRICARE authorized, make sure your office staff knows you accept TRICARE. Beneficiaries often ask friends or neighbors for provider recommendations, and they will call your office to see if you accept TRICARE.

We hope you will partner with TRICARE to deliver world-class health care to America’s heroes and their families.

**Becoming a TRICARE Network Provider**

If you desire a closer working relationship with TRICARE, you may apply to become a TRICARE network provider. Contact your TRICARE regional contractor for more information.
