OFFICE OF THE ATTORNEY GENERAL - UNITED STATES GOVERNMENT

MEMORANDUM FOR THE ATTORNEY GENERAL
FROM: [Illegible]
SUBJECT: [Illegible]

There is enclosed herewith a memorandum covering a review of the
[Illegible] files, background and results of investigation of individuals mentioned
[Illegible] in the United States or who have been proven by investigation to
be closely related thereto.

The main objective throughout has been to establish the truth or falsity
of [Illegible]'s statement. As can be seen from a reading of the attached memorandum,
[Illegible] has maintained a high degree of accuracy in all her expressions to date.

Investigation is continuing in this case of those individuals cited as
major subjects or who have been proven to be closely related to any of the
subjects and who possibly may develop into that category at a later date.

The special squads which were sent into New York and the Washington
[Illegible] Offices to handle this investigation have all been released. This case,
however, being handled as a special assignment in both offices, utilizing
agents assigned to those respective offices. It would be my recommendation that
this time this case be taken out of the special category and handled by the
Field and the New York Field Divisions in the same manner that they are now han-
dling the other Communist cases, i.e., the Communist Desk, as regular assign-
ment in the field offices.

RE: NATHAN GREGORY SILVERMASTER, WAS
E. SILVERMASTER, NATHAN GREGORY
MASTERS, NATHAN MASTERS, SERGE
KONOV; ET AL
ESPIONAGE - R

The purpose of this memorandum is to show the results of investigation made to date on the basis of a signed statement dated November 30, 1945, executed by Elizabeth Terrill Bentley, who, for a period of several years, acted as a courier for the Soviet espionage system in the United States. All investigation has been directed toward establishing the truth or falsity of this statement.

ORIGIN OF CASE AND SUMMARY OF INVESTIGATION

On the evening of November 7, 1945, Elizabeth Terrill Bentley called at the New York Office of this Bureau and made disclosures regarding her activities for a branch of the Soviet espionage system in the United States. Her membership in the Communist Party dates back to March of 1935, when she became a regular member of Unit Number 1, Harlem Section, Communist Party-USA. Her reasons for dissidence at this time are somewhat nebulous but appear to center in the fact that in her operations for the Soviet espionage system she was originally responsible to Earl Browder, former National Chairman of the Communist Party, and later her contacts were taken over by Russians so that neither she nor Browder had any further relationships with them. Secondly, she was being threatened by William Weiner and Lement U. Harris, prominent national figures in the Communist Party, who were demanding from her \$15,000 originally invested by the Communist Party through the good offices of Earl Browder in the company being operated by Colonel John H. Reynolds and Bentley, namely, the United States Service and Shipping Corporation, a cover firm for Soviet activity outwardly engaged in sending food packages to Europe. Thirdly, she is ostensibly afraid of the Soviet representatives with whom she is presently dealing and whose true identities she professes not to know. Fourthly, Bentley, prior to her turn-about, had been associating and possibly had an emotional interest in an individual by the name of Peter F. Heller. Heller, through investigation, was determined to be an individual of no political significance who has no connection with this case. However, his glibness apparently left the impression with Bentley that he was in some way associated with an intelligence organization which probably influenced her in some small way to attempt an anticipation of trouble through him.

Following the appearance of Bentley at the New York Office of this Bureau, she was interviewed in great detail, executing a signed statement of 112 pages on November 30, 1945. In brief this statement set forth her

Department being Harry Dexter White. His residence with the Silvermasters and his employment under Harry Dexter White substantiates at least in part the statements made by Bentley. o/s

The New York Office has narrowed its investigation to date down to the following named individuals:

1. Abe Brothman, Consulting Engineer.
2. Laughlin Currie of the International Developing Company, 19 Rector Street, New York City, formerly Administrative Assistant to President Roosevelt. o/s
3. Ray Elson, wife of Joseph Elson, recently released from the United States Army.
4. Alexander Koral, Board of Education, Brooklyn, New York.
5. Dr. Abraham Benedict Weinstein, Dentist.

Abe Brothman was mentioned prominently in the Bentley statement as having furnished blueprints of commercial kettles to Golos. He is the head of Abe Brothman and Associates, Consulting Engineers, with offices at 114 East 32nd Street, New York City. Investigation to date has not developed any contacts by Brothman with the other subjects in this case.

Laughlin Currie, formerly Administrative Assistant to President Roosevelt, was mentioned prominently in the Bentley statement as being helpful to those engaged in Soviet intelligence whom she knew. Investigation has revealed that he was used as a reference by several individuals more actively engaged in the gathering of information and actually interceded to bring about no action in the Hatch Act investigation of Silvermaster. He has had no contacts with other individuals mentioned by Bentley during the course of this investigation. He is presently making plans to leave the United States for England in the near future. o/s

Ray Elson is the individual through whom Bentley made arrangements for her contact with "Al", later identified as Anatole Gromov. She also succeeded Bentley in the United States Service and Shipping Corporation. Elson arranged the contact with "Al" which was covered by physical surveillance by Bureau Agents on November 21, 1945. Both she and her husband are in contact with known Communists.

Alexander Koral was not mentioned in the Bentley statement but entered the case as a result of a surveillance on Silvermaster in Washington, D. C. Silvermaster picked Koral up in his automobile from a busy corner and took a long ride with him on December 1, 1945. This would be a typical method of contact, according to Bentley. o/s

RE: ABRAHAM BROTHMAN, with alias
Abe Brothman

ALLEGATIONS OF INFORMANT

"In about May of 1940 Golos introduced me to one Abe Brothman, who at that time resided in Nassau County, New York, and who was employed at the Republic Steel Company, New York, New York, as I recall, as an engineer. After I met this individual he told me he wanted me to have some blue prints copied and give the copies to Golos. I recall that from early summer, 1940 until sometime in the fall of 1940 I met Abe approximately ten times. Sometimes Golos would meet Abe to obtain these blue prints, but whenever he could not make these appointments I would do it. Most of these meetings took place in front of the Mosler Safe Company at 32nd Street and Fifth Avenue, New York City. Abe would meet me and we would usually go to dinner and during the course of the meal or later in the evening he would turn over to me these blue prints. I do not know how many separate prints there were as they would come in an envelope. I remember that on a great number of occasions the prints that he gave me were copies that Abe had made. However, on several occasions it would be necessary for me to take the originals and have copies made, which I would give to Golos, and I would return the originals to Abe at some future date. Abe never told me that it was imperative that I have these copied and the originals returned to him in the immediate future.

