Futz-

This is DCI Testimony  
for Senate Hearing on  
Tues. ~~OHB~~ - I got  
this directly from CIA.

OHB sent out copies  
to DOD, etc at 1400  
this afternoon, but of  
course LRS version  
hasn't arrived yet.

The 1st part discusses  
mostly CIA holdings  
(Congress is more interested  
in a more detailed  
accounting of IC holdings)  
The 2nd deals w/  
"technical problems"

of the Legislation  
(see p. 8). Concurrence  
is due to OMB by 1200  
Monday - but I've been  
warned by CIA that most  
of these are the DCI's  
words - so it better  
be important or don't  
change it. (bottom of  
page 7 doesn't thrill  
me).

By the way, CIA  
never got draft EO to  
review - I faxed them  
a copy & they didn't  
know it was coming  
either. <sup>But apparently, DoJ wanted</sup>  
<sup>Pres to sign it Monday morning</sup>  
<sup>which is unlikely</sup>  
Finally, attached  
is letter to CIA

re: our holdings. I'm  
still waiting for Classifi-  
cation call.

So as you can see,  
it was another boring  
Fri evening.

See you 7:30 am  
Monday
