

BRAC 2005 Infrastructure Steering Group (ISG)

Meeting Minutes of January 7, 2005

The Under Secretary of Defense (Acquisition, Technology, and Logistics), Mr. Michael W. Wynne chaired this meeting. The list of attendees is attached.

The Chair opened the meeting by discussing the relationships between the BRAC schedule, resources and scenario data calls. He stated that he would arrange a meeting between the Deputy Secretary and the Vice Chiefs of the Military Departments to discuss these issues.

Mr. Wynne then asked Mr. Pete Potochney, Director of the OSD BRAC Office, to use the attached slides to facilitate the meeting. Mr. Potochney briefly provided feedback from the Infrastructure Executive Council (IEC) meeting held on December 21, 2004 and then outlined the status of conflicting scenarios. The ISG agreed to approve the proposed resolutions of the four new conflicting scenarios identified in TAB 4 of the January 7, 2005, Read Ahead Package.

Mr. Wynne then asked Mr. Abell, Chairman of the Education and Training Joint Cross-Service Group (E&T JCSG), to provide an update on the flight training scenarios that were discussed at prior ISG meetings. Mr. Abell stated that E&T was still missing data for their flight training scenarios. Mr. Wynne advised Mr. Abell that, although he believed it was important to continue to obtain data, he felt it was equally important for ISG members to understand the strategy underlying the flight training scenarios issue. In response, Mr. Abell agreed that at the next ISG meeting (January 14, 2005), E&T would brief their Flight Training scenarios and delineate their strategy and underlying assumptions. As part of this discussion, the other JCSG chairs noted the importance of receiving data in a timely manner from the Military Departments.

The ISG next reviewed the status of the Force Structure Plan (FSP). The ISG discussed items in the draft Force Structure Plan that should be changed to reflect the recent budget and program decisions and whether there was enough time to issue an interim that incorporates these changes. Because further coordination is required to resolve FSP issues, the ISG agreed to use the Joint Chiefs of Staff draft that was circulated in September 2004 as the interim FSP.

Mr. Potochney then briefed the Candidate Recommendation Process, including potential ISG actions, summarized as such:

- Approve and prepare recommendations for IEC consideration
- Approve but hold for consideration of an enabling scenario

- Disapprove
- Note any conflicts that need to be considered and resolved; or
- Hold for more information or a related candidate recommendation

Mr. Potochney invited Mr. Donald Tison, Chairman of the Headquarters and Support (H&SA) JCSG, to brief his group's candidate recommendations. Mr. Tison proceeded to brief H&SA candidate recommendations, which covered three major categories of activities:

- Defense Finance and Accounting Service (DFAS) – candidate recommendations would reduce DFAS locations from 26 to 3 (H&SA 0018)
- Military Personnel Centers – H&SA chose the service-centric approach over the joint approach because the service-centric concept is a more transformational strategy than the joint approach (H&SA 0006, 0007 & 0008)
- Installation Management – these scenarios involve establishing joint bases or management to maximize joint utilization of infrastructure, eliminate redundancy and create economies of scale (H&SA 0011, 0009, 0015, 0012, 0013, 0016, 0075, 0010, 0032, 0017, 0034, 0033).

The ISG approved all H&SA JCSG candidate recommendations presented involving DFAS and the Military Personnel Centers, noting that savings were likely to be higher than estimated once the Department's costs and savings of all the recommendations are aggregated. The ISG noted that "approval" of candidate recommendations at this point did not indicate final approval. Mr. Wynne directed the Military Departments to review the Installation Management scenarios and bring to the January 14, 2005, ISG meeting any issues concerning these recommendations.

The ISG discussed wedge allocation, stating that the ISG had previously discussed a two-step process of valuation and allocation. Mr. Gibbs, Assistant Secretary of the Air Force, indicated his objection to the proposed option and his support for one based upon cash flow/payback to allocate wedge resources. After discussion, the Chair suggested that the ISG should consider both alternatives for determining the allocation. Mr. Wynne emphasized that the Department could present flexible options when the recommendations are presented to the Secretary.

Approved: _____

Michael W. Wynne
USD (Acquisition Technology and Logistics)
Chairman, Infrastructure Steering Group

Attachments:

1. List of Attendees
2. Briefing slides entitled “BRAC 2005 Briefing to the ISG” dated January 7, 2005
3. Read ahead package used to facilitate meeting which includes the briefing slides and the scenarios divided into 8 categories: Summary of Scenarios Registered, Conflicts Settled, Old Conflicts Settled, Independent, Enabling, Deleted, and Not Ready for Categorization.

**Infrastructure Steering Group Meeting
January 7, 2005**

Attendees

Members:

- Mr. Michael W. Wynne, Under Secretary of Defense (Acquisition, Technology and Logistics)
- Mr. Philip W. Grone, Deputy Under Secretary of Defense (I&E)
- Mr. Raymond DuBois, Director, Administration and Management (DA&M)
- Hon. Nelson Gibbs, Assistant Secretary of the Air Force (IE)
- Ms. Anne R. Davis, Special Assistant to the Secretary of the Navy for BRAC
- Gen Michael Moseley, Vice Chief of Staff for the Air Force
- Hon. Geoffrey Prosch, Assistant Secretary of the Army (I&E)
- Gen William Nyland, Assistant Commandant of the Marine Corps
- ADM John Nathman, Vice Chief of Naval Operations

Alternates:

- MG Kenneth Hunzeker, Deputy Director, J-8, Joint Staff, for General Peter Pace, Vice Chairman, Joint Chiefs of Staff

Education and Training JCSG

- Mr. Charles S. Abell, Chairman, Education and Training JCSG
- Mr. Robert Howlett, Director, Institutional Military Training, OUSD (Personnel and Readiness, Education and Training JCSG)

Headquarters and Support JCSG

- Mr. Don Tison, Chairman, Headquarters and Support Activities JCSG
- COL Carla Coulson, Chief of Staff, Headquarters and Support Activities JCSG

Industrial JCSG

- Mr. Jay Berry, Executive Secretary to the Industrial JCSG

Intelligence JCSG

- Mr. Wayne Howard, Senior Strategic Analyst, [BRAC Core Team Facilitator] for Intelligence JCSG

Medical JCSG

- Lt Gen George Taylor, Chairman, Medical JCSG
- Col Mark Hamilton, Executive to the Air Force Surgeon General

Supply and Storage JCSG

- VADM Keith Lippert, Chairman, Supply and Storage JCSG
- Col Louis Neeley, Executive Secretary for Supply and Storage JCSG

Technical JCSG

- Mr. Ron Sega, Chairman, Technical JCSG
- Mr. Al Shaffer, Director, Plans and Systems, Office of the Director, Defense, Research and Engineering

Others:

- LtGen Richard L. Kelly, Deputy Commandant of the Marine Corps, Installations and Logistics
- Mr. Dennis Biddick, Chief of Staff to the Deputy Assistant Secretary of the Navy (IS&A)
- Mr. Michael A. Aimone, Assistant Deputy Chief of Staff for the Air Force, Installations and Logistics
- Dr. Craig College, Deputy Assistant Secretary of the Army (IA)
- Maj Gen Gary Heckman, Assistant Deputy Chief of Staff of the Air Force
- Col Dan Woodward, Division Chief, Forces Division, Joint Staff, J-8
- Ms. Deborah Culp, Program Director, Contract Management Directorate, Office of the Inspector General
- CAPT William Porter, Senior Military Assistant to the Under Secretary of Defense (AT&L)
- Mr. Peter Potochney, Director, OSD BRAC
- COL Robert Henderson, Military Deputy, OSD BRAC
- Mrs. Nicole Bayert, Associate General Counsel, Environment and Installations
- Ms. Ginger Rice, Assistant Director, OSD BRAC
- Mr. Andrew Porth, Assistant Director, OSD BRAC
- Ms. Laurel Glenn, Action Officer, OSD BRAC

BRAC 2005

Briefing to the Infrastructure Steering Group

January 7, 2005

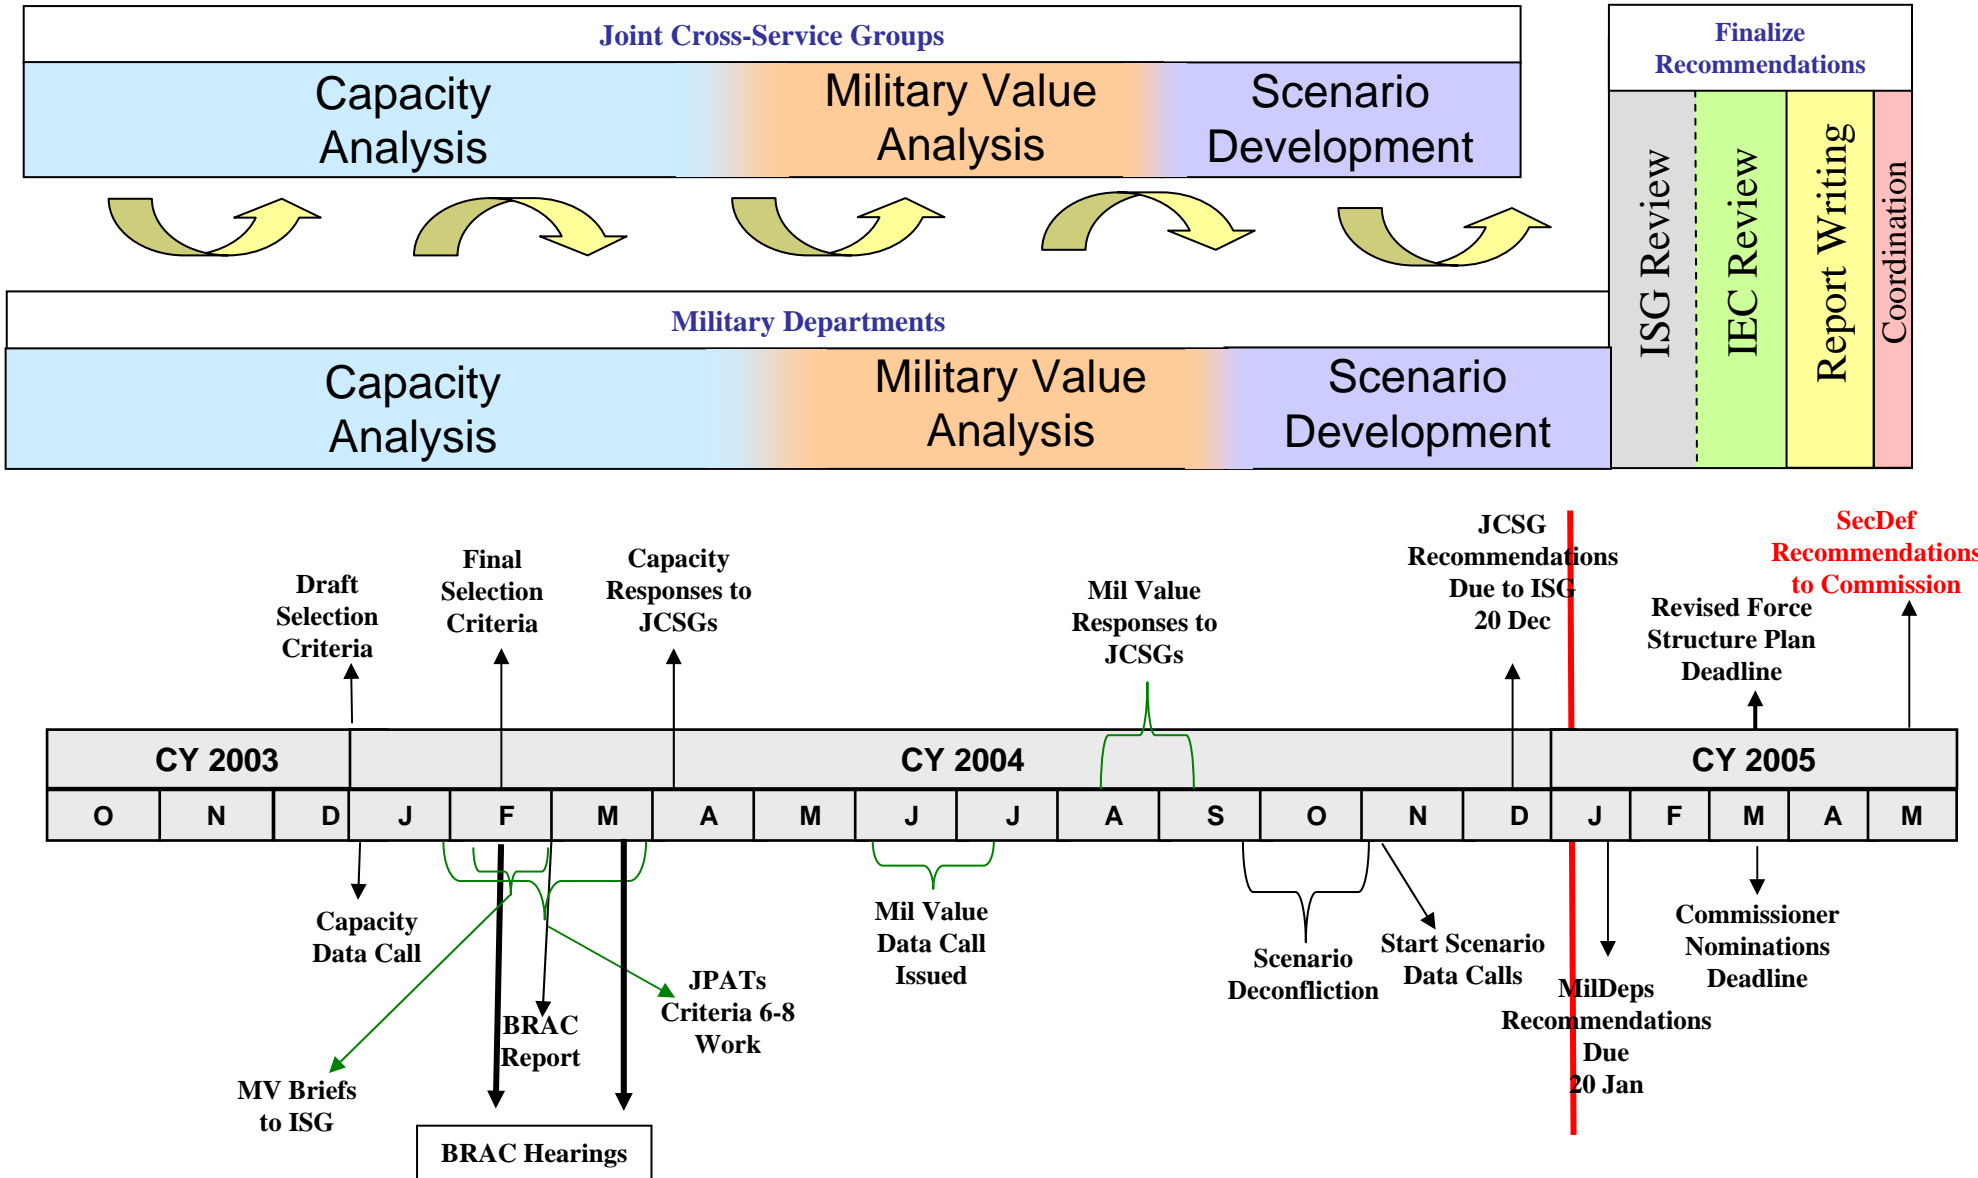

Purpose

- Process Overview
- Summary of Conflict Review
- Force Structure Plan Status
- Candidate Recommendations
 - Process
 - H&SA
- Wedge Allocation Rules

Process Overview

New Conflict Review

- As of 23 Dec 04 - 946 Registered Scenarios
 - 4 New Conflicting Scenarios
 - Proposed resolutions for all new conflicts settled presented now for approval
 - 41 Not Ready for Categorization
 - 552 Independent
 - 42 Enabling
 - 150 Deleted

Approve proposed resolutions (Tab 4)

BRAC Force Structure Plan (FSP) Update

Issue: FSP due to Congress NLT 15 Mar 05.

Oct 04 Staffing

- Services updated Mar 04 plan.

Dec 04 Staffing

- Services updated Oct 04 submission.
 - Army: Provided update, no issues.
 - Navy: Will modify Oct 04 submission
 - USAF: Will provide missile numbers, no AC/RC breakout beyond 2006.
 - USMC: Provided update, no issues.
- 1 Non-Concur
 - PA&E: Submission must comply with Presidential Budget (due to Congress 7 Feb) ... sufficient fidelity available mid-Jan.

Recommendation: ISG approve following timeline

Interim Force Structure Plan (FSP) Release

Issue: BRAC statute requires MilDeps and JCSGs to produce recommendations compliant with the FSP

Fully staffed FSP not available

- Additional staffing required to resolve conflicts.
- Must be based on President's Budget (due to Congress 7 Feb)

Recommendation: ISG approve issuing interim FSP for MilDep/JCSG use. ISG direct issuance of final FSP as soon as signed by SecDef.

Candidate Recommendation Process

- Candidate recommendations will be posted to the Portal as received
 - Packages received by noon Friday, will be considered at the next week's ISG
- Following Monday, OSD BRAC Office provides formal read-ahead
- Following Wednesday, DASs discuss the candidate recommendations, isolate issues for the ISG's consideration
- Following Friday, JCSG Chair or MilDep designee will brief their respective candidate recommendations to ISG
- Potential ISG actions:
 - approve and prepare for IEC consideration
 - approve but hold for consideration of an enabling scenario;
 - disapprove;
 - note any conflicts that need to be considered and resolved; or
 - hold for more information or a related candidate recommendation.

DFAS -- 26 Locations to 3 Locations

Green – Retained Sites
Red – Closed Sites
Black – Special Purpose Sites

Candidate # HSA0018 – Defense Finance & Accounting Service (DFAS)

Candidate Recommendation (Summary): Close 21 DFAS locations by relocating and consolidating all functions to the Defense Supply Center-Columbus, OH, the Buckley AF Base Annex, Denver, CO, or the MG Emmett J. Bean Federal Center, Indianapolis, IN. Realign DFAS Arlington, VA, by relocating/consolidating functions same as above, and retain minimum essential liaison staff. Realign DFAS Cleveland, OH, by relocating/consolidating functions same as above, and retain an enclave for Military Retired and Annuitant Pay Services contract function. Realign DFAS Columbus, OH; Denver, CO, and Indianapolis, IN by relocating portions of the Accounting Operation, Military, and Commercial Pay functions and supporting functions among the three locations to implement strategic redundancy.

Justification

- ✓ Supports DFAS Transformation Plan.
- ✓ Mission consolidation - “Unit Cost” reduction.
- ✓ DFAS out of NCR (399); retains small liaison staff (6).
- ✓ Gaining sites meet DoD AT/FP standards.
- ✓ Maximizes facility/business operation efficiencies, mitigates man-made & natural disasters/challenges.
- ✓ Eliminates excess capacity, Admin 51% or 2.084M GSF and Warehouse 75% or .568M GSF.

Military Value

- ✓ Military Value among 30: Denver 3; Columbus 9; Indianapolis 12
- ✓ Prior Avg. MV: = .621; Resultant Avg. MV: = .689
- ✓ Military Judgment and Business Process Review analysis results: optimizes economies of scale/synergistic efficiencies to maximize potential for unit cost reductions and improve service, and minimizes risk of man-made and natural disasters/ challenges.

Payback

- ✓ One Time Cost: \$293M
- ✓ Net Implementation savings: \$134M
- ✓ Annual Recurring savings: \$120M
- ✓ Payback period: Immediate
- ✓ NPV savings: \$1.233B

Impacts

- ✓ Criterion 6: -72 to -1888 jobs; less than 0.1% to 1.08%.
- ✓ Criterion 7: No issues.
- ✓ Criterion 8: No issues.
- ✓ Other risks associated with implementation: Workforce, space availability, operating costs.

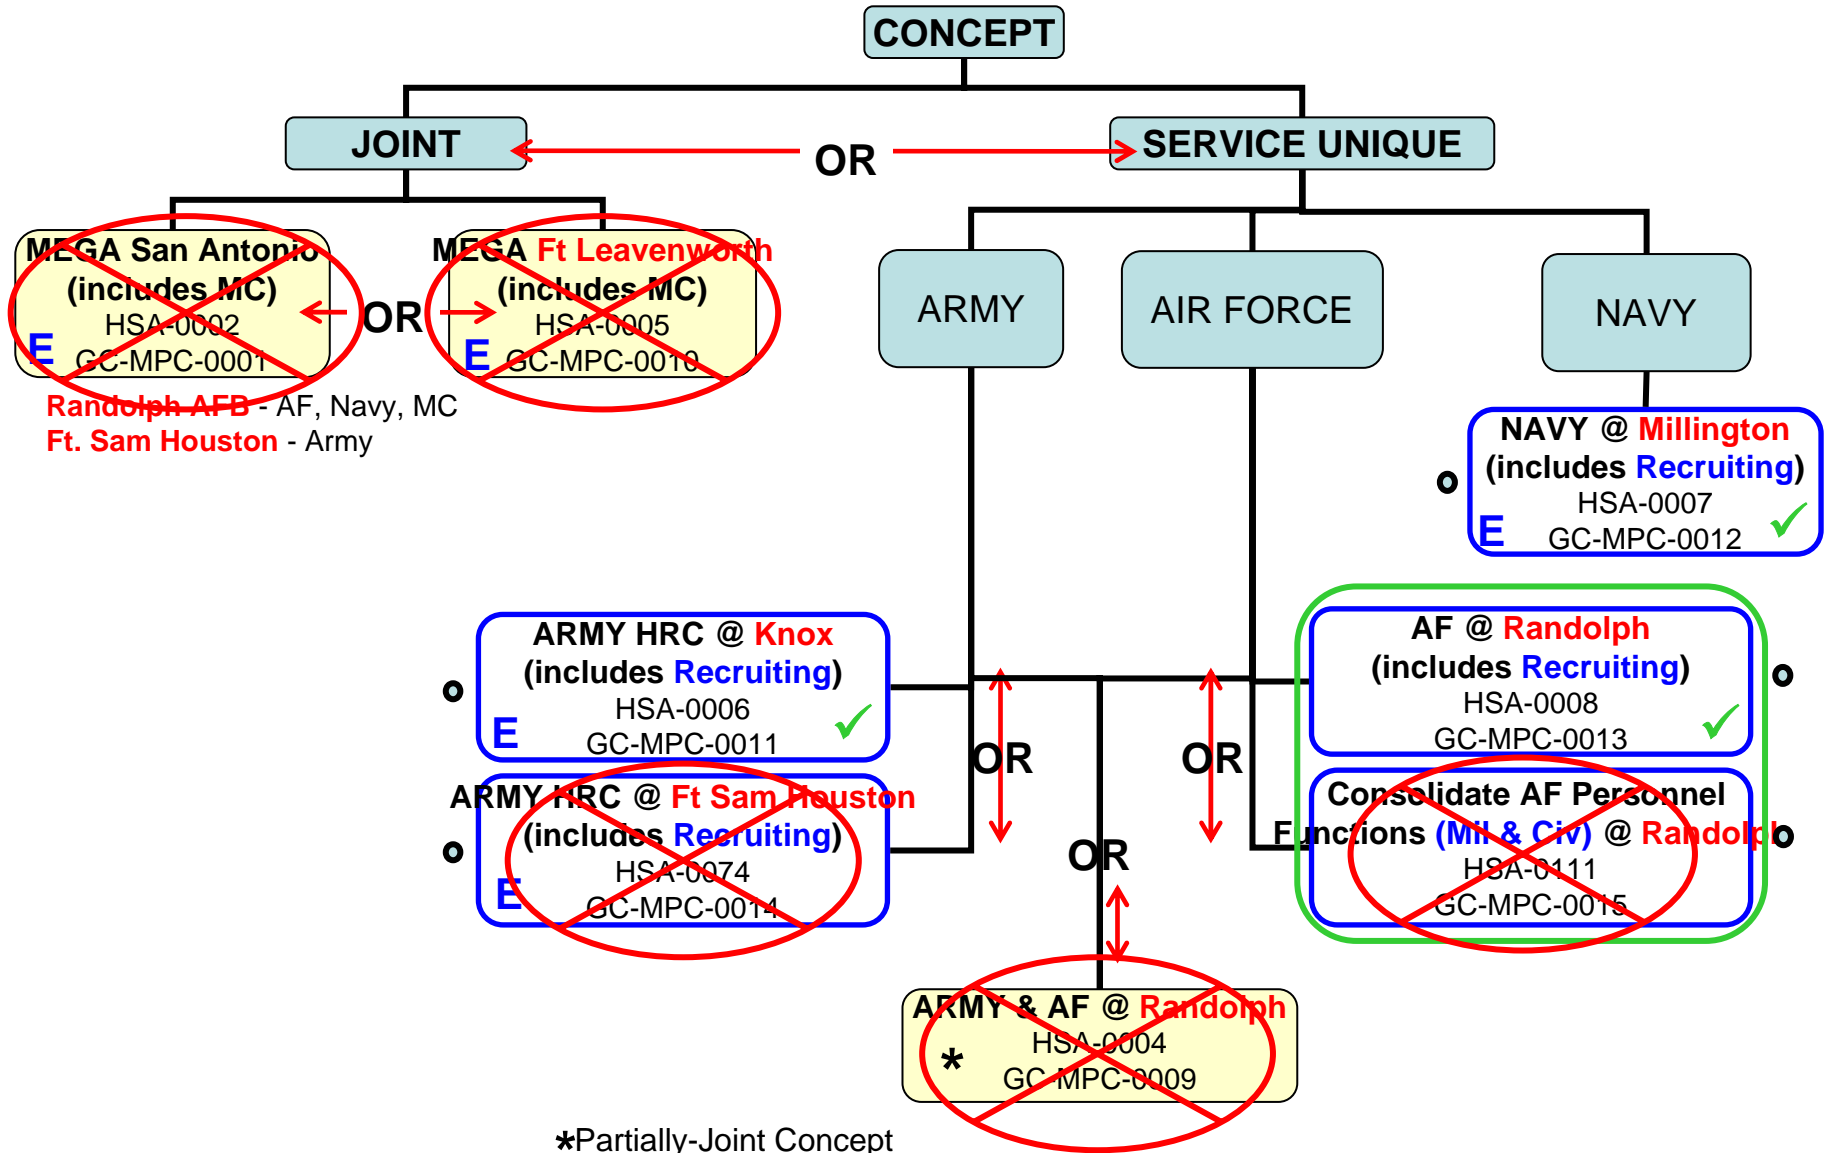

- ✓ Strategy
- ✓ Capacity Analysis / Data Verification
- ✓ COBRA
- ✓ Military Value Analysis / Data Verification

- ✓ JCSG/MilDep Recommended
- ✓ Criteria 6-8 Analysis

- ✓ De-conflicted w/JCSGs
- ✓ De-conflicted w/MilDeps

AF Personnel &
Recruiting,
Randolph

HSA-0006: Create an Army Human Resources (Personnel & Recruiting) Center of Excellence at Fort Knox

Candidate Recommendation: Close Army Human Resources Command leased facilities in Alexandria, Virginia, Indianapolis, Indiana, and St. Louis, Missouri, relocating and consolidating all functions at Fort Knox, Kentucky. Realign Fort Monroe, Virginia, by relocating Army Accessions Command and Cadet Command to Fort Knox, Kentucky.

Justification

- ✓ Enables mission consolidation of Active & Reserve personnel center functions.
- ✓ Co-location of Recruiting functions improves personnel life-cycle management.
- ✓ Eliminates excess capacity and leased space

Military Value

- ✓ Recruiting function: Fort Monroe 100/147; Fort Knox 12/147
- ✓ Military Personnel: Ft Knox was selected because of its high overall military value as the current location of the US Army Recruiting Command, which offers synergies with the military personnel function.

Payback

- ✓ One Time Cost: \$ 99.0 M
- ✓ Net Implementation Savings: \$ 462.5 M
- ✓ Annual Recurring Savings: \$ 145.5 M
- ✓ Payback Period: Immediate
- ✓ NPV (savings): \$ 1.78 B

Impacts

- ✓ Criterion 6:
 - ✓ DC Area ROI : - 3,734 jobs; 0.1%
 - ✓ St Louis ROI: - 4,171 jobs; 0.3%
 - ✓ Indianapolis ROI: - 226 jobs; less than 0.1%
 - ✓ Norfolk ROI: - 820 jobs; less than 0.1%
- ✓ Criterion 7: Proximity to Louisville mitigates child care, housing, and medical issues
- ✓ Criterion 8: Overall, no known environmental impediments.
- ✓ Other Risks Associated with Implementation: Skilled civilian workforce availability in concentrated GS-series.

HSA-0007: Create a Navy Human Resources (Personnel & Recruiting) Center of Excellence at Millington

Candidate Recommendation: Realign Naval Support Activity New Orleans, Louisiana by relocating the Navy Reserve Personnel Command, Enlisted Placement and Management Center, and the Navy Recruiting Command office to Naval Support Activity Mid-South, Millington, TN. Consolidate the relocating Navy Reserve Personnel Command and the Enlisted Placement and Management Center with the Navy Personnel Command at Naval Support Activity Mid-South, Millington, TN. Consolidate the relocating Navy Recruiting Command office with the Navy Recruiting Command office currently at Naval Support Activity Mid-South, Millington, TN.

<u>Justification</u>	<u>Military Value</u>
<p>✓ Enables mission consolidation of Active & Reserve personnel center functions.</p> <p>✓ Improves personnel life-cycle management and eliminates excess capacity.</p>	<p>✓ NSA New Orleans 0.713.</p> <p>✓ NSA Mid-South in Millington 0.729.</p> <p>✓ Military judgment: Co-location of Personnel & Recruiting Commands favored Millington.</p>
<p><u>Payback</u></p> <p>✓ One Time Cost: \$ 13.7 M</p> <p>✓ Net Implementation Cost: \$ 2.2 M</p> <p>✓ Annual Recurring Savings: \$ 6.3 M</p> <p>✓ Payback Period: 2 Years</p> <p>✓ NPV (savings): \$ 57.4 M</p>	<p><u>Impacts</u></p> <p>✓ Criterion 6: - 771 jobs; 0.1%</p> <p>✓ Criterion 7: No issues</p> <p>✓ Criterion 8: No environmental impediments</p>

- ✓ Strategy
- ✓ Capacity Analysis / Data Verification
- ✓ JCSG/Mildep Recommended
- ✓ De-conflicted w/JCSGs
- ✓ COBRA
- ✓ Military Value Analysis / Data Verification
- ✓ Criteria 6-8 Analysis
- ✓ De-conflicted w/MilDeps

HSA-0008: Create an Air Force Human Resources (Personnel & Recruiting) Center of Excellence at Randolph

Candidate Recommendation: Realign Buckley Annex, Denver, Colorado by relocating the Air Reserve Personnel Center to Randolph Air Force Base, Texas and consolidating it with the Air Force Personnel Center at Randolph Air Force Base, Texas. Realign Robins Air Force Base, Georgia by relocating Air Force Reserve Recruiting Service to Randolph Air Force Base, Texas.

Justification

- ✓ Same transformational strategy for Personnel & Recruiting as applied to the Army & Navy.
- ✓ Enables mission consolidation of Active & Reserve personnel center functions and elimination of excess capacity.
- ✓ Co-location of Recruiting functions improves personnel life-cycle management.

Military Value

- ✓ Personnel: Buckley Annex, 0.476; Randolph AFB, 0.723.
- ✓ Recruiting: Military judgment dominated over quantitative scores.
 - ✓ Co-location of Personnel Centers, Recruiting Commands, and Education & Training Command at a single location provides the greatest overall value for the Department.

Payback

- ✓ One Time Cost: \$ 32.0 M
- ✓ Net Implementation Cost: \$ 31.8 M
- ✓ Annual Recurring Savings: \$ 1.1 M
- ✓ NPV (cost): \$ 17.0 M
- ✓ Payback Period: 86 Years

Impacts

- ✓ Criterion 6:
 - ✓ Denver ROI: - 692 jobs; less than 0.1%
 - ✓ Warner Robins ROI: -263 jobs; 0.4%
- ✓ Criterion 7: Crime Rate at Randolph higher than the national average. No other issues.
- ✓ Criterion 8: Environmental impediments may exist: historic properties, land use constraints, and T/E species.

