## COW DEWELL

MEMORANDUM FOR THE HONORABLE DEANNE SIEMER, GENERAL COUNSEL,

SUBJECT: Pending Congressional Requests

- REFERENCES: (a) 15 December 1977 letter from Senator George McGovern to Secretary of Defense
  - (b) Undated letter received on 20 December 1977 from Congressman Louis Stokes to Director, NSA
  - (c) 16 December 1977 letter from Mr. Ira Nordlicht to the Honorable Deanne Siemer
- l. Referenced letters iterating requests for information from the National Security Agency present two common issues: vided to Congressional Committees which exercise no traditional oversight over intelligence matters; and, if it is to be provided, would obligate the Director to keep the Committees of the Congress, of the Agency's activities. Provision of information to other community.
- 2. We anticipate that requests for information, as illustrated by the three referenced letters, will continue to increase and can present difficulties in maintaining good relations with the Congress. While this Agency has been fully responsive to the needs of the Intelligence, Armed Services, and Appropriations Committees, we have treated requests for information by other committees on a purely case-by-case basis. Several times during the past two years, Committees of the Congress which do not have jurisdiction for intelligence oversight have approached NSA directly for foreign signals intelligence information. In each case it has been our understanding that the SIGINT information NSA has provided to the requesting committee is being used as background information in assisting that committee in formulating U.S. policy matters. On these infrequent occasions, NSA has responded directly to the requesting committee providing either access to SIGINT product or briefings, as required.

- 3. Regarding these three specific requests, inclosed for your information is a summary of NSA's contacts with Senator McGovern's Subcommittee on International Operations. As indicated in the summary and as discussed previously with Mr. Andrews of your staff, we have not shown nor discussed any material with Senator McGovern's staff representative pending the drafting of an approved memorandum of understanding by your office and the execution of such an MOU between the Executive Branch and the Senator.
- 4. In his letter received by NSA on 20 December, Representative Louis Stokes, Chairman of the House Select Committee on Assassinations, requested certain information from NSA relating to the Cuban intelligence network during the period 1959 1964. Chairman Stokes also certified that access to any NSA material would be restricted to those staff members with a TOP SECRET security clearance; access to NSA material, of course, requires indoctrination for SI as well. No response has been made to Chairman Stokes' correspondence pending resolution of how NSA should deal with non-oversight committees. Once that decision is made, we recommend that any SIGINT information selected for the Select Committee on Assassinations be provided only by the DoD or DCI as part of a larger submission of data and that the SIGINT be properly sanitized.

with requests for SIGINT from other agreed procedure for dealing oversight committees mentioned above has severely hampered NSA's ability to be responsive to the Congress. We urgently recommend that an agreed procedure be developed between the Executive and Legislative Branches which would set forth the terms and conditions on which sensitive cryptologic or other intelligence information would be provided to the non-oversight committees. Relations Committee and the House Select Committee on Assassinations, we cannot respond to these queries. We also recommend and also determine a proper response to Senator McGovern consistent with the President's instructions.

M/R: a. On 17 May 1977, the Director proposed in a memorandum to the DCI that the DCI assume responsibility for acting as the focal point for requests for intelligence information from any Committee of the Congress which does not have direct oversight responsibilities. This proposal included the recommendation that the channel of communications for such requests should be through a designated individual on the IC Staff and that responses to the Congress should flow back through the same person, providing the DCI, on behalf of the President, the opportunity to review what intelligence information is made available to the Congress. The DCI has never responded to this memorandum.

- b. Instant memo recommends that an agreed procedure be developed between the Executive and Legislative Branches which would set forth the terms and conditions on which sensitive cryptologic or other intelligence information would be provided to the non-oversight committees. It also recommends OSD GC assume action on R/S 5507 and provides background information on two Congressional requests (references a and c) for SIGINT information now pending in OSD.
- c. Deadline on R/S 5507 response to Ms. Siemer extended to 4 January per Col. Steve Harrick, ATSD(LA), and Mr. Bob Andrews, OSD(GC).
- d. Mr. Yeates, Exec DDO, and Mr. Brady, GC, concur. Classification reviewed by Mr. Michael Levin, D4.