"Sometime during these happenings I learned from either Abe or Golos that these blue prints were of commercial kettles, which I understand to be some type of commercial vat. However, I am not sure of this deduction. Whenever I had to have copies made I would take them to one of the numerous stores that do this work on Cortlandt Street, New York City. I cannot recall the names of any of these shops.

"Along toward the fall of 1940 Golos told me he was becoming somewhat discouraged with his dealings with Abe and told me he was going to turn him over to someone else. I never did learn from Golos or anyone else to whom Golos directed Abe."

Re: ABRAHAM BROTHMAN,
with alias Abe Brothman

BACKGROUND

Abraham Brothman is actively engaged in the consulting engineering firm of A. Brothman and Associates, a partnership with offices in Room 1606, 114 East 32nd Street, New York City. This partnership began operation on August 15, 1944, and is composed of Abraham Brothman, Gerhart Wollan, Oscar J. Vago and Jules Korchien. Brothman resides at 41-08 - 42nd Street, Sunnyside, Long Island, New York.

The records of Local Draft Board #245 located at 30-97 Steinway Street, Long Island City, New York, reflect that Brothman was born on August 15, 1913, at New York City and married Naomi Mett on June 15, 1937. They have one child, Elsa Harriet Brothman, who was born on July 27, 1941, at New York City. He listed education at the John Winthrop Elementary School, DeWitt Clinton High School, Columbia College - accounting, Columbia University - chemical engineering.

On April 3, 1945, a letter was sent to the Local Board by Oscar J. Vago of A. Brothman and Associates setting forth an appeal on behalf of Abraham Brothman, chief engineer, and showing the work of A. Brothman and Associates to be that of consulting engineers to the following concerns:

Bridgeport Brass Company, Bridgeport, Connecticut - manufacturers of aerosol bombs for protective measures against disease to the Armed Forces of the United States;

Graver Tank and Manufacturing Company, Inc. - manufacturers of D.D.T., water treating, etc., for Army, Navy and Maritime Commission of the United States;

Palestine Potash, Ltd., D.D.T. plant in the near East; and

Commission of Aeronautical Affairs of the Republic of China - setting up plants for the production of plywood glues and bomber noses, turrets, and domes.

A letter dated November 16, 1940 from the Hendrick Manufacturing Company of Carbondale, Pennsylvania, indicated that Brothman was employed at that time by that concern and that his employment was vital to the company. This letter further stated that he was the inventor of many features and equipment for the production of aviation gas, artificial rubber, plastics and general processing.

~~SECRET~~

It is to be noted that Jules Korchien is considered by the New York Field Division to be a key figure in the Communist Party and that he is the International Vice President of the Federation of Architects, Engineers, Chemists and Technicians, a Communist-dominated union, a delegate in 1945 to the Greater New York CIO Industrial Union Council and a member of the Architect Committee of the National Council for American-Soviet Friendship. Oscar Vago is known to be a member of the Communist Party in Queens, New York, and Gerhart Wollan is a member of the Communist Party of Brooklyn, New York.

Brothman is known to the Bureau as a signer of the Communist Party Nominating Petition at New York City in 1943 and that he interests himself in such reading matter as the April, 1945 issue of "Political Affairs," a text book of Dialectical Materialism; "Economics of Barbarism" by J. Kuczynsky and M. Witt; "300,000,000 Slaves and Serfs," by Kuczynsky and the May, 1945 issue of "American Review of the Soviet Union," a quarterly published by the American-Russian Institute, New York City.

RESULTS OF INVESTIGATION

An inspection in November, 1945, of the hotel registry at 41-08 42nd Street, Sunnyside, Long Island, reflected that A. Brothman-Mett occupied Apartment 5F at that address. An investigation reflected that the telephone number of A. Brothman and associates at 114 East 32nd Street, New York City, is Murray Hill 3-9670.

A physical surveillance was instituted on A. Brothman on November 28, 1945, and was continued for several days. However, the results of this surveillance were negative as far as the instant investigation was concerned. Likewise, an examination of the bank account of A. Brothman and associates failed to reflect any activities pertinent to the instant investigation.

On December 4, 1945, a photograph of Abraham Brothman was displayed to Elizabeth Terrill Bentley, and she identified it immediately as the same individual who was known to her as Brothman. Her identification was positive, and her only further comment was that the photograph made Brothman look considerably younger than he was when she knew him.

ReBulet 5/19/52 and mylet 5/23/52.

ReBulet suggested that in view of the subject's identification [redacted] this office should review its entire file in this matter with a view to determining whether separate investigations should be opened on additional individuals who have been connected with SCHUSTER. (S) (u) level of classification changed according to letter 10/22/82 per appropriate gov't agency

As the Bureau is aware, SCHUSTER has been active in the Communist Party in the New York area for many years and first came to the attention of this office in the early 1940's. SCHUSTER has been in contact with a great number of CP members. In the interest of economy of investigative effort, principal attention during the review of the SCHUSTER file has been directed towards contacts of the subject which appear to have been other than regular open CP associations.

SCHUSTER was very active in setting up various concerns during the middle 1940's which may have been used as cover organizations for espionage and/or CP underground activities, or may have been used to secure income for the CP. Associated in these activities with SCHUSTER were SAM BROOKS, GEORGE HADLOW TILLET, and his sons, LESLIE and JAMES TILLET. Each of these individuals are subjects of separate investigations in which this office is origin. HARRY EDWARD ELLIS was also associated with the subject in at least two concerns and continues his activities in concerns which may be financial descendants of companies in which SCHUSTER was interested.

There has been no evidence of recent association between ELLIS and the subject; however, it is interesting to note that ABE BROTHMAN received financial help in 1945 from one BERNARD PIDTO who was associated with the Processed Chemicals and Coatings Corporation, which organization employed HARRY ELLIS. A separate investigation has recently been inaugurated on HARRY ELLIS (NY file 105-4363).

In compliance with instructions, we have been working on an Indexing Project involving 15 volumes totaling 5712 pages of Hearings on the above matter. We found there were certain savings in the number of cards to be made by reading the volumes. We further are experimenting by indexing each volume separately in order to reduce locate and service problems. We will soon have typists available to prepare the approximately 10,000 cards, and copies of this memorandum will be recorded as cover letters to the 15 volumes.

