

Parent-Teen Activity Series

Tip of the Month

Planning and planting a garden is a way to spend quality time together and create something beautiful for all. As a family, decide what to put in and where to plant your garden. Make decisions about who will work on which portion of the garden and how often. Decide if you want to decorate the garden's surrounding areas and how elaborate your wish for what it should be. Finally, enjoy the beauty and function of your flowers or vegetables. Why not share some of them with your neighbors and friends?