IM RECOMMENDATION ASSUMPTIONS

- Recommendations are not prescriptive-ICC will establish implementation policy
- Real Property transfer not implied
- BOS functional components not considered absolute-exceptions based on scenario specific situations
- Range of projections for personnel reductions developed for each scenario-Low end used in recommendations sent in Scenario Data Call

HSA-0011: Establish Joint Base McGuire-Dix-Lakehurst

Candidate Recommendation: Realign Ft. Dix and Naval Air Engineering Station Lakehurst by relocating the installation management functions/responsibilities to McGuire AFB, establishing Joint Base McGuire-Dix-Lakehurst. The U.S. Air Force will assume responsibility for all Base Operating Support (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration & Modernization for the new joint base.

Justification

- ✓ Installation management mission consolidation eliminates redundancy and creates economies of scale.
- ✓ Good potential for personnel and footprint reductions (minimum of 262 positions and associated footprint)
- ✓ Establishes first tri-service joint base.
- ✓ Supports complementary missions of McGuire/Dix - mobility/power projection platform.
- ✓ Maximizes joint utilization of infrastructure

Military Value

- ✓ Comparison of BASOPS missions using Military Value model:
 - ✓ McGuire AFB - .206
 - ✓ Ft Dix - .201
 - ✓ NAVAIRENGSTA Lakehurst - .136
- ✓ Enhances jointness
- ✓ Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

Payback

- ✓ One time costs: \$11.3M
- ✓ Net Implementation savings: \$90.3M
- ✓ Annual Recurring savings: \$22.3M
- ✓ Payback period: Immediate
- ✓ NPV (savings): \$290.7M

Impacts

- ✓ Criterion 6:
 - ✓ Dix ROI: -182 (89 direct/ 93 indirect); less than 01%
 - ✓ Lakehurst ROI: -284 (173 direct/111 indirect); less than 0.1%
- ✓ Criterion 7: No issues regarding community infrastructure
- ✓ Criterion 8: No known environmental impediments with this recommendation

✓ Strategy ✓ Capacity Analysis / Data Verification ✓ JCSG/MilDep Recommended ✓ De-conflicted w/JCSGs

✓ COBRA ✓ Military Value Analysis / Data Verification ✓ Criteria 6-8 Analysis ✓ De-conflicted w/MilDeps

HSA-0009: Establish Joint Base Bragg-Pope

Candidate Recommendation: Realign Pope AFB by relocating the installation management functions/responsibilities to Ft. Bragg, establishing Joint Base Bragg-Pope. The U.S. Army will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization for the new joint base.

Justification

- ✓ Installation management mission consolidation eliminates redundancies and creates economies of scale
- ✓ Potential for personnel and footprint reductions (minimum of 84 positions and associated footprint)
- ✓ Supports complementary missions: power projection platform/mobility
- ✓ Maximizes joint utilization of infrastructure

Military Value

- ✓ Comparison of BASOPS missions using Military Value model:
 - ✓ Ft Bragg - .538
 - ✓ Pope AFB - .184
- ✓ Enhances jointness
- ✓ Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

Payback

- ✓ One Time Cost: \$1.0M
- ✓ Net Implementation savings: \$32.8M
- ✓ Annual Recurring savings: \$7.4M
- ✓ Payback period: Immediate
- ✓ NPV (savings) \$99.1M

Impacts

- ✓ Criterion 6: -141 jobs (84direct/60 indirect); Less than 0.1%
- ✓ Criterion 7: No issues regarding community infrastructure
- ✓ Criterion 8: No known environmental impediments with this recommendation

✓ Strategy ✓ Capacity Analysis / Data Verification ✓ JCSG/MilDep Recommended ✓ De-conflicted w/JCSGs

✓ COBRA ✓ Military Value Analysis / Data Verification ✓ Criteria 6-8 Analysis ✓ De-conflicted w/MilDeps

HSA-0015: Establish Joint Base Elmendorf-Richardson

Candidate Recommendation: Realign Ft. Richardson by relocating the installation management functions/responsibilities to Elmendorf AFB, establishing Joint Base Elmendorf/Richardson. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for the new joint base.

Justification

- ✓ Installation management mission consolidation eliminates redundancy and creates economies of scale
- ✓ Good potential for personnel and footprint reductions (minimum of 224 positions and associated footprint)
- ✓ Supports complementary missions: power projection platform/mobility
- ✓ Maximizes joint utilization of infrastructure

Military Value

- ✓ Comparison of BASOPS missions using Military Value model:
 - ✓ Elmendorf AFB - .230
 - ✓ Ft Richardson - .189
- ✓ Enhances jointness
- ✓ Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

Payback

- ✓ One time costs:: \$7.7M
- ✓ Net Implementation savings: \$78.9M
- ✓ Annual Recurring savings: \$19.0M
- ✓ Payback period: Immediate
- ✓ NPV (savings): \$249.5M

Impacts

- ✓ Criterion 6: -412 jobs (224 direct/188 indirect); -0.16%
- ✓ Criterion 7: No issues regarding community infrastructure
- ✓ Criterion 8: No known environmental impediments with this recommendation

- ✓ Strategy
- ✓ Capacity Analysis / Data Verification
- ✓ JCSG/MilDep Recommended
- ✓ De-conflicted w/JCSGs
- ✓ COBRA
- ✓ Military Value Analysis / Data Verification
- ✓ Criteria 6-8 Analysis
- ✓ De-conflicted w/MilDeps

HSA-0012: Establish Joint Base Andrews-Washington

Candidate Recommendation: Realign Naval Air Facility Washington by relocating the installation management functions/responsibilities to Andrews AFB, establishing Joint Base Andrews-Naval Air Facility Washington. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for the new joint base.

Justification

- ✓ Installation management mission consolidation eliminates redundancy and creates economies of scale.
- ✓ Good potential for personnel and footprint reductions (minimum of 30 positions and associated footprint).
- ✓ Eliminates a base within a base and establishes single installation management responsibility for consolidated footprint

Military Value

- ✓ Comparison of BASOPS missions using Military Value model:
 - ✓ Andrews AFB - .222
 - ✓ COMNAVDIST Washington - .342
- ✓ Military judgment: Transfer of NAF installation management functions to Andrews AFB, will provide greatest overall military value to DoD

Payback

- ✓ One time costs: \$496K
- ✓ Net Implementation savings: \$6.3M
- ✓ Annual Recurring savings: \$1.5M
- ✓ Payback period: Immediate
- ✓ NPV (savings): \$19.7M

Impacts

- ✓ Criterion 6: -30 jobs (18 direct/12 indirect); Less than 0.1%
- ✓ Criterion 7: No issues regarding community infrastructure
- ✓ Criterion 8: No known environmental impediments with this recommendation

- ✓ Strategy
- ✓ Capacity Analysis / Data Verification
- ✓ JCSG/MilDep Recommended
- ✓ De-conflicted w/JCSGs
- ✓ COBRA
- ✓ Military Value Analysis / Data Verification
- ✓ Criteria 6-8 Analysis
- ✓ De-conflicted w/MilDeps

HSA-0013: Establish Joint Base Anacostia-Bolling-NRL

Candidate Recommendation: Realign Bolling AFB by relocating the installation management functions/responsibilities to Naval District Washington at the Washington Navy Yard, establishing Joint Base Anacostia-Bolling-Naval Research Laboratory (NRL). The U.S. Navy will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for this new joint base.

Justification

- ✓ Installation management mission consolidation eliminates redundancy and creates economies of scale.
- ✓ Good potential for personnel and footprint reductions (minimum of 119 positions and associated footprint).
- ✓ Eliminates a base within a base
- ✓ Maximizes joint utilization of infrastructure

Military Value

- ✓ Comparison of BASOPS missions using Military Value model:
 - ✓ NAVDIS Washington (includes Anacostia and NRL). - .342
 - ✓ Bolling AFB - .214
- ✓ Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

Payback

- ✓ One time costs: \$2.9M
- ✓ Net Implementation savings: \$45.7M
- ✓ Annual Recurring savings: \$10.6M
- ✓ Payback period: Immediate
- ✓ NPV (savings): \$140.7M

Impacts

- ✓ Criterion 6: -200 jobs (119 direct/81 indirect); Less than 0.1%
- ✓ Criterion 7: No issues regarding community infrastructure
- ✓ Criterion 8: No known environmental impediments with this recommendation

- ✓ Strategy
- ✓ Capacity Analysis / Data Verification
- ✓ JCSG/MilDep Recommended
- ✓ De-conflicted w/JCSGs
- ✓ COBRA
- ✓ Military Value Analysis / Data Verification
- ✓ Criteria 6-8 Analysis
- ✓ De-conflicted w/MilDeps

HSA-0016: Establish Joint Base Pearl Harbor-Hickam

Candidate Recommendation: Realign Hickam AFB by relocating the installation management functions/responsibilities to Naval Station Pearl Harbor, establishing Joint Base Pearl Harbor-Hickam. The U.S. Navy will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for this new joint base.

Justification

- ✓ Installation management mission consolidation eliminates redundancy and creates economies of scale
- ✓ Good potential for personnel and footprint reductions (minimum of 277 positions and associated footprint)
- ✓ Maximizes joint utilization of infrastructure
- ✓ Military value greater for Naval Station Pearl Harbor based on predominance and facilities efficiencies

Military Value

- ✓ Comparison of BASOPS missions using Military Value model:
 - ✓ NAVSTA Pearl Harbor - .395
 - ✓ Hickam AFB - .229
- ✓ Enhances jointness
- ✓ Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

Payback

- ✓ One time costs: \$6.3M
- ✓ Net Implementation savings: \$123.2M
- ✓ Annual Recurring savings: \$28.3M
- ✓ Payback period: Immediate
- ✓ NPV (savings): \$376.3M

Impacts

- ✓ Criterion 6: -510 jobs (277 direct/233 indirect); Less than 0.1%
- ✓ Criterion 7: No issues regarding community infrastructure
- ✓ Criterion 8: No known environmental impediments with this recommendation

- ✓ Strategy
- ✓ Capacity Analysis / Data Verification
- ✓ JCSG/MilDep Recommended
- ✓ De-conflicted w/JCSGs
- ✓ COBRA
- ✓ Military Value Analysis / Data Verification
- ✓ Criteria 6-8 Analysis
- ✓ De-conflicted w/MilDeps

HSA-0075: Establish Joint Base Monmouth - Earle Colts Neck

Candidate Recommendation: Realign Naval Weapons Station Earle Colts Neck by relocating the installation management functions/responsibilities to Ft. Monmouth and establish Joint Base Monmouth-Earle Colts. The U.S. Army will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for this new joint base.

<u>Justification</u>	<u>Military Value</u>																
<ul style="list-style-type: none"> ✓ Installation management mission consolidation eliminates redundancy and creates economies of scale ✓ Good potential for personnel and footprint reductions (minimum of 75 positions and associated footprint) ✓ Share military housing. ✓ Military value analysis greater for Monmouth based on size and PW efficiencies. 	<ul style="list-style-type: none"> ✓ Comparison of BASOPS missions using Military Value model: <ul style="list-style-type: none"> ✓ Ft Monmouth - .136 ✓ WPNSTA Earle - .074 ✓ Enhances jointness ✓ Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

HSA-0010: Establish Joint Base Lewis-McChord

Candidate Recommendation: Realign McChord AFB by relocating the installation management functions/responsibilities to Ft. Lewis, establishing Joint Base Lewis-McChord. The U.S. Army will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization for the new joint base.

Justification

- ✓ Installation management mission consolidation eliminates redundancy and creates economies of scale.
- ✓ High potential for personnel and footprint reductions (minimum of 432 positions and associated footprint)
- ✓ Supports complementary missions: power projection platform/mobility
- ✓ Maximizes joint utilization of infrastructure

Military Value

- ✓ Comparison of BASOPS missions using Military Value model:
 - ✓ Ft Lewis - .355
 - ✓ McChord AFB - .208
- ✓ Enhances jointness
- ✓ Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

Payback

- ✓ One Time Cost: \$6.2M
- ✓ Net Implementation savings: \$218.2M
- ✓ Annual Recurring savings: \$46.6M
- ✓ Payback period: Immediate
- ✓ NPV (savings): \$634.8M

Impacts

- ✓ Criterion 6: -776 jobs (422 direct/354 indirect); -.23%
- ✓ Criterion 7: No issues regarding community infrastructure
- ✓ Criterion 8: No known environmental impediments with this recommendation

- ✓ Strategy
- ✓ Capacity Analysis / Data Verification
- ✓ JCSG/MilDep Recommended
- ✓ De-conflicted w/JCSGs
- ✓ COBRA
- ✓ Military Value Analysis / Data Verification
- ✓ Criteria 6-8 Analysis
- ✓ De-conflicted w/MilDeps

HSA-0032: Consolidate Charleston AFB and NAVWPNSTA Charleston

Candidate Recommendation: Realign Naval Weapons Station Charleston by relocating the installation management functions/responsibilities to Charleston AFB, SC. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM).

Justification

- ✓ Installation management mission consolidation eliminates redundancy and creates economies of scale
- ✓ Good potential for personnel and footprint reductions (minimum of 264 positions and associated footprint)
- ✓ Military value analysis marginally higher for Charleston AFB based on larger operational mission

Military Value

- ✓ Comparison of BASOPS missions using Military Value model:
 - ✓ Charleston AFB - .186
 - ✓ NAVWPNSTA Charleston - .184
- ✓ Enhances jointness
- ✓ Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

Payback

- ✓ One time costs:: \$5.1M
- ✓ Net Implementation savings: \$69.9M
- ✓ Annual Recurring savings: \$21.9M
- ✓ Payback period: Immediate
- ✓ NPV (savings): \$267.4M

Impacts

- ✓ Criterion 6: -656 jobs (264 direct/392 indirect); -0.2%
- ✓ Criterion 7: No issues regarding community infrastructure
- ✓ Criterion 8: No known environmental impediments with this recommendation

- ✓ Strategy
- ✓ Capacity Analysis / Data Verification
- ✓ JCSG/MilDep Recommended
- ✓ De-conflicted w/JCSGs
- ✓ COBRA
- ✓ Military Value Analysis / Data Verification
- ✓ Criteria 6-8 Analysis
- ✓ De-conflicted w/MilDeps

HSA-0017: Consolidate Lackland AFB, Ft Sam Houston and Randolph AFB

Candidate Recommendation: Realign Ft. Sam Houston and Randolph AFB by relocating the installation management functions/responsibilities to Lackland AFB. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM).

Justification

- ✓ Eliminates redundancy of installation management functions and creates economies of scale.
- ✓ Good potential for personnel and footprint reductions (minimum of 199 positions and associated footprint).
- ✓ Military value analysis greater for Air Force based on predominance and efficiency.
- ✓ Supports complementary missions: training

Military Value

- ✓ Comparison of BASOPS missions using Military Value model:
 - ✓ Lackland AFB - .296
 - ✓ Ft Sam Houston - .233
 - ✓ Randolph AFB - .205
- ✓ Enhances jointness
- ✓ Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

Payback

- ✓ One time costs: \$5.1M
- ✓ Net Implementation savings: \$63.3M
- ✓ Annual Recurring savings: \$15.081M
- ✓ Payback period: Immediate
- ✓ NPV (savings): \$198.4M

Impacts

- ✓ Criterion 6: -382 jobs (189 direct/183 indirect)
Less than 0.1%
- ✓ Criterion 7: No issues regarding community infrastructure
- ✓ Criterion 8: No known environmental impediments with this recommendation

- ✓ Strategy
- ✓ Capacity Analysis / Data Verification
- ✓ JCSG/MilDep Recommended
- ✓ De-conflicted w/JCSGs
- ✓ COBRA
- ✓ Military Value Analysis / Data Verification
- ✓ Criteria 6-8 Analysis
- ✓ De-conflicted w/MilDeps

HSA-0034: Consolidate South Hampton Roads Installations

Candidate Recommendation: Realign Ft. Story by relocating the installation management functions/responsibilities to Commander Naval Mid-Atlantic Region. The U.S. Navy will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM).

Justification

- ✓ Installation management mission consolidation eliminates redundancy and creates economies of scale
- ✓ Good potential for personnel and footprint reductions (minimum of 21 positions and associated footprint)
- ✓ Ft Story’s small size and distance from Ft Eustis makes transfer to Navy ideal candidate for consolidation

Military Value

- ✓ Comparison of BASOPS missions using Military Value model:
 - ✓ Eustis - .247
 - ✓ NAVSTA Norfolk – .412
- ✓ Enhances jointness
- ✓ Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

Payback

- ✓ One time costs: \$300K
- ✓ Net Implementation savings: \$8.8M
- ✓ Annual Recurring savings: \$2.0M
- ✓ Payback period: Immediate
- ✓ NPV (savings): \$26.6M

Impacts

- ✓ Criterion 6: -44 jobs (21 direct/23 indirect)
Less than 0.1%
- ✓ Criterion 7: No issues regarding community infrastructure
- ✓ Criterion 8: No known environmental impediments with this recommendation

- ✓ Strategy
- ✓ Capacity Analysis / Data Verification
- ✓ JCSG/MilDep Recommended
- ✓ De-conflicted w/JCSGs
- ✓ COBRA
- ✓ Military Value Analysis / Data Verification
- ✓ Criteria 6-8 Analysis
- ✓ De-conflicted w/MilDeps

HSA-0033: Consolidate North Hampton Roads Installations

Candidate Recommendation: Realign Ft. Eustis and Ft. Monroe by relocating the installation management functions/responsibilities to Langley AFB. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM).

Justification

- ✓ Eliminates redundancy of installation management functions and creates economies of scale
- ✓ Good potential for personnel and footprint reductions (minimum of 217 positions and associated footprint)
- ✓ Military value analysis greater for Langley based on large population associated with operational mission and headquarters

Military Value

- ✓ Comparison of BASOPS missions using Military Value model:
 - ✓ Langley AFB - .249
 - ✓ Ft Eustis - .247
 - ✓ Ft Monroe - .110
- ✓ Enhances jointness
- ✓ Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

Payback

- ✓ One time costs:: \$6.3M
- ✓ Net Implementation savings: \$67.5M
- ✓ Annual Recurring savings: \$16.3M
- ✓ Payback period: Immediate
- ✓ NPV (savings): \$213.8M

Impacts

- ✓ Criterion 6: -501 jobs (217 direct/ indirect)
Less than 0.1%
- ✓ Criterion 7: No issues regarding community infrastructure
- ✓ Criterion 8: No known environmental impediments with this recommendation

✓ Strategy ✓ Capacity Analysis / Data Verification ✓ JCSG/MilDep Recommended ✓ De-conflicted w/JCSGs

✓ COBRA ✓ Military Value Analysis / Data Verification ✓ Criteria 6-8 Analysis ✓ De-conflicted w/MilDeps

IM Costs & Savings Summary

Scenario	Gaining Service	One Time Cost (\$M)	NPV Savings (\$M)	Steady State Savings (\$M)
Bragg/Pope	Army	1.0	99.1	7.4
Lewis/McChord	Army	6.2	634.8	46.6
Monmouth/Earle	Army	1.6	90.7	6.8
Hampton South	Navy	.3	26.6	2.0
NDW/Bolling	Navy	2.9	140.7	10.6
Pearl/Hickam	Navy	8.6	374.2	28.2
Andrews/NAF	Air Force	.5	19.7	1.5
Charleston	Air Force	6.6	265.9	21.9

McGuire/Dix/Lakehurst	Air Force	11.3	290.7	22.3
San Antonio	Air Force	6.4	171.7	13.3
Total		61.3	2575.6	195.9

Wedge Allocation

- Objective: Determine process for allocating wedge dollars to recommendations

- Two-Step Process
 - Valuation: Value recommendations based on attributes that reflect DoD priorities
 - Allocation: Allocate funding based on valuation

Valuation

- Recommendations assessed against three attributes for wedge allocation
- Weights for each attribute should convey ISG/IEC priorities
- Attributes:
 - Transformation and/or Jointness
 - Costs and Savings
 - Efficiency

Valuation: Attributes Hierarchy

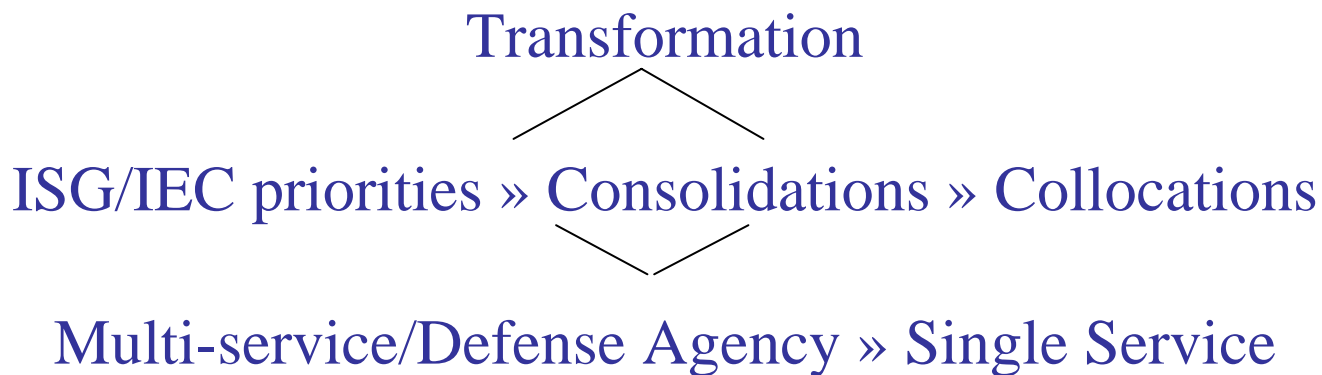

1. Transformation: Multi-service/Defense Agency consolidations, collocations, and ISG/IEC priorities.
2. Costs and Savings: Fiscal improvements.
3. Efficiency: Decreases in DoD footprint.

Is this the right hierarchy?

Transformation: Metrics Hierarchy

1. ISG/IEC priorities
2. Consolidations
3. Collocations
- Multi-service/Defense Agency over Single Service within above hierarchy

Recommendation: Approve hierarchy

Costs and Savings: Metrics Hierarchy

1. Net implementation savings
2. Payback period
3. Net Present Value over 20 years

Costs and Savings

Net implementation savings » Payback period » NPV

Recommendation: Approve hierarchy

Efficiency: Metrics Hierarchy

1. Square footage
2. Acres

Efficiency

Square footage » Acres

Recommendation: Approve hierarchy

Next Steps

- Next ISG meeting 14 Jan 05 (1530-1700)
- Continuation of Candidate Recommendations
- Next IEC meeting 24 Jan 05 (1645-1730)

ACQUISITION,

WASHINGTON, DC 20301-3010

JAN 6 2005

MEMORANDUM FOR INFRASTRUCTURE STEERING GROUP (ISG) MEMBERS CHAIRS, JOINT CROSS SERVICE GROUPS (JCSG)

SUBJECT: Read Ahead Material for the January 7, 2005, ISG Meeting

The Infrastructure Steering Group will meet on January 7, 2005, at 10:30 a.m. in 3D-1019. The meeting's primary focus will be on Candidate Recommendations submitted by the Headquarters and Support Activities (H&SA) Joint Cross Service Group. Other topics include conflict resolution, an update on the Force Structure Plan and, time permitting, wedge allocation rules.

For your advance preparation, I am attaching the briefing slides and backup materials on the candidate recommendations. TAB 1 contains the Candidate Recommendations with the standard quad charts. On the disc at TAB 2 is the supporting documentation.

There are 946 scenarios registered in the tracking tool as of December 23, 2004. Details of these are provided at TABs 3-9. The section entitled "New Conflicts Settled" includes new scenario conflicts on which the DASs and affected JCSGs agree regarding the proposed resolution (TAB 4). Absent objections at the meeting, the proposed resolutions will be deemed approved by the ISG.

A handwritten signature in black ink, appearing to read "Michael W. Wynne".

Michael W. Wynne
Acting USD (Acquisition, Technology & Logistics)
Chairman, Infrastructure Steering Group

Candidate # HSA0018 – Defense Finance & Accounting Service (DFAS) Consolidation

Candidate Recommendation (Summary): Close 21 DFAS locations by relocating and consolidating all functions to the Defense Supply Center-Columbus, OH, the Buckley AF Base Annex, Denver, CO, or the MG Emmett J. Bean Federal Center, Indianapolis, IN. Realign DFAS Arlington, VA, by relocating/consolidating functions same as above, and retain minimum essential liaison staff. Realign DFAS Cleveland, OH, by relocating/consolidating functions same as above, and retain an enclave for Military Retired and Annuitant Pay Services contract function. Realign DFAS Columbus, OH; Denver, CO, and Indianapolis, IN by relocating portions of the Accounting Operation, Military, and Commercial Pay functions and supporting functions among the three locations to implement strategic redundancy.

<u>Justification</u>	<u>Military Value</u>
<ul style="list-style-type: none"> ✓ Supports DFAS Transformation Plan. ✓ Mission consolidation - “Unit Cost” reduction. ✓ DFAS out of NCR (399); retains small liaison staff (6). ✓ Gaining sites meet DoD AT/FP standards. ✓ Maximizes facility/business operation efficiencies, mitigates man-made & natural disasters/challenges. ✓ Eliminates excess capacity, Admin 51% or 2.084M GSF and Warehouse 75% or .568M GSF. 	<ul style="list-style-type: none"> ✓ Military Value among 30: Denver 3; Columbus 9; Indianapolis 12 ✓ Prior Avg. MV: = .621; Resultant Avg. MV: = .689 ✓ Military Judgment and Business Process Review analysis results: optimizes economies of scale/synergistic efficiencies to maximize potential for unit cost reductions and improve service, and minimizes risk of man-made and natural disasters/ challenges.
<u>Payback</u>	<u>Impacts</u>
<ul style="list-style-type: none"> ✓ One Time Cost: \$293M ✓ Net Implementation savings: \$134M ✓ Annual Recurring savings: \$120M ✓ Payback period: Immediate ✓ NPV savings: \$1.233B 	<ul style="list-style-type: none"> ✓ Criterion 6: Range from Less -0.1 to -1.08. ✓ Criterion 7: Favorable for all sites. ✓ Criterion 8: Favorable for all sites. ✓ Other risks associated with implementation: Workforce, space availability, operating costs.

- ✓ Strategy
- ✓ Capacity Analysis / Data Verification
- ✓ COBRA
- ✓ Military Value Analysis / Data Verification

- ✓ JCSG/MilDep Recommended
- ✓ Criteria 6-8 Analysis

- ✓ De-conflicted w/JCSGs
- ✓ De-conflicted w/MilDeps

Candidate Recommendation # HSA0018 Defense Finance and Accounting Service (DFAS) Consolidation

Candidate Recommendation: Close the Defense Finance and Accounting Service (DFAS) sites at Rock Island IL; Pensacola Saufley Field, FL; Norfolk Naval Station, VA; Lawton, OK; Pensacola Naval Air Station, FL; Omaha, NE; Dayton, OH; St. Louis, MO; San Antonio, TX; San Diego, CA; Pacific Ford Island, HI; Patuxent River, MD; Limestone, ME; Charleston, SC; Orlando, FL; Rome, NY; Lexington, KY; Kansas City, MO; Seaside, CA; San Bernardino, CA; and Oakland, CA. Relocate and consolidate business, corporate and administrative functions to the Defense Supply Center-Columbus, OH, the Buckley Air Force Base Annex, Denver, CO, or the MG Emmett J. Bean Federal Center, Indianapolis, IN.

Realign DFAS Arlington, VA, by relocating and consolidating business, corporate, and administrative functions to the Defense Supply Center-Columbus, OH, the Buckley Air Force Base Annex, Denver, CO, or the MG Emmett J. Bean Federal Center, Indianapolis, IN. Retain a minimum essential DFAS liaison staff to support the Under Secretary of Defense (Comptroller)/Chief Financial Officer, Military Service Chief Financial Officers, and Congressional requirements.

Realign DFAS Cleveland, OH, by relocating and consolidating business, corporate, and administrative functions to the Defense Supply Center-Columbus, OH, the Buckley Air Force Base Annex, Denver, CO, or the MG Emmett J. Bean Federal Center, Indianapolis, IN. Retain an enclave for the Military Retired and Annuitant Pay Services contract function and government oversight.

Realign DFAS Columbus, OH, by relocating up to 50% of the Accounting Operation functions and associated corporate and administrative functions to DFAS Denver, CO, or DFAS Indianapolis, IN, and up to 25% of the Commercial Pay function and associated corporate and administrative functions to DFAS Indianapolis, IN, for strategic redundancy.

Realign DFAS Denver, CO, by relocating up to 25% of the Accounting Operation functions and associated corporate and administrative functions to DFAS Columbus, OH, or DFAS Indianapolis, IN, and up to 30% of the Military Pay function and associated corporate and administrative functions to DFAS Indianapolis, IN, for strategic redundancy.

Realign DFAS Indianapolis, IN, by relocating up to 10% of the Accounting Operation functions and associated corporate and administrative functions to DFAS Columbus, OH or DFAS Denver, CO, and up to 20% of the Commercial Pay function and associated corporate and administrative functions to DFAS Columbus, OH, for strategic redundancy.

Justification: This action accomplishes a major facilities reduction and business mission realignment, transforming the current DFAS organization into an optimum facilities configuration, which includes strategic redundancy to minimize risks associated with man-made or natural disasters/challenges. All three of the gaining sites meet DoD Antiterrorism/Force Protection (AT/FP) Standards. The current number of locations, 30, inhibits the organization's ability to reduce redundancy and leverage benefits from economies of scale and synergistic efficiencies. Overall excess facilities capacity includes approximately 51% or 2.084M Gross Square Feet (GSF) in administrative space and 75% or .568M GSF in warehouse space with many locations lacking adequate threat protection as defined in DoD AT/FP Standards. Finally, the three locations have potential to become Business Line Centers of Excellence and further enhance "unit cost" reductions beyond the BRAC facilities/personnel savings aspect.

The three gaining locations were identified through a process that used Capacity Analysis, Military Value, Optimization Modeling, and knowledge of the DFAS organization and mission functions. The Military Value analysis, of 30 locations, ranked the Defense Supply Center-Columbus, OH, the Buckley AF Base Annex, CO, and the MG Emmett J. Bean Federal Center, Indianapolis, IN, as 3, 9, and 12 respectively. The Optimization analysis which was based on available capacity and expansion capability at all 30 locations, identified the three-location combination as providing the optimal facilities approach to hosting DFAS mission/functions. Subject matter knowledge validated that the optimization results will support DFAS by reducing the number of locations while retaining organizational integrity at each of the three locations.

Payback:

The total estimated one-time cost to the Department of Defense to implement this recommendation is \$293M. The net of all costs and savings to the Department during the implementation period (FY06-FY11) is a savings of \$134M. Annual recurring savings to the Department after implementation are \$120M, with a payback expected within three years. The Net Present Value of the costs and savings to the Department over 20 years is a savings of \$1,233B.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could affect locations listed in the table below with regard to the maximum potential reduction of total jobs over the 2006-2011 period. Also identified is the Economic Region of Influence and the percent of economic area employment.

Location	Economic Region of Influence	Direct Estimated Job Change	Indirect Estimated Job Change	% of Economic Area Employment

Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the communities to support missions, forces, and personnel.

Environmental Impact: The overall rating for Defense Supply Center-Columbus, OH, is favorable, with positive ratings for Air Quality, Noise, Water Resources and Land Use Constraints. The overall rating for Buckley Air Force (AF) Base Annex, CO is also favorable, with positive ratings for Noise and Water Resources. The only potential issue identified regarding Buckley AF Base Annex is associated with Air Quality. Emission reduction credits may be needed. The overall rating for the MG Emmett J. Bean Federal Center, Indianapolis, IN, is considered favorable, in that GSA, in making space available for lease/rental use warrants that all environmental issues are in compliance or in such a state that would not prohibit use of the facility.

Supporting Information – Attached.

HSA-0006: Create an Army Human Resources (Personnel & Recruiting) Center of Excellence at Fort Knox

Candidate Recommendation: Close Army Human Resources Command leased facilities in Alexandria, Virginia, Indianapolis, Indiana, and St. Louis, Missouri, relocating and consolidating all functions at Fort Knox, Kentucky. Realign Fort Monroe, Virginia, by relocating Army Accessions Command and Cadet Command to Fort Knox, Kentucky.

<u>Justification</u>	<u>Military Value</u>
<p><u>Payback</u></p> <ul style="list-style-type: none"> ✓ One Time Cost: \$ 99.0 M ✓ Net Implementation Savings: \$ 462.5 M ✓ Annual Recurring Savings: \$ 145.5 M ✓ Payback Period: Immediate ✓ NPV (savings): \$ 1.78 B 	<p><u>Impacts</u></p> <ul style="list-style-type: none"> ✓ Recruiting function: Fort Monroe 100/147; Fort Knox 12/147 ✓ Military Personnel: Ft Knox was selected because of its high overall military value as the current location of the US Army Recruiting Command, which offers synergies with the military personnel function. ✓ Criterion 6: <ul style="list-style-type: none"> ✓DC Area ROI : - 3,734 jobs; 0.1% ✓St Louis ROI: - 4,171 jobs; 0.3% ✓Indianapolis ROI: - 226 jobs; less than 0.1% ✓Norfolk ROI: - 820 jobs; less than 0.1% ✓ Criterion 7: Proximity to Louisville mitigates child care, housing, and medical issues ✓ Criterion 8: Overall, no known environmental impediments. ✓ Other Risks Associated with Implementation: Skilled civilian workforce availability in concentrated GS-series.