RECOMMENDATION:

That fifteen copies of this memorandum be recorded as consecutive serials in Bureau file 100-64700- to provide necessary cover letters and serials in order that the actual indexing may be accomplished.

Mr. MORRIS. Did you then discontinue all connection with the Communist Party, Miss Bentley?

Miss BENTLEY. No, I went with what they called the underground; that is, I was working for an Italian Fascist contact. I was put under a person under whom I worked.

Miss BENTLEY. Yes.

Mr. MORRIS. What was his position?

Miss BENTLEY. He was quite high up in the NKVD, which is the OGPU. He was also a member of the three-man control commission.

Mr. MORRIS. You say he was a member of a three-man control commission of the American Communist Party?

Miss BENTLEY. Yes. That is practically the outfit that runs the American Communist Party. They are the disciplinary committee that can take action against the members.

Mr. MORRIS. Do you know who the other two members were at that time?

Miss BENTLEY. I don't know offhand. It's on record some place.

Mr. MORRIS. But you know he was one of three men?

Miss BENTLEY. He was one of three men.

Mr. MORRIS. You say he was also connected with the NKVD?

Miss BENTLEY. He had been connected with it as far back as the early twenties.

The CHAIRMAN. What was the NKVD?

Miss BENTLEY. I don't think I know what it means in Russian, but it's the internal security police, translated. It includes all of the Soviet espionage work whether military intelligence or rounding up the recalcitrants.

Mr. MORRIS. In other words, it is the Soviet military police?

Miss BENTLEY. That is right, operating abroad.

Mr. MORRIS. Abroad, from the Soviet Union?

Miss BENTLEY. Yes.

Mr. MORRIS. You say Golos was a representative of the NKVD for the Soviet Union?

Miss BENTLEY. And a high-up one.

Mr. MORRIS. And a high-up one?

Miss BENTLEY. Yes.

Mr. MORRIS. Could you tell us the nature of your assignment with Golos?

Miss BENTLEY. Well, after I had left the Italian Library of Information, which was the Italian Fascist outfit I mentioned, I stayed on with Mr. Golos as my contact, doing odd jobs for him. Finally the odd jobs came into contacting undercover Communists to get information. It started with a gentleman by the name of Abraham Brothman. He was doing espionage work.

Mr. MORRIS. He is New York?

Miss BENTLEY. He is constructing justice.

Mr. MORRIS. He is the man who recently was convicted in New York?
 Miss BENTLEY. He was recently convicted in New York for obstructing justice.
 Mr. MORRIS. You were a witness in that case?
 Miss BENTLEY. I was a witness in that case.
 It gradually worked up to picking up people who were working for the United States Government and gathering information.
 Mr. MORRIS. While you had that job, I wonder if you would describe what your relation was to Earl Browder, head of the Communist Party?
 Miss BENTLEY. I never dealt with Mr. Browder until after Mr. Golos' death, at which time I took over his job.
 Mr. MORRIS. What was your relation?
 Miss BENTLEY. I was the boss, and he took the orders on intelligence matters.
 Mr. MORRIS. On intelligence matters?
 Miss BENTLEY. That is correct. If we wanted people to run cover businesses for agents, he would provide them. In one case that I recall a Soviet intelligence agent was about to be drafted into the Army, and he was to contact the NMU fraction—that is, the Communist group in the union—and get him shifted into the merchant marine.
 Mr. MORRIS. What year was that?
 Miss BENTLEY. 1944—the beginning of 1945.
 Senator FERGUSON. Who would you contact to get him shifted to the merchant marine?
 Miss BENTLEY. I didn't do that; it was his job.

 Miss BENTLEY. That was his job.
 Senator FERGUSON. At that time Browder was the head of the American Communist Party?

 Senator FERGUSON. Since then he is not connected in your opinion with the American Communist Party?
 Miss BENTLEY. I doubt if he is connected with the American Communist Party?
 Senator FERGUSON. What about the International Communist Party?
 Miss BENTLEY. Certainly.
 Senator FERGUSON. What gives you that opinion?
 Miss BENTLEY. He was in 1946, and I see no reason to change my opinion.
 Mr. MORRIS. You say you were the assistant to Mr. Golos from what year?
 Miss BENTLEY. From the middle of October 1938 until his death in 1943.
 Mr. MORRIS. So for that 5-year period you were the assistant to Golos?
 Miss BENTLEY. That is correct.
 Mr. MORRIS. What happened upon the death of Golos?
 Miss BENTLEY. Upon the death of Golos, because evidently no plans had been made within the secret police, I took over his job temporarily.

The New York and Newark offices are requested to advise whether their indices reflect any information which might tie COLONNA or DI PALERMO in as possible contacts or sources through which DENNIS and GATES might attempt to channel information through their relatives or approved correspondents.

New York is requested also to submit a blind memorandum, the context of which will be provided to Warden HIATT, concerning ABRAHAM BROTHMAN, with aliases; ESPIONAGE - R, New York file 100-95068, Bufile 100-365040. In connection with this request, Warden HIATT has advised that BROTHMAN's correspondence to outside correspondents is becoming extremely questionable to him and that he wonders whether or not certain of the letters might be of interest to the Bureau. This office is immediately obtaining from him background correspondence which may still be in the possession of the penitentiary in order that appropriate photostats may be forwarded to the Bureau and New York office.

ELIZABETH T. BENTLEY testified that BROTHMAN furnished industrial information to her and JACOB GOLOS, a Soviet agent, for transmission to the Soviet Union, and that BROTHMAN was placed in contact with HARRY GOLD through her.

