

Czech Republic Armed Forces Day 30 June 2011

The Men and Women of NTM-A salute our friends and fellow trainers from the Czech Republic on your Armed Forces Day.

This day honors the pride and heroism of the Czech regiments who swore their allegiance and loyalty to the future Republic while at Darney, France in 1918. We are glad that you have brought that same patriotic spirit and dedication to your duties here in Afghanistan.

Your outstanding work as Mi-17 and MI-35 advisors and as police advisors at the National Training Academy are important contributions to our mission and the goals of the international community. Keep up the good work!

Congratulations on Armed Forces Day.