Candidate Recommendation # HSA-0006 – Create an Army Human Resources Center of Excellence (Personnel and Recruiting) at Fort Knox

Candidate Recommendation: Close Army Human Resources Command leased facilities in Alexandria, Virginia, Indianapolis, Indiana and St. Louis, Missouri relocating and consolidating all functions at Fort Knox, Kentucky.

Realign Fort Monroe, Virginia, by relocating Army Accessions Command and Cadet Command to Fort Knox, Kentucky.

Justification: The co-location of military personnel and recruiting functions creates an Army Human Resources Center for Excellence and improves personnel life-cycle management. This recommendation eliminates over 1.1 Million square feet of leased space with annual lease savings of over \$31.6 Million and a one-time cost avoidance of over \$30 Million. In addition, it eliminates over 382 K (26%) gross square feet of current excess capacity and moves a large support organization of over 2,000 personnel out of the National Capital Region. This recommendation enables Business Process Reengineering transformation to support several significant Department of Defense initiatives such as the ongoing development and implementation of the Defense Integrated Military Human Resource System (DIMHRS). DIMHRS is the vehicle through which the Department will transform military personnel and pay management. It will be the modern, responsive system that supports commanders, the Services, and Service members and their families in the 21st century based on complete business process reengineering, with full participation from all Services and components. Other benefits include increasing Active and Reserve Component Total Force integration and effectiveness and supporting the Department's goals for the Continuum of Service concept which permits a range of participation to assist in force management and relieve stress on military skills that have been in high demand during recent operations. U.S. Army Recruiting Command, a subordinate of Army Accessions Command, is currently located at Fort Knox, so this scenario will co-locate headquarters functions in a single location and eliminate stand-alone headquarters to assist with overall accession management.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is \$ 99 million. The net of all costs and savings to the Department of Defense during the implementation period is a savings of \$ 462.5 million. Annual recurring savings to the Department after implementation are \$ 145.5 million with an

immediate payback expected in 2008. The net present value of the costs and savings to the Department over 20 years is a savings of \$ 1.78 billion.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 3,734 jobs (2,177 direct and 1,557 indirect jobs) over the 2006 – 2011 period in the Washington-Arlington-Alexandria, DC-VA-MD-WV Metropolitan Division economic area, which is 0.13 percent of economic area employment. Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 4,171 jobs (2,093 direct and 2,078 indirect jobs) over the 2006 – 2011 period in the St. Louis, MO-IL Metropolitan Statistical Area, which is 0.25 percent of economic area employment. Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 226 jobs (137 direct and 89 indirect jobs) over the 2006 – 2011 period in the Indianapolis, Indiana Metropolitan Statistical Area, which is less than 0.1 percent of economic area employment. Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 820 jobs (359 direct and 461 indirect jobs) over the 2006 – 2011 period in the Virginia Beach-Norfolk-Newport News, VA-NC Metropolitan Statistical Area, which is less than 0.1 percent of economic area employment.

Community Infrastructure Impact: A review of community attributes indicates some minor issues regarding the ability of the infrastructure of the community to support missions, forces and personnel. These issues include no nationally accredited child-care centers reported for the local community, the current quantity of rental and sale units available (adequate military housing exists on Fort Knox), and the population to physician ratio of 1 to 8 versus the national ratio of 1 to 4. These issues are mitigated, in part, by the scenario itself under the expectation that an influx of personnel will result in a growth in community services such as child care centers and the building of housing to support increasing market demand. In addition, the proximity of Fort Knox to the City of Louisville (29 miles) where some personnel may choose to reside. Overall, we find that the community infrastructure can support this recommendation.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; or wetlands. Air quality CO2 emissions will likely increase at Ft Knox due to increases in vehicles, and although historical property exists on Ft Knox, a significant amount of land without historical property is

available for new buildings. Ft Knox has Noise Zone 2 and 3 contours off the installation, but this recommendation has no impact on noise. While Ft Knox does not have a waste management RCRA Subpart X permit, incoming personnel do not need the OB/OD area and have no impact. Overall, no known environmental impediments impact this recommendation. This recommendation will require spending approximately \$400,000 at the receiving location to complete an environmental assessment in accordance with the National Environmental Policy Act. This one time cost was included in the payback calculation for this recommendation. This recommendation does not impact the costs of environmental restoration, waste management, or other environmental compliance activities.

HSA-0007: Create a Navy Human Resources (Personnel & Recruiting) Center of Excellence at Millington

Candidate Recommendation: Realign Naval Support Activity New Orleans, Louisiana by relocating the Navy Reserve Personnel Command, Enlisted Placement and Management Center, and the Navy Recruiting Command office to Naval Support Activity Mid-South, Millington, TN. Consolidate the relocating Navy Reserve Personnel Command and the Enlisted Placement and Management Center with the Navy Personnel Command at Naval Support Activity Mid-South, Millington, TN. Consolidate the relocating Navy Recruiting Command office with the Navy Recruiting Command office currently at Naval Support Activity Mid-South, Millington, TN.

<p style="text-align: center;"><u>Justification</u></p> <ul style="list-style-type: none"> ✓ Enables mission consolidation of Active & Reserve personnel center functions. ✓ Improves personnel life-cycle management and eliminates excess capacity. 	<p style="text-align: center;"><u>Military Value</u></p> <ul style="list-style-type: none"> ✓ NSA New Orleans 0.713. ✓ NSA Mid-South in Millington 0.729. ✓ Military judgment: Co-location of Personnel & Recruiting Commands favored Millington.
<p style="text-align: center;"><u>Payback</u></p> <ul style="list-style-type: none"> ✓ One Time Cost: \$ 13.7 M ✓ Net Implementation Cost: \$ 2.2 M ✓ Annual Recurring Savings: \$ 6.3 M ✓ Payback Period: 2 Years ✓ NPV (savings): \$ 57.4 M 	<p style="text-align: center;"><u>Impacts</u></p> <ul style="list-style-type: none"> ✓ Criterion 6: - 771 jobs; 0.1% ✓ Criterion 7: No issues ✓ Criterion 8: No environmental impediments

- ✓ Strategy

Candidate Recommendation #HSA-0007 – Create a Navy Human Resources Center of Excellence (Personnel and Recruiting) at Millington

Candidate Recommendation: Realign Naval Support Activity New Orleans, Louisiana by relocating the Navy Reserve Personnel Command, Enlisted Placement and Management Center, and the Navy Recruiting Command office to Naval Support Activity Mid-South, Millington, TN. Consolidate the relocating Navy Reserve Personnel Command and the Enlisted Placement and Management Center with the Navy Personnel Command at Naval Support Activity Mid-South, Millington, TN. Consolidate the relocating Navy Recruiting Command office with the Navy Recruiting Command office currently at Naval Support Activity Mid-South, Millington, TN.

Justification: The co-location of military personnel and recruiting functions creates a Navy Human Resources Center for Excellence and improves personnel life-cycle management. This recommendation eliminates over 103 K (17%) gross square feet of current excess capacity. It also enables Business Process Reengineering transformation to support several significant Department of Defense initiatives such as the ongoing development and implementation of the Defense Integrated Military Human Resource System (DIMHRS). DIMHRS is the vehicle through which the Department will transform military personnel and pay management. It will be the modern, responsive system that supports commanders, the Services, and Service members and their families in the 21st century based on complete business process reengineering, with full participation from all Services and components. Other benefits include increasing Active and Reserve Component Total Force integration and effectiveness and supporting the Department's goals for the Continuum of Service concept which permits a range of participation to assist in force management and relieve stress on military skills that have been in high demand during recent operations. A Navy Recruiting Command office is currently located at Naval Support Activity Mid-South, so this scenario will consolidate headquarters functions in a single location and eliminate stand-alone headquarters. In addition, activities of the Bureau of Naval Personnel, Navy Manpower Analysis Center and Navy Personnel Research and Development Center are currently located at Naval Support Activity Mid-South.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is \$ 13.7 million. The net of all costs and savings to the Department of Defense during the implementation period is a cost of \$ 2.2 million. Annual recurring savings to the Department after implementation are \$ 6.3 million with a payback

expected in 2 years. The net present value of the costs and savings to the Department over 20 years is a savings of \$ 57.4 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 771 jobs (435 direct and 336 indirect jobs) over the 2006 – 2011 period in the New Orleans-Metairie-Kenner, Louisiana Metropolitan Statistical Area, which is 0.1 percent of economic area employment.

Community Infrastructure Impact: A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces and personnel. Overall, we find that the community infrastructure can support this recommendation.

Environmental Impact: Historical sites were identified at the gaining location, however, they present no issues for this recommendation. This recommendation has no issues with air quality; dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; or wetlands. The environmental compliance cost of \$2,000 was included along with other costs in the payback calculation for this recommendation. This recommendation does not impact the costs of environmental restoration, waste management, or other environmental compliance activities.

HSA-0008: Create an Air Force Human Resources (Personnel & Recruiting) Center of Excellence at Randolph

Candidate Recommendation: Realign Buckley Annex, Denver, Colorado by relocating the Air Reserve Personnel Center to Randolph Air Force Base, Texas and consolidating it with the Air Force Personnel Center at Randolph Air Force Base, Texas. Realign Robins Air Force Base, Georgia by relocating Air Force Reserve Recruiting Service to Randolph Air Force Base, Texas.

Justification

- ✓ Same transformational strategy for Personnel & Recruiting as applied to the Army & Navy.
- ✓ Enables mission consolidation of Active & Reserve personnel center functions and elimination of excess capacity.
- ✓ Co-location of Recruiting functions improves personnel life-cycle management.

Military Value

- ✓ Personnel: Buckley Annex, 0.476; Randolph AFB, 0.723.
- ✓ Recruiting: Military judgment dominated over quantitative scores.
 - ✓ Co-location of Personnel Centers, Recruiting Commands, and Education & Training Command at a single location provides the greatest overall value for the Department.

Payback

- ✓ One Time Cost: \$ 32.0 M
- ✓ Net Implementation Cost: \$ 31.8 M
- ✓ Annual Recurring Savings: \$ 1.1 M
- ✓ NPV (cost): \$ 17.0 M
- ✓ Payback Period: 86 Years

Impacts

- ✓ Criterion 6:
 - ✓ Denver ROI: - 692 jobs; less than 0.1%
 - ✓ Warner Robins ROI: -263 jobs; 0.4%
- ✓ Criterion 7: Crime Rate at Randolph higher than the national average. No other issues.
- ✓ Criterion 8: Environmental impediments may exist: historic properties, land use constraints, and T/E species.

- ✓ Strategy
- ✓ COBRA

- ✓ Capacity Analysis / Data Verification
- ✓ Military Value Analysis / Data Verification

- ✓ JCSG Recommended
- ✓ Criteria 6-8 Analysis

- ✓ De-conflicted w/JCSGs
- ✓ De-conflicted w/MilDepts

Candidate Recommendation # HSA-0008 – Create an Air Force Human Resources Center of Excellence (Personnel and Recruiting) at Randolph

Candidate Recommendation: Realign Buckley Annex, Denver, Colorado by relocating the Air Reserve Personnel Center to Randolph Air Force Base, Texas and consolidating it with the Air Force Personnel Center at Randolph Air Force Base, Texas.

Realign Robins Air Force Base, Georgia by relocating Air Force Reserve Recruiting Service to Randolph Air Force Base, Texas.

Justification: The co-location of military personnel and recruiting functions at Randolph Air Force Base together with Air Education and Training Command creates an Air Force Human Resources Center for Excellence and improves personnel life-cycle management. This recommendation eliminates over 93 K (21%) gross square feet of current excess capacity. It also enables Business Process Reengineering transformation to support several significant Department of Defense initiatives such as the ongoing development and implementation of the Defense Integrated Military Human Resource System (DIMHRS). DIMHRS is the vehicle through which the Department will transform military personnel and pay management. It will be the modern, responsive system that supports commanders, the Services, and Service members and their families in the 21st century based on complete business process reengineering, with full participation from all Services and components. Other benefits include increasing Active and Reserve Component Total Force integration and effectiveness and supporting the Department's goals for the Continuum of Service concept which permits a range of participation to assist in force management and relieve stress on military skills that have been in high demand during recent operations. The Air Force Recruiting Service is currently located at Randolph Air Force Base, so this scenario will co-locate Active and Reserve Component headquarters functions in a single location and assist with overall Total Air Force Recruiting management. This scenario does not generate the same level of savings to the Department as does the counterpart Personnel and Recruiting scenarios for the Army and Navy. However, it follows the same transformational strategy that was applied to the Army and Navy and the JCSG believes it is important to maintain that strategy across all services to position them for future transformation as personnel management matures under DIMHRS.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is \$ 32 million. The net of all costs and savings to the Department of Defense during the implementation period is a cost of \$ 31.8 million. Annual

recurring savings to the Department after implementation are \$ 1.1 million with a payback expected in 86 years. The net present value of the costs and savings to the Department over 20 years is a cost of \$ 17 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 692 jobs (385 direct and 307 indirect jobs) over the 2006 - 2011 period in the Denver-Aurora, Colorado Metropolitan Statistical Area, which is less than 0.1 percent of economic area employment. Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 263 jobs (162 direct and 101 indirect jobs) over the 2006 - 2011 period in the Warner Robins, Georgia Metropolitan Statistical Area, which is 0.4 percent of economic area employment.

Community Infrastructure Impact: A review of community attributes indicates the Uniform Crime Reports Index at Randolph Air Force Base, Texas is approximately 64 percent higher than the national average. This is significantly higher for those relocating from the Air Reserve Personnel Center in Denver, but is not significantly higher for those relocating from Robins Air Force Base. There are no other issues regarding the ability of the infrastructure of the community to support missions, forces and personnel. Overall, we find that the community infrastructure can support this recommendation, and it should proceed notwithstanding the crime index at Randolph Air Force Base.

Environmental Impact: Randolph has historical property that may be impacted as well as the Military Munitions Response Program that may represent a safety hazard for future site development. Additionally, threatened and endangered species or critical habitat may be impacted and will require a Biological Opinion to ensure the recommendation conforms. This recommendation has no impact on air quality; dredging; marine mammals, resources, or sanctuaries; noise; waste management; or wetlands. This recommendation will require spending approximately \$144,000 at the gaining location to complete an environmental assessment in accordance with the National Environmental Policy Act. This one time cost was included in the payback calculation for this recommendation. This recommendation does not impact the costs of environmental restoration, waste management, or other environmental compliance activities.

HSA-0009: Establish Joint Base Bragg-Pope

Candidate Recommendation: Realign Pope AFB by relocating the installation management functions/responsibilities to Ft. Bragg, establishing Joint Base Bragg-Pope. The U.S. Army will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization for the new joint base.

Justification

- ✓ Installation management mission consolidation eliminates redundancies and creates economies of scale
- ✓ Potential for personnel and footprint reductions (minimum of 84 positions and associated footprint)
- ✓ Supports complementary missions: power projection platform/mobility
- ✓ Maximizes joint utilization of infrastructure

Military Value

- ✓ Comparison of BASOPS missions using Military Value model:
 - ✓ Ft Bragg - .538
 - ✓ Pope AFB - .184
- ✓ Enhances jointness
- ✓ Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

Payback

- ✓ One Time Cost: \$1.0M
- ✓ Net Implementation savings: \$32.8M
- ✓ Annual Recurring savings: \$7.4M
- ✓ Payback period: Immediate
- ✓ NPV (savings) \$99.1M

Impacts

- ✓ Criterion 6: -141 jobs (84direct/60 indirect); Less than 0.1%
- ✓ Criterion 7: No issues regarding community infrastructure
- ✓ Criterion 8: No known environmental impediments with this recommendation

- ✓ Strategy
- ✓ Capacity Analysis / Data Verification
- ✓ JCSG/MilDep Recommended
- ✓ De-conflicted w/JCSGs
- ✓ COBRA
- ✓ Military Value Analysis / Data Verification
- ✓ Criteria 6-8 Analysis
- ✓ De-conflicted w/MilDeps

Candidate Recommendation #HSA-0009

Candidate Recommendation: Realign Pope AFB by relocating the installation management functions/responsibilities to Ft. Bragg establishing Joint Base Bragg-Pope. The U.S. Army will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for the new joint base.

Justification: Both Ft. Bragg and Pope AFB employ military, civilian, and contractor personnel to perform common functions, in support of installation facilities and personnel. Both installations execute these functions using similar or near similar processes. Because these installations share a common boundary with minimal distance between the major facilities, there is significant opportunity to eliminate duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Regional efficiencies achieved as a result of the Army's regionalization of installation management under the US Army Installation Management Agency will provide additional opportunities for overall savings as Pope AFB is consolidated under this management structure.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is \$1.03 million. The net of all costs and savings to the Department during the implementation period is a savings \$32.76 million. Annual recurring savings to the Department after implementation are \$7.41 million with an immediate payback. The net present value of the costs and savings to the Department over 20 years is a savings of \$99.13 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 141 jobs (84 direct jobs and 57 indirect jobs) over the 2006-2011 period in the Fayetteville, NC Metropolitan economic area, which is less than 0.1 percent of economic area employment.

Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community's infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

Candidate Recommendation #HSA-0010

Candidate Recommendation: Realign McChord AFB by relocating the installation management functions/responsibilities to Ft. Lewis, establishing Joint Base Lewis-McChord. The U.S. Army will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for the new joint base.

Justification: Both Ft. Lewis and McChord AFB employ military, civilian and contractor personnel to perform common functions in support of installation facilities and personnel. Both installations execute these functions using similar or near similar processes. Because these installations share a common boundary with minimal distance between the major facilities, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Regional efficiencies achieved as a result of the Army's regionalization of installation management under the US Army Installation Management Agency will provide additional opportunities for overall savings as McChord AFB is consolidated under this management structure.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is \$6.25 million. The net of all costs and savings to the Department during the implementation period is a savings of \$218.2 million. Annual recurring savings to the Department after implementation are \$46.58 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of \$634.8 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 776 jobs (422 direct jobs and 354 indirect jobs) over the 2006-2011 period in the Tacoma, WA Metropolitan Division economic area, which is .23 percent of economic area employment.

Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community's infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

Candidate Recommendation #HSA-0011

Candidate Recommendation: Realign Ft. Dix and Naval Air Engineering Station Lakehurst by relocating the installation management functions/responsibilities to McGuire AFB, establishing Joint Base McGuire-Dix-Lakehurst. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for the new joint base.

Justification: McGuire AFB, Ft. Dix and NAES Lakehurst employ military, civilian and contractor personnel to perform common functions in support of installation facilities and personnel. All three installations execute these functions using similar or near similar processes. Because these installations share a common boundary with minimal distance between the major facilities, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is \$11.28 million. The net of all costs and savings to the Department during the implementation period is a savings of \$90.31 million. Annual recurring savings to the Department after implementation are \$22.34 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of \$290.72 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 284 jobs (173 direct jobs and 111 indirect jobs) over the 2006-2011 period in the Edison, NJ Metropolitan Division economic area, which is less than 0.1 percent of economic area employment.

Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 182 jobs (89 direct jobs and 93 indirect jobs) over the 2006-2011 period in the Camden, NJ Metropolitan Division economic area, which is less than 0.1 percent of economic area employment.

Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community's infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does have potential impact on costs related to closure of temporary hazardous waste transfer site, modification of air permits and update of spill plans at Naval Air Engineering Station Lakehurst. These waste management and environmental compliance costs were included in the payback calculations.

Candidate Recommendation #HSA-0012

Candidate Recommendation: Realign Naval Air Facility Washington by relocating the installation management functions/responsibilities to Andrews AFB, establishing Joint Base Andrews-Naval Air Facility Washington. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for the new joint base.

Justification: Naval Air Facility Washington (Naval District Washington) and Andrews AFB, employ personnel to include military, civilian and contractor personnel to perform common functions in support of installation facilities and personnel. Both installations execute these functions using similar or near similar processes. Because these installations are in near proximity, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is \$.496 million. The net of all costs and savings to the Department during the implementation period is a savings of \$6.28 million. Annual recurring savings to the Department after implementation are \$1.5 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of \$19.67 million.

Impacts: Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 30 jobs (18 direct jobs and 12 indirect jobs) over the 2006-2011 period in the Washington-Arlington-Alexandria, DC-VA-MD-WV Metropolitan Division economic area, which is less than 0.1 percent of economic area employment.

Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community's infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources.

areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities. No environmental summary was provided for Naval Air Facility Washington because the installation is totally enclosed within the boundary of Andrews AFB which includes NAF within its summary.

HSA-0013: Establish Joint Base Anacostia-Bolling-NRL

Candidate Recommendation: Realign Bolling AFB by relocating the installation management functions/responsibilities to Naval District Washington at the Washington Navy Yard, establishing Joint Base Anacostia-Bolling-Naval Research Laboratory (NRL). The U.S. Navy will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for this new joint base.

<u>Justification</u>	<u>Military Value</u>
<ul style="list-style-type: none"> ✓ Installation management mission consolidation eliminates redundancy and creates economies of scale. ✓ Good potential for personnel and footprint reductions (minimum of 119 positions and associated footprint). ✓ Eliminates a base within a base ✓ Maximizes joint utilization of infrastructure 	<ul style="list-style-type: none"> ✓ Comparison of BASOPS missions using Military Value model: <ul style="list-style-type: none"> ✓ NAVDIS Washington (includes Anacostia and NRL). - .342 ✓ Bolling AFB - .214 ✓ Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services
<u>Payback</u>	<u>Impacts</u>
<ul style="list-style-type: none"> ✓ One time costs: \$2.9M ✓ Net Implementation savings: \$45.7M ✓ Annual Recurring savings: \$10.6M ✓ Payback period: Immediate ✓ NPV (savings): \$140.7M 	<ul style="list-style-type: none"> ✓ Criterion 6: -200 jobs (119 direct/81 indirect); Less than 0.1% ✓ Criterion 7: No issues regarding community infrastructure ✓ Criterion 8: No known environmental impediments with this recommendation

Candidate Recommendation #HSA-0013

Candidate Recommendation: Realign Bolling AFB by relocating the installation management functions/responsibilities to Naval District Washington at the Washington Navy Yard, establishing Joint Base Anacostia -Bolling-Naval Research Laboratory (NRL). The U.S. Navy will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for this new joint installation

Justification:

Both Naval District Washington (which includes among others the installations Anacostia Annex and Naval Research Lab) and Bolling AFB employ military, civilian and contractor personnel to perform common functions in support of installation facilities and personnel. Naval District Washington and Bolling AFB execute these functions using similar or near similar processes. Because Bolling AFB shares a common boundary with Anacostia Annex and Naval Research Lab with minimal distance between the major facilities, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Regional efficiencies achieved as a result of the Navy's regionalization of installation management under Commander Naval Installations and specifically Navy District Washington will provide additional opportunities for overall savings as Bolling AFB is consolidated under this management structure.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is \$2.89 million. The net of all costs and savings to the Department during the implementation period is a savings of \$45.69 million. Annual recurring savings to the Department after implementation are \$10.61 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of \$140.72 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 200 jobs (119 direct jobs and 81 indirect jobs) over the 2006-2011 period in the Washington-Arlington-

Alexandria, DC-VA-MD-WV Metropolitan Division economic area, which is less than 0.1 percent of economic area employment.

Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community's infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

HSA-0015: Establish Joint Base Elmendorf-Richardson

Candidate Recommendation: Realign Ft. Richardson by relocating the installation management functions/responsibilities to Elmendorf AFB, establishing Joint Base Elmendorf/Richardson. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for the new joint base.

Justification

- ✓ Installation management mission consolidation eliminates redundancy and creates economies of scale
- ✓ Good potential for personnel and footprint reductions (minimum of 224 positions and associated footprint)
- ✓ Supports complementary missions: power projection platform/mobility
- ✓ Maximizes joint utilization of infrastructure

Military Value

- ✓ Comparison of BASOPS missions using Military Value model:
 - ✓ Elmendorf AFB - .230
 - ✓ Ft Richardson - .189
- ✓ Enhances jointness
- ✓ Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

Payback

- ✓ One time costs:: \$7.7M
- ✓ Net Implementation savings: \$78.9M
- ✓ Annual Recurring savings: \$19.0M
- ✓ Payback period: Immediate
- ✓ NPV (savings): \$249.5M

Impacts

- ✓ Criterion 6: -412 jobs (224 direct/188 indirect); -0.16%
- ✓ Criterion 7: No issues regarding community infrastructure
- ✓ Criterion 8: No known environmental impediments with this recommendation

✓ Strategy

✓ Capacity Analysis / Data Verification

✓ JCSG/MilDep Recommended ✓ De-conflicted w/JCSGs

✓ De-conflicted w/MilDeps ₇

Candidate Recommendation #HSA-0015

Candidate Recommendation: Realign Ft. Richardson by relocating the installation management functions/responsibilities to Elmendorf AFB, establishing Joint Base Elmendorf/Richardson. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for the new joint base.

Justification: Elmendorf AFB and Ft. Richardson employ military, civilian and contractor personnel to perform common functions in support of installation facilities and personnel. Both installations execute these functions using similar or near similar processes. Because these installations share a common boundary with minimal distance between the major facilities, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is \$7.67 million. The net of all costs and savings to the Department during the implementation period is a savings of \$78.91 million. Annual recurring savings to the Department after implementation are \$19.04 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of \$249.54 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 412 jobs (224 direct jobs and 188 indirect jobs) over the 2006-2011 period in the Anchorage, AK Metropolitan Statistical Area economic area, which is .19 percent of economic area employment.

Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community's infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

HSA-0016: Establish Joint Base Pearl Harbor-Hickam

Candidate Recommendation: Realign Hickam AFB by relocating the installation management functions/responsibilities to Naval Station Pearl Harbor, establishing Joint Base Pearl Harbor-Hickam. The U.S. Navy will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for this new joint base.

Justification

- ✓ Installation management mission consolidation eliminates redundancy and creates economies of scale
- ✓ Good potential for personnel and footprint reductions (minimum of 277 positions and associated footprint)
- ✓ Maximizes joint utilization of infrastructure
- ✓ Military value greater for Naval Station Pearl Harbor based on predominance and facilities efficiencies

Military Value

- ✓ Comparison of BASOPS missions using Military Value model:
 - ✓ NAVSTA Pearl Harbor - .395
 - ✓ Hickam AFB - .229
- ✓ Enhances jointness
- ✓ Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

Payback

- ✓ One time costs: \$6.3M
- ✓ Net Implementation savings: \$123.2M
- ✓ Annual Recurring savings: \$28.3M
- ✓ Payback period: Immediate
- ✓ NPV (savings): \$376.3M

Impacts

- ✓ Criterion 6: -510 jobs (277 direct/233 indirect);
Less than 0.1%
- ✓ Criterion 7: No issues regarding community infrastructure
- ✓ Criterion 8: No known environmental impediments with this recommendation

- ✓ Strategy
- ✓ Capacity Analysis / Data Verification
- ✓ JCSG/MilDep Recommended
- ✓ De-conflicted w/JCSGs
- ✓ COBRA
- ✓ Military Value Analysis / Data Verification
- ✓ Criteria 6-8 Analysis
- ✓ De-conflicted w/MilDepts

Candidate Recommendation #HSA-0016

Candidate Recommendation: Realign Hickam AFB by relocating the installation management functions/responsibilities to Naval Station Pearl Harbor, establishing Joint Base Pearl Harbor-Hickam. The U.S. Navy will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for this new joint base.

Justification: Both Naval Station Pearl Harbor and Hickam AFB employ military, civilian and contractor personnel to perform common functions in support of installation facilities and personnel. Both installations execute these functions using similar or near similar processes. Because these installations share a common boundary with minimal distance between the major facilities, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Regional efficiencies achieved as a result of the Navy's regionalization of installation management under Commander Naval Installations and specifically Navy Region Hawaii will provide additional opportunities for overall savings as Hickam AFB is consolidated under this management structure.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is \$6.29 million. The net of all costs and savings to the Department during the implementation period is a savings of \$123.22 million. Annual recurring savings to the Department after implementation are \$28.26 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of \$376.36 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 510 jobs (277 direct jobs and 233 indirect jobs) over the 2006-2011 period in the Honolulu, HI Metropolitan Statistical economic area, which is a less than 0.1 percent of economic area employment.

Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community's infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

Candidate Recommendation #HSA-0017

Candidate Recommendation: Realign Ft. Sam Houston and Randolph AFB by relocating the installation management functions/responsibilities to Lackland AFB. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM).

Justification: Lackland AFB, Randolph AFB and Ft. Sam Houston employ military, civilian and contractor personnel to perform common functions in support of installation facilities and personnel. All three entities execute these functions by similar or near similar processes. Because these installations are in near proximity, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is \$5.12 million. The net of all costs and savings to the Department during the implementation period is a savings of \$63.26 million. Annual recurring savings to the Department after implementation are \$15.08 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of \$198.42 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 382 jobs (189 direct jobs and 193 indirect jobs) over the 2006-2011 period in the San Antonio, TX Metropolitan Statistical economic area, which is less than 0.1 percent of economic area employment.

Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community's infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources

areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

Candidate Recommendation #HSA-0032

Candidate Recommendation: Realign Naval Weapons Station Charleston by relocating the installation management functions/responsibilities to Charleston AFB, SC. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM).

Justification: Charleston AFB and Naval Weapons Station Charleston employ military, civilian and contractors personnel to perform common functions in support of installation facilities and personnel. Both entities execute these functions by similar or near similar processes. Because these installations are in very close proximity, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is \$5.13 million. The net of all costs and savings to the Department during the implementation period is a savings of \$69.88 million. Annual recurring savings to the Department after implementation are \$21.87 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of \$267.38 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 656 jobs (264 direct jobs and 392 indirect jobs) over the 2006-2011 period in the Charleston-North Charleston, SC Metropolitan Statistical economic area, which is 0.2 percent of economic area employment.

Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community's infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources.

areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

HSA-0033: Consolidate North Hampton Roads Installations

Candidate Recommendation: Realign Ft. Eustis and Ft. Monroe by relocating the installation management functions/responsibilities to Langley AFB. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM).

Justification

- ✓ Eliminates redundancy of installation management functions and creates economies of scale
- ✓ Good potential for personnel and footprint reductions (minimum of 217 positions and associated footprint)
- ✓ Military value analysis greater for Langley based on large population associated with operational mission and headquarters

Military Value

- ✓ Comparison of BASOPS missions using Military Value model:
 - ✓ Langley AFB - .249
 - ✓ Ft Eustis - .247
 - ✓ Ft Monroe - .110
- ✓ Enhances jointness
- ✓ Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

Payback

- ✓ One time costs:: \$6.3M
- ✓ Net Implementation savings: \$67.5M
- ✓ Annual Recurring savings: \$16.3M
- ✓ Payback period: Immediate
- ✓ NPV (savings): \$213.8M

Impacts

- ✓ Criterion 6: -501 jobs (217 direct/ indirect)
Less than 0.1%
- ✓ Criterion 7: No issues regarding community infrastructure
- ✓ Criterion 8: No known environmental impediments with this recommendation

- ✓ Strategy
- ✓ Capacity Analysis / Data Verification

Candidate Recommendation #HSA-0033

Candidate Recommendation: Realign Ft. Eustis and Ft. Monroe by relocating the installation management functions/responsibilities to Langley AFB. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM).

Justification: Langley AFB, Ft. Eustis and Ft. Monroe employ military, civilian and contractor personnel to perform common functions in support of installation facilities and personnel. Both entities execute these functions by similar or near similar processes. Because these installations are in very near proximity, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is \$6.33 million. The net of all costs and savings to the Department during the implementation period is a savings of \$67.52 million. Annual recurring savings to the Department after implementation are \$16.32 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of \$213.84 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 501 jobs (217 direct jobs and 284 indirect jobs) over the 2006-2011 period in the Virginia Beach-Norfolk-Newport News, VA-NC Metropolitan Statistical economic area, which is less than 0.1 percent of economic area employment.

Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community's infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources.

areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

Candidate Recommendation #HSA-0034

Candidate Recommendation: Realign Ft. Story by relocating the installation management functions/responsibilities to Commander Naval Mid-Atlantic Region at Naval Station Norfolk. The U.S. Navy will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Moderation (SRM).

Justification: Both Naval Region Mid-Atlantic and Ft. Story employ military, civilian and contractor personnel to perform common functions in support of installation facilities and personnel. Both entities execute these functions by similar or near similar processes. Because Ft. Story is in very close proximity to several Mid-Atlantic Region installations, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Regional efficiencies achieved as a result of the Navy's regionalization of installation management under Commander Naval Installations and specifically Navy Region Mid-Atlantic will provide additional opportunities for overall savings as Ft. Story is consolidated under this management structure.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is \$300K. The net of all costs and savings to the Department during the implementation period is a savings of \$8.76 million. Annual recurring savings to the Department after implementation are \$1.99 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of \$26.65 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 44 jobs (21 direct jobs and 23 indirect jobs) over the 2006-2011 period in the Virginia Beach-Norfolk-Newport News, VA-NC Metropolitan Statistical Area economic area, which is less than 0.1 percent of economic area employment.

Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community's infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

HSA-0075: Establish Joint Base Monmouth/Earle Colts Neck

Candidate Recommendation: Realign Naval Weapons Station Earle Colts Neck by relocating the installation management functions/responsibilities to Ft. Monmouth and establish Joint Base Monmouth-Earle Colts. The U.S. Army will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for this new joint base.

<u>Justification</u>	<u>Military Value</u>
<ul style="list-style-type: none"> ✓ Installation management mission consolidation eliminates redundancy and creates economies of scale ✓ Good potential for personnel and footprint reductions (minimum of 75 positions and associated footprint) ✓ Share military housing. ✓ Military value analysis greater for Monmouth based on size and PW efficiencies. 	<ul style="list-style-type: none"> ✓ Comparison of BASOPS missions using Military Value model: <ul style="list-style-type: none"> ✓ Ft Monmouth - .136 ✓ WPNSTA Earle - .074 ✓ Enhances jointness ✓ Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services
<u>Payback</u>	<u>Impacts</u>
<ul style="list-style-type: none"> ✓ One time costs:: \$1.6M ✓ Net Implementation savings: \$29.4M ✓ Annual Recurring savings: \$6.8M ✓ Payback period: Immediate ✓ NPV (savings): \$90.7M 	<ul style="list-style-type: none"> ✓ Criterion 6: -126 jobs (75 direct/51 indirect) Less than 0.1% ✓ Criterion 7: No issues regarding community infrastructure ✓ Criterion 8: No known environmental impediments with this recommendation

Candidate Recommendation #HSA-0075

Candidate Recommendation: Realign Naval Weapons Station Earle Colts Neck by relocating the installation management functions/responsibilities to Ft. Monmouth, establishing Joint Base Monmouth-Earle Colts. The U.S. Army will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for this new joint base.

Justification: Both Ft. Monmouth and Naval Weapons Station Earle Colt employ military, civilian and contractor personnel to perform common functions in support of installation facilities and personnel. Both installations execute these functions using similar or near similar processes. Because these installations are in very close proximity, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Regional efficiencies achieved as a result of the Army's regionalization of installation management under the US Army Installation Management Agency will provide additional opportunities for overall savings as Naval Weapons Station Earle Colt is consolidated under this management structure.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is \$1.59 million. The net of all costs and savings to the Department during the implementation period is a savings of \$29.38 million. Annual recurring savings to the Department after implementation are \$6.84 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of \$90.65 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 126 jobs (75 direct jobs and 51 indirect jobs) over the 2006-2011 period in the Edison, NJ Metropolitan Division economic area, which is less than 0.1 percent of economic area employment.

Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community's infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

H&SA-0046 & USAF-0057 – Offutt AFB

Scenarios Involved	Conflicts
<ul style="list-style-type: none"> ■ Consolidate DISA components at Offutt AFB. Close 5 leased locations, realign 4 leased locations and other sites in the DC area. (H&SA-0046) ■ Close Scott AFB and relocate Headquarters Air Mobility Command and US Transportation Command to Offutt AFB. (USAF-0057) 	<ul style="list-style-type: none"> ■ Facilities – (H&SA-0046 & USAF-0057) <p style="text-align: center;">Proposed Resolution</p> <ul style="list-style-type: none"> ■ Continue with original scenarios – (H&SA-0046 & USAF-0057) ■ H&SA already has a scenario (H&SA-0045) that uses another location. (H&SA-0046) ■ USAF can continue with original scenario but the H&SA functions imbedded therein will be analyzed under the authority and over-watch of the H&SA JCSG.

H&SA-0101 & **0126**, INT-0003, & 0007, & USA-0017, 0019, 0021, 0029, 0070, 0080, 0081, 0087, 0088, 0093, 0097, 0098, 0100, 0101, 0102, 0103, 0105, 0138, 0146, 0148, 0153, 0154, 0160, 0162, 0163, 0164, 0169, 0171, 0176, 0177, 0181, 0182, 0200, & 0214 Various Locations (Purchased Land)

Scenarios Involved

- Realign SOUTHCOM HQ by purchasing SOUTHCOM HQ's leased facility and land in Miami, FL. (H&SA-0101)
- **Realign JFCOM by purchasing JFCOM leased facility and land in Suffolk, VA. (H&SA-0126)**
- Realign NGA functions within NRO facility, Westfields; by relocating and consolidating to a new facility on commercially purchased real estate adjacent to the current NRO facility at Chantilly/Westfields, VA. (INT 0003)
- Consolidate Missouri based NGA St. Louis, MO, disestablishing all of the NGA functions currently performed in St Louis and consolidating the functions into a new facility on 80 acres at a location to be determined in southwest St. Louis. (INT 0006)
- Consolidate Missouri-Based NGA at Arnold, MO, into a new facility on commercially purchased real estate at Arnold, MO. (INT 0007)
- Close the Jonesboro Armory (includes an Organizational Maintenance Site (OMS)) and the Paragould Armory and the Jonesboro USARC. Construct a new AFRC/OMS in Jonesboro, AR. (USA-0017)
- Close the El Dorado Armory (ARARNG) and the Rufus N. Garrett Jr. El Dorado USARC, collocating the units into a new AFRC in El Dorado, AR. (USA-0019)
- Closes five ARNG armories, and two USAR centers. Realign two units from the MidWest City Readiness Center and construct a new AFRC/OMS in Oklahoma City, OK. (USA-0021)

Scenarios Involved

- Close 2 United States Army Reserve (USAR) centers (Middletown and Close the Beaumont, Port Arthur, Port Neches (includes the Port Neches Field Maintenance Site (FMS)), and Orange TXARNG facilities and #2 and #3 Houston USAR centers. Collocate these units in a new AFRC on a site TBD in the Northwest Houston area. (USA-0029)
- Close the Fayetteville, Springdale, Rogers and Bentonville Armories. Close the Pond United States Army Reserve Center. Construct a new Armed Forces Reserve Center on a site in NW Arkansas. (USA-0070)
- Close Finnel Armed Forces Reserve Center (AFRC) and co-located Area Maintenance Support Activity (AMSA) #154, close 1 Alabama Army National Guard (ALARNG) facility and build a new facility. Affected units relocate to a new AFRC in Tuscaloosa, AL. (USA-0080)
- Close 2 United States Army Reserve (USAR) centers (Middletown and SGT George D. Libby) and 1 Area Maintenance Support Activity (AMSA 69) and the Connecticut Army National Guard (CTARNG) closes 3 Armories (Putnam, Manchester, and New Britain) and the Newington VA Facility Lease. All affected units will move to a new 1200 man Tier II, Phase III Inter-Agency Site in Middletown, CT. (USA-0081)

H&SA-0101 & **0126**, INT-0003, & 0007, & USA-0017, 0019, 0021, 0029, 0070, 0080, 0081, 0087, 0088, 0093, 0097, 0098, 0100, 0101, 0102, 0103, 0105, 0138, 0146, 0148, 0153, 0154, 0160, 0162, 0163, 0164, 0169, 0171, 0176, 0177, 0181, 0182, 0200, & 0214

Various Locations (Purchased Land)

Scenarios Involved

- Close a leased United States Army Reserve Centers (USARCs) in Cape Girardeau and close 3 Missouri Army National Guard (MOARNG) Armories (Cape Girardeau, Jackson, and Charleston). All affected units will relocate to new Armed Forces Reserve Center (AFRC) (USA-0087)
- 9th Regional Readiness Command and the Missouri Army National Guard (MOARNG) will close existing United States Army Reserve (USAR) Center in Greentop (leased facility) and MOARNG Armory in Kirksville, Missouri and construct a new Armed Forces Reserve Center (AFRC) in Kirksville. All affected units will relocate to this new facility. (USA-0088)
- Closes five Army Installation Status Report (ISR) RED state-owned facilities (Henryetta, Okemah, Stilwell, Muskogee, and Pryor Readiness Centers) and one ISR GREEN, under-utilized Federal facility (Muskogee). Create one Center (AFRC) in the Muskogee area. (USA-0093)
- Close Puerto Rico Army National Guard (PRARNG) Center in Mayaguez and realign the Aguadilla-Ramey United States Army Reserve (USAR); construct a new center vicinity of Mayaguez, PR. (USA-0097)
- Closes 3 Texas Army National Guard (TXARNG) Armories - Denton, Irving, and Denison) (1 leased) and 1 United States Army Reserve (USAR) Center in the Dallas area. Centers suffer acreage constraints and cannot be expanded. Build 89,000 square foot Center in the Lewisville, TX area. Location to be determined. Estimated land acquisition cost is \$450,000 (\$30,000 per acre; requirement is for 11.5 acres). (USA 0098)
- Close 2 Texas Army National Guard (TXARNG) Armories (Lufkin and Nacogdoches), terminate lease of 1 USAR Center in Lufkin. Collocate all units assigned to those facilities to be constructed (a new 57,600 square foot facility) in vicinity of Lufkin, TX. (USA-0100)

Scenarios Involved

- Close 1 Texas Army National Guard (TXARNG) Armory and 1 United States Army Reserve (USAR) Center in Huntsville and move the assigned units to a new facility to be built in Huntsville. Build a 40,800 square foot facility in vicinity of Huntsville, TX. (USA-0101)
- Close 3 Texas Army National Guard (TXARNG) Armories (San Marcos, Seguin, New Braunfels) and 1 United States Army Reserve (USAR) Center in San Marcos and move assigned units to a new facility in San Marcos. (USA-0102)
- Close the Texas Army National Guard (TXARNG) Armories, realign the Marshall TXARNG Field maintenance activity (co-located at Marshall Armory) and close the Tyler and Marshall USAR Centers. Build a new AFRC in Tyler, TX. (USA-0103)
- Close the Courcelle Brothers United States Army Reserve Center with adjoining organizational maintenance activity, the Rutland ARNG Armory, and the Rutland USAR area maintenance support activity (leased) and constructs an Armed Forces Reserve Center and Support site in Rutland, VT. (USA-0105)
- Closes the Ludlow, N. Springfield, and Windsor ARNG centers. Closes USAR Chester Memorial and Berlin (terminates lease) Centers. Closes NRC in White River Jct. And consolidates into a new AFRC (JFRC White River Junction) in the White River Junction, VT area. (USA-0138)

H&SA-0101 & **0126**, INT-0003, & 0007, & USA-0017, 0019, 0021, 0029, 0070, 0080, 0081, 0087, 0088, 0093, 0097, 0098, 0100, 0101, 0102, 0103, 0105, 0138, 0146, 0148, 0153, 0154, 0160, 0162, 0163, 0164, 0169, 0171, 0176, 0177, 0181, 0182, 0200, & 0214 Various Locations (Purchased Land)

Scenarios Involved

- Close the Adrian B. Rhodes AFRC in Wilmington, NC which houses 2 USAR units and a USNR unit. Construct a new AFRC and OMS in Wilmington, NC. (USA-0171)
- Close Cedar Rapids AFRC (USAR and USNR) (current). Close Cedar Rapids ARNG Armory/Org Maintenance Shop and consolidate into a new AFRC in Cedar Rapids (USA-0176)
- Close Wilson Kramer USARC and consolidate with Navy and USMCR into a new AFRC in Allentown/Bethlehem, PA. (USA-0177)
- Close Amarillo Readiness Center/OMS #2, Hale County Airport Readiness Center, Pampa Readiness Center (TXARNG), Blucher Tharp USARC and NMRC Amarillo. Possible participation from NRC Lubbock. Consolidate into a new AFRC/OMS in Amarillo, TX (yet to be determined in the Amarillo area). (USA-0181) Close Bossier City and Shreveport USARCs and consolidate into an AFRC with NMCRC Shreveport (Proposes acquiring additional land next to the NMCRC and ADD/ALT the NMCRC to convert that facility to an AFRC. (USA-0182)

Scenarios Involved

- Closes Truman Olson USARC in Madison, the G.F. Oconnel USARC in Madison, Realigns Madison (Bowman) WIARNG Armory, the Madison WIARNG Armory (2400 Wright St) and the Madison WIARNG Armory (1420 Wright St.) (small units move out of existing centers but does not close them). Consolidates units into a newly constructed AFRC in Madison area with acreage identified next to the gate of the WIANG Base. (Not on the ANG Base) (USA-0200)
- Closes the Broken Arrow, Eufaula, Okmulgee, Tahlequa, Haskell, Muskogee, Stilwell, Cushing and Wagoner OKARNG Readiness Centers. Closes the OKARNG Okmulgee Field Maintenance Shop #14. Consolidate all units into a new AFRC in Broken Arrow. Potentially closes the NMCRC in Broken Arrow. (USA-0214)

H&SA-0101 & **0126**, INT-0003, & 0007, & USA-0017, 0019, 0021, 0029, 0070, 0080, 0081, 0087, 0088, 0093, 0097, 0098, 0100, 0101, 0102, 0103, 0105, 0138, 0146, 0148, 0153, 0154, 0160, 0162, 0163, 0164, 0169, 0171, 0176, 0177, 0181, 0182, 0200, & 0214 Various Locations (Purchased Land)

Scenarios Involved

- Close the Taylor and (51st St) TXARNG Armories, the 51st St FMS, and the leased Round Rock USARC in Austin, TX. Construct a new, AFRC/FMS in Round Rock, TX. (USA-0146)
- Close Brownsville TXARNG Center, and Rathjen USAR Center in Brownsville, TX and Build a new AFRC (Brownsville) at a new site in Brownsville, TX. (USA-0148)
- Close LAARNG Baton Rouge Center / OMS #8 facility. Close USAR (Marvin J. Roberts USARC USAR owned land at Alonmaster, LA.) Close NMCRC and consolidate into a new AFRC/OMS (AFRC Baton Rouge) in Baton Rouge. (USA-0153)
- Close 1 MIARNG, Close NMCRC Grand Rapids (USNR goes to Fort Custer and USMCR goes to new AFRC in Grand Rapids) and construct a new AFRC in Grand Rapids Industrial Park near Gerald R. Ford Airport. (USA-0154)
- Closes Milwaukee ARNG Armory and OMS, and 1 NMCRC and consolidate in a new AFRC in Milwaukee. (USA-0160)

Scenarios Involved

- Close Germantown Memorial and James W. Reese USARCs and MCRC Folsom and consolidate into a new AFRC in Chester/Germantown area. (USA-0162)
- Closes Serenti USARC/OMS and Wilkes/Barre USARC/OMS, Scranton PAARNG Armory, and MCRC Wyoming (Forty Fort) and NRC in Avoca and consolidate all units into a new AFRC/OMS in Scranton, PA.(site to be determined). (USA-0163)
- Close MAJ Robert Kirkwood USARC in Newark, Close William Nelson ARNG Center in Newark and NMCRC Newark and consolidate into a new AFRC in Newark, DE. Encroached facilities due to urbanization. (USA-0164)
- Close 4 IAARNG installations (at Jefferson, Newton, Chariton, and Knoxville). Move all affected units to a new ARNG Readiness Center (New MILCON) (IAARNG is currently looking in Indianola area, but final location not identified yet). (USA-0169)

H&SA-0101 & **0126**, INT-0003, & 0007, & USA-0017, 0019, 0021, 0029, 0070, 0080, 0081, 0087, 0088, 0093, 0097, 0098, 0100, 0101, 0102, 0103, 0105, 0138, 0146, 0148, 0153, 0154, 0160, 0162, 0163, 0164, 0169, 0171, 0176, 0177, 0181, 0182, 0200, & 0214 Various Locations (Purchased Land)

Conflicts

- **Other** – Availability of receiving location uncertain because DoD does not own/control the land.
 - Requires purchase of land; availability and cost uncertain

Proposed Resolution

- Requires heightened monitoring to ensure any resulting recommendation properly reflects contingencies.

Registered Scenarios

As Of: 12/23/2004

Scenario # E&T-0060 **Date Created:** 12/21/2004

Scenario Title: Establish Joint Strike Fighter Integrated Training Center

Description:

Establish an Integrated Training Center at Columbus, MS for the Joint Strike Fighter Program. The intent is to consolidate maintenance and flight training for the Joint Strike Fighter.

Receiving Bases

Columbus AFB (Columbus, MS) - Receive

Activities being Received

Joint Strike Fighter Integrated Training Center

Registered Scenarios

As Of: 12/23/2004

Scenario # HSA-0046 **Date Created:** 10/15/2004

Scenario Title: MAH-MAH-0034 (Alt to MAH-0001): Consolidate DISA Components outside of DC Area

Description:

Close 5 leased locations and realign 4 leased locations, Arlington Service Center (Navy), and Ft. Belvoir by consolidating components of DISA at Offutt Air Force Base.

Justification/Impact:

- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Enhances AT/FP
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Offutt AFB reports 26,986 GSF of vacant administrative space and sufficient land to accommodate 5.6 million GSF of new administrative space.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

Losing Bases

5600 Columbia Pike, Falls Church, VA (Falls Church, VA) - Close

Arlington Service Center (Arlington, VA) - Realignment

Belvoir (Fort Belvoir, VA) - Realignment

Crystal Gateway 3; Arlington; VA (Arlington, VA) - Realignment

Fern Street Warehouse; Arlington; VA (Arlington, VA) - Close

Hoffman 1; Alexandria; VA (Alexandria, VA) - Realignment

Joint Spectrum Center; Annapolis; MD (Annapolis, MD) - Close

Northpoint Building; Sterling; VA (Sterling, VA) - Close

Skyline Five; Falls Church; VA (Falls Church, VA) - Realignment

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0057 **Date Created:** 12/17/2004

Scenario Title: Close Scott AFB (S300)

Description:

Close Scott AFB. The 375th Airlift Wing will be inactivated. The wings C-21 aircraft will be distributed to Andrews, Peterson, Wright-Patterson, and Randolph AFBs. The planned move of C-9 aircraft from Andrews to Scott will be cancelled. C-40 aircraft originally programmed for Scott will be redirected to Andrews. The 126th Air Refueling Wing will remain in its current location and operate from Mid America Airport. Headquarters Air Mobility Command and United States Transportation Command will relocate to Offutt AFB, Nebraska.

Losing Bases

Scott AFB (Belleville, IL) - Close

Losing Activities

375th Airlift Wing - Inactivate

C-21 Airlift Squadron (14 PAA) - Relocate

KC-135R Tanker Squadron (12 PAA) - Relocate

Receiving Bases

Andrews AFB (Camp Springs, MD) - Receive

Peterson AFB (Colorado Springs, CO) - Receive

Randolph AFB (Universal City, TX) - Receive

Scott AFB (Belleville, IL) - Receive

Wright-Patterson AFB (Fairborn, OH) - Receive

Activities being Received

C-21 Airlift Squadron (3 PAA)

C-21 Airlift Squadron (2 PAA)

C-21 Airlift Squadron (6 PAA)

KC-135R Tanker Squadron (12 PAA) to Mid-America Airport

Registered Scenarios

As Of: 12/23/2004

Scenario # HSA-0101 **Date Created:** 11/4/2004

Scenario Title: MAH-COCOMs-0011: Realign SOUTHCOM HQ

Description:

Realign SOUTHCOM HQ by purchasing SOUTHCOM HQ's leased facility and land in Miami, FL.
Reduces leased space/costs for 239,714 GSF.
Enhances AT/FP.
In addition to utilizing main HQ building, MILCON will be required in order to move personnel (372) from satellite facilities onto main campus.

Losing Bases

SOUTHCOM HQ. (Miami, FL) - OTHER

Losing Activities

SOUTHCOM HQ - Other

Receiving Bases

SOUTHCOM HQ. (Miami, FL) - Receive

Activities being Received

SOUTHCOM HQ

Scenario # HSA-0126 **Date Created:** 12/17/2004

Scenario Title: MAH-COCOMs-0015, Realign JFOCM Leased Facilities

Description:

Realign JFCOM by purchasing JFCOM leased facility and land in Suffolk, VA.
Reduces lease space/costs for 619,030 GSF.

Losing Bases

JFCOM Leased Facilities (Suffolk, VA) - OTHER

Losing Activities

JFCOM Leased Facilities - Other

Receiving Bases

JFCOM Leased Facilities (Suffolk, VA) - Receive

Activities being Received

JFCOM Leased Facilities

Registered Scenarios

As Of: 12/23/2004

Scenario # INT-0003 **Date Created:** 10/4/2004

Scenario Title: Consolidate NCR-Based NGA at Chantilly/ Westfields, VA

Description:

Realign NGA functions at Bethesda, MD (Sumner and Dalecarlia sites) named Erskine Hall, Emory Bldg, Maury Hall, Roberdeau Hall, Abert Hall, Ruth Bldg, Fremont Bldg, Motor Poll, and Warren Bldg; Close NGA functions at Reston, VA, named 1 and 2; Realign NGA functions at Newington, VA, named 8510, 8520 and 8530; Close NGA functions at Dulles, VA, named Dulles North (or its successor, Reston 3); Realign National Geospatial Intelligence College function at Ft Belvoir, VA, named Bldgs 211, 214, 215, and 220; Close NGA and NGIC functions in Bldg 213 at Southwest Federal Center, DC; Realign NGA functions within NRO facility, Westfields; by relocating and consolidating to a new facility on commercially purchased real estate adjacent to the current NRO facility at Chantilly/Westfields, VA.

This scenario disestablishes all of the functions currently performed at the NCR locations named above and consolidates the functions into a new facility on 150 acres adjacent to the current NRO facility at Westfields. The requirement for the 150 acres is due to vulnerability and security reasons.

Losing Bases

Belvoir (Fort Belvoir, VA) -

Bethesda Facility (Sumner and Dalecarlia Sites) (Bethesda, MD) -

Scenario # INT-0007 **Date Created:** 10/22/2004

Scenario Title: Consolidate Select Missouri-Based NGA at Arnold, MO

Description:

Realign NGA functions at St. Louis 2d Street named Bldgs 05, 07, 12, 18, 20, 22, 25, 36, 37, and 39; by relocating and consolidating to a new facility on commercially purchased real estate at Arnold, MO.

This scenario disestablishes all of the NGA functions currently performed at the St. Louis area locations named above and consolidates the functions into a new facility on 80 acres at a location to be determined at Arnold, MO. The requirement for the 80 acres is due to vulnerability and security reasons.

The exact location for the new facility is classified.

Scenario Title: Establish a Joint Urban Ops Training Center of Excellence

Description:

Establish a Joint Urban Operations Training Center of Excellence at a suitable installation proposed for closure by one of the Services. Privatize the management, operation and maintenance of the facility (GOCO). Provide a "turn key" facility meeting all Service and Joint Urban Operation live training requirements. Establish an OSD executive agent to coordinate use and oversee contractor.

No Losing or gaining installations

Registered Scenarios

As Of: 12/23/2004

Scenario # E&T-0012 **Date Created:** 10/8/2004

Scenario Title: Realign DRMI with DAU at Ft. Belvoir, VA

Description:

Realign Monterey, California by moving the Defense Resource Management Institute to Ft Belvoir, Virginia and consolidating with the Defense Acquisition University at Ft. Belvoir, Virginia.
The Defense Resource Management Institute will remain an independent educational function but will fall under the Defense Acquisition University chain of command and will combine all common support requirements with the Defense Acquisition University. The intent of this scenario is to co-locate the Defense Resource Management Institute with its parent organization, the Defense Acquisition University. If the Defense Acquisition University is relocated the Defense Resource Management Institute will follow.

Registered Scenarios

As Of: 12/23/2004

Scenario # E&T-0023 **Date Created:** 10/29/2004

Scenario Title: Consolidate NPS and AFIT with Service Academies

Description:

Realign Professional Development Education graduate level education at Air Force Institute of Technology at Wright-Patterson Air Force Base, Dayton, OH by moving the Air Force Institute of Technology graduate level education to the United States Air Force Academy, Colorado Springs, CO and consolidating with the United States Air Force Academy. Realign Professional Development Education graduate level education at Naval Post Graduate School at Monterey, CA by moving the Naval Post Graduate School graduate level education to Naval Station Annapolis, MD and consolidating with the United States Naval Academy.

This scenario will remove all graduate level education from Wright-Patterson Air Force Base, Dayton, OH and from Monterey, CA. Services are responsible for identifying and retaining the most militarily relevant curricula and outsourcing non-military specific curricula where possible.

Losing Bases

Naval Postgraduate School (Monterey, CA) - Realignment

Wright-Patterson AFB (Fairborn, OH) - Realignment

Receiving Bases

Naval Station Annapolis (Annapolis, MD) - Receive

United States Air Force Academy (Colorado Springs, CO) - Receive

Losing Activities

Naval Post Graduate School - Relocate

Air Force Institute of Technology - Relocate

Activities being Received

Naval Post Graduate School

Air Force Institute of Technology

Registered Scenarios

As Of: 12/23/2004

Scenario # E&T-0024 **Date Created:** 10/29/2004

Scenario Title: Realign Service ILC and SSC with Service Academies

Description:

Realign Carlisle Barracks, PA and Fort Leavenworth, KS by moving the United States Army War College and the United States Army Command and Staff School to West Point, NY and realign with the United States Military Academy. Realign Maxwell Air Force Base, AL by moving the Air War College and the Air Command and Staff College to the United States Air Force Academy, Colorado Springs, CO and realign with the United States Air Force Academy. Realign Naval Station Newport, RI by moving the College of Naval Warfare and the Naval Command and Staff College to Naval Station Annapolis, MD and realign with the United States Naval Academy.

The United States Army War College and the United States Army Command and Staff School will remain independent educational functions, but will report to the United States Military Academy chain of command and will combine all common support requirements with the United States Military Academy. The Air War College and the Air Command and Staff College will remain independent educational functions, but will report to the United States Air Force Academy chain of command and will combine all common support requirements with the United States Air Force Academy. The College of Naval Warfare and the Naval Command and Staff College will remain independent educational functions, but will report to the United States Naval Academy chain of command and will combine all common support requirements with the United States Naval Academy.

Realign Carlisle Barracks, PA; Maxwell Air Force Base, AL; Naval Station Newport, RI; Marine Corps Base Quantico; and Fort Eustis, VA by moving the United States Army War College, Air War College, College of Naval Warfare and the Marine Corps War College to Fort Eustis, VA and realign under the National Defense University.

Senior level education will be provided by multiple colleges under the National Defense University. The colleges will fall under the National Defense University Chain of Command and will combine all common support requirements. The Army will be the proponent for a Land Centric College. The Air Force will be the proponent for an Air Centric College. The Navy will be the proponent for a Maritime Centric College. The Marine Corps will be the proponent for an Expeditionary Centric College. All of the colleges will teach a common Joint Professional Military education curriculum controlled by the Chairman of the Joint Chiefs of Staff. Professional Military Education curricula will be controlled by the appropriate Service Chief. Joint Forces Staff College will remain a separate source of Joint Professional Military Education Level II for Joint Specialty Officers.

Losing Bases

Carlisle (Carlisle, PA) - Realignment
Marine Corps Base Quantico (Quantico, VA) - Realignment
Maxwell AFB (Montgomery, AL) - Realignment
Naval Station Newport (Newport, RI) - Realignment

Receiving Bases

Eustis (Fort Eustis, VA) - Receive

Losing Activities

United States Army War College - Relocate
Marine Corps War College - Relocate
Air War College - Relocate
College of Naval Warfare - Relocate

Activities being Received

Air War College
College of Naval Warfare
Fort Eustis
Marine Corps War College
United States Army War College

Scenario Title: MAH-MAH-0044 (Alt to MAH-0028): Consolidate NAVAIR

Description:

Close 7 leased locations in Patuxent River and Lexington Park, Maryland by relocating NAVAIR Components to a single, AT/FP compliant leased location.

Justification/Impact:

- Eliminates 92,000 USF of leased space within DC Area.
- Affects 620 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 87 positions.
- Space required is 106,600 GSF.
- Enhances AT/FP.
- The exact location of new, leased space is determined by a competitive bidding procurement process.

Scenario # HSA-0111 **Date Created:** 11/12/2004

Scenario Title: GC-MPC-0015: Dc: I: Consolidate Air Force Personnel Functions at Randolph AFB TX

Description:

Consolidate existing AF Personnel Center at Randolph AFB TX, AF Reserve Personnel Center in Denver CO (Buckley Annex), AFMC's Interim Personnel Centers at Hill AFB UT, Robins AFB GA, Wright-Patterson AFB OH, Tinker AFB OK and 11th Wing's Interim Personnel Center at Bolling AFB DC at a single location at Randolph AFB TX.

NOTE: This is being analyzed as an AF-requested scenario. AF must conduct any required de-confliction.

Space made available at ARPC Buckley Annex = 127,694 SF, HOWEVER, this space is designated for DFAS in scenario HAS-0018. Space made available at Bolling = 5,504 SF. Space made available at Hill AFB = 29,382 SF. Space made available at Wright Patterson AFB = 56,284 SF. Space made available at Tinker AFB = 22,632 SF. Space made available at Robins AFB = 30,064 SF.

Losing Bases

Scenario # IND-0003 **Date Created:** 9/29/2004

Scenario Title: SR-1; Consolidates I-Level Ship Maintenance Work

Description:

This scenario consolidates intermediate-level ship maintenance, specifically:
Realigns and consolidates intermediate workload at Norfolk Naval Shipyard . SIMA Norfolk would be closed and Norfolk Naval Shipyard would assume the intermediate workload. Assumes all SSNs from Norfolk would change homeport to Subase, New London. Intermediate submarine work at SIMA Norfolk would be realigned to NAVSUBSUPPFAC NEW LONDON. Consolidates intermediate-level ship maintenance in the San Diego region with the new Southwest Navy Regional Maintenance Center. Assumes a DON scenario closes NAVSTA Pascagoula and decommissions or moves the homeported ships. This scenario disestablishes SIMA Pascagoula.

Losing Bases

Scenario Title: SR-3; Moves I-Level Carrier Work Fm Norfolk To PH & D-Level Sub Work Fm PH NSY To Other 3 NSYs

Description:

This scenario assumes a DON scenario which moves a CVN Strike Group from Norfolk to Hawaii. Also assumes the replacement carrier for USS KITTY HAWK (CV 63) upon her decommissioning comes from the East Coast. Pearl Harbor NSY&IMF partners with Puget Sound NSY or other nuclear carrier qualified workforce to perform the I-Level ship maintenance work for the carrier. To compensate for the additional carrier work performed at Pear Harbor, this scenario moves some long-term submarine depot work from Pearl Harbor to Portsmouth NSY or to Puget Sound NSY&IMF or Norfolk NSY. This scenario also realigns maintenance of Army watercraft stationed in Hawaii to Pearl Harbor NSY&IMF.

Losing Bases

Scenario # IND-0009 Date Created: 10/15/2004

Scenario Title: SR-4; Realigns I-Level and D-Level Ship Maintenance Work

Description:

This scenario assumes a DON scenario which moves a CVN Strike Group from San Diego to Hawaii, moves a CVN from Everett to Bremerton and a CV from Mayport to Norfolk. Everett would be closed and 3 DD/DDGs from Everett would move to San Diego. Also assumes the replacement carrier for USS KITTY HAWK (CV 63) upon her decommissioning comes from the East Coast. Pearl Harbor NSY&IMF partners with Puget Sound NSY or other nuclear carrier qualified workforce to perform the I-Level ship maintenance work for the carrier. To compensate for the additional carrier work performed at Pear Harbor, this scenario moves some long-term submarine depot work from Pearl Harbor to Portsmouth NSY or to Puget Sound NSY&IMF or Norfolk NSY. This scenario also assumes a DON scenario closes SUBASE New London and moves 2 SSN 21 ships to Bangor, 5 SSNs to Norfolk, 4 SSNs to Pearl Harbor and 6 SSNs to Portsmouth NSY. This scenario also assumes a DON scenario closes SUBASE Point Loma and moves the SSNs and the floating drydock ARCO to Pearl Harbor. Also assumes 2 SSGNs move from Kings Bay to Bangor. Also assumes 2 FFGs move from Pascagoula to Mayport and SIMA and NAVSTA Pascagoula close. Also assumes 5 MCMs and 6 MHCs move from Ingleside to both Mayport and to San Diego and Ingleside closes. All associated intermediate-level ship maintenance work moves to the new ship locations. This scenario also disestablishes Boston Planning Yard and Plant Equipment Support Office, Annapolis, and realigns there work with their respective shipyards, Puget Sound NSY and Norfolk NSY. The ship maintenance work at SHIPSO, Philadelphia, and at TRF Kings Bay is realigned to Norfolk NSY and SUBMEPP is consolidated into Portsmouth NSY.

