

WHY STEM?

- You gain exposure to one of the Top 5 “Best Undergraduate Engineering Programs” in the country as ranked by *U.S. News & World Report*.*
- You will work in world-class lab facilities that provide a unique learning environment outside the traditional classroom.
- You will experience real-life application of math and science principles through hands-on practical learning.
- You will meet other students from across the country who share a similar interest in technology and engineering.
- A short time at STEM can inspire a lifetime of learning!
