

STRATEGIC PRIORITIES

...Achieve Effective Command and Control/ Unity of Effort Across Mission Support Disciplines

...Serve as the Operational Commanders' Single Point Of Accountability for service delivery

...Prioritize Contingency Operational Logistics Needs

...Maintain the Mission Support Common Operational Picture

...Develop and Deploy a Comprehensive Compliance Program

DIRECTOR OF OPERATIONAL LOGISTICS

Director of Operational Logistics

300 E. Main Street

Suite 1100

Norfolk, VA 23510-9110

757-628-4488

MISSION

The Director of Operational Logistics ensures timely delivery of effective and integrated mission support during steady state and contingency operations.

VISION

Aligned with Coast Guard strategic intent, we enable operations by delivering effective, tailored and integrated mission support anytime, anywhere.

VALUE

PROPOSITION

DOL shall, in support of Operations...

...translate DCMS strategic guidance into operational logistics execution.

...coordinate mission support on a regional/national level during both steady state and contingency operations.

...advise operational commanders on logistical resource impacts related to mission execution.

...sustain the Mission Support Business Model through an effective compliance program.

...leverage DCMS field level human capital to drive mission excellence.

GUIDING PRINCIPLES

Focus on Supporting the Operator

- ✓ We will make it an imperative to deliver quality products and services that satisfy the needs of operational units.

Support Strategic Priorities

- ✓ We will align our day-to-day support activities with the CG Strategy for Maritime Safety, Security, and Stewardship in concert with the DCMS Strategic Blueprint.

Integrate Support

- ✓ We will work with Base Commanders and Logistics and Service Centers to balance enterprise wide, Business Model discipline with regional demands to deliver seamless support for our operational partners.

Cultivate and Leverage our Partnerships

- ✓ We will utilize partnerships with DoD/OGA logistics professionals to enhance mission support delivery.

Embrace Innovation and Process Improvement

- ✓ We will continually explore new ideas and methods to increase our efficiency, speed, and effectiveness.