Registered Scenarios

As Of: 12/23/2004

Scenario # INT-0006 **Date Created:** 10/22/2004

Scenario Title: Consolidate Missouri-Based NGA at St. Louis, MO

Description:

Realign NGA functions at St. Louis 2d Street named Bldgs 05, 07, 12, 18, 20, 22, 25, 36, 37, and 39; Realign NGA functions at Arnold, MO, named Bldgs 100 and 102 by relocating and consolidating to a new facility on commercially purchased real estate southwest of St Louis, MO.

This scenario disestablishes all of the NGA functions currently performed at the St. Louis area locations named above and consolidates the functions into a new facility on 80 acres at a location to be determined southwest of St. Louis. The requirement for the 80 acres is due to vulnerability and security reasons.

The exact location for the new facility is classified.

Army Prev Med Training

USAF School of Aerospace Medicine

Scenario # MED-0027 **Date Created:** 11/10/2004

Scenario Title: Create Center of Excellence for Aerospace Medicine (NAS Pensacola)

Description:

Abstract: This scenario will co-locate aerospace biomedical R&D performing activities with associated relevant education and training and healthcare delivery activities, thereby enabling efficient and synergistic use of personnel, equipment, and facilities for all 3 functions across all Services. It also reduces the use of leased space.

Narrative: The end state of this multi-action scenario will create a new Center of Excellence for Aerospace Medicine at NAS Pensacola. This scenario leverages and is coupled with a medical education and training scenario to consolidate aerospace medical education and training at a single site.

This scenario realigns and co-locates diverse aerospace and aeromedical R&D performing activities from: Brooks City Base, TX (311th Human Systems Wing [Air Force School of Aerospace Medicine, Air Force Institute for Operational Health, Human Systems Program Office (all except program managers identified as part of the Medical RDA Management Center in another scenario) and other pertinent Wing assets] and the Air Force Research Laboratory Human Effectiveness Directorate [less its Directed Energy Program]); Wright-Patterson AFB (Air Force Research Laboratory Human Effectiveness Directorate); and Fort Rucker (Army Aeromedical Research Laboratory). All of the above activities will be relocated to Naval Air Station, Pensacola, where they will be co-located with the Naval Aerospace Medical Research Laboratory.

The Tri-Service Directed Energy programs, currently co-located in leased space at Brooks City Base, will remain in place. An alternative is that Air Force and Navy directed energy programs will relocate to NAS Pensacola, while the Army laser injury treatment program will be realigned to and consolidated with the Army Institute of Surgical Research.

It is assumed that rotary wing aviation support facilities and flying ranges are available at NAS Pensacola. In the event that such facilities are unavailable or unaffordable, a rotary wing flight detachment may be maintained at Fort Rucker, Alabama. It also assumes that NAS Pensacola can provide adequate and affordable access to test subjects.

Since Air Force aeromedical education and training depends upon faculty drawn from R&D organizations that are currently co-located with the U. S. Air Force School of Aerospace Medicine (USAFSAM), the value of this scenario depends on movement of all relevant Air Force R&D activities in concert with USAFSAM.

Assumptions:

- Rotary Wing flight operations and maintenance support are available and affordable at NAS Pensacola.
- Adequate space for expansion is available at NAS Pensacola.
- A complete list of subordinate UICs for Air Force at Brooks City Base and Wright-Patterson AFB (AFRL and 311th Sys WG) has not been confirmed.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.
- Aerospace medicine education and training elements of the 3 Services will be collocated at NAS Pensacola.

Action list:

Creation of TBRCE for Aerospace Medicine moves relevant assets of the following activities to N00204, NAS Pensacola, FL, for collocation with N66452, NAVAEROMEDRSCHLAB.

Defense agency:

- None

Army activities:

- U.S. Army Aeromedical Research Laboratory, Fort Rucker, AL, W03YAA

Air Force activities:

- Air Force 311th Human Systems Wing, Brooks City Base, TX, FFGR4, FFR59, FFB5T and other pertinent subordinate UICS to be determined
- Air Force Research Laboratory, Brooks City Base, TX, FFSFM and pertinent AFRL subordinate UICS to be determined
- Air Force Research Lab, Human Effectiveness Division, Wright-Patterson AFB, FFSDG and pertinent AFRL subordinate UICS to be determined

Marine Corps activities:

- None

Navy activity:

- NAVAIRWARCENACDIV, Patuxent River, MD, N00421

Exclusions:

- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.
- Directed energy programs to remain in leased space at Brooks CB
- Parts of the Human Systems Program Office will be realigned to Fort Detrick, MD under a scenario for collocation of Medical RDA Program Management.

Registered Scenarios

Scenario # S&S-0004 **Date Created:** 9/27/2004

Scenario Title: Regionalization of Strategic Distribution (4 regions)

Description:

Expands the number of wholesale Strategic Distribution Platforms (SDPs) from two to four. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Realignment and downsizing of CONUS DLA distribution depots located at industrial installations because the expanded number of SDPs negates the need for these full-up organizations. The downsized activities will perform limited receiving, storage and issuing functions for their collocated industrial activities

Region 1: Boundaries are in the North-Maine, Vermont, New York, Michigan,; South-Virginia, Kentucky; East-Delaware, New Jersey, New Hampshire, West- Wisconsin, and Illinois

- Susquehanna: Susquehanna remains a Strategic Distribution Platform (SDP) but gets realigned and downsized. Its number of customers gets reduced to those in its assigned region and those permanently stationed across the Atlantic. As a result, its storage requirement is reduced

Realign: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of the Susquehanna SDP. These distribution depots will become Forward Distribution Point (FDP) of the regional SDP.

- Norfolk Distribution Depo
- Tobyhanna Distribution Depot will perform limited receipt, store and issue functions for Tobyhanna Army Depot

Realign: Richmond Distribution Depot will be realigned and continue its storage functions for hazardous materials and ozone-depleting substances

Close: The following distribution depot and activity will be closed due the establishment of Region 1 SDP

- Columbus Distribution Depot mission will be moved to the Susquehanna

Region 2: Boundaries are in the North-North Carolina, Tennessee; South-Florida; East-South Carolina, Georgia; West-Mississippi

- Warner Robins: The Warner Robins Distribution Depot will be realigned and expanded to become a SDP supporting customers in the South Eastern US. Its storage and distribution infrastructure expands and, depending on available infrastructure at Warner Robins, may require MILCON. Warner Robins also picks up command and control of the satellite activities (FDP) at Cherry Point, Albany, Jacksonville, and Anniston.

Warner Robins' assigned personnel will also increase to accommodate the increased mission

Realign: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of Warner Robins SDP. These distribution depots will become (FDP) of the regional SDP

- Cherry Point Distribution Depo
- Albany Distribution Depo
- Jacksonville Distribution Depot
- Anniston Distribution Depot

Region 3. Boundaries are in the North-North Dakota; South-Texas; East- Minnesota, Iowa, Missouri, Arkansas, Louisiana; West-Wyoming, Colorado, New Mexico

- Red River: The Red River Distribution Depot will be realigned and expanded to become a SDP supporting customers in the Central US. Its storage and distribution infrastructure expands and, depending on available infrastructure at Red River, may require MILCON. Red River also picks up command and control of the (FDP) at Oklahoma City and Corpus Christi. Red River's assigned personnel also increase to accommodate the increased mission

Realign: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of Red River SDP. These distribution depots will become (FDP) of the regional SDP

- Oklahoma Distribution Depo
- Corpus Christi Distribution Depo

Region 4. Boundaries are in the North-Montana, Idaho; South-Arizona; East-Utah; West-Washington, California

- San Joaquin: San Joaquin remains a SDP supporting customers in the Western US and those permanently stationed across the Pacific. N

Registered Scenarios

As Of: 12/23/2004

realignment is anticipated. Additionally, San Joaquin picks up command and control of (FDP) at Puget Sound, Hill AFB, Barstow, and San Diego

Realign: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of San Joaquin SDP. These distribution depots will become (FDP) of the regional SDP

- Puget Sound Distribution Depo
- Hill Distribution Depo
- Barstow Distribution Depo
- San Diego Distribution Depo

Scenario # S&S-0030 **Date Created:** 11/19/2004

Scenario Title: Realign Storage and Distribution Functions at Sierra Army Depot

Description:

This is an enabling scenario for USA-0008, which proposes to close Sierra Army Depot.

The Army Basing Study (TABS) Group (Army BRAC office) has submitted a proposal that results in closing Sierra Army Depot. This proposal is to realign the storage and distribution functions at Sierra Army Depot that enables the U.S. Army to close the depot. The proposal will transfer all storage and distribution functions for all supplies and materiel (except Class V). The Class VII items (combat vehicles) currently stored at Sierra Army Depot will be transferred to Davis Monthan AFB, Arizona. The Project Stocks and War Reserve items will be transferred to the Defense Distribution Depot Barstow at Marine Corps Logistics Base (MCLB) Barstow, California.

Losing Bases

Sierra (Herlong, CA) - Realignment

Scenario # S&S-0031 **Date Created:** 11/19/2004

Scenario Title: Consolidate AF National Inventory Control Points (NICPs) in a single location (Hill AFB)

Description:

The mission of the Air Logistics Center (ALCs) is to provide supply support and depot level maintenance support at the weapon system, commodity, and item level that play a crucial role in achieving directed readiness goals for all Air Force weapon systems. This mission is carried out by Ogden Air Logistics Center (OO-ALC), Hill AFB, UT, Warner Robins Air Logistics Center (WR-ALC), Robins AFB, GA, and Cryptologic Product Support Group (CPSG), Lackland AFB, TX. Although there are exceptions, support is generally located as follows: cargo aircraft and helicopter support at WR-ALC, bomber and engine overhaul support at OC-ALC, fighter and attack aircraft support at OO-ALC, and secure (cryptologic) communication systems support at CPSG. This proposal realigns all the ICP locations and functions/activities (as defined below) to Ogden Air Logistics Center (OO-ALC), Hill AFB, UT.

Losing: Tinker AFB - NICP, Lackland AFB - NICP, Robins AFB - NICP

Gaining: Hill AFB

Scenario # S&S-0042 **Date Created:** 12/17/2004

Scenario Title: Consolidate Service and DLA ICPs to minimize excess capacity

Description:

Consolidate Service and DLA ICPs to maximize military value and reduce excess capacity.

Action 1: Relocate and consolidate Soldier System Command, Natick (TACOM-ICP) to AMCOM Redstone Arsenal (AMCOM-ICP)

Action 2: Relocate Detroit Arsenal (TACOM-ICP) to Redstone Arsenal (AMCOM-ICP)

Action 3: Relocate and consolidate Ft Huachuca ICP to Ft Monmouth (CECOM-ICP)

Action 4: Relocate and consolidate Rock Island Arsenal (TACOM-ICP) to Redstone Arsenal (AMCOM-ICP)

Action 5: Relocate and consolidate Lackland AFB (CPSG-ICP) to Warner Robins ALC (CECOM-ICP)

This proposal consolidates all Service and DLA ICPs to maximize military value and and appropriately utilize existing capacity. It is a comprehensive analysis of all Service and DLA ICPs to maintain required capacity while maximizing an appropriate military value. It attempts to derive the most efficient and effective DOD ICP activities without specific regard to Service or Agency boundaries. ICP functions include budgeting/funding, contracting, engineering support, requisition processing, technical support, cataloging, customer services, item management, stock control, and weapon system secondary item supply support. This proposal would include equipment, depot level reparables (DLRs), and remaining consumable items managed by the Services today. It may or may not include repair activities.

This proposal will impact: Soldier System Command, Natick (TACOM-ICP), Detroit Arsenal (ILSC), Ft Huachuca (CSLA-ICP), Rock Island Arsenal (TACOM-ICP), Redstone Arsenal (AMCOM-ICP), Ft Monmouth (CECOM-ICP), and Lackland AFB (CPSG-ICP) as indicated in the Section 2 (Actions) above. The inventory management, stock control, budget and contracting functions of the affected Service ICPs.

Scenario # TECH-0002 **Date Created:** 10/4/2004

Scenario Title: Relocate W&A RDAT&E to 3 primary & 2 speciality with weapons from PAX & Pt. Mugu to China Lake

Description:

Relocate most Weapons and Armaments [W&A] Research, Development & Acquisition, Test & Evaluation (RDAT&E) including associated program management functions from organizations reporting W&A activity to three (3) primary locations [China Lake, Eglin, and Redstone Arsenal] and two (2) specialty capability locations [guns & ammo RDA and selected guns/ammunition T&E @ Picatinny Arsenal and ship weapon systems integration @ Dahlgren], with weapon systems integration @ Corona to Port Hueneme and all weapons related RDAT&E from PAX River and Point Mugu to China Lake. Definitions:

In Service Engineering (ISE): Those engineering activities that provide for an increase in capability of a system/sub-system/component after Full Operational Capability has been declared. ISE is separate from sustainment which is only associated with keeping the capability in service (without any material change in capability).

Sustainment: Those engineering activities that maintain an existing capability of a system/sub-system/component for service use. Sustainment is separate from In Service Engineering (ISE) activities, which are associated with any change/upgrade in capability.

Energetic Materials: Includes all R, D&A and T&E associated with the study and technology development of energetic materials used in rockets, gun propellants, warheads, fuzing, structures and other explosive and incendiary devices for air, land, sea, and underwater applications. Examples are energetic materials science, nanotechnology, energetic materials synthesis, energetic materials formulations, energetic materials processing technology, M&S contributing to technology development, interior ballistics, and fuzing.

Underwater Weapons: Includes all R, D&A and T&E associated with weapon systems launched and/or intended to attack underwater targets. Includes but not limited to underwater mines, mine countermeasures (water and surf zone), torpedoes and unmanned underwater vehicles. Does not include sub-launched cruise (e.g., Tomahawk) and ballistic missiles. Does not include weapon systems integration.

Guns and Ammunition: Includes all R, D&A and T&E associated with small, medium and large caliber gun systems, and any barrel launched ballistic rounds/systems. Includes but is not limited to mortars, tank rounds and systems, artillery, and Navy Gun Systems. Includes all research associated with gun systems, materials and propelling charges. Does not include guidance and control, and rocket motors. Does not include weapon systems integration.

Weapon Systems Integration: Includes all R, D&A and T&E associated with weapon and armaments integration on air, land, and sea platforms. This process combines weapon system(s) together on a platform via an automated control system. It allows for orchestrated weapon system engagement decisions and coordination on the host platform and/or between weapon systems on multiple platforms (including control systems for multiple weapon systems, e.g., combat systems).

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0005 **Date Created:** 10/22/2004

Scenario Title: Establish Joint Centers for Rotary Wing Air Platform R, D&A, and T&E

Description:

This scenario consolidates all Rotary Wing air platform R, D&A, T&E to two principal sites while retaining several specialty sites. Rotary Wing R, D&A, T&E will be consolidated into 2 core sites, Patuxent River, and Redstone Arsenal, with non-maritime unique Rotary Wing R consolidated at Redstone Arsenal. The relocation of Rotary Wing R functions are proposed in concert with the S&T Reliance Agreements. The planned component moves will enhance synergy by consolidating to major sites, preserve healthy competition, leverage climatic/geographic conditions and existing infrastructure, minimize environmental impact, distribute demand on the telemetry spectrum and effect reasonable homeland security risk dispersal.

Losing Bases

Scenario # TECH-0006 **Date Created:** 10/22/2004

Scenario Title: Establish Joint Centers for Fixed Wing Air Platform R, D&A, and T&E

Description:

This scenario proposes to consolidate all fixed wing air platform RDAT&E to two principal sites while retaining several specialty sites. Research and Development & Acquisition will be performed at Patuxent River and Wright-Patterson AFB. The relocation of air platform Research functions are proposed in concert with the S&T Reliance Agreements. Fixed Wing Research will be consolidated at Wright Patterson AFB and maritime related fixed wing Research (catapults, arresting gear, etc.) will be consolidated at Patuxent River. Air Force T&E will be consolidated at Edwards AFB, Navy T&E at Patuxent River, and Live Fire T&E at China Lake. The planned component moves will enhance synergy by consolidating to major sites, preserve healthy competition, leverage climatic/geographic conditions and existing infrastructure, minimize environmental impact, distribute demand on the telemetry spectrum and effect reasonable homeland security risk dispersal.

Scenario # TECH-0008 Date Created: 10/22/2004

Scenario Title: C4ISR RDAT&E Consolidation

Description:

Consolidate C4ISR technical facilities into a minimum number of centers. This scenario consists of 8 separate pars. Part one consolidates Maritime Sensors, Electronic Warfare and Electronics RDAT&E at NAVSURFWARCENDIV Dahlgren Va. Part two consolidates Maritime Information Systems RDAT&E at SPAWARSCEN San Diego Ca. Part three consolidates Ground Sensors, Electronics Warfare & Electronics and Information Systems Research at Army Research Laboratory, Adelphi, Md. Part four condolidates Ground Sensors, Electronic Warfare, & Electronics and Information Systems Development & Acquisition at Ft. Monmouth, NJ. Part five consolidates Ground Sensors, Electronic Warfare & Electronics and Information Systems test & evaluation at Ft. Huachuca, AZ. Part six consolidates Air Sensors, Electronic Warfare, & Electronics Research, Development and Acquisition at Wright Patterson SFB, OH. Part seven consolidates Air Information Systems Research, development and Acquisition at Hanscom AFB, MA. Part eight consolidtes Air sensors, Electronic Warfare, & Electronics and Information Systems Test & evaluation at Edwards AFB, CA.

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0013 **Date Created:** 10/22/2004

Scenario Title: Establish Joint Centers for Ground Platform R DAT&E

Description:

This scenario would consolidate Ground Vehicle R, D&A, and T&E into 2 core sites; Detroit Arsenal and Aberdeen Proving Ground. The Army/DoD ground vehicle R and D&A to continue to reside in the world automotive/ground vehicle capital of southeast Michigan, and R, D&A, and the preponderance of ground vehicle T&E would be located at Aberdeen Proving Grounds.

Losing Bases

DRPM AAA Washington (Washington, DC) - Realignment

Marine Corps Base Quantico (Quantico, VA) - Realignment

Redstone (Huntsville, AL) - Realignment

Losing Activities

DRPM AAA (48396) D&A Ground Vehicle to Detroit - Co-locate

DRPM AAA (483961) D&A Ground Vehicle to Detroit - Co-locate

CG MCCDC Quantico (M67854) D&A Ground Vehicle to Detroit - Co-locate

Redstone Arsenal (W0H9AA) D&A for Ground Vehicle to Detroit - Consolidate

Redstone Arsenal (W1DFAA) D&A for Ground Vehicle to Detroit - Consolidate

Redstone Arsenal (W1HTAA) D&A for Ground Vehicle to Detroit - Consolidate

Redstone Arsenal (W27P50) D&A for Ground Vehicle to Detroit - Consolidate

Redstone Arsenal (W27P8C) D&A for Ground Vehicle to Detroit - Consolidate

Redstone Arsenal (W4T801) D&A for Ground Vehicle to Detroit - Consolidate

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0031 Date Created: 11/5/2004

Scenario Title: Optimize Sea Vehicle R, D&A and T&E

Description:

This scenario proposes to consolidate and/or co-locate all Sea Vehicle RDAT&E to two primary sites while retaining small sites involved in specialized Sea Vehicle support to DDTE/OTE or specialized sites with unique facilities. The planned component moves will enhance and leverage off the existing robust concentration of research, design and development, acquisition support and T&E capabilities that currently reside within the US Navy HQ and Warfare Center infrastructure. This proposal would relocate/co-locate management and direction of Theater Support Vessels programs for USA to COMNAVSEA WNY and would be consistent with the existing partnership collaboration between the USA and the USN on Theater Support Vessels and other theater support small watercraft. Program management will be retained for D&A and T&E at COMNAVSEA. Consolidation of all Program management of Sea Vehicle Programs at the WNY collocates these functions with related program offices supporting Weapons and Combat systems, Hull Mechanical and Electrical, C4I integration and related sea vehicle equipment and support functions. This also places it nearby the principal technical direction and development agent for sea vehicles located at NSWC Carderock Division in Bethesda, MD.

Losing Bases

Detroit/Selfridge (Warren, MI) - Realignment

Scenario # TECH-0035 **Date Created:** 11/12/2004

Scenario Title: Army Land Network Warfare LCM at Adelphi and Belvoir

Description:

This scenario consolidates C4ISR technical facilities into a minimum number of centers. Part one consolidates Ground Sensor, Electronic Warfare, Electronics and Information Systems Research at the Army Research Laboratory, Adelphi, MD. Consolidation of research includes moving research in Networks done by the Army Research Institute and research in cognitive engineering, human performance and in human factors associated with C4ISR and Networks by the Human Research and Engineering Directorate of ARL. The consolidated research organization will be coupled with neuroscience research at Walter Reed Army Institute of Research to form creation of a Land Network Science, Technology and Experimentation Center, which will perform the fundamental research required to enable Ground Network Centric Warfare. Part two consolidates Ground Sensor, Electronic Warfare Electronics and Information Systems Development & Acquisition at Belvoir.

Scenario # TECH-0042 Date Created: 11/18/2004

Scenario Title: C4ISR RDAT&E consolidation at site Belvoir

Description:

This scenario is the same as scenario TECH-0008 with the exception of part four. In this scenario Ground Sensor, Electronic Warfare, Electronics and Information Systems Development & Acquisition are consolidated at Ft. Belvoir, VA, instead of Ft. Monmouth. This scenario consolidates C4ISR technical facilities into a minimum number of centers. Scenario TECH-0008 consists of 8 separate parts. Part one consolidates Maritime sensor, Electronic Warfare and Electronics RDAT&E at NAVSURFWARCENDIV DAHLGREN VA. Part 2 consolidates Maritime Information Systems RDAT&E at SPAWARSYSCEN SAN DIEGO CA. Part 3 consolidates Ground Sensor, Electronic Warfare, Electronics and Information Systems Research at ARL/Adelphi. Part 4 consolidates Ground Sensor, Electronic Warfare, Electronics and Information Systems Development & Acquisition at Ft. Belvoir. Part 5 consolidates Ground Sensor, Electronic Warfare, Electronics and Information Systems Test & evaluation at Ft. Huachuca.

Scenario # TECH-0053 **Date Created:** 12/9/2004

Scenario Title: Army Land Network Warfare LCM Center at Ft. Monmouth

Description:

This scenario consolidates C4ISR technical facilities into a single site. The scenario consolidates Ground Sensor, Electronic Warfare, Electronics and Information systems RD&A at Ft. Monmouth, NJ. Consolidation of research includes moving research in Networks done by the Army Research institute, neuroscience research at Walter Reed Army Institute of Research, and research in cognitive engineering, human performance and in human factors associated with C4ISR and Networks by the Human Research and Engineering Directorate of ARL. The consolidated research organization facilitates the creation of a Land Network Science, Technology and Experimentation Center, which will perform the fundamental research required to enable Ground Network Centric Warfare.

Scenario # USA-0195 Date Created: 12/10/2004

Scenario Title: 17 AFRC Birmingham ANG Base, AL

Description:

Close three (Fort Graham, Fort Hanna, and Fort Terhune) ALARNG sites (AVN and SF) and realigns an MP detachment from existing Birmingham AFRC, and close NMCRC Bessemer and NRC Tuscaloosa and consolidates these units into a new AFRC on (or adjacent to on state land) the Birmingham Air National Guard base in Birmingham.

JAST # A021 this is a joint USA and DON proposal that supports DONxx that Close NMCRC Bessemer AL and NRC Tuscaloosa AL and consolidate into an AFRC on Birmingham Air National Guard Base.

Losing Bases

BIRMINGHAM AFRC (BIRMINGHAM, AL) - Realignment
HENRY B GRAHAM ARMORY (FT GRAHAM) (BIRMINGHAM, AL) - Close

S RALPH TERHUNE ARMORY (FT TERHUNE) (BIRMINGHAM, AL) - Close

TS WALTER J HANNA (FT HANNA) (BIRMINGHAM, AL) - Close

Scenario # DON-0032A **Date Created:** 12/15/2004

Scenario Title: Close NS Ingleside, TX; Relocate to NS San Diego, CA; Realign NAS Corpus Christi, TX with ASW Center

Description:

1. Close base operations at Naval Station Ingleside, TX.
2. Relocate 10 MCMs and HSV-2 to Naval Station San Diego, CA, to include required personnel, equipment, and support.
3. Consolidate MINEWARTRACEN, Ingleside, TX with FLEASWTRACEN, San Diego, CA.
4. Disestablish COMREGSUPPGRU, Ingleside, TX.
5. Consolidate COMINWARCOM Corpus Christi, TX, with ASW Center Point Loma, CA.
6. Relocate COMOMAG to ASW Center Point Loma, CA.
7. Disestablish NAVDENCEN Gulf Coast Pensacola, FL, function Dental Clinic Ingleside, TX.
8. Disestablish NAVHOSP Corpus Christi, TX, function Branch Medical Clinic Ingleside, TX.
9. Consolidate COMAFLOATRAGRULANT Norfolk, VA function AFLOATRAGRU Ingleside, TX with AFLOATRAGRUPAC San Diego, CA.
10. Consolidate FISC Jacksonville, FL, function FISC Jacksonville DET Ingleside, TX with FISC San Diego, CA.
11. Consolidate SIMA NRMF Ingleside TX, with SIMA San Diego, CA.

For the purpose of this scenario the following JCSG's and Mildep scenario(s) are applicable:
IND-0030

Registered Scenarios

As Of: 12/23/2004

Scenario # DON-0033 **Date Created:** 9/27/2004

Scenario Title: Close SUBASE New London, CT; Relocate submarines to NS Norfolk, VA and SUBASE Kings Bay, GA

Description:

1. Close SUBASE New London, CT.
2. Relocate SSNs from SUBASE New London, CT, to SUBASE Kings Bay, GA, to include required personnel, equipment, and support.
3. Relocate SSNs from SUBASE New London, CT, to Naval Station Norfolk, VA, to include required personnel, equipment, and support.
4. Relocate COMSUBGRU TWO from SUBASE New London, CT, to Naval Station Norfolk, VA.
5. Disestablish COMNAVREG NE, Groton, CT. Realign Installation Management function to COMNAVREG MIDLANT Norfolk, VA.
6. Relocate NAVSUBSCOL Groton, CT, to SUBASE Kings Bay, GA.
7. Consolidate NAVSUBSCOL Groton, CT, with SUBTRAFAC Norfolk, VA.
8. Relocate CENSUBLEARNING Groton, CT, to SUBASE Kings Bay, GA.
9. Consolidate NSGA Groton, CT, with NSGA Norfolk, VA.
10. Consolidate the SSN intermediate repair function of Naval Submarine Support Facility New London, CT, with TRF Kings Bay, GA.
11. Consolidate the SSN intermediate repair function of Naval Submarine Support Facility New London, CT, with SIMA Norfolk, VA.
12. Consolidate the SSN intermediate repair function of Naval Submarine Support Facility New London, CT, with NSY Norfolk, VA.
13. Relocate the NAVOPMEDINST Pensacola, FL, function Naval Undersea Medical Institute Groton, CT, to NSHS Portsmouth, VA.
14. Disestablish NAVHLTHCARE NEW ENGLAND NEWPORT, RI, function Naval Ambulatory Care Center Groton, CT.
15. Co-locate Naval Submarine Medical Research Laboratory, Groton, CT with NAVXDIVINGU Panama City, FL.

For the purpose of this scenario the following JCSG's and Mildep scenario(s) are applicable:
IND-0037 applies.

MED-0035 applies.

Scenario # E&T-0018 **Date Created:** 10/8/2004

Scenario Title: Establish Joint Center of Excellence for Intelligence Training

Description:

Realign Goodfellow AFB, TX by establishing a Joint Center of Excellence for Intelligence Training. Realign NAVSTA Dam Neck, VA, Corry Station, FL, Fort Huachuca, AZ by relocating Intelligence Training taught there to Goodfellow AFB, TX.

The intent of this scenario is to consolidate like courses while maintaining service unique capabilities.

Losing Bases

Fleet Intelligence Training Center Pacific (San Diego, CA) - Realignment
Huachuca (Fort Huachuca, AZ) - Realignment
Naval Air Station Oceana Dam Neck Annex (Virginia Beach, VA) - Realignment

Receiving Bases

Goodfellow AFB (San Angelo, TX) - Receive

Losing Activities

Fleet Intelligence Training Center Pacific - Relocate
Army Intelligence School and Center - Relocate
Navy and Marine Corps Intelligence Training Center - Relocate

Activities being Received

315th Training Squadron
Army Intelligence School and Center
Fleet Intelligence Training Center Pacific
Navy and Marine Corps Intelligence Training Center

Registered Scenarios

As Of: 12/23/2004

Scenario # E&T-0022 **Date Created:** 10/29/2004

Scenario Title: Consolidate AFIT and NPS PDE Function at NPS

Description:

Realign Professional Development Education graduate level education at Air Force Institute of Technology at Wright-Patterson Air Force Base, Dayton, OH and Naval Post Graduate School at Monterey, CA by moving Air Force Institute of Technology graduate level education to Monterey, CA and consolidating with the Naval Post Graduate School graduate level education at Monterey, CA.

Department of Defense graduate level education will be consolidated as a single school located at Monterey, CA. The consolidated school will be a Department of Defense School with the Navy as the executive agent. This scenario will remove all graduate level education from Wright-Patterson Air Force Base, Dayton, OH.

Losing Bases

Wright-Patterson AFB (Fairborn, OH) - Realignment

Receiving Bases

Naval Postgraduate School (Monterey, CA) - Receive

Losing Activities

Air Force Institute of Technology - Relocate

Activities being Received

Air Force Insitute of Technology

Registered Scenarios

As Of: 12/23/2004

Scenario # E&T-0025 **Date Created:** 11/10/2004

Scenario Title: Realign SSCs in Place

Description:

Realign Carlisle Barracks, PA; Maxwell Air Force Base, AL; Naval Station Newport, RI; Marine Corps Base Quantico, VA; and Fort McNair, Washington D.C by realigning the United States Army War College, Air War College, College of Naval Warfare, and the Marine Corps War College under the National Defense University.

Senior level education will be provided by multiple colleges under the National Defense University. All of the colleges will remain in their current locations. The colleges will fall under the National Defense University Chain of Command and will combine all common support requirements. The Army will be the proponent for a Land Centric College. The Air Force will be the proponent for an Air Centric College. The Navy will be the proponent for a Maritime Centric College. The Marine Corps will be the proponent for an Expeditionary Centric College. All of the colleges will teach a common Joint Professional Military education curriculum controlled by the Chairman of the Joint Chiefs of Staff. Professional Military Education curricula will be controlled by the appropriate Service Chief. Joint Forces Staff College will remain a separate source of Joint Professional Military Education Level II for Joint Specialty Officers.

Registered Scenarios

As Of: 12/23/2004

Scenario # E&T-0029 **Date Created:** 11/10/2004

Scenario Title: Move US Army Prime Power School to Fort Leonard Wood (Army Proposal)

Description:

Realign Fort Belvoir, VA by moving the US Army Prime Power School to Fort Leonard Wood, MO. This scenario will relocate the school. The School will remain an independent training activity. Current command relationship will be maintained.