In 1950, in the Southern District of New York, ABRAHAM BROTHMAN was convicted on a charge of Obstruction of Justice in connection with the investigation of HARRY GOLD, self-admitted Soviet espionage agent. In December, 1950, during Supplementary Proceedings relative to his arguments for release on bail pending his appeal, BROTHMAN furnished the Government with a list of names of persons who had contributed to his bail fund. This list reflected that the subject had contributed \$500 to BROTHMAN's bail fund, and RESIKA was interviewed by Bureau Agents during the investigation of the sources of this bail fund. RESIKA advised that he had loaned \$500 to CLARA LEET, 161 East 96th Street, New York City, which he understood was to be turned over to NAOMI BROTHMAN, wife of ABRAHAM BROTHMAN. He exhibited a note dated August 30, 1950 signed by CLARA LEET in the amount of \$500 (u)

CLARA LEET, upon interview in this matter, stated that NAOMI BROTHMAN, who is her close relative, had asked for a loan of \$500 for ABRAHAM BROTHMAN'S bail fund. Mrs. LEET stated that she then borrowed this money from ABRAHAM RESIKA and turned it over to NAOMI BROTHMAN (u)

Re Detroit letter to Bureau, entitled, "WEB DUBOIS CLUBS OF AMERICA - UNIVERSITY OF MICHIGAN, ANN ARBOR, MICHIGAN, MISCELLANEOUS - INFORMATION CONCERNING; IS - C; ISA, 1950", dated 5/5/66.

On 4/18/66, it was announced that the University of Michigan (UM) chapter of the WEB DuBois Clubs of America was formed on the campus of the UM and has since been recognized as an authorized campus organization on that campus. This organization is unusual as a campus group in that it has co-chairmen and 14 faculty sponsors in place of the usual one sponsor.

The membership in this organization appears to be made up principally of members of two already existing UM campus organizations, namely the Students for a Democratic Society (SDS) and the Young Socialist Alliance (YSA).

The subject has participated in many faculty and student protest-type activities or has been in sympathy with same during the school year, 1965-66.

The subject's name appeared on the list of students who are known to be members of WEB DuBois Clubs on UM campus.

SAs CARL VOELKER and VINCENT HUGHES will testify that on October 15, 1946, URSULA WASSERMAN arrived at Washington, D. C. at approximately 2:30 p.m. aboard a Pennsylvania Railroad train from New York City. She was met in Union Station by MARY JANE KEENEY and the two of them proceeded to the KEENEY apartment in MARY JANE KEENEY's automobile.

SAs GEORGE J. SULLIVAN, JAMES R. SHINNERS and JOHN T. HILSBOS will testify that on February 27, 1947, MARY JANE KEENEY visited New York City and at approximately 7:10 p.m. walked from 379 Bleecker Street, the residence of LOUIS LERNER, Executive Secretary of the Jefferson School of Social Science, carrying a suitcase directly to 10 Downing Street, then the residence of URSULA WASSERMAN. At 12:05 a.m. on February 28, 1947, JULES KORCHIEN departed from 10 Downing Street and proceeded to 110 Christopher Street, at that time his residence.

The records of the Immigration and Naturalization Service, New York City, reflect that URSULA WASSERMAN was born March 10, 1915 at Hamburg, Germany. She arrived in the United States on February 23, 1939, aboard the QUEEN MARY from Southampton, England, and was naturalized August 1, 1944 in the United States District Court, Southern District of New York.

HARRY GOLD, self-confessed and convicted Soviet espionage agent who originally furnished the information in a signed statement to SAs T. SCOTT MILLER and RICHARD E. BRENNAN on July 11, 1950, advised that from September 1941 to 1944 at the direction of his Soviet superior, he received miscellaneous technical information from ABRAHAM BROTHMAN.

He advised concerning JULES KORCHIEN that KORCHIEN was an architect and a friend of ABRAHAM BROTHMAN who in 1944 got together with BROTHMAN and others to form A. Brothman and Associates.

NY 100-86905

HARRY GOLD, who originally furnished the information on October 18, 1950 in Philadelphia, Pennsylvania, to SA ROBERT G. JENSEN, further advised that shortly after he arrived at ABRAHAM BROTHMAN's place of business in May of 1946 for employment, he had dinner one night at Kearney's Restaurant in New York City with JULES KORCHIEN, ABRAHAM BROTHMAN and others.

He stated that at this dinner a discussion of what had gone on before a disciplinary committee of the Communist Party took place. GOLD said he was of the impression that JULES KORCHIEN and BROTHMAN, and possibly OSCAR JOHN VAGO, had just returned from the Communist Party disciplinary meeting prior to dinner.

He was of the opinion that KORCHIEN and BROTHMAN had been called before the disciplinary committee and also before the FAECT by Dr. MILTON RUSEM, who was a former employee of BROTHMAN who insisted on BROTHMAN giving pay for overtime.

There is being transmitted herewith for your information a copy of the report of Special Agent John A. Harrington dated at New York October 10, 1951, in the above-captioned matter.] o/s

You will recall that, according to information furnished by Julius Rosenberg to an informant of unknown reliability, Goldfarb was to be one of the members of a national organization which was to be used in distributing a newsletter type counterpropaganda publication entitled "Retort."

You will note that, on page 5 of this report, there is set forth information reportedly received from this same informant wherein it is indicated that the newsletter "Retort" will not be published. Further, that the desired agitation on behalf of the Rosenbergs was to be carried in a series of articles appearing in the newspaper "National Guardian." B

For your information, there have been six of such articles appearing in the "National Guardian" to date and a photostatic copy of each of these articles will be made available to you by separate memorandum in the case entitled "Retort; Internal Security - C."] o/s

Reurlet October 10, 1951, enclosing copies of the report of SA John A. Harrington dated October 10, 1951, at New York City.

With respect to your instructions to Security Informant [redacted] that he was to discontinue his contact with subject Goldfarb for the purpose of obtaining the \$1000.00 desired by Emanuel Block, attorney for the Rosenbergs, you are being separately advised in connection with the case file on this informant.

b2
b7D

Your attention is invited to paragraph 1, page 5, of refrep wherein it is stated that informant had been in touch with Block. In view of the necessity of disseminating copies of this report, it is considered that the fact of informant's being in direct contact with Block concerning the Goldfarb matter might serve to expose his identity. It is further believed that it might be undesirable to have it specifically stated in this report that the Bureau is utilizing an informant who is maintaining a direct contact with the Rosenbergs' attorney. In view thereof, that portion of paragraph 1 has been deleted and corrected copies of page 5 are being furnished herewith for your office and the Boston office.

Insofar as your request to change the character of this case to Security Matter - C is concerned, it is not deemed necessary that such action should be taken. It is suggested that upon completion of the presently outstanding leads, as well as a check of your files as to the Communist Party or espionage activities, if any, on the part of this subject, you may thereupon place this matter in a closed status, thus obviating the necessity of the change of character in this case.

