

**United States Army Garrison USAG Humphreys,  
Community Town Hall Meeting  
16 October, 2012**

**AAFES**

**1. ISSUE:** Can AAFES expand the Food Court hours to around 2000 to 2100 hours?

**RESPONSE:** We can expand hours on a trial basis and continue the extended hours if sales support the extended hours.

**STATUS:** Open

**POC:** Mr. Pena, DSN 753-6870

**Directorate of Public Works**

**2. ISSUE:** The elevator in the 6000 series barracks are always breaking. What can be done?

**RESPONSE:** Every time we get a new building we go through growing pains. We have the contractors looking at the elevators now. We have had some behavior issues and misuse of the elevators. Soldiers are shaking and jumping up and down while riding the elevators. This is causing maintenance problems. The behavior issues are not improving as fast as the elevator maintenance. If you are still having problems let DPW know.

**STATUS:** Final

**POC:** Mr. Polaski, DSN 753-6050

**Family Morale, Welfare & Recreation (FMWR)**

**3. ISSUE:** More events for Youth and Families at Humphreys – Skating Rink. What would it take to get a multipurpose room (namely Skating Rink) or something for Families and Youth to partake in other than bowling and Splish & Splash? It could create jobs, revenue for the other options of eateries, etc...birthday parties, family night, youth day and other organizations renting for special occasions and it's great for health and fitness for all ages.

**RESPONSE:** A group of skaters now use Bldg 111 on Sundays. A skating rink is a possibility if there is enough continued interest.

**STATUS:** Open

**POC:** Mr. Claycomb, DSN 754-7452