Losing Bases

Belvoir (Fort Belvoir, VA) - Realignment

Receiving Bases

Leonard Wood (Fort Leonard Wood, MO) - Receive

Losing Activities

United States Army Prime Power School - Relocate

Activities being Received

United States Army Engineer School
US Army Prime Power School

Scenario # E&T-0040 **Date Created:** 11/19/2004

Scenario Title: Establish Joint Center of Excellence for Intelligence Training

Description:

Realign Goodfellow AFB, TX by establishing a Joint Center of Excellence for Intelligence Training. Realign NAVSTA Dam Neck, VA, San Diego, CA; Fort Huachuca, AZ, by relocating Intelligence courses currently taught there to Goodfellow AFB, TX. Provide by disestablishing all intelligence training at NAVSTA Dam Neck, VA and San Diego, CA; Fort Huachuca, AZ and consolidating at Goodfellow AFB, TX. Realign Fort Gordon, GA by disestablishing all Signal School training and consolidating at Goodfellow AFB, TX. The intent of this scenario is to consolidate like courses while maintaining service unique culture.

Losing Bases

Fleet Intelligence Training Center Pacific (San Diego, CA) - Realignment
Gordon (Augusta, GA) - Realignment
Huachuca (Fort Huachuca, AZ) - Realignment
Naval Air Station Oceana Dam Neck Annex (Virginia Beach, VA) - Realignment

Receiving Bases

Goodfellow AFB (San Angelo, TX) - Receive

Losing Activities

Navy and Marine Corps Intelligence Training Center Pacific - Disestablish
Army Signal School and Center - Disestablish
Army Intelligence School and Center - Disestablish
Center for Navy Intelligence - Disestablish
Navy Marine Corps Intelligence Training Center - Disestablish

Activities being Received

315th Training Squadron
Air Force Intelligence School
Army Intelligence School and Center
Army Signal School and Center
Center for Navy Intelligence
Navy and Marine Corps Intelligence Training Center Pacific
Navy Marine Corps Intelligence Training Center

Registered Scenarios

Scenario Title: Establish Joint Strike Fighter Integrated Training Center (ITC)

Description:

Establish an Integrated Training Center at Kingsville, TX for the Joint Strike Fighter Program. The intent is to consolidate maintenance and flight training for the Joint Strike Fighter.

Receiving Bases

Activities being Received

Naval Air Station Kingsville (Kingsville, TX) - Receive

Joint Strike Fighter Integrated Training Center

Registered Scenarios

As Of: 12/23/2004

Scenario # HSA-0002 **Date Created:** 9/17/2004

Scenario Title: GC-MPC-0001: Dc: Consolidate/Co-locate All Military Personnel Centers in the San Antonio Geo-cluster

Description:

Realign Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St Louis MO and consolidate them at Ft Sam Houston in the San Antonio Geo-cluster; the Navy Personnel Command (NAVPERSCOM) at Naval Support Activity (NSA) Mid-South in Millington TN, the Naval Reserve Personnel Center (NAVRESPERSCEN) and Enlisted Placement & Management Center (EPMAC) at Naval Support Activity (NSA) New Orleans LA; the operational military personnel functions from Headquarters Marine Corps Manpower & Reserve Affairs (M&RA) at Marine Corps Base Quantico; and the Air Reserve Personnel Center (ARPC) at Buckley Annex CO and consolidate each Active and Reserve Military Personnel Center within each Service and co-locating all three Service Military Personnel Centers at Randolph Air Force Base TX in the San Antonio Geo-cluster, current location of the Air Force Personnel Center (AFPC).

ADDITIONAL DATA: Army Human Resources Command (HRC) - Indianapolis (former EREC) is not listed in the drop down menu. Relocation would free up 76,740 square feet of leased space.

AFPC (MilPers functions) occupies ~250,031 SF; ~ 30,831 SF determined as available excess; scenario requires an additional ~55,769 SF for incoming activities (6100 Gen Adm Bldg only)

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at NSA New Orleans = 131,753 SF. Space made available at MCSA Kansas City = 237,539 SF. Space made available at ARPC Buckley Annex = 127,694 SF, HOWEVER, this space is designated for DFAS in scenario HSA-0018.

Losing Bases

Air Reserve Personnel Center (ARPC) (Denver, CO) - Realignment

ARPERCEN St Louis (St Louis, MO) - Realignment

Hoffman Lease (Alexandria, VA) - Realignment

Leased Space (Z, XX) - Realignment

Marine Corps Base Quantico (Quantico, VA) - Realignment

Naval Support Activity Millington (Millington, TN) - Realignment

Naval Support Activity New Orleans (New Orleans, LA) - Realignment

Receiving Bases

Randolph AFB (Universal City, TX) - Receive

Sam Houston (San Antonio, TX) - Receive

Losing Activities

Air Reserve Personnel Center (ARPC) (Buckley Annex) - Consolidate

Army Human Resources Command - St Louis - Consolidate

Human Resources Command - Consolidate

HRC-Indianapolis (former EREC) 8899 E. 56th Street (Maj Gen Emmett J. Bean Bldg) Indianapolis IN 46249 - Consolidate

EPMAC - Consolidate

NAVPERSCEN - Consolidate

NAVRESPERSCEN - Consolidate

Activities being Received

Air Force Personnel Center

Individual Navy and Marine Corps Personnel Centers

New Army Human Resources Command Personnel Center

Registered Scenarios

As Of: 12/23/2004

Scenario # HSA-0004 **Date Created:** 9/23/2004

Scenario Title: GC-MPC-0009: Dc: I: Consolidate/Co-locate Army & Air Force Personnel at Randolph AFB

Description:

Realign Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St. Louis MO, and owned space occupied by the Army Civilian Human Resources Agency (CHRA) at Aberdeen Proving Ground MD by consolidating HRC and co-locating with the consolidated Air Force military personnel functions from the Air Force Personnel Center (AFPC) and Air Reserve Personnel Center (ARPC) at Randolph Air Force Base TX.

ADDITIONAL DATA: Army Human Resources Command (HRC) - Indianapolis (former EREC) is not listed in the drop down menu. Relocation would free up 76,740 square feet of leased space.

AFPC (MilPers functions) occupies ~250,031 SF; ~ 30,831 SF determined as available excess; scenario requires an additional ~748,769 SF for incoming activities (6100 Gen Adm Bldg only)

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at ARPC Buckley Annex = 127,694 SF, HOWEVER, this space is designated for DFAS in scenario HSA-0018

Losing Bases

Aberdeen (Aberdeen, MD) - Realignment

Air Reserve Personnel Center (ARPC) (Denver, CO) - Realignment

ARPERCEN St Louis (St Louis, MO) - Realignment

Hoffman Lease (Alexandria, VA) - Realignment

Leased Space (Z, XX) - Realignment

Losing Activities

Army Civilian Human Resources Agency (CHRA) - Consolidate

Air Reserve Personnel Center (ARPC) (Buckley Annex) - Consolidate

Army Human Resources Command (HRC) St Louis - Consolidate

Army Human Resources Command (HRC)-Alexandria - Consolidate

Army Human Resources Command (HRC)-Indianapolis (former EREC) 8899 E. 56th Street (Maj Gen Emmett J. Bean Bldg) Indianapolis IN 46249 - Consolidate

Receiving Bases

Randolph AFB (Universal City, TX) - Receive

Activities being Received

Air Force Personnel Center (AFPC) (only ARPC Consolidated -- Army HRC will be co-located)

Registered Scenarios

As Of: 12/23/2004

Scenario # HSA-0005 **Date Created:** 9/23/2004

Scenario Title: GC-MPC-0010: Dc: I: Consolidate/Co-locate All Military Personnel Centers at Ft Leavenworth

Description:

Realign Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St Louis MO; the Navy Personnel Command (NAVPERSCOM) at Naval Support Activity (NSA) Mid-South in Millington TN, the Naval Reserve Personnel Center (NAVRESPERSCEN) and Enlisted Placement & Management Center (EPMAC) at Naval Support Activity (NSA) New Orleans LA; the operational military personnel functions from Headquarters Marine Corps Manpower & Reserve Affairs (M&RA) at Marine Corps Base Quantico; the military personnel functions from Air Force Personnel Center (AFPC) at Randolph Air Force Base TX and the Air Reserve Personnel Center (ARPC) at Buckley Annex CO by consolidating all Active and Reserve Military Personnel Centers within each Service and co-locating all four Service Military Personnel Centers at Fort Leavenworth KS.

ADDITIONAL DATA: Army Human Resources Command (HRC) - Indianapolis (former EREC) is not listed in the drop down menu. Relocation would free up 76,740 square feet of leased space.

No existing Mil Pers Center exists at Leavenworth so no excess is available. Scenario requires ~1,702,600 SF for incoming activities (6100 Gen Adm Bldg only).

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at NSA Millington = 337,766 SF. Space made available at NSA New Orleans = 131,753 SF. Space made available at MCB Quantico = 198,916 SF. Space made available at Randolph AFB = 200,025. Space made available at ARPC Buckley Annex = 127,694 SF, HOWEVER, this space is designated for DFAS in scenario HSA-0018

Losing Bases

Army Human Resources Command (HRC)-St Louis - Consolidate

Army Human Resources Command (HRC)-Alexandria - Consolidate

Army Human Resources Command (HRC)-Indianapolis (former EREC) 8899 E. 56th Street (Maj Gen Emmett J. Bean Bldg) Indianapolis IN 46249 - Consolidate

Headquarters Marine Corps Manpower & Reserve Affairs (M&RA) (operational military personnel functions only) - Consolidate

Navy Personnel Command (NAVPERSCOM) - Consolidate

Navy Enlisted Placement & Management Center (EPMAC) - Consolidate

Navy Reserve Personnel Center (NAVRESPERSCEN) - Consolidate

Air Force Personnel Center (AFPC) (Mil Pers functions only) - Consolidate

Activities being Received

No Specific Receiving Activity Currently In Place -- Co-locate four Active/Reserve Consolidated Service Personnel Centers

Registered Scenarios

As Of: 12/23/2004

Scenario # HSA-0006 **Date Created:** 9/23/2004

Scenario Title: GC-MPC-0011: Dc: I: Create Army Human Resources Center (Personnel & Recruiting) at Fort Knox

Description:

Realign Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St. Louis MO and owned space occupied by the Army Civilian Human Resources Agency (CHRA) at Aberdeen Proving Ground MD by consolidating all and re-locating to Fort Knox KY.

Realign Fort Monroe VA, by re-locating Army Accessions Command and Army Cadet Command and co-locating with the Army Enlisted Recruiting Command and the consolidated Army Human Resources Command (HRC) at Fort Knox KY.

ADDITIONAL DATA: Army Human Resources Command (HRC) - Indianapolis (former EREC) is not listed in the drop down menu. Relocation would free up 76,740 square feet of leased space.

No existing Mil Pers Center exists at Ft Knox so no excess is available. Existing Recruiting functions currently occupy ~213,231 SF and ~70,631 has been determined as excess. Scenario requires an additional ~667,569 SF for MilPers and Recruiting incoming activities (6100 Gen Adm Bldg only).

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at Ft Monroe = 70,850 SF. Space made available at Aberdeen = (estimated) 33,000 SF.

Losing Bases

Aberdeen (Aberdeen, MD) - Realignment

ARPERCEN St Louis (St Louis, MO) - Realignment

Hoffman Lease (Alexandria, VA) - Realignment

Leased Space (Z, XX) - Realignment

Monroe (Hampton, VA) - Realignment

Receiving Bases

Knox (Fort Knox, KY) - Receive

Losing Activities

Army Civilian Human Resources Agency (CHRA) - Co-locate

Army Human Resources Command (HRC)-St Louis - Consolidate

Army Human Resources Command-Alexandria - Consolidate

Army Human Resources Command (HRC)-Indianapolis (former EREC) - Consolidate

Army Accessions Command - Co-locate

Army Cadet Command - Co-locate

Activities being Received

Army Recruiting Command (USAREC) to co-locate with other Army Recruiting Commands

Consolidated Active/Reserve Army Human Resources Command to co-locate with Army Recruiting Commands

Registered Scenarios

As Of: 12/23/2004

Scenario # HSA-0007 **Date Created:** 9/23/2004

Scenario Title: GC-MPC-0012: Dc: I: Consolidate/Co-locate Navy Personnel and Recruiting at NSA Millington

Description:

Realign Naval Support Activity (NSA) New Orleans LA by consolidating the Naval Reserve Personnel Center (NAVRESPERSCEN) and the Enlisted Placement and Management Center (EPMAC) with Navy Personnel Command (NAVPERSCOM) at Naval Support Activity (NSA) Mid-South in Millington TN.

Realign Naval Support Activity (NSA) New Orleans LA by consolidating the Navy Recruiting Command (NAVCRUITCOM) office at Naval Support Activity New Orleans with the Navy Recruiting Command (NAVCRUITCOM) office at Naval Support Activity Mid-South Millington, TN. Co-locates with the consolidated Navy Personnel Command.

ADDITIONAL INFO: NAVPERSCOM currently occupies ~ 422,208 SF; ~27,008 SF has been determined as available excess. NAVCRUITCOM currently occupies ~69,930 SF with no calculated excess. Scenario requires an additional ~71,462 SF for the move of MilPers and Recruiting activities. (6100 Gen Adm Bldg only).

Space made available at NSA New Orleans = 142,737 SF.

Losing Bases

Naval Support Activity New Orleans (New Orleans, LA) - Realignment

Losing Activities

Navy Enlisted Placement & Management Qctivity (EPMAC) - Consolidate

Navy Recruiting Command (COMNAVCRUITCOM) - Consolidate

Navy Reserve Personnel Center (NAVRESPERSCEN) - Consolidate

Receiving Bases

Naval Support Activity Millington (Millington, TN) - Receive

Activities being Received

Navy Personnel Command (NAVPERSCOM) (Consolidates military personnel functions) (Co-locates with Recruiting functions)

Navy Recruiting Command (COMNAVCRUITCOM) (Consolidates with New Orleans activity)

- (15) DFAS-Pensacola NAS, (Pensacola Naval Air Station, Building 603) 130 West Avenue, Suite A, Pensacola, FL 32508 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)
- (16) DFAS-Pensacola Saufley Field, (Pensacola Saufley Field, Building 801) 250 Raby Avenue, Pensacola, FL 32509 (Technology Services Organization)
- (17) DFAS-Rock Island, (Rock Island Arsenal-Army, Building 68) Building 68, 1 Rock Island Arsenal (RIA), Rock Island, IL 61299 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)
- (18) DFAS-Rome, (Former Griffiss AFB) 325 Brooks Road, Rome, NY 13441 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)
- (19) DFAS-San Antonio, (Southwestern Bell Company Towers) 500 McCullough Avenue, San Antonio, TX 78215 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)
- (20) DFAS-San Bernardino, (Former Norton AFB) 1111 East Mill Street, San Bernardino, CA 92408 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)
- (21) DFAS-San Diego, 4181 Ruffin Road, San Diego, CA 92123 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)
- (22) DFAS-Seaside, (DoD Center of Monterrey, Building 110) 400 Gigling Road, Seaside, CA 93955 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)
- (23) DFAS-St Louis, (St Louis Federal Center, Building 110) 4300 Goodfellow Boulevard, St. Louis, MO 63120 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)

Relocate and consolidate DFAS Business Line, Corporate and Administrative functions, except for contracted product line operations and locally required customer support/liaison staff, into the following 3 retained DFAS sites:

- (1) DFAS-Columbus, (Defense Supply Center-Columbus, Buildings 10, 11 & 21) 3990 E Broad St, Building #21, Columbus, OH 43213 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services)
 - (a) NOTE: DFAS requires an additional 209,323 USF above Capacity Data Call (CDC) #1 reported assigned space. Defense Logistics Agency's CDC response for Defense Supply Center indicated 363,200 USF vacant/available.
 - (b) Pending scenario question responses, functions from the following locations have the greatest potential for realignment to DFAS-Columbus: DFAS-Arlington, DFAS-Cleveland, DFAS-Dayton, DFAS-Limestone, DFAS-Norfolk NAS, DFAS-Patuxent River, and DFAS-Rome.
- (2) DFAS-Denver, (Buckley AFB Annex, Buildings 444, 607 & 609, former Lowry AFB) 6760 E. Irvington Place, Denver, CO 80279 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)

Registered Scenarios

As Of: 12/23/2004

(a) NOTE: DFAS requires an additional 127,929 USF above CDC #1 reported assigned space. Departure of Air Reserve Personnel Center (ARPC) will free up 127,964 USF and enable completion of DFAS realignment to Buckley AFB Annex. Scenarios associated with the ARPC are HSA-0004, HSA-0005, and HSA-0008.

(b) Pending scenario question responses, functions from the following locations have the greatest potential for realignment to DFAS-Denver: DFAS-Lawton, DFAS-Oakland, DFAS-Omaha, DFAS-Pacific (Ford Island), DFAS-Red River, DFAS-San Antonio, DFAS-San Bernardino, DFAS-San Diego, and DFAS-Seaside.

(3) DFAS-Indianapolis, (Bean Federal Center, former Ft Benjamin Harrison) 8899 E. 56th Street, Indianapolis, IN 46249 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)

(a) NOTE: DFAS requires an additional 26,697 USF above CDC # 1 reported assigned space. Departure of Human Resource Command – Indianapolis (former EREC) will free up 76,740 USF and enable completion of DFAS realignment. Scenarios associated with the Human Resource Command – Indianapolis HSA-0004, HSA-0005, and HSA-0006.

(b) Pending scenario question responses, functions from the following locations have the greatest potential for realignment to DFAS-Indianapolis: DFAS-Charleston, DFAS-Kansas City, DFAS-Lexington, DFAS-Orlando, DFAS-Pensacola NAS, DFAS-Pensacola Saufley Field, DFAS-Rock Island, and DFAS-St Louis.

Locations with potential retained customer support/liaison staff, contracted function(s), or which are deemed special purpose in nature include:

(1) Technology Services Organization Liaison - Defense Property Accountability System, DFAS-Mechanicsburg, (Navy Supply Information Systems Activity, Building 407) 5454 Carlisle Pike, FMSO Code 97412, Mechanicsburg, PA 97412

(2) Other customer support/liaison staff locations TBD (i.e., DFAS-Seaside, Corporate and Administrative Organization-Internal Review Auditors for Defense Manpower Data Center)

(3) LMIT-Retired & Annuitant Pay Contractor, DFAS-Cleveland, 1240 E 9th Street, Cleveland, OH 44199

(4) Corporate and Administrative Organization-Contractor Support, Southbridge Hotel & Conference Center, 14 Mechanic Street, Southbridge, MA 01566

(5) Technology Services Organization, DFAS-Cleveland Bratenahl, (Defense Contract Management Agency Hosted Installation) 555 E 88th St (Admiral Kidd Center), Bratenahl, OH 44108

(6) DFAS-Red River, Texas Avenue, Texarkana, TX 75505 (Army Non-Appropriated Funds Accounting - Accounting Services and Technology Services Organization)

Justification/Impact proposed:

- Reduces footprint – Admin by 42% or 1,399,421 USF and Warehouse by 69% or 525,690 GSF.
- Implements merge/co-location personnel reduction (15%).
- Overall AT/FP enhancement – DFAS will be on a DoD installation or in Government leased space that meets DoD AT/FP standards.
- Service's unit costs will go down.
- Gaining site expansion enabled by departure of specific military personnel organizations from Denver and Indianapolis.
- No requirement for renovation at gaining sites.
- Risk averse – Mitigates risk thru centralized, apportioned operations (each segment may serve as backup).
- Better Business Practice - Creates business line centers of excellence.
- Facilitates DFAS re-engineering for FY2011 organization.

Registered Scenarios

As Of: 12/23/2004

Scenario # HSA-0019 **Date Created:** 9/30/2004

Scenario Title: GC-CF-0003: [I] Transfer Level III Discharged Prisoners to Federal Bureau of Prisons

Description:

Realign Ft Leavenworth by transferring long-term (Level III) bed space to Federal Bureau of Prisons (FBOP). Increase number of long-term (Level III) beds with the Federal Bureau of Prisons for transfer from United States Disciplinary Barracks (USDB), Ft Leavenworth.

Justification/Impact:

Current agreement with Federal Bureau of Prisons (FBOP) is insufficient.

- Approximately 1/3 of long-term prisoners are fully adjudicated and discharged from the military.
- Increase in FBOP support would open beds for shorter long-term prisoners at Level II facilities.
- Discharged prisoners would be sent to federal system.
- Efficient utilization of United States Disciplinary Barracks beds/cells.
- Promotes "Good order and discipline," by transferring prisoners who have committed the most serious of offenses and given long term or life sentences, away from general prison population.

Potential Conflicts:

- Cultural: "Cradle to grave" mentality. Military departments may wish to keep fully adjudicated and discharged prisoners as a way of the military "taking care" of its own.
- Other: Cost.

Losing Bases

Leavenworth (Fort Leavenworth, KS) -

Losing Activities

United States Disciplinary Barracks - Other

As Of: 12/23/2004

Scenario # HSA-0020 **Date Created:** 9/30/2004

Scenario Title: GC-CF-0012: [I] Create a Single Northwestern Regional Correctional Facility

Description:

Realign Subbase Bangor and Fort Lewis by disestablishing the correctional facility at Subbase Bangor and relocating the mission to a single Level II joint regional correctional facility located at Fort Lewis.

Justification/Impact:

- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- Subbase Bangor (Year built-1995)/(FY01 inmate count-42); Fort Lewis (Year built-1957)/(FY03 inmate count-206). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable land is available at Fort Lewis, questionable as to availability of land at Subbase Bangor. New facility required at Fort Lewis.

Potential Conflicts:

- Cultural: Fewer DoD-level correctional facilities amongst military departments.

Losing Bases

Naval Submarine Base Bangor (Silverdale, WA) - Realignment

Receiving Bases

Lewis (Tacoma, WA) - Receive

Losing Activities

Waterfront Brig/Correctional Custody Unit Puget Sound - Consolidate

Activities being Received

Scenario # HSA-0021 **Date Created:** 9/30/2004

Scenario Title: GC-CF-0013: [I] Create a Single Southwestern Regional Correctional Facility

Description:

Realign MCAS Miramar, Edwards AFB, Kirtland AFB and Camp Pendleton by disestablishing the correctional facilities at Edwards AFB, Kirtland AFB and Camp Pendleton and relocating the mission to a single ILevel II joint regional correctional facility to be located at MCAS Miramar.

Justification/Impact:

- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- MCAS Miramar (Year built-1989)/(FY03 inmate count-320); Edwards AFB (Year built-1950)/(FY03 inmate count-14); Kirtland AFB (Year built-1950)/(FY01 inmate count-16);Camp Pendleton (Year built-1972)/(FY02 inmate count-213). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ MCAS Miramar. Additional facility required.
- MCAS Miramar remains executive agent for Level III females.

Potential Conflicts:

- Cultural: Fewer DoD-level correctional facilities amongst military departments.
- DON: Large Level I requirement as of 9/22/04 (60-pre-trial, 61-adjudged level I, 51- level II). Pretrial confinement is used intuitively by DON (cultural). USA and USAF don't use pre-trial as often as DON.

Losing Bases

Edwards AFB (Rosamond, CA) - Realignment

Kirtland AFB (Albuquerque, NM) - Realignment

Receiving Bases

Marine Corps Air Station Miramar (San Diego, CA) - Receive

Losing Activities

Edwards Confinement Facility - Consolidate

Scenario Title: GC-CF-0014: [I] Create a Single Midwestern Regional Correctional Facility

Description:

Realign Fort Leavenworth, Fort Knox, Fort Sill and Lackland AFB by disestablishing the correctional facilities at Fort Knox, Fort Sill and Lackland AFB and relocating the mission to a single Level III joint regional correctional facility to be located at the United States Disciplinary Barracks, USDB, Fort Leavenworth.

Justification/Impact:

- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- Fort Leavenworth (Year built-2001)/(FY03 inmate count-450); Fort Knox (Year built-1953)/(FY02 inmate count-156); Fort Sill (Year built-1977)/(FY03 inmate count-123); Lackland AFB (Year built-1996)/(FY02 inmate count-25). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ Fort Leavenworth. Additional bowties are required to be built.

Potential Conflicts:

- Cultural: Fewer DoD-level correctional facilities amongst military departments.

Scenario Title: MAH-R&RC-0008: Co-locate National Guard HQs

Description:

Realign Arlington Army National Guard Readiness Center (ARNGRC) and National Guard HQs elements in Crystal City (NGB, ARNG and ANG) and co-locate with Air National Guard Readiness Center at Andrews AFB.
Enables MAH-0015 to realign 14 leased locations by relocating components of USA Activities (Office of the Administrative Assistant of the Army, Army Audit Agency, ASA(F&MC, I&E, M&R), CECOM, DUSA, G-1, 3, 8, OASA, OCAR, OCPA, Army Safety Office, Office of the Chief of Chaplains, and USALSA.
Enhances interoperability.
Merge common support functions.
Reduce leased space costs (~350,000 gsf).
Reduce duplicative staffing.
Enhances force protection.
59 administrative buildable acres available.
Required maximum acreage: 33.
Total personnel relocated: TBD. ANG on AAFB.
NGB/AAFB negotiations initiated prior to BRAC.

Losing Bases

Army National Guard Readiness Center (Arlington, VA) - Realignment
Crystal City Lease (Arlington, VA) - Realignment

Receiving Bases

Andrews AFB (Camp Springs, MD) - Receive

Losing Activities

Army National Guard - Relocate
Air National Guard - Relocate
Army National Guard - Relocate
National Guard Bureau - Relocate

Activities being Received

Air National Guard
Army National Guard
National Guard Bureau

Scenario # HSA-0036 **Date Created:** 10/14/2004

Scenario Title: MAH-R&RC-0007: Co-locate Service Reserve Commands

Description:

Realign Ft McPherson, GA, Robins AFB, GA and NSA New Orleans, LA, by co-locating the Service Reserve Commands of the Army, Air Force, Navy and Marine Corps, respectively, at Robins AFB, GA.
MPC-0001, 0010, 0012, COCOM-0008, 0009 and USA 0112 enables the closure of NSA New Orleans and Ft McPherson by consolidating Human Resource Commands and Centers as well as relocating or co-locating FORSCOM from Ft McPherson.
Enhances Joint Service RC interoperability.
Reduce footprints: 30.4k gsf (7% CS factor)
Reduce lease space costs: USARC (58,369 gsf).
Merge common support functions: 152 per. (7% CS factor).
Reduce duplicative staffing.
Potential to close NSA New Orleans (MPC-0001, 0010, 0012) and Ft McPherson (COCOM-0008, 0009 and USA 0112).
59.6 administrative buildable acres available.
Required maximum acreage: 36.
Total personnel relocated: 2,025.

Conflicted: Scenario conflicts with DoN-0068.
Deconflicted with HAS-0041 alternates, HAS-0094 and HSA-0120.

Losing Bases

McPherson (Atlanta, GA) - Realignment
Naval Support Activity New Orleans (New Orleans, LA) - Realignment

Receiving Bases

Robins AFB (Warner Robins, GA) - Receive

Losing Activities

U.S. Army Reserve Command - Co-locate
COMMARFORRES - Co-locate
COMNAVRESFORCOM - Co-locate

Activities being Received

COMMARFORRES
COMNAVRESFORCOM
U.S. Army Reserve Command

Registered Scenarios

As Of: 12/23/2004

Scenario # HSA-0040 **Date Created:** 10/14/2004

Scenario Title: MAH-R&RC-0003: Relocate Army Reserve Command

Description:

Realign Ft McPherson, GA by relocating Army Reserve Command at Ft Detrick, MD.
COCOM-0008, 0009 and USA 0112 enable the closure of Ft McPherson, GA.
Enhance Service AC/RC interoperability.
Merge common support functions.
Reduces lease costs (USARC in 58,369 gsf).
Reduce duplicative staffing: Est: 64 personnel.
Potential to close Ft McPherson COCOM-0008, 0009, USA 0112).
Administrative buildable acres available: 36.2 .
Required maximum acreage: 11.7.
Total personnel relocated: 910.

Losing Bases

McPherson (Atlanta, GA) - Realignment

Losing Activities

U.S. Army Reserve Command - Relocate

Receiving Bases

Detrick (Frederick, MD) - Receive

Activities being Received

U.S. Army Reserve Command

Scenario # HSA-0041 **Date Created:** 10/14/2004

Scenario Title: MAH-R&RC-0016: Relocate Navy Reserve

Description:

Realign NSA New Orleans, LA by co-locating Naval Reserve Command with Commander Fleet Forces Command at Norfolk, VA., MPC-0001, 0010, 0012 enable the closure of NSA New Orleans by relocating Naval Reserve Personnel Center and Enlisted Placement & Management Center at either San Antonio, TX mega-center, Ft Leavenworth, TX or NSA Millington, TN, respectively.
Enhances Service AC/RC interoperability.
Merge common support functions.
Reduce footprint: 34 per/6.8k gsf (7% Common Support factor).
Potential to close NSA New Orleans (H&SA-0041,MPC-0001, 0010, 0012).
Administrative buildable acres at NSA Norfolk: 16.5.
Required maximum acres at Norfolk: 6.5
Total personnel relocated: 458.

Conflicted: Navy Reserve to NSA Norfolk conflicts with DoN-0001, 0033, 0034; H&SA-0023, 0041; IND-0003, 0004, 0006, 0009-0012; S&S-0003.
Deconflicted by HAS-0094.

Conflicted: COMMARFORRES to MCB Quantico conflicts with DoN-0066; H&SA-0003, 0041, 0094, 0108.
Deconflicted by HAS-0120.

Losing Bases

Naval Support Activity New Orleans (New Orleans, LA) - Realignment

Scenario # HSA-0045 **Date Created:** 10/15/2004

Scenario Title: MAH-MAH-0001 (Dc): Consolidate Defense Information Systems Agency (DISA) Components within DC Area

Description:

Close 5 leased locations and realign 4 leased locations, Arlington Service Center (Navy), and Ft. Belvoir by consolidating components of DISA at Ft. Meade.

Justification/Impact:

- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Enhances AT/FP
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Ft. Meade reports 28,755 GSF of vacant administrative space and sufficient land to accommodate 7.4 million GSF of new administrative space.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

Scenario # HSA-0047 Date Created: 10/15/2004

Scenario Title: MAH-MAH 0004 (Dc): Co-locate Missile and Space Defense Agencies

Description:

Close 7 leased locations in the DC Area, close 10 leased locations in Huntsville, AL, realign 3 leased locations in the DC Area, realign Naval Support Activity Dahlgren, and facilitate disposal of Federal Office Building 2 by consolidating components of Missile Defense Agency (MDA) and co-locating with USA Space and Missile Defense Command Headquarters (SMDC), Naval Network and Space Operations Command (COMNAVNETSPAOPSCOM), and existing offices of SMDC and MDA at Redstone Arsenal.

Justification/Impact:

- Encompasses 933,000 GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person= 728,600 GSF.
- 17 leased locations can be closed: approx. 395,000 USF
- Affects 4,194 personnel, as currently reported. Scenario estimates a 14% personnel savings for MDA and SMDC as a result of consolidation, or 515 personnel, and a 7% personnel savings for the Navy activity as a result of co-location, or 36 positions.
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations, e.g. MDA from at least 20 to 1, eliminates redundancy and enhances efficiency.
- Consolidation and co-location of large HQs facilitates possible consolidation of common support functions.
- Relocates major tenant from FOB 2, which is projected to close in 2010+.
- Consolidation and co-location of organizations with like missions promotes "jointness" and creates opportunities for synergy.
- Redstone Arsenal reports no vacant administrative space but sufficient land to accommodate over 30 million GSF of new administrative space.

Scenario Title: MAH-MAH-0002 (Dc): Consolidate Missile Defense Agency (MDA) within DC Area

Description:

Realign 2 leased locations, close 7 leased locations, and facilitate disposal of Federal Office Building 2 (FOB 2) by consolidating MDA HQ and relocating at Ft. Meade.

Justification/Impact:

- Consolidation of MDA-controlled HQ locations from 10 to 1 eliminates redundancy and enhances efficiency.
- Encompasses nearly 600,000 GSF (or equivalent), as currently reported as MDA-controlled. Computed space required at 200 GSF/person=419,600 GSF.
- Eliminates over 248,000 USF of leased space within the DC Area.
- 7 leased locations can be closed: approx. 195,000 USF.
- Affects approximately 2,400 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 341 positions.
- Enhances AT/FP.
- Relocates major tenant from FOB 2, which is projected to close in 2010+.
- Ft. Meade reports 28,755 GSF of vacant administrative space and sufficient land to accommodate 7.4 million GSF of new administrative space.

Scenario Title: MAH-MAH-0035 (Alt to MAH-0002): Consolidate Missile Defense Agency (MDA) outside of the DC Area

Description:

Realign 2 leased locations, close 7 leased locations, and facilitate disposal of Federal Office Building 2 (FOB 2) by consolidating MDA HQ and relocating at Peterson Air Force Base.