Reference is made to the report of SA JOHN A. HARRINGTON, the original and four copies of which are enclosed herewith.

It is brought to the Bureau's attention that Security Informant [redacted] has been advising the New York Office of his efforts to contact HERMAN GOLDFARB and to obtain from him the \$1,000 that BROTHMAN is supposed to have given to GOLDFARB.

b2
b7D

On October 2, 1951, the informant advised that EMANUEL BLOCH told him that it was very important that he get in touch with GOLDFARB so that they could obtain the \$1,000. The informant has advised that BLOCH is very anxious to collect this \$1,000 and any other funds that may become available.

o/s

In view of the Bureau letter dated September 10, 1951, Bureau file 100-380609, which is the informant's Bureau file, it is the belief of the New York Office that the informant should be advised not to continue further in his efforts to contact GOLDFARB. New York takes this position in view of the third and fourth paragraphs of referenced Bureau letter, which deal with the informant's assistance to BLOCH in preparing and financing the ROSENBERG appeal, and which the Bureau points out may be "undesirable from a possible technical standpoint."

In view of the fact that Security Informant [redacted] has advised that "Retort" will not be published and in view of the fact that this investigation was instituted on the basis that the subject would be one of the distributors of "Retort," it is believed that the character of this case should be changed from Internal Security - R to Security Matter - C. It is requested that the Bureau advise New York of its opinion in this regard.

DETAILS:

AT PORT JERVIS, NEW YORK

0/S
Subject was interviewed by SA WILLIAM F. NORTON, JR., and the writer in the office of Techniflex Corporation. He stated that he was born on June 29, 1927 in the Bronx, New York; attended Bronx High School of Science; attended Massachusetts Institute of Technology for three months in 1945 and was drafted into the Army about February, 1946 and was discharged on February 19, 1947 with the rank of Sergeant T-5. His Army Serial number is 42272945.

He entered the College of the City of New York in February, 1947 and graduated June, 1950 with the degree of Bachelor of Chemical Engineering. He attended Brooklyn Polytechnic Institute for both his Masters and Doctors degrees for two semesters and had to leave when he took his current job with Techniflex Corporation at Port Jervis.

He advised that while he was attending the College of the City of New York he was a member of the Student Council and of the School Association of Engineers. He denied that he was a member of the Executive Committee of the Students for Wallace and denied that he was one of the individuals who organized an announced meeting of students on April 6, 1949 and denied that he had addressed such a meeting and advocated a referendum ballot for a prolonged school strike commencing April 11 rather than May 6, 1949. He stated that he was in favor of the referendum for a prolonged strike and probably had made known his beliefs in the Student Committee, but cannot recall so speaking before a meeting of the student body.

He stated that he did not know JULIUS ROSENBERG, his wife, DAVID or RUTH GREENGLASS or WILLIAM PERL. He stated that all he knew about the ROSENBERGS is that they were arrested and convicted of espionage and are awaiting execution. He stated he did not know them personally.

NY 105-2994

He stated that no one had ever approached him to serve on the "National Committee to Secure Justice for the ROSENBERGS" or any other committee or group that was to be formed to assist the ROSENBERGS in any manner.

He stated that he had never been a journalist and had no ability in writing for any kind of magazine nor had anyone ever approached him and asked him to help in the distribution of any magazine or periodicals or literature on behalf of the ROSENBERGS.

He advised that he had been employed by the Process Chemical Company at 33 North First Street in Brooklyn and worked on chemical paint processes. He stated he was dissatisfied with this job and that someone in the plant told him of a plant owned by ABRAHAM BROTHMAN at Matawan, New Jersey.

He stated he got in touch with BROTHMAN's attorney, MESSING, and through him met BROTHMAN in the Federal House of Detention where he was awaiting the outcome of his appeal after having been convicted of obstructing justice.

He said that BROTHMAN in his plant at Matawan was engaged in creating chemicals for cosmetics, but was having difficulty in making it in large quantities and in controlling the process. He stated that while he had been in the Army he taught chemistry at Fort Belvoir, Virginia, specializing on problems of water purification.

He stated he saw BROTHMAN at the Federal House of Detention about ten times in all and discussed with him plastics, the work of the plant and a valve that BROTHMAN had designed. He advised that he looked up BROTHMAN's record and found that he was well known in both mathematical and chemical circles and was an authority on plastics.

He stated that BROTHMAN designed a valve to be used in a chemical process control and that he, GOLDFARB, contacted an attorney about having the valve patented.

NY 105-2994

He stated that when BROTHMAN is released from prison he intends to work with BROTHMAN in the field of plastics. He advised that he is Chief Engineer of Techniflex and a Vice President of Remotrol, a corporation wholly owned by Techniflex and engaged in research work chiefly in producing items to be manufactured and distributed by Techniflex.

He stated that he has been sending NAOMI BROTHMAN, wife of ABRAHAM BROTHMAN, about \$100 a week, which is in compensation for the use by Techniflex Corporation of the valve designed by ABRAHAM BROTHMAN. He stated that in the beginning the checks were made out to him and he endorsed them or gave the cash to NAOMI BROTHMAN, but that now the checks are made out to him as trustee and, thereafter, he turns the funds over to NAOMI. He stated this is the result of an arrangement between the Techniflex Corporation and NAOMI BROTHMAN and he does not know the details of it.

He stated that during his association with BROTHMAN and while he was working for BROTHMAN in the latter's plant at Matawan, he did not receive any money, but that he believed that BROTHMAN or his attorney gave him approximately \$30 for the three or four months that he worked in the plant. He stated he considered it a privilege to have worked in BROTHMAN's plant and though he received no money for it he believed he gained in valuable experience. He stated that BROTHMAN never gave him any money to hold or to give to anyone else.

He stated that he had never been approached by anyone associated with the "National Guardian" a newspaper published in New York City to assist in any endeavors to free the ROSENBERGS, but admitted that he read the "National Guardian" on occasion, the last being about eight months ago.

He stated that he had been angry with Judge KAUFMAN for having sentenced the ROSENBERGS to death because it was his opinion as an engineer that no one person

NY 105-2994

could know all about the atom bomb. He stated thus DAVID GREENGLASS was not in a position to turn over to JULIUS ROSENBERG the intimate details of the atom bomb. He was advised that the ROSENBERGS were convicted of a conspiracy to commit espionage and had not been charged with turning over the atom bomb to the Russians.

