

Don't Let the Flu Get You

August 2012

www.vaccines.mil

Across

- 1 Organization to report widespread influenza outbreaks; abbr. (3)
- 3 Vaccine component used in multidose vials to prevent bacteria growth (12)
- 9 Number of strains in annual influenza vaccine (5)

Down

- 1 Location of thermometer for accurate storage unit temperatures (6)
- 2 Hyperventilation symptom (15)
- 4 Vaccine Adverse Event Reporting System; abbr. (5)
- 5 Group of women at risk for influenza complications (8)

- 10 Shedding of flu virus by children after onset, days (5)
- 11 Group of individuals who may transmit disease to high risk persons, abbr. (3)
- 12 Service member immunization documentation system; abbr. (3)
- 14 Type of germ that can't survive outside other living cells (5)
- 15 LAIV can be administered same day or separated by how long from other live vaccines, days (11)
- 18 Number of doses for first time pediatric flu vaccinees (3)
- 19 Prevents need for an influenza immunization prescription (13)
- 20 CDC info sheet before vaccination (3)
- 21 Organization to report potentially compromised influenza vaccine; abbr. (6)
- 23 Live flu vaccine administration route (10)
- 27 Communicable (10)
- 29 Brief loss of consciousness associated with drop in BP (7)
- 34 May begin within minutes of vaccine administration (11)
- 36 Anaphylaxis antidote; abbr. (3)
- 37 Max age for adult LAIV immunization (9)
- 38 Frequency of influenza vaccinations (6)
- 39 Microbes (slang) (5)
- 6 Minimum requirement for storage unit daily temperature checks (5)
- 7 Neurological condition contraindicated for influenza vaccine, abbr. (3)
- 8 Required % of service members that must be vaccinated by 17 Dec (6)
- 13 Influenza virus host (5)
- 16 Per OSHA not needed when administering injectable influenza vaccine (6)
- 17 Secondary complication of an influenza infection (9)
- 19 Check for contraindications (6)
- 22 Children at risk for flu complications (10)
- 24 Common injection site reaction (7)
- 25 Advisory body that recommends immunization requirements (4)
- 26 Influenza vaccine serotypes (2)
- 28 Inactivated flu vaccine administration route (2)
- 30 Needle length used for average adult women, inches (3)
- 31 Group a greatest risk of hospitalization with flu complication (7)
- 32 Publication for ACIP influenza vaccine recommendations; abbr. (4)
- 33 Vaccine Injection site for infants, location (5)
- 35 Vaccine type contraindicated for pregnant women (4)
- 37 Average peak of flu cases, month abbr. (3)