Justification/Impact:

- Consolidation of MDA-controlled HQ locations from 10 to 1 eliminates redundancy and enhances efficiency.
- Encompasses nearly 600,000 GSF (or equivalent), as currently reported as MDA-controlled. Computed space required at 200 GSF/person=419,600 GSF.
- Eliminates over 248,000 USF of leased space within the DC Area.
- 7 leased locations can be closed: approx. 195,000 USF.
- Affects approximately 2,400 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 341 positions.
- Enhances AT/FP.
- Relocates major tenant from FOB 2, which is projected to close in 2010+.
- Peterson AFB reports 0 GSF of vacant administrative space and sufficient land to accommodate 2.3 million GSF of new administrative space.

Scenario Title: MAH-COCOMs-0002: [C:reference below for scenario conflicts] Co-Locate USARPAC with PACFLT and PACAF

Description:

Realign Ft Shafter, HI by co-locating USARPAC with PACFLT and PACAF and co-locating IMA Region Pacific with Navy Region HI with the Naval Station Pearl Harbor/Hickam AFB, HI Geo-cluster

Co-locates three PACOM service component commands in the Geo-cluster which will reduce footprint, improve interoperability, and realize savings through shared common support functions.

Realize savings through the potential closure of Ft Shafter, HI.
128,569 GSF vacant admin space available at Naval Station Pearl.
Utilizing space standard, USARPAC requires 34,400 sq. ft.

Scenario conflicts: C: DoN-0036, DoN-0037, DoN-0042, H&SA-0096, IND-0022, and MED-0001
Directs DoN, H&SA, IND & MED to develop and analyze scenarios that do not use Naval Station Pearl Harbor facilities.

Scenario Title: MOB-MOB-0004: Establish Joint Mobilization Site Port Hueneme/Camp Roberts/Hunter Liggett

Description:

Close Armed Forces Reserve Center (AFRC) Ventura and move to Port Hueneme. Establish a joint mobilization processing/reserve training center at Naval Base Ventura County(Port Hueneme)/Camp Roberts/Ft Hunter Liggett.

Justification/Impact

- Second largest deep water port on the west coast. Ideal location for Southwest Regional MOB site.
- 24 locations for transport within 100 miles.
- Over 200 buildable and unconstrained acres.
- Dining, billeting, medical, storage infrastructure available.
- San Diego and Camp Pendleton have minimal expansion capabilities.

Scenario # HSA-0053 **Date Created:** 10/15/2004

Scenario Title: MAH-MAH-0022 (Dc): Co-locate Miscellaneous OSD and 4th Estate Leased Locations

Description:

Close 13 and realign 23 leased locations by co-locating components of the Office of the Secretary of Defense, Washington Headquarters Services, the Defense Technology Security Administration, the Defense Legal Services Agency, the Defense Human Resources Activity, the DoD Education Activity, and the DOD Inspector General along with sufficient space to accommodate overflow from the Pentagon Renovation Project at an administrative campus at the Engineering Proving Ground site at Ft. Belvoir.

Justification/Impact:

- Encompasses 1.2 million GSF (or equivalent) of regular leased space plus 1.0 million GSF as a placeholder for Pentagon Renovation overflow. Computed space required at 200 GSF/person = 1.7 million GSF.
- Eliminates 1,050,000 USF of regular leased space within the DC Area, plus over 900,000 equiv GSF in Pentagon Renovation space. Also eliminates one leased location in Georgia.
- 13 leased locations can be closed, including Pentagon Renovation buildings: approx. 1.3 million USF.
- Affects 3,679 personnel in regular space plus provides space for an estimated 5,000 personnel potentially affected by the Pentagon Renovation overflow, as currently reported.
- Scenario estimates a 20% personnel savings for WHS as a result of consolidation, or 61 positions, and a 7% factor for all other entities except OSD as a result of co-location, or 142 positions.
- Enhances AT/FP.
- Consolidation of HQ location with sub-components eliminates redundancy and enhances efficiency.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.

Scenario Title: MAH-MAH-0024 (I): Co-locate Miscellaneous USAF Leased Locations

Description:

Close 3 and realign 16 leased locations in the DC Area by co-locating components of the following USAF Activities at Andrews Air Force Base: SAF/SB, SAF/PA, SAF/IE, SAF/GC, SAF/FM, SAF/AQ, SAF/AG, SAF/AA, AF/CIO, AF/XO, AF/JA, AF/IL, AF/DP, and AF Personnel Operations.

Justification/Impact:

- Eliminates 195,000 USF of leased space within DC Area.
- 3 leased locations can be closed: 63,100 USF.
- Affects 908 personnel, as currently reported. Scenario estimates a 7% personnel savings for all but largest organization (AF/IL) as a result of co-location, or 47 positions.
- Computed space required at 200 GSF/person = 172,200 GSF.
- Enhances AT/FP.
- Co-location of organizations facilitates possible consolidation of common support functions.
- Sufficient existing administrative space is expected to be available at Andrews AFB as a result of relocation of activities via other scenarios.

Scenario # HSA-0057 **Date Created:** 10/15/2004

Scenario Title: MAH-COCOMs-0003: Relocate TRADOC

Description:

Realign Ft Monroe, VA by relocating TRADOC (minus Army Accessions Command and Cadet Command) to Ft. Eustis/Story, VA.

Merge common support functions.

Realize savings through the potential closure of Ft Monroe, VA.

427 Admin Buildable acres at Ft Eustis. 173 Undetermined Buildable acres at Ft. Story.

MILCON required.

Losing Bases

JFCOM HQ (Norfolk, VA) - Realignment

JFCOM Leased Facilities (Suffolk, VA) - Realignment

Monroe (Hampton, VA) - Realignment

Receiving Bases

Eustis (Fort Eustis, VA) - Receive

Losing Activities

JFCOM HQ - Relocate

Registered Scenarios

As Of: 12/23/2004

Scenario # HSA-0061 **Date Created:** 10/15/2004

Scenario Title: MAH-MAH-0025 (I): Co-locate Miscellaneous USN Leased Locations

Description:

Close 4 and realign 8 leased locations by relocating components of the following Navy Activities to the Washington Navy Yard/Anacostia Annex: NAVSSP, NAVIPO, OPNAV, NSMA, and SECNAV.

Justification/Impact:

- Eliminates approximately 360,000 USF of leased space within DC Area.
- Affects 1,491 personnel, as currently reported. Scenario estimates a 7% personnel savings for all but largest organization (NSMA) as a result of co-location, or 58 positions.
- Computed space required at 200 GSF/person = 286,600 GSF.
- Enhances AT/FP.
- Co-location of organizations facilitates possible consolidation of common support functions.
- Sufficient existing administrative space is expected to be available at Washington Navy Yard/Anacostia Annex as a result of relocation of activities via other scenarios.

Losing Bases

1400-1450 S. Eads Street; Arlington; VA (Arlington, VA) - Realignment
2300 Clarendon Boulevard; Arlington; VA (Arlington, VA) - Realignment

Scenario # HSA-0063 **Date Created:** 10/15/2004

Scenario Title: MAH-MAH-0013 (I): Co-locate TRANSCOM Components

Description:

Realign Washington Navy Yard and 1 leased location in Alexandria, Virginia by co-locating USN Military Sealift Command (COMSC) and USA Surface Deployment and Distribution Command (SDDC) with existing SDDC offices at Ft. Eustis.

Justification/Impact:

- Eliminates 162,000 USF of leased space within the DC Area.
- Affects 959 personnel. Scenario estimates a 14% personnel savings for SDDC as a result of consolidation, or 74 positions, and a 7% personnel savings factor for COMSC as a result of co-location, or 30 positions.
- Space required is 171,000 GSF.
- Enhances AT/FP.
- Co-location of organizations with like missions promotes "jointness" and creates opportunities for synergy.
- Consolidation and co-location of organizations facilitates possible consolidation of common support functions.
- Ft. Eustis reports no vacant administrative space and sufficient land to accommodate 6 million GSF of new administrative space.

Losing Bases

Hoffman 2; Alexandria; VA (Alexandria, VA) - Realignment

Washington Navy Yard (Washington, DC) - Realignment

Losing Activities

As Of: 12/23/2004

Scenario # HSA-0064 **Date Created:** 10/15/2004

Scenario Title: MAH-MAH-0014 (Dc): Relocate Army Materiel Command

Description:

Realign Ft. Belvoir by relocating AMC and the Security Assistance Command (USA SAC, an AMC sub-component) to Aberdeen Proving Ground.

Justification/Impact:

- Frees up small amount of permanent space at Ft. Belvoir.
- Provides for permanent facilities for Army MACOM.
- Space required for 1,411 personnel is 282,200 GSF at 200 GSF/person.
- Aberdeen Proving Ground reports 68,297 GSF of vacant administrative space and sufficient land to accommodate 9 million GSF of new administrative space.

Losing Bases

Belvoir (Fort Belvoir, VA) - Realignment

Losing Activities

Army Materiel Command - Relocate

USA SAC - Relocate

Receiving Bases

Aberdeen (Aberdeen, MD) - Receive

Activities being Received

Army Materiel Command

USA SAC

Scenario # HSA-0065 **Date Created:** 10/15/2004

Scenario Title: MAH-MAH-0018 (Dc):Consolidate Army Test and Evaluation Command (ATEC) Headquarters

Description:

Realign 1 leased location in Alexandria, Virginia by consolidating Army Test and Evaluation Command (ATEC) HQ and an office of the Army Evaluation Center (sub-component of ATEC) with ATEC sub-components at Aberdeen Proving Ground (APG).

Justification/Impact:

- Eliminates 83,000 USF of leased space within the DC Area.
- Affects 470 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 66 positions.
- Space required is 80,800 GSF.
- Enhances AT/FP.
- Consolidation of HQ location with sub-components eliminates redundancy and enhances efficiency.
- Army estimates leased space cost avoidance at \$3.3M annually (FY04 cost).
- Aberdeen Proving Ground reports 68,297 GSF of vacant administrative space and sufficient land to accommodate 9 million GSF of new administrative space.

Losing Bases

Park Center Four; Alexandria; VA (Alexandria, VA) - Realignment

Receiving Bases

Scenario Title: MAH-MAH-0030 (C): Relocate DCMA HQ

Description:

Close 1 leased space location in Springfield, VA and relocate DCMA Headquarters to Ft. Lee.

Justification/Impact:

- Eliminates over 80,000 USF of leased space within DC Area.
- Enhances AT/FP.
- Space required is 100,200 GSF.
- Ft. Lee reports 28,658 GSF of vacant administrative space and sufficient land to accommodate over 21.3 million GSF of new administrative space.

Losing Bases

Metro Park III; Alexandria; VA (Alexandria, VA) - Close

Losing Activities

Defense Contract Management Agency - Relocate

Receiving Bases

Lee (Fort Lee, VA) - Receive

Activities being Received

Defense Contract Management Agency

Registered Scenarios

As Of: 12/23/2004

Scenario # HSA-0069 Date Created: 10/15/2004

Scenario Title: MAH-MAH-0015 (C): Co-locate Miscellaneous Army Leased Locations

Description:

-Realign 18 leased locations by relocating components of the following USA Activities to Arlington Hall, Aberdeen Proving Ground, and Ft. Belvoir: Office of the Administrative Assistant of the Army (SAAA), Army Audit Agency, ASA(F&MC), ASA(I&E), ASA(M&R), CECOM(Acq. Center), DUSA, G-1, G-3, G-8, OASA(Alt), OCAR, OCPA, Army Safety Office, Office of the Chief of Chaplains, the PEO Bio Defense Office, and USALSA.
-MAH-R&RC-0008 enables MAH-MAH-0015 by relocating the HQ Army National Guard from Arlington Hall to Andrews AFB.

Justification/Impact:

-Encompasses 788,000 GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 686,200 GSF.
-Affects 3,431 personnel, as currently reported.
-Enhances AT/FP.
-Co-location of organizations facilitates possible consolidation of common support functions.
-Arlington Hall has a capacity of 248,000 GSF; it is expected to be available due to the relocation of the Army National Guard HQ.
-Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.
-Aberdeen Proving Ground reports 68,297 GSF of vacant administrative space and sufficient land to accommodate 9 million GSF of new administrative space.

Registered Scenarios

As Of: 12/23/2004

Scenario # HSA-0070 **Date Created:** 10/15/2004

Scenario Title: MAH-MAH-0011 (I): Co-locate MILDEP and DoD Medical Activities

Description:

Close 1 and realign 5 leased locations in the DC Area and realign Bolling AFB and Potomac Annex by co-locating the following medical entities at Walter Reed Army Medical Center(WRAMC): Tricare Management Agency, AF Medical Support Agency, USA Office of the Surgeon General (includes USA Medical Command (DC Area offices)), and Navy Bureau of Medicine (BUMED).

Justification/Impact:

- Eliminates 168,000 USF of leased space within the DC Area.
- Affects 1,589 personnel.
- Enhances AT/FP.
- Co-location of organizations with like missions promotes "jointness" and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions; applied a 7% personnel savings factor to the smallest organizations in this scenario, resulting in a forecast reduction of 71 positions.
- Space required is approximately 303,600 GSF.
- Relocates major tenant from Potomac Annex and allows Navy to consider closing that installation.
- Space is expected to become available at WRAMC as a result of other BRAC actions.

Losing Bases

Scenario # HSA-0071 **Date Created:** 10/15/2004

Scenario Title: MAH-MAH-0012 (Dc): Create New Agency for Media and Publications

Description:

- Realign Fort Belvoir, Anacostia Annex, 2 leased locations in Alexandria, VA, 1 leased location in Norfolk, VA, and 1 leased location in San Antonio, TX by consolidating Army Broadcasting Service, Soldiers Radio & TV; Soldiers Magazine, Air Force News Agency, Army/Air Force Hometown News Service; Naval Media Center; and Navy's Fleet Hometown News into a newly created DoD Media Activity at Ft. Meade.
- Close 1 leased location in Alexandria, VA by co-locating the American Forces Information Service with the Defense Information School and the new DoD Media Activity at Ft. Meade.

Justification/Impact:

- Eliminates approximately 84,000 USF of leased space.
- Affects 608 personnel. Scenario estimates a 20% personnel savings for the media activities as a result of consolidation, or 78 positions, and a 10% savings for AFIS as a result of co-location, or 22 positions.
- Space required is approximately 101,600 GSF.
- Enhances AT/FP.
- Consolidation and co-location of organizations with like missions promotes "jointness" and creates opportunities for synergy.
- Consolidation and co-location of organizations facilitates possible consolidation of common support functions.
- Ft. Meade reports 28,755 GSF of vacant administrative space and sufficient land to accommodate 7.4 million GSF of new administrative space.

Scenario # HSA-0072 **Date Created:** 10/15/2004

Scenario Title: GC-DA-0003: [I] [Alt to HSA-0095] Consolidate DSS/CIFA At Fort Meade, MD (12 Oct 04)

Description:

Realign leased space in Arlington and Alexandria, VA; Columbus, OH; Smyrna, GA, Long Beach, CA; Elkridge and Linthicum, MD, and Colorado Springs, CO, by disestablishing Defense Security Service and Defense Counterintelligence Field Activity (CIFA) and consolidating functions under a newly-created organization, e.g., DoD Counterintelligence and Security Agency, and relocating them to a new facility to be built on 526 acres of available administrative space at Fort Meade, MD. This is an HSA and Intel collaborative scenario; the HSA JCSG is Office of Primary Responsibility, Intel JCSG is the Office of Collateral Responsibility. This is an alternate scenario to HSA-0095, which places this organization at Wright Patterson AFB, OH.

Scenario Title: MAH-MAH-0007 (Dc): Co-locate MILDEP Investigation Agencies

Description:

Realign Washington Navy Yard, Andrews AFB, and Ft. Belvoir by co-locating Navy Criminal Investigation Service, AF Office of Special Investigation, and USA Criminal Investigation Command at Ft. Meade.

Justification/Impact:

- Frees up 510,000 GSF close to Pentagon for other uses.
- Affects 2,293 personnel, as currently reported.
- Co-location of organizations facilitates possible consolidation of common support functions; applied a 10% personnel savings factor to the smallest organizations in this scenario, resulting in a forecast reduction of 141 positions.
- Computed space required at 200 GSF/person = 430,000 GSF.
- Navy NCIS needs upgraded HQ facility.
- Ft. Meade reports 28,755 GSF of vacant administrative space and sufficient land to accommodate 7.4 million GSF of new administrative space.
- Co-location of organizations with like missions promotes "jointness" and creates opportunities for synergy.

Description:

- Realign1 leased location in Arlington, Virginia by relocating USA Installation Management Agency (IMA) to Ft. Lee.
- Realign 5 leased locations in Falls Church, Arlington, and Alexandria, Virginia by co-locating USA Community and Family Support Center, USA Center for Substance Abuse, USA Family Liason Office, and USA Human Resources Office XXI with IMA headquarters at Ft. Lee.
- Realign Ft. McPherson and Ft. Monroe by consolidating regional offices of IMA with new IMA HQ at Ft. Lee, forming an IMA Eastern Region.
- Realign Rock Island Arsenal by consolidating IMA regional office with existing office at Ft. Sam Houston, forming IMA Western Region.
- Realign 2 leased locations in Falls Church and Alexandria, Virginia, Ft. Monroe, and Ft. Eustis by consolidating Army Contracting Agency (ACA) HQ and regional offices to form ACA Eastern Region at Ft. Lee.
- Realign Ft. McPherson by consolidating ACA regional office with existing office to form ACA Western Region at Ft. Sam Houston.
- Realign 1 leased location in Arlington, Virginia, Ft. Monroe, and Ft. McPherson by consolidating USA NETCOM HQ and regional offices to form NETCOM Eastern Region at Ft. Lee.
- Realign Rock Island Arsenal by consolidating NETCOM regional office with existing office to form NETCOM Western Region at Ft. Sam Houston

Justification/Impact:

- Eliminates nearly 300,000 equivalent GSF of leased space within the DC Area.
- Impacts over 1,431 personnel (figure not final; missing some Army data).
- Enhances AT/FP.
- Co-location of organizations with like missions promotes "jointness" and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions.
- USA estimated personnel reduction of up to 200 positions (IMA Regions).
- Ft. Lee reports 28,658 GSF of vacant administrative space and sufficient land to accommodate over 21.3 million GSF of new administrative space.
- Ft. Sam Houston reports 88,945 GSF of vacant administrative space and sufficient land to accommodate nearly 11 million GSF of new administrative space.

Scenario Title: MAH-MAH-0028 (Dc): Consolidate NAVAIR Leased Locations

Description:

Close 7 leased locations in Patuxent River and Lexington Park, Maryland by relocating NAVAIR Components to NAS Paxtuxent River.

Justification/Impact:

- Eliminates 92,000 USF of leased space within DC Area.
- Affects 620 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 87 positions.
- Space required is 106,600 GSF.
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations eliminates redundancy.
- NAS Patuxent River reports 20,809 GSF of vacant administrative space and sufficient land to accommodate over 4 million GSF of new administrative space.

Losing Bases

214191 Great Mills Road; Lexington Park; MD (Lexington Park, MD) - Close

Scenario Title: MAH-MAH-0036 (Dc): Consolidate Defense Information Systems Agency (DISA) within DC Area - Alternate

Description:

Close 5 leased locations and realign 4 leased locations and Arlington Service Center (Navy) by consolidating components of DISA at Ft. Belvoir.

Justification/Impact:

- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Enhances AT/FP
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

Scenario Title: MAH-MAH-0037(Dc): Consol. Defense Information Systems Agency(DISA) Components outside of DC Area

Description:

Close 5 leased locations and realign 4 leased locations, Arlington Service Center (Navy), and Ft. Belvoir by consolidating components of DISA at Peterson Air Force Base.

Justification/Impact:

- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Enhances AT/FP
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Peterson AFB reports no vacant administrative space and sufficient land to accommodate 2.3 million GSF of new administrative space.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

Scenario # HSA-0092 **Date Created:** 10/28/2004

Scenario Title: MAH-MAH-0039 (Alt to MAH-0014) : Relocate Army Materiel Command(AMC)-Alternate

Description:

Realign Ft. Belvoir by relocating AMC and the Security Assistance Command (USA SAC, an AMC sub-component) to Redstone Arsenal.

Justification/Impact:

- Frees up small amount of permanent space at Ft. Belvoir.
- Provides for permanent facilities for Army MACOM.
- Space required for 1,411 personnel is 282,200 GSF at 200 GSF/person.
- Redstone Arsenal reports no vacant administrative space but sufficient land to accommodate over 30 million GSF of new administrative space.

Scenario Title: MAH-MAH-0040 (Alt to MAH-0018): Consolidate Army Test and Evaluation Command (ATEC) Headquarters

Description:

Realign 1 leased location in Alexandria, Virginia by consolidating Army Test and Evaluation Command (ATEC) HQ and an office of the Army Evaluation Center (sub-component of ATEC) with ATEC sub-components at Ft. Belvoir.

Justification/Impact:

- Eliminates 83,000 USF of leased space within the DC Area.
- Affects 470 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 66 positions.
- Space required is 80,800 GSF.
- Enhances AT/FP.
- Consolidation of HQ location with sub-components eliminates redundancy and enhances efficiency.
- Army estimates leased space cost avoidance at \$3.3M annually (FY04 cost).
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.

Scenario # HSA-0098 **Date Created:** 10/29/2004

Scenario Title: GC-DA-0005: Collocate Defense/MILDEP Adjudication Activities at Wright Patterson AFB, OH (26 Oct 04)

Description:

Realign Bolling AFB, Washington Navy Yard, the Pentagon, and Fort Meade, MD; and leased space in Arlington, VA, and Columbus, OH, by collocating MILDEP, Office of the Secretary of Defense, Department of Defense agency/activity security clearance adjudication activities in a new facility to be built at Wright-Patterson AFB, OH. This is an HSA and Intel collaborative scenario; the HSA JCSG is the Office of Primary Responsibility, the Intel JCSG is the Office of Collateral Responsibility. This scenario enables HSA-0095; it creates a security clearance investigation/adjudication Center of Excellence at Wright Patterson AFB, OH.

Losing Bases

Bolling AFB (Washington, DC) - Realignment
DIA - Arlington (CAF) (Arlington, VA) - Realignment
DLSA - Arlington (DOHA) (Arlington, VA) - Realignment
Meade (Fort George G Meade, MD) - Realignment
NSA - CAF (Ft Meade, MD) - Realignment
Pentagon (Arlington, VA) - Realignment
Washington Headquarters Services (Arlington, VA) - Realignment
Washington Navy Yard (Washington, DC) - Realignment

Losing Activities

AF CAF 229 Brookley Ave, Bldg 520 (owned)

Scenario # HSA-0099 **Date Created:** 10/29/2004

Scenario Title: GC-DA-0007: [E] Collocate Defense/MILDEP Adjudication Activities at Ft Meade, MD (26 Oct 04)

Description:

Realign Bolling AFB, Washington Navy Yard, the Pentagon, and Fort Meade, MD; and leased space in Arlington, VA, and Columbus, OH, by collocating MILDEP, Office of the Secretary of Defense, Department of Defense agency/activity security clearance adjudication activities in a facility to be built at Ft Meade, MD. This is an HSA and Intel collaborative scenario; the HSA JCSG is the Office of Primary Responsibility, the Intel JCSG is the Office of Collateral Responsibility. This scenario enables HSA-0072; it creates a security clearance investigation/adjudication Center of Excellence at Ft Meade, MD.

Losing Bases

Bolling AFB (Washington, DC) - Realignment
DIA - Arlington (CAF) (Arlington, VA) - Realignment
DLSA - Arlington (DOHA) (Arlington, VA) - Realignment
Meade (Fort George G Meade, MD) - Realignment

Registered Scenarios

As Of: 12/23/2004

Scenario # HSA-0100 **Date Created:** 10/29/2004

Scenario Title: GC-DA-0006: [I] Consolidate DSS Academy and Joint CI Training Academy At Ft Meade, MD (26 Oct 04)

Description:

Realign leased space in Elkridge and Linthicum, MD, by consolidating Defense Security Service Academy and the Joint Counterintelligence Training Academy at Fort Meade, MD. This is an alternate scenario to HSA-0095, which consolidates all DSS/CIFA activities at Wright Patterson AFB, OH. This is an HSA and Intel collaborative scenario; the HSA JCSG is the Office of Primary Responsibility, the Intel JCSG the Office of Collateral Responsibility.

Losing Bases

CIFA - Joint Training Academy (Elridge, MD) - Realignment

DSS - DSS-A (Linthicum, MD) - Realignment

Receiving Bases

Meade (Fort George G Meade, MD) - Receive

Losing Activities

CIFA JCITA 6855 Deerpath Road (leased)

Scenario # HSA-0103 **Date Created:** 11/4/2004

Scenario Title: MAH-MAH-0044 (Alt to MAH-0028): Consolidate NAVAIR

Description:

Close 7 leased locations in Patuxent River and Lexington Park, Maryland by relocating NAVAIR Components to a single, AT/FP compliant leased location.

Justification/Impact:

- Eliminates 92,000 USF of leased space within DC Area.
- Affects 620 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 87 positions.
- Space required is 106,600 GSF.
- Enhances AT/FP.
- The exact location of new, leased space is determined by a competitive bidding procurement process.

Losing Bases

214191 Great Mills Road; Lexington Park; MD (Lexington Park, MD) - Close
21535 Pacific Drive; Lexington Park; MD (Lexington Park, MD) - Close

21920 Nickles Road; Patuxent River; MD (Patuxent River, MD) - Close

Scenario # HSA-0104 **Date Created:** 11/4/2004

Scenario Title: MAH-MAH-0045 (Alt to MAH-0012): Create New Agency for Media and Publications

Description:

Realign Fort Belvoir, Anacostia Annex, 2 leased locations in Alexandria, VA, 1 leased location in Norfolk, VA, and 1 leased location in San Antonio, TX by consolidating Army Broadcasting Service, Soldiers Radio & TV; Soldiers Magazine, Air Force News Agency, Army/Air Force Hometown News Service; Naval Media Center; and Navy's Fleet Hometown News into a newly created DoD Media Activity at Lackland Air Force Base.

Close 1 leased location in Alexandria, VA by co-locating the American Forces Information Service with the new DoD Media Activity at Lackland Air Force Base.

Justification/Impact:

-Eliminates approximately 84,000 USF of leased space.

-Affects 608 personnel. Scenario estimates a 20% personnel savings for the media activities as a result of consolidation, or 78 positions, and a 10% savings for AFIS as a result of co-location, or 22 positions.

-Space required is approximately 101,600 GSF.

-Enhances AT/FP.

-Consolidation and co-location of organizations with like missions promotes "jointness" and creates opportunities for synergy.

-Consolidation and co-location of organizations facilitates possible consolidation of common support functions.

-Lackland AFB reports no vacant administrative space and sufficient land to accommodate 1.76 million GSF of new administrative space.

Losing Bases

103 Norton Street; San Antonio; TX (San Antonio, TX) - Close

2320 Mill Road; Alexandria; VA (Alexandria, VA) - Close

601 North Fairfax Street; Alexandria; VA (Alexandria, VA) - Realignment

Scenario # HSA-0105 **Date Created:** 11/4/2004

Scenario Title: MAH-MAH-0046 (Alt to MAH-0020): Relocate USA Space and Missile Defense Command (SMDC) Headquarters

Description:

Realign two leased space locations in Arlington, Virginia by relocating Headquarters components of USA Space and Missile Command to Peterson Air Force Base.

Justification/Impact:

- Eliminates 27,000 USF of leased space.
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations eliminates redundancy.
- Affects approximately 161 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 23 positions.
- SMDC has existing, large presence at Peterson AFB.
- Peterson AFB reports 0 GSF of vacant administrative space and sufficient land to accommodate 2.3 million GSF of new administrative space.

Losing Bases

Crystal Mall 4; Arlington; VA (Arlington, VA) - Realignment

Crystal Square 2; Arlington; VA (Arlington, VA) - Realignment

Losing Activities

Scenario # HSA-0106 **Date Created:** 11/4/2004

Scenario Title: MAH-MAH-0047 (Alt to MAH-0022): Co-locate Miscellaneous OSD and 4th Estate Leased Locations

Description:

Close 13 and realign 23 leased locations by co-locating components of the Office of the Secretary of Defense, Washington Headquarters Services, the Defense Technology Security Administration, the Defense Legal Services Agency, the Defense Human Resources Activity, the DoD Education Activity, and the DOD Inspector General along with sufficient space to accommodate overflow from the Pentagon Renovation Project to an administrative campus at Walter Reed Army Medical Center (WRAMC).

Justification/Impact:

- Encompasses 1.2 million GSF (or equivalent) of regular leased space plus 1.0 million GSF as a placeholder for Pentagon Renovation overflow. Computed space required at 200 GSF/person = 1.7 million GSF.
- Eliminates 1,050,000 USF of regular leased space within the DC Area, plus over 900,000 equiv GSF in Pentagon Renovation space.
- 13 leased locations can be closed, including Pentagon Renovation buildings: approx. 1.3 million USF.
- Affects 3,679 personnel in regular space plus provides space for an estimated 5,000 personnel potentially affected by the Pentagon Renovation overflow, as currently reported.
- Scenario estimates a 20% personnel savings for WHS as a result of consolidation, or 61 positions, and a 7% factor for all other entities except OSD as a result of co-location, or 142 positions.
- Enhances AT/FP.
- Consolidation of HQ location with sub-components eliminates redundancy and enhances efficiency.
- Space is expected to become available at WRAMC as a result of other BRAC actions.

Scenario Title: MAH-MAH-0042 (Alt to MAH-0009): Consolidate/Co-locate Inst Mgmt Agencies and Army Service Providers

Description:

-Realign 1 leased location in Arlington, Virginia by re-locating USA Installation Management Agency (IMA) to Aberdeen Proving Ground (APG).
-Realign 5 leased locations in Falls Church, Arlington, and Alexandria, Virginia by co-locating USA Community and Family Support Center, USA Center for Substance Abuse, USA Family Liason Office, and USA Human Resources Office XXI with IMA headquarters at APG.
-Realign Ft. McPherson and Ft. Monroe by consolidating regional offices of IMA with new IMA HQ at APG, forming an IMA Eastern Region.
-Realign Ft. Sam Houston by consolidating IMA regional office with existing office at Rock Island Arsenal (RIA), forming IMA Western Region.
-Realign 2 leased locations in Falls Church and Alexandria, Virginia, Ft. Monroe, and Ft. Eustis by consolidating Army Contracting Agency (ACA) HQ and regional offices to form ACA Eastern Region at APG.
-Realign Ft. McPherson by consolidating ACA regional office with existing office to form ACA Western Region at RIA.
-Realign 1 leased location in Arlington, Virginia, Ft. Monroe, and Ft. McPherson by consolidating USA NETCOM HQ and regional offices to form NETCOM Eastern Region at APG.
-Realign Ft. Sam Houston by consolidating NETCOM regional office with existing office to form NETCOM Western Region at RIA.

Justification/Impact:

-Eliminates nearly 300,000 equivalent GSF of leased space within the DC Area.
Impacts over 1,431 personnel (figure not final; missing some Army data).
-Enhances AT/FP.
-Co-location of organizations with like missions promotes "jointness" and creates opportunities for synergy.
-Co-location of organizations facilitates possible consolidation of common support functions.
USA estimated personnel reduction of up to 200 positions (IMA Regions).
-Aberdeen Proving Ground reports 68,297 GSF of vacant administrative space and sufficient land to accommodate 9 million GSF of new administrative space.
-Rock Island Arsenal – Capacity TBD.

Scenario Title: MAH-MAH-0043 (Alt to MAH-0007): Co-locate MILDEP Investigation Agencies

Description:

Realign Washington Navy Yard, Andrews AFB, and Ft. Belvoir by co-locating Navy Criminal Investigation Service, AF Office of Special Investigation, and USA Criminal Investigation Command at MCB Quantico.

Justification/Impact:

- Frees up 510,000 GSF close to Pentagon for other uses.
- Affects 2,293 personnel, as currently reported.
- Co-location of organizations facilitates possible consolidation of common support functions; applied a 10% personnel savings factor to the smallest organizations in this scenario, resulting in a forecast reduction of 141 positions.
- Computed space required at 200 GSF/person = 430,000 GSF.
- Navy NCIS needs upgraded HQ facility.
- MCB Quantico reports 61,436 GSF of vacant administrative space and sufficient land to accommodate 3.4 million GSF of new administrative space.
- Co-location of organizations with like missions promotes "jointness" and creates opportunities for synergy.