At the end of the interview, he stated that it was his belief that no one should defy the laws of the United States by doing something that Congress did not desire to do. He stated he did not believe as has been stated in the "National Guardian" that the ROSENBERGS were being persecuted because they were Jews and because of their political beliefs.

It is to be noted that MIRIAM MOSKOWITZ, partner and secretary to ABRAHAM BROTHMAN, during an interview in May, 1950 by SAS RALPH F. MILLER and THOMAS H. ZOELLER, advised that A. Brothman and Associates in 1945 decided to build a laboratory and rented space at 8503 57th Avenue, Elmhurst. She said the money to set up this laboratory was borrowed in the firm's name from BERNARD PIDTO, who was a salesman for the Malone Bronze Powder Works, Inc., of New York City, and who had a business in Brooklyn called the Processed Chemicals Company. PIDTO, according to MOSKOWITZ, first put up \$1,000.00, but later put up additional amounts until he had furnished a total of \$25,000.00.

It is noteworthy that DAVID GREENGLASS, convicted Soviet espionage agent, has identified PHILLIP SALOFF as a contact in 1949 of JULIUS ROSENBERG, convicted Soviet espionage agent.

During an interview by SAS JOHN A. HARRINGTON and NORMAN E. BLISS on 2/15/52, SALOFF admitted knowing ROSENBERG since about 1936, when SALOFF was organizer for the Federation of Architects, Engineers, Chemists and Technicians. SALOFF further stated that he met JULIUS and ETHEL ROSENBERG during World War II at a party while he, SALOFF, was working for the Audio Manufacturing Company, Glenbrook, Connecticut. Later in about 1948, SALOFF said, JULIUS ROSENBERG contacted him in an effort to get some business with the Pitt Machine Products Company which was operated by ROSENBERG and GREENGLASS. SALOFF said that he decided Pitt was not set up to do the high caliber of work required by Audio, and so no business came from this contract.

During this interview, SALOFF admitted having been a member of the International Workers Order for its insurance coverage since about 1940, but denied ever having been a member of the Communist Party or having any knowledge that the Communist Party exercised any control over the Federation of Architects, Engineers, Chemists and Technicians, and SALOFF specifically denied any knowledge of espionage activities on the part of JULIUS ROSENBERG.

It is to be noted that the International Workers Order has been declared by the Attorney General as coming within the purview of Executive Order #9835.

Concerning the Federation of Architects, Engineers, Chemists and Technicians, the following is noted:

On page 151 of the book "A Story of the C. I. O." by BENJAMIN STOLBERG, the following appears:

"Only four C. I. O. unions are under complete control of Stalinist officials. They are the Federation of Architects, Engineers, Chemists, and Technicians..."

On pages 264 and 265 of the same book, the following appears:

"The Federation of Architects, Engineers, Chemists and Technicians was organized in 1934, mainly from the technical staffs in the Works Progress Administration. From the very beginning the federation has been under Stalinist leadership and its rank and file are chiefly Communist Party followers."

NY 100-117362

Informant stated that in November, 1952, subject sent his car to Atlanta, Georgia, to pick up BROTHMAN and return him to New York. Informant stated that subject did not believe BROTHMAN was a Communist and that from discussions with BROTHMAN and BILL RUBIN, a writer, subject was of the opinion that BROTHMAN was unjustly convicted of Obstruction of Justice. Informant stated subject denied that he was a Communist.

ABRAHAM BROTHMAN was convicted on November 22, 1950 in the United States District Court, Southern District of New York, for Obstruction of Justice in furnishing false information as to his relationship with HARRY GOLD, self confessed Soviet espionage agent.

According to the "New York Daily News" and the "New York World Telegram", New York City newspapers, in issues dated April 7, 1949, FREIDUS and his stepfather, SAMUEL E. AARON of 1437 40th Street, Brooklyn, New York, were indicted on charges of having evaded payment of \$216,926.68 in income taxes on transactions during 1942 and 1943 in their machinery business, the Aaron Machinery Company, Incorporated.

FREIDUS was indicted on October 17, 1952 by a Federal Grand Jury on charges of lying to the Reconstruction Finance Corporation regarding the financial condition of the Starrett Television Company in New York City and subsequently he was found guilty and sentenced to three years in prison and a fine of \$10,000.00.

NY 100-117362

T-2, of unknown reliability, who was acquainted with JULIUS ROSENBERG, executed Soviet espionage agent, advised that while FREIDUS was serving a term for income tax evasion at the Federal House of Detention, New York City, FREIDUS had offered to give ROSENBERG \$25,000.00 to pay ROSENBERG'S expenses for the trial and to finance his appeal.

In regard to BILL RUBIN, it is noted that one WILLIAM A. REUBEN was the author of numerous articles appearing in the "National Guardian" from November 15, 1948 to at least April 9, 1952.

Concerning the "National Guardian", it is noted that the 1949 report of the California Committee on Un-American Activities cited the "National Guardian" as a "publication launched in New York in 1948 aiming at national circulation, which they found from its inception, notoriously Stalinist in its staff, writers, management and content".

An article appeared in the "National Guardian" on October 10, 1951 which announced the formation of a "national committee to secure justice for the ROSENBERGS." This article stated that WILLIAM A. REUBEN, noted author of a series of articles published in the "National Guardian" regarding the ROSENBERG case, was to act as the Provisional Chairman. This article stated that the formation of this committee was stimulated by the series of articles in the "National Guardian" and every effort should be made to enlist in the committee persons from among the rank and file who are concerned over the case.

