

# Spain

## Armed Forces Day

### 28 May 2011

To our NTM-A Soldiers from Spain,

Your many colleagues in NATO Training Mission - Afghanistan send their best wishes as Spain honors its military personnel with Armed Forces Celebrations throughout your country.

Although far from loved ones, during this special time, you are making a significant contribution to our Afghan partners as you advise and mentor them. Through your daily interaction and training, we are developing a self sustaining and enduring Afghan National Security Force.

On this day as King Juan Carlos honors the men and women of the Spanish Armed Forces ,  
your teammates in NTM-A salute you.

Have a great celebration as your country honors you on Armed Forces Day.

**William B. Caldwell, IV**

LTG, USA

Commander, NATO Training Mission-Afghanistan and CG, CSTC-A