T-3, of unknown reliability,

[REDACTED] It has not been positively established that WILLIAM A. REUBEN is identical with BILL RUBIN who was mentioned by T-1. b7D

T-4, of known reliability, recalled that about a year ago subject's loyalty was questioned by a number of people at Port Jervis, New York, because there was considerable publicity in the newspapers relative to subject hiring ABRAHAM BROTHMAN, a Communist. He pointed out that subject has been active in a number of local civic organizations and he has established a good reputation in these organizations as well as in his position as president of the Techniflex Corporation. It was his understanding that JACOB FREIDUS, the owner of Techniflex Corporation, told subject to hire BROTHMAN and to arrange for his, BROTHMAN'S transportation to Port Jervis, New York, from the penitentiary at Atlanta, Georgia. Informant stated that he did not notice anything in the correspondence received by subject to indicate that subject was not loyal to the United States. b7C b7D

An article appeared in the "Middletown Times Herald", Middletown, New York, on November 6, 1953 in which subject stated that BROTHMAN had been recommended to him by "a man with a large investment in Techniflex." This article stated that subject did not identify the investor but stated that BROTHMAN and the investor had met while both were on trial

NY 100-117362

in the Federal Court, the investor for income tax evasion and BROTHMAN for Obstructing Justice. This article further stated that subject told ERNEST WINKLER, General Manager, Radio Station WDLO in Port Jervis, New York, that BROTHMAN was never charged, tried or convicted of being a Communist, a spy or of being engaged in espionage or of having committed the crime of treason. It went on to state that subject confirms that BROTHMAN was convicted on a charge of obstruction of justice but that BROTHMAN has maintained at all times that he was completely innocent.

VII. INTERVIEWS WITH HARRY GOLD

At Lewisburg, Pa.

On June 24, 1958, HARRY GOLD, inmate, U.S. Penitentiary, a convicted espionage agent, was interviewed by SA THOMAS E. SAUNDERS.

GOLD was exhibited all available photographs of the subject, one of which was believed to be current as of January 1957.

PH 105-3441

Concerning this photograph, GOLD stated that the individual picture was exactly as he imagined his former Soviet contact of 1935-1936 would look at the present time. He stated that his former Soviet contact, known to him as PAUL SMITH, had the same general characteristics of JOSEPH GRENBERG; however, he could not positively state that GRENBERG is identical with the former contact. He said that it is possible, but he doubted that they were identical and would not say so until such time that he can make a positive identification. GOLD stated he is still sure that if he were to observe a photograph of SMITH as he appeared during the period that he had contact with him that he could still, at this date, effect a positive identification and is most anxious to do so.

GOLD stated that he never knew a person named YETTA SPIGLER and could not associate that name with any of his former acquaintances in the Philadelphia area. He stated that he never met anyone by the name of EMANUEL KLINE. He explained that a DANIEL KLINE of Philadelphia was a former classmate in high school of his brother, JOSEPH GOLD, and through DANIEL KLINE's visits at the GOLD home, he learned that DANIEL's father's name was EMANUEL, that he was a real estate dealer in the South Philadelphia area, and that he was now deceased.

GOLD advised that to his knowledge there was no relationship between YETTA SPIGLER and EMANUEL KLINE and that he was totally unaware of the other members of the KLINE family, other than EMANUEL and DANIEL KLINE, and that he only knew DANIEL KLINE through his visits to the GOLD home in Philadelphia with HARRY's brother, JOSEPH GOLD.

HARRY GOLD advised that the successor of PAUL SMITH, "Little FRED," was pressuring him to obtain a source of information at the Philadelphia Navy Yard. GOLD learned through his conversations with DANIEL KLINE that he was, during that period, employed at the Philadelphia Navy Yard and thereafter had suggested his name to "Little FRED" as a possible recruit for Soviet intelligence. He stated that he has often times since regretted having furnished DANIEL's name to "Little FRED" and had furnished the name under pressure as this was a means at that time of getting "Little FRED" "off his neck." GOLD definitely did not approach DANIEL KLINE himself and had no knowledge as to whether any of the Soviets had contacted DANIEL KLINE. He never received any information or indication from DANIEL KLINE that he was ever contacted by the Soviets and to his knowledge he may be "OK," but he pointed out

that it is very unlikely that any of his Soviet superiors would have informed him of the fact that DANIEL KLINE had been recruited, if such had been the case.

When first questioned as to his knowledge of JERRY or JEROME KLINE, GOLD stated that he seemed to recall that such a person existed; however, he could not recall ever meeting him or talking to him and could not recall where he was employed, or if he was any relation to DANIEL KLINE.

GOLD recalled that he had worked for ABRAHAM BROTHMAN at New York City during the period May 1946 to June 1948 at his own laboratory and that BROTHMAN operated a consulting engineering firm. He stated that it was prior to this time that BROTHMAN had been giving information to GOLD to pass on to his Soviet superiors, roughly the period October 1941 to 1943. GOLD further remarked that this was one of the unfortunate situations that had developed, that is, his going to work for BROTHMAN after the previous relationship with him. GOLD stated that BROTHMAN in the fall of 1947 and continuing on through 1948, had done some work for Mr. MIKE STANTON of Stanton Laboratories, Philadelphia, Pa. He explained that his old friend, THOMAS BLACK, at that time an employee of CHARLES BERG, had recommended to STANTON that BROTHMAN's firm might be able to be of assistance to STANTON. He explained that STANTON was involved in the manufacture of thioglycollic acid, an acid used in cold wave preparations and in high demand at that time. He stated that BLACK knew that GOLD was at that time associated with BROTHMAN and since STANTON needed a new plant design to manufacture his product, BLACK, out of loyalty to GOLD, had suggested BROTHMAN's firm to STANTON. He stated that so far as he knew, STANTON's association with BLACK was purely a business association, as was STANTON's association with BROTHMAN and that to his knowledge, STANTON was perfectly "all right."

MICHAEL A.

GOLD recalled that during the period 1948, BROTHMAN was desperate for money. He stated that about June 1948, he, himself, and other employees of BROTHMAN, quit the firm over a wage dispute, and that he personally had been under the impression that he was an associate of BROTHMAN in the business. He stated that the only time he was an "associate" was when business was bad, but when business was good, he was merely an "employee."

GOLD advised that shortly after he had terminated his association with BROTHMAN in June 1948, MIKE STANTON had called him to his house and asked GOLD as to whether he thought he should continue his association with BROTHMAN in the re-designing of his factory. GOLD stated that as he recalled he had advised STANTON that he had so much money invested in BROTHMAN at that time that he might as well continue with him and see if he couldn't recover as much as possible. He stated it was at this time that he now recalls that STANTON had complained to him regarding the large sums of money that he had loaned to BROTHMAN. GOLD at this point stated that he now thinks that it was at this time that he first heard the name of JEROME or JERRY KLINE mentioned, and that it had been JERRY KLINE who was instrumental in BROTHMAN obtaining the loan from Stanton Laboratories; however, he did not at that time associate JERRY KLINE with DANIEL KLINE mentioned above. GOLD pointed out that the KLINE name is a common name in the Philadelphia area, and he never gave the matter any thought that JERRY KLINE and DANIEL KLINE could be related.

GOLD stated that he has never known anyone by the name of JOSEPH GRENBORG, and as previously indicated, cannot positively state that the photographs of GRENBORG are identical with the person he knew as PAUL SMITH, his former Soviet contact. He stated further that he has absolutely no knowledge of the association between BROTHMAN and JEROME KLINE and that he definitely did not place JEROME KLINE in contact with BROTHMAN.

GOLD stated that he wished to comment that his former Soviet contact, known to him as PAUL SMITH, impressed him as being the person responsible for setting up industrial espionage in the United States during that period. He stated that SMITH did not impress him as the type of person that would be engaged in a menial job as a cover to his true occupation and he based this on the fact that SMITH was always well dressed, well rested, very smooth and polished, and to GOLD's knowledge, this person's only contact was Amtorg. As previously indicated, GOLD stated that he is still confident that he will be able to positively identify a photograph of his first contact, if shown one, even at this late date.

On July 28, 1958, HARRY GOLD was again interviewed by SA SAUNDERS. On this occasion GOLD was shown some additional photographs of the subject, one of which was designated photograph #2, having been furnished by Confidential Informant T-4 on April 30, 1958. Concerning this photograph, GOLD remarked, "This looks

"an awful lot like PAUL SMITH, but the face is a little long. The photograph doesn't eliminate him as not being identical with SMITH. Everything in the photograph looks like the man I remember except the head is a little long, making the face appear long. The only thing that bothers me is the length of the face. You definitely should not eliminate this person as not being identical with PAUL SMITH." GOLD further commented that photograph #2 to him depicted a certain amount of coarseness which he does not associate with PAUL SMITH. GOLD stated that he just could not positively identify the person in photograph #2 as being identical with PAUL SMITH; however, he felt, as indicated above, that this person should not be eliminated.

The following is a resume of GOLD's recollections concerning PAUL SMITH, his first Soviet contact:

Residence

GOLD stated he has no direct knowledge of SMITH's residence during the time SMITH was contacting him. He stated that he assumes that SMITH resided in the vicinity of Broadway in the 80's or 90's, and he based this on the fact that most of his meets with SMITH were in this vicinity.

Employment

GOLD stated that he gained the impression that the only employment SMITH had when he was contacting him was at Amtorg. He stated that SMITH did not seem to have a job where he reported to a desk at a given time, and he based this statement regarding the association with Amtorg on the fact that on one occasion when blueprints were turned over to SMITH, SMITH told GOLD that he was going to take them to Amtorg and have them reproduced. SMITH had them reproduced and returned them to GOLD the same day they were delivered to him. GOLD stated that SMITH never mentioned any "cover" employment to him and never conveyed to GOLD the thought that he was employed at anything other than his espionage activities. GOLD stated that SMITH never conveyed to him the impression that he would ever perform servile type labor, in particular that of a waiter, and to GOLD this type of employment was not the type of work that he would associate with SMITH's personality. He pointed out further that SMITH never seemed to be in a hurry, was always well dressed, and always appeared well rested.

Drinking Habits

GOLD advised that when he and SMITH did drink together they always drank Canadian Club whiskey. GOLD stated that he personally used ginger ale as a mixer and SMITH, without fail, always used soda. He said that on rare occasions they would drink Scotch whiskey, and on those occasions SMITH would use the same mixer. He said he cannot at this time recall the names of the bars where he and SMITH did their drinking. GOLD further advised that SMITH impressed him as a moderate drinker and he had never observed him to drink anything other than mentioned above. GOLD said it was his recollection that SMITH was having stomach trouble, possibly an ulcer, and for that reason he did not drink to excess at the time he knew him.

Eating Habits

SMITH, according to GOLD, frequently ate at Child's Restaurant located on Columbus Circle, New York City. He stated that one of the waitresses at Child's apparently knew him and SMITH would often take a card from his pocket which contained his diet and would order from the menu on this card. He recalled that SMITH did not go in for rich foods but usually ate something that was easily digested like lamb chops or baked ham and did not eat fancy dressings or side courses. He said that it was while eating with SMITH on one occasion that SMITH spoke to one of the waitresses in what he was told was the Danish language.

Reading Habits

GOLD stated he has no direct knowledge of SMITH's reading habits but gained the impression that SMITH was a well read man. GOLD has nothing to back up this statement other than SMITH's mannerisms and demeanor during their meetings.

Smoking Habits

GOLD stated that when he knew SMITH, he was strictly a cigarette smoker; however, he could not recall the brand. GOLD stated that he never observed SMITH to smoke anything other than cigarettes and recalled that he was what he considered to be a heavy smoker.

Entertainment Habits

GOLD advised he has no knowledge of SMITH's entertainment habits; however, SMITH impressed him as a person who would go to the theater or the movies. He said SMITH did not impress him as the "sport" type and never heard him mention anything about attending sporting events of any type, in particular the race track. GOLD said that this type of activity is completely foreign to the type of man that he supposed SMITH to be.

Dress and Personal Notes

GOLD said that SMITH was a very neat dresser and wore what he thought to be expensive clothes as they fit too well to be ready-made. He recalled that SMITH had a habit of, after eating a meal, to place both hands flat on his belt and hitch his pants up. He said SMITH walked quite slowly and with the toes pointed out, but not quite to the point of a "duck waddle." He recalled that SMITH came down "heavy" on his feet, almost like a marcher. He said that it is a very outstanding walk to him. GOLD further advised that SMITH, to his recollection, did not wear glasses and to his knowledge did not wear dentures. He said he has no knowledge of the brand names of any toilet articles used by SMITH. However, he recalls that SMITH was always cleanly shaven.

GOLD stated that he cannot honestly recall whether SMITH had a mole on his left cheek or not. GOLD did recall that while walking, SMITH leaned a little forward.

GOLD stated he could recall that SMITH usually wore gray or brown suits with a little blue but not a dark blue. He lastly recalled that SMITH impressed him as being a shrewd, intelligent and educated individual who would not "stick out" in a group of cultured people. However, GOLD believed that SMITH had not received too much formal higher education.