Scenario Title: MAH-MAH-0037(Alt): Consol. Defense Information Systems Agency(DISA) Components outside of DC Area

Description:

Close 5 leased locations and realign 4 leased locations, Arlington Service Center (Navy), and Ft. Belvoir by consolidating components of DISA at Schriever Air Force Base.

Justification/Impact:

- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Enhances AT/FP
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg."

NOTE: It is anticipated that this scenario will be further refined to be either Peterson AFB or Schriever AFB or parts of DISA at each installation.

Scenario # HSA-0115 **Date Created:** 11/17/2004

Scenario Title: MAH-MAH-0049 (Alt to MAH-0011): Co-locate MILDEP and DoD Medical Activities

Description:

Close 1 and realign 5 leased locations in the DC Area and realign Bolling AFB and Potomac Annex by co-locating the following medical entities at the National Naval Medical Center in Bethesda: Tricare Management Agency, AF Medical Support Agency, USA Office of the Surgeon General (includes USA Medical Command (DC Area offices)), and Navy Bureau of Medicine (BUMED).

Justification/Impact:

- Eliminates 168,000 USF of leased space within the DC Area.
- Affects 1,589 personnel.
- Enhances AT/FP.
- Co-location of organizations with like missions promotes "jointness" and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions; applied a 7% personnel savings factor to the smallest organizations in this scenario, resulting in a forecast reduction of 71 positions.
- Space required is approximately 303,600 GSF.
- Relocates major tenant from Potomac Annex and allows Navy to consider closing that installation.
- Space is expected to become available at NNMC as a result of other BRAC actions.

Losing Bases

Bolling AFB (Washington, DC) - Realignment
Forest Glen Annex 172; Washington; DC (Washington, DC) - Realignment
Hoffman 2; Alexandria; VA (Alexandria, VA) - Realignment
Potomac Annex (Washington, DC) - Realignment
Skyline Five; Falls Church; VA (Falls Church, VA) - Realignment
Skyline Four ; Falls Church; VA (Falls Church, VA) - Realignment
Skyline Office Building; Falls Church; VA (Falls Church, VA) - Realignment
Skyline Six; Falls Church; VA (Falls Church, VA) - Realignment

Losing Activities

USAF Medical Support Agency - Co-locate
USA Office of the Surgeon General (OTSG) - Co-locate
USA Office of the Surgeon General (OTSG) - Co-locate
BUMED WASHINGTON DC - Co-locate
Tricare Management Agency (TMA) - Co-locate
Tricare Management Agency (TMA) - Co-locate
Tricare Management Agency (TMA) - Co-locate
Tricare Management Agency (TMA) - Co-locate
USA Office of the Surgeon General (OTSG) - Co-locate

Receiving Bases

National Naval Medical Center Bethesda (Bethesda, MD) - Receive

Activities being Received

BUMED WASHINGTON DC
Tricare Management Agency (TMA)
USA Office of the Surgeon General (OTSG)
USAF Medical Support Agency

Registered Scenarios

Scenario # HSA-0116 **Date Created:** 11/17/2004

Scenario Title: MAH-MAH-0050 (Alt to MAH-0030): Relocate DCMA HQ

Description:

Close 1 leased space location in Springfield, VA and relocate DCMA Headquarters to USA Carlisle Barracks.

Justification/Impact:

- Eliminates over 80,000 USF of leased space within DC Area.
- Enhances AT/FP.
- Space required is 100,200 GSF.
- Space is expected to become available at Carlisle Barracks as a result of other BRAC actions.

Losing Bases

Metro Park III; Alexandria; VA (Alexandria, VA) - Close

Losing Activities

Defense Contract Management Agency - Relocate

Receiving Bases

Carlisle (Carlisle, PA) - Receive

Activities being Received

Defense Contract Management Agency

Registered Scenarios

Scenario # HSA-0117 **Date Created:** 11/24/2004

Scenario Title: MAH-MAH-0052 (Alt to MAH-0002): Consolidate Missile Defense Agency (MDA) within DC Area

Description:

Realign 2 leased locations, close 7 leased locations, and facilitate disposal of Federal Office Building 2 (FOB 2) by consolidating MDA HQ and relocating at Ft. Belvoir.

Justification/Impact:

- Consolidation of MDA-controlled HQ locations from 10 to 1 eliminates redundancy and enhances efficiency.
- Encompasses nearly 600,000 GSF (or equivalent), as currently reported as MDA-controlled. Computed space required at 200 GSF/person=419,600 GSF.
- Eliminates over 248,000 USF of leased space within the DC Area.
- 7 leased locations can be closed: approx. 195,000 USF.
- Affects approximately 2,400 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 341 positions.
- Enhances AT/FP.
- Relocates major tenant from FOB 2, which is projected to close in 2010+.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.

Losing Bases

1710 SAIC Drive; McLean; VA (McLean, VA) - Close
1901 North Beauregard Street; Alexandria; VA (Alexandria, VA) - Realignment
4725-B Eisenhower Avenue; Alexandria; VA (Alexandria, VA) - Close
9861 Broken Land Parkway; Columbia; MD (Columbia, MD) - Close
Crystal Square 2; Arlington; VA (Arlington, VA) - Realignment
Federal Office Building 2 (aka Navy Annex) (Washington, DC) - OTHER
Sequoia Plaza Bldg 1; Arlington; VA (Arlington, VA) - Close
Sequoia Plaza Bldg 2; Arlington; VA (Arlington, VA) - Close
Sequoia Plaza Bldg 3; Arlington; VA (Arlington, VA) - Close
Suffolk Building; Falls Church; VA (Falls Church, VA) - Close

Receiving Bases

Belvoir (Fort Belvoir, VA) - Receive

Registered Scenarios

As Of: 12/23/2004

Scenario # HSA-0118 **Date Created:** 11/24/2004

Scenario Title: MAH-MAH-0051(Alt to MAH-0015): Co-locate Miscellaneous Army Leased Locations

Description:

Realign 18 leased locations by relocating components of the following USA Activities to Ft. McNair: Office of the Administrative Assistant of the Army (SAAA), Army Audit Agency, ASA(F&MC), ASA(I&E), ASA(M&R), CECOM(Acq. Center), DUSA, G-1, G-3, G-8, OASA(Alt), OCAR, OCPA, Army Safety Office, Office of the Chief of Chaplains, the PEO Bio Defense Office, and USALSA.

Justification/Impact:

- Encompasses 788,000 GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 686,200 GSF.
- Affects 3,431 personnel, as currently reported.
- Enhances AT/FP.
- Co-location of organizations facilitates possible consolidation of common support functions.
- Space may become available at Ft. McNair as a result of other BRAC actions; there is no available administrative space or land at this time.

Losing Bases

Scenario # HSA-0120 **Date Created:** 11/26/2004

Scenario Title: MAH-R&RC-0019 [Dc, E]; Relocate Marine Corps Reserve Command

Description:

Realign NSA New Orleans, LA by co-locating Marine Corps Reserve Command to JRB New Orleans, LA.

Justification/Impact:

- Maintains Joint Service interoperability.
- Merge common support functions.
- Administrative buildable acres at JRB NAS NOLA: 30.0.
- Undetermined available acres at JRB NAS NOLA: 284.
- Required maximum acre: 11.8.
- Total personnel relocated: 824
- MPC-0001, 0008, 0010, 0012 enable the closure of NSA New Orleans by relocating NAVRESPERCEN and EPMC at either San Antonio, TX mega-center, Ft Leavenworth, KS or NSA Millington, respectively.
- R&RC-0016, 0017, 0018 enable the closure of NSA New Orleans by relocating NAVRESCOM AND navrescruitcom TO nsa Norfolk or NAB Little Creek, VA and NSA Millington, TN, respectively.

This scenario deconflicts HSA-0094.

Losing Bases

Scenario Title: MAH-MAH-0053: Relocate Air Force Real Property Agency

Description:

Realign 2 leased locations in the DC Area by co-locating the Air Force Real Property Agency with the Air Force Center for Environmental Excellence at Brooks City-Base, Texas.

USAF-sponsored scenario.

Justification/Impact:

- Eliminates 16,437 USF of leased space within DC Area.
- Affects 71 personnel, as currently reported.
- Computed space required at 200 GSF/person = 14,200 GSF.
- Enhances AT/FP.
- Force multiplies with Air Force Center of Environmental Excellence regarding real property privatization issues.

Losing Bases

Nash Street Building; Arlington; VA (Arlington, VA) - Realignment

Rosslyn Center; Rosslyn; VA (Rosslyn, VA) - Realignment

Scenario # HSA-0123 **Date Created:** 12/3/2004

Scenario Title: MAH-R&RC-0020: Relocate MOBCOM to MCB Quantico, VA.

Description:

Realign MCSA Kansas City, MO. By co-locating MOBCOM with the Marine Corps Reserve Command at MCB Quantico, VA.

Merge common support functions.

Co-locates MC Reserve Command with other MC HQ entities at MCB Quantico, VA.

Reduce leased space by 163,185 GSF.

Undetermined available acres at Quantico: 243.

Required maximum acres at Quantico: 19.4.

Required maximum acres: 18.9.

Total personnel relocated: 1322.

MPC-0001, 0008, 0010, 0012 enable the closure of NSA New Orleans by relocating NAVRESPERCEN and EPMC at either San Antonio, TX mega-center, Ft Leavenworth, KS or NSA Millington, TN, respectively.

R&RC-0016, 0017, 0018 enable the closure of NSA New Orleans by relocating NAVRESCOM and NAVRESCUITCOM to NSA Norfolk or NAB Little Creek, VA and NSA Millington, TN, respectively.

Blue Grass Army Depot - Relocate

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0065 **Date Created:** 11/22/2004

Scenario Title: MX 1.1C

Description:

Realign all depot maintenance workload and capability for the commodity group Industrial Plant Equipment (IPE) from Pine Bluff Arsenal to Naval Support Activity Mechanicsburg and disestablish capability at Pine Bluff Arsenal. Realign commodity groups "Other" and Fabrication and Manufacturing with Pine Bluff Arsenal's Munition Production mission.

This scenario is based on using workload and expanded total capacity with 1.5 shifts.

Losing Bases

Pine Bluff (Pine bluff, AR) - Realignment

Losing Activities

Pine Bluff Arsenal - Relocate

Receiving Bases

Naval Support Activity Mechanicsburg (Mechanicsburg, PA) - Receive

Activities being Received

PINE BLUFF ARSENAL

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0066 **Date Created:** 11/22/2004

Scenario Title: MX 1.1D

Description:

Realign all depot maintenance workload and capability for the commodity groups Computers, Crypto, Electronic Components (non-airborne), Radio, and "Other" from Lackland Air Force Base to Tobyhanna Army Depot and disestablish depot maintenance capabilities at Lackland Air Force Base.

This scenario is based on using workload and expanded total capacity with 1.5 shifts.

Losing Bases

Lackland AFB (San Antonio, TX) - Realignment

Losing Activities

Lackland AFB - Relocate

Receiving Bases

Tobyhanna (Tobyhanna, PA) - Receive

Activities being Received

Lackland AFB

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0067 **Date Created:** 11/22/2004

Scenario Title: MX 1.1E

Description:

Realign all depot maintenance workload and capability for the commodity group Ground Support Equipment from NAVAIRSEFAC Solomons Maryland on IF Solomons Island to Anniston Army Depot, Tobyhanna Army Depot and Hill Air Force Base and disestablish capability at NAVAIRSEFAC Solomons Maryland on IF Solomons Island.

This scenario is based on using workload and expanded total capacity with 1.5 shifts.

Losing Bases

Solomons Island (Solomons, MD) - Realignment

Losing Activities

Solomons Island - Relocate

Receiving Bases

Anniston (Anniston, AL) - Receive

Hill AFB (Clearfield, UT) - Receive

Tobyhanna (Tobyhanna, PA) - Receive

Activities being Received

Solomons Island

Solomons Island

Solomons Island

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0068 **Date Created:** 11/22/2004

Scenario Title: MX 1.1F

Description:

Realign all depot maintenance workload and capability for the commodity group Ground Support Equipment from COMNAVAIRSYSCOM Patuxent River on NAS Patuxent River to Anniston Army Depot, Tobyhanna Army Depot and Hill Air Force Base and disestablish capability at COMNAVAIRSYSCOM Patuxent River on NAS Patuxent River.

This scenario is based on using workload and expanded total capacity with 1.5 shifts.

Losing Bases

Naval Air Station Patuxent River (Patuxent River, MD) - Realignment

Losing Activities

COMNAVAIRSYSCOM Patuxent River - Relocate

Receiving Bases

Anniston (Anniston, AL) - Receive

Hill AFB (Clearfield, UT) - Receive

Tobyhanna (Tobyhanna, PA) - Receive

Activities being Received

COMNAVAIRSYSCOM Patuxent River

COMNAVAIRSYSCOM Patuxent River

COMNAVAIRSYSCOM Patuxent River

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0069 **Date Created:** 11/22/2004

Scenario Title: MX 1.1G

Description:

Realign all depot maintenance workload and capability for the commodity group Aircraft Bomber from Palmdale - Boeing, Lockheed Martin, Northrup Grumman CA to Tinker Air Force Base OK and Aircraft Other from Palmdale - Boeing, Lockheed Martin, Northrup Grumman to NAVAIRDEPOT Jacksonville FL on NAS Jacksonville FL and disestablish capability at Palmdale - Boeing, Lockheed Martin, Northrup Grumman.

This scenario is based on using workload and expanded total capacity with 1.5 shifts.

Losing Bases

Palmdale (Palmdale, CA) - Realignment

Losing Activities

Palmdale - Boeing, Lockheed Martin, Northrup Grumman - Relocate

Receiving Bases

Naval Air Station Jacksonville (Jacksonville, FL) - Receive

Tinker AFB (Midwest City, OK) - Receive

Activities being Received

Palmdale - Boeing, Lockheed Martin, Northrup Grumman

Palmdale - Boeing, Lockheed Martin, Northrup Grumman

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0070 **Date Created:** 11/22/2004

Scenario Title: MX 1.1H

Description:

Realign all depot maintenance workload and capability for the commodity groups Conventional Weapons and Fabrication and Manufacturing from NAVUNSEAWARCENDIV Keyport WA on SUBASE Bangor to PUGET SOUND Naval Shipyard on Naval Station Bremerton and disestablish capability at NAVUNSEAWARCENDIV Keyport WA on SUBASE Bangor.

This scenario is based on using workload and expanded total capacity with 1.5 shifts.

Losing Bases

NUWC Annex Keyport (Silverdale, WA) - Realignment

Losing Activities

NUWC Annex Keyport - Relocate

Receiving Bases

Naval Station Bremerton (Bremerton, WA) - Receive

Activities being Received

NUWC Annex Keyport

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0071 **Date Created:** 11/24/2004

Scenario Title: MX 1.1J

Description:

In FY05, realign all depot maintenance workload and capability for the commodity group "Other" at Tooele Army Depot and consolidate commodity group "Other" with Tooele's Ammunition Peculiar Equipment (APE) mission.

This scenario is based on using workload and expanded total capacity with 1.5 shifts.

Losing Bases

Losing Activities

Tooele (Tooele, UT) - Realignment

Tooele Army Depot - Relocate

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0072 **Date Created:** 11/24/2004

Scenario Title: MX 1.11

Description:

In FY05, disestablish all depot maintenance workload and capability for the commodity groups Aircraft Fighter/Attack, Aircraft Other Components, Fabrication and Manufacturing, and "Other" with the exception of maintenance related to reclamation activities at Davis-Monthan Air Force Base.

This scenario is based on using workload and expanded total capacity with 1.5 shifts.

Losing Bases

Davis-Monthan AFB (Tucson, AZ) - Realignment

Losing Activities

Davis-Monthan Air Force Base - Relocate

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0073 Date Created: 11/22/2004

Scenario Title: MX 1.2A

Description:

Realign all depot maintenance workload and capability for the commodity groups Aircraft Other Components, Aircraft Rotary, Amphibious Vehicles, Armament and Structural Components, Combat Vehicles, Construction Equipment, Conventional Weapons, Electronic Components (non-airborne) Electro-Optics/Night Vision/FLIR, Engines/Transmissions, Fire Control Systems and Components, Generators, Ground Support Equipment, Material Handling, Other Components, Other Equipment, Powertrain Components, Radar, Radio, Small Arms/Personal Weapons, Starters/Alternators/Generators, Strategic Missiles, Tactical Missiles, Tactical Vehicles, TMDE, Wire, and "Other" from Marine Corps Logistics Base Barstow to NAVAIRDEPOT Jacksonville on NAS Jacksonville, Marine Corps Logistics Base Albany, Anniston Army Depot, NAVUNSEAWARCENDIV Keyport on SUBASE Bangor, Tobyhanna Army Depot, Hill Air Force Base, Letterkenny Army Depot and Red River Army Depot and disestablish capability at Marine Corps Logistics Base Barstow.

Realign all depot maintenance workload and capability for the commodity groups Depot Fleet/Field Support, Fabrication and Manufacturing, and "Other" from NAVAIRWARCENACDIV Lakehurst on NAVAIRENGSTA Lakehurst to NAVAIRDEPOT Jacksonville on NAS Jacksonville and NAVAIRDEPOT North Island on NAVBASE Coronado and disestablish capability at NAVAIRWARCENACDIV Lakehurst on NAVAIRENGSTA Lakehurst.

Realign all depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronic Components, Computers, Conventional Weapons, Electronic Components (non-airborne), Electro-Optics/NightVision/FLIR, Electronic Warfare, Fire Control Systems and Components, Radar, Small Arms/Personal Weapons, and "Other" from NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN to Tobyhanna Army Depot, Anniston Army Depot, NAVUNSEAWARCENDIV Keyport on SUBASE Bangor and NAVAIRDEPOT Cherry Point on CO MCAS Cherry Point and disestablish capability at NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN.

Realign all depot maintenance workload and capability for the commodity groups Electronic Components (non-airborne), Fire Control Systems and Components, Material Handling, Other Components, Radar, Radio and Tactical Missiles from NAVWPNSTA Seal Beach CA to Tobyhanna Army Depot, Marine Corps Logistics Base Albany, Anniston Army Depot and Letterkenny Army Depot and disestablish capability at NAVWPNSTA Seal Beach CA.

Realign all depot maintenance workload and capability for the commodity group Combat Vehicles, Other Equipment, Tactical Vehicles, and "Other" from Rock Island Arsenal to Anniston Army Depot, Marine Corps Logistics Base Albany, Letterkenny Army Depot, Red River Army Depot, and Tobyhanna Army Depot and disestablish capability at Rock Island Arsenal.

Realign all depot maintenance workload and capability for the commodity group Electronic Components (non-airborne) from SPAWARSCEN Charleston SC on WPNSTA Charleston to Tobyhanna Army Depot and disestablish capability at SPAWARSCEN Charleston SC on WPNSTA Charleston.

Realign all depot maintenance workload and capability for the commodity groups Calibration, Computers, Crypto, Depot Fleet/Field Support, Electronic Warfare, Fabrication and Manufacturing, Material Handling, Navigational Aids, Radar, Radio, Software Support Equipment, TMDE, and "Other" from SPAWARSCEN San Diego CA on NAVBASE Point Loma to Hill Air Force Base, Tobyhanna Army Depot, Marine Corps Logistics Base Albany and disestablish capability at SPAWARSCEN San Diego CA on NAVBASE Point Loma.

This scenario is based on using workload and expanded maximum capacity with 1.0 shifts.

Losing Bases

Davis-Monthan AFB (Tucson, AZ) - OTHER
Marine Corps Logistics Base Barstow (Barstow, CA) - Realignment
Naval Air Engineering Station Lakehurst (Lakehurst, NJ) - Realignment
Naval Station San Diego (San Diego, CA) - Realignment
Naval Support Activity Crane (Crane, IN) - Realignment
Naval Weapons Station Charleston (Goose Creek, SC) - Realignment
Naval Weapons Station Seal Beach (Seal Beach, CA) - Realignment
NMCRC ROCK ISL IL, Rock Island Arsenal (Rock Island, IL) - Realignment

Losing Activities

Davis-Monthan Air Force Base - Disestablish
Marine Corps Logistics Base Barstow - Relocate
NAVAIRWARCENACDIV Lakehurst - Relocate
SPAWARSCEN San Diego - Relocate
NAVSURFWARCENDIV Crane - Relocate
SPAWARSCEN Charleston - Relocate
NAVWPNSTA Seal Beach - Relocate
Rock Island Arsenal - Relocate

Receiving Bases

Anniston (Anniston, AL) - Receive

Activities being Received

Marine Corps Logistics Base Barstow

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0074 **Date Created:** 11/23/2004

Scenario Title: MX 1.2B

Description:

In FY05, disestablish all depot maintenance workload and capability for the commodity groups Aircraft Rotary, Conventional Weapons, Material Handling and Tactical Missiles at Blue Grass Army Depot. Realign Fabrication and Manufacturing mission with Munitions Maintenance and Storage mission at Blue Grass Army Depot

This scenario is based on using workload and expanded maximum capacity with 1.0 shifts.

Losing Bases

Blue Grass (Richmond, KY) - Realignment

Losing Activities

Blue Grass Army Depot - Relocate

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0075 **Date Created:** 11/23/2004

Scenario Title: MX 1.2C

Description:

Realign all depot maintenance workload and capability for the commodity group Industrial Plant Equipment (IPE) from Pine Bluff Arsenal to Naval Support Activity Mechanicsburg and disestablish capability at Pine Bluff Arsenal. Realign commodity groups "Other" and Fabrication and Manufacturing with Pine Bluff Arsenal's Munition Production mission.

This scenario is based on using workload and expanded maximum capacity with 1.0 shifts.

Losing Bases

Pine Bluff (Pine bluff, AR) - Realignment

Losing Activities

Pine Bluff Arsenal - Relocate

Receiving Bases

Naval Support Activity Mechanicsburg (Mechanicsburg, PA) - Receive

Activities being Received

Pine Bluff Arsenal

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0076 **Date Created:** 11/23/2004

Scenario Title: MX 1.2D

Description:

Realign all depot maintenance workload and capability for the commodity groups Computers, Crypto, Electronic Components (non-airborne), Radio, and "Other" from Lackland Air Force Base to Tobyhanna Army Depot and disestablish depot maintenance capabilities at Lackland Air Force Base.

This scenario is based on using workload and expanded maximum capacity with 1.0 shifts.

Losing Bases

Lackland AFB (San Antonio, TX) - Realignment

Losing Activities

Lackland Air Force Base - Relocate

Receiving Bases

Tobyhanna (Tobyhanna, PA) - Receive

Activities being Received

Lackland Air Force Base

Registered Scenarios

Activities being Received

SUBMEPP PORTSMOUTH

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0103 Date Created: 12/17/2004

Scenario Title: MX 1.40

Description:

ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, COMSTRKFIGHTWINGPAC (AIMD) LEMOORE on NAS LEMOORE is to represent FRC WEST LEMOORE. This scenario establishes FRC WEST on NAS LEMOORE and realigns depot and intermediate maintenance workload and capability for the following activities; COMSTRKFIGHTWINGPAC (AIMD) LEMOORE, CA, NAVAIRDEPOT NORTH ISLAND DET LEMOORE, CA, COMNAVAIRWARCENWPNDIV (AIMD) CHINA LAKE, CA, NAVAIR FORT WORTH, TX, AIMD FALLON, NV, NAVAIRDEPOT NORTH ISLAND DET FALLON, NV to FRC WEST. This scenario establishes the following detachments: DET FALLON (surrogate responder is AIMD FALLON).

Realign Intermediate maintenance workload and capability for commodity groups Aircraft, Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from COMSTRKFIGHTWINGPAC (AIMD) LEMOORE, CA on NAS LEMOORE to FRC WEST LEMOORE.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Fighter/Attack and Aircraft Other from NAVAIRDEPOT NORTH ISLAND DET LEMOORE, CA on NAS LEMOORE to FRC WEST LEMOORE.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft, Aircraft Components, Aircraft Engines, Ordnance, Weapons & Missiles and Support Equipment from NAVAIR FORT WORTH, TX on NAS JRB FORT WORTH to FRC WEST LEMOORE.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft, Aircraft Components, Fabrication & Manufacturing and Support Equipment from COMNAVAIRWARCENWPNDIV (AIMD) CHINA LAKE, CA on NAVAIRWPNSTA CHNA LK to FRC WEST LEMOORE.

Establish FRC WEST DET FALLON on NAS FALLON and consolidates Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines and Support Equipment from AIMD FALLON, NV on NAS FALLON to FRC WEST DET FALLON.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Other and Aircraft Rotary from NAVAIRDEPOT NORTH ISLAND DET FALLON, NV on NAS FALLON to FRC WEST DET FALLON.

Losing Bases

Joint Reserve Base Fort Worth (Fort Worth, TX) - Realignment

Naval Air Station Fallon (Fallon, NV) - Realignment

Naval Air Station Lemoore (Lemoore, CA) - Realignment

Naval Air Station North Island (San Diego, CA) - Realignment

Naval Air Weapons Station China Lake (China Lake, CA) - Realignment

Losing Activities

NAVAIR FORT WORTH, TX - Consolidate

AIMD FALLON, NV - Consolidate

NAVAIRDEPOT NORTH ISLAND DET FALLON, NV - Consolidate

COMSTRKFIGHTWINGPAC (AIMD) LEMOORE, CA - Consolidate

NAVAIRDEPOT NORTH ISLAND DET LEMOORE, CA - Consolidate

NAVAIRDEPOT NORTH ISLAND, CA - Consolidate

COMNAVAIRWARCENWPNDIV (AIMD) CHINA LAKE, CA - Consolidate

Receiving Bases

Naval Air Station Fallon (Fallon, NV) - Receive

Activities being Received

AIMD FALLON, NV

NAVAIRDEPOT NORTH ISLAND DET FALLON, NV

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0104 Date Created: 12/17/2004

Scenario Title: MX 1.4P

Description:

ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, AIMD WHIDBEY ISLAND on NAS WHIDBEY ISLAND is to represent FRC NORTHWEST. Establish FRC NORTHWEST on NAS WHIDBEY ISLAND and realigns depot and intermediate maintenance workload and capability for the following activities; AIMD WHIDBEY ISLAND, WA, NAVAIRDEPOT NORTH ISLAND, CA, NAVSURFWARCENDIV CRANE, IN to FRC NORTHWEST WHIDBEY ISLAND.

Realign Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from AIMD WHIDBEY ISLAND, WA on NAS WHIDBEY ISLAND to FRC NORTHWEST WHIDBEY ISLAND.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing, Support Equipment, Aircraft Avionics/Electronics Components, Aircraft Hydraulic Components, Aircraft landing Gear Components, Aircraft Other Components and Aircraft Structural Components from NAVAIRDEPOT NORTH ISLAND, CA to FRC NORTHWEST WHIDBEY ISLAND.

Consolidate depot maintenance workload and capability for the commodity group Electronic Warfare (ALQ-99 only) from NAVSURFWARCENDIV CRANE, IN on NAVSUPPACT CRANE to FRC NORTHWEST WHIDBEY ISLAND.

Losing Bases

Naval Air Station North Island (San Diego, CA) - Realignment

Naval Air Station Whidbey Island (Oak Harbor, WA) - Realignment

Naval Support Activity Crane (Crane, IN) - Realignment

Losing Activities

NAVAIRDEPOT NORTH ISLAND, CA - Consolidate

AIMD WHIDBEY ISLAND, WA - Consolidate

NAVSURFWARCENDIV CRANE, IN - Consolidate

Receiving Bases

Naval Air Station Whidbey Island (Oak Harbor, WA) - Receive

Activities being Received

AIMD WHIDBEY ISLAND, WA

NAVAIRDEPOT NORTH ISLAND, CA

NAVSURFWARCENDIV CRANE, IN

Scenario # IND-0105 Date Created: 12/17/2004

Scenario Title: MX 1.4A

Description:

Realign all depot maintenance workload and capability for the commodity groups Aircraft Other Components, Aircraft Rotary, Amphibious Vehicles, Armament and Structural Components, Combat Vehicles, Construction Equipment, Conventional Weapons, Electronic Components (non-airborne) Electro-Optics/Night Vision/FLIR, Engines/Transmissions, Fire Control Systems and Components, Generators, Ground Support Equipment, Material Handling, Other Components, Other Equipment, Powertrain Components, Radar, Radio, Small Arms/Personal Weapons, Starters/Alternators/Generators, Strategic Missiles, Tactical Missiles, Tactical Vehicles, TMDE, Wire, and "Other" from Marine Corps Logistics Base Barstow to Fleet Readiness Center (FRC) SOUTHEAST JACKSONVILLE on NAS Jacksonville, Marine Corps Logistics Base Albany, Anniston Army Depot, Tobyhanna Army Depot, Hill Air Force Base, and Red River Army Depot and disestablish capability at Marine Corps Logistics Base Barstow. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Fabrication and Manufacturing, Other Equipment, Generators and Tactical Missiles and Tactical Vehicles from Letterkenny Army Depot to Marine Corps Logistics Base Albany, Robins Air Force Base, Hill Air Force Base, Red River Army Depot and Tobyhanna Army Depot and disestablish capability at Letterkenny Army Depot. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Aircraft Cargo/Tanker, Aircraft Fighter/Attack, Aircraft Instrument Components, Aircraft Ordnance Equipment Components, Aircraft Other, Ground Support Equipment, Other Engines from NAVAIRDEPOT North Island on NAVBASE Coronado to Robins Air Force Base, FRC SOUTHEAST JACKSONVILLE, Hill Air Force Base, Tinker Airforce Base, Tobyhanna Army Depot, and disestablish capability at NAVAIRDEPOT North Island on NAVBASE Coronado. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Depot Fleet/Field Support, Fabrication and Manufacturing, and "Other" from NAVAIRWARCENACDIV Lakehurst on NAVAIRENGSTA Lakehurst to FRC SOUTHEAST JACKSONVILLE to FRC SOUTHEAST JACKSONVILLE and disestablish capability at NAVAIRWARCENACDIV Lakehurst on NAVAIRENGSTA Lakehurst. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronic Components, Computers, Conventional Weapons, Electronic Components (non-airborne), Electro-Optics/NightVision/FLIR, Electronic Warfare, Fire Control Systems and Components, Radar, Small Arms/Personal Weapons, and "Other" from NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN to Robins Air Force Base, Tobyhanna Army Depot, Anniston Army Depot and disestablish capability at NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Electronic Components (non-airborne), Fire Control Systems and Components, Material Handling, Other Components, Radar, Radio and Tactical Missiles from NAVWPNSTA Seal Beach CA to Tobyhanna Army Depot, Marine Corps Logistics Base Albany, and Anniston Army Depot and disestablish capability at NAVWPNSTA Seal Beach CA. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity group Combat Vehicles, Other Equipment, Tactical Vehicles, and "Other" from Rock Island Arsenal to Anniston Army Depot, Marine Corps Logistics Base Albany and Red River Army Depot and disestablish capability at Rock Island Arsenal. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity group Electronic Components (non-airborne) from SPAWARSSYSCEN Charleston SC on WPNSTA Charleston to Tobyhanna Army Depot and disestablish capability at SPAWARSSYSCEN Charleston SC on WPNSTA Charleston. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Calibration, Computers, Crypto, Depot Fleet/Field Support, Electronic Warfare, Fabrication and Manufacturing, Material Handling, Navigational Aids, Radar, Radio, Software Support Equipment, TMDE, and "Other" from SPAWARSSYSCEN San Diego CA on NAVBASE Point Loma to Hill Air Force Base, Tobyhanna Army Depot, Marine Corps Logistics Base Albany and disestablish capability at SPAWARSSYSCEN San Diego CA on NAVBASE Point Loma. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Losing Bases

Letterkenny (Chambersburg, PA) - Realignment
Marine Corps Logistics Base Barstow (Barstow, CA) - Realignment
Naval Air Engineering Station Lakehurst (Lakehurst, NJ) - Realignment
Naval Air Station North Island (San Diego, CA) - Realignment
Naval Support Activity Crane (Crane, IN) - Realignment

Losing Activities

Letterkenny Army Depot - Relocate
Marine Corps Logistics Base Barstow CA - Relocate
NAVAIRWARCENACDIV Lakehurst NJ - Relocate
NAVAIRDEPOT North Island CA - Relocate
NAVSURWARCENDIV Crane IN - Relocate

Registered Scenarios

As Of: 12/23/2004

Naval Weapons Station Charleston (Goose Creek, SC) - Realignment
Naval Weapons Station Seal Beach (Seal Beach, CA) - Realignment
NMCRC ROCK ISL IL, Rock Island Arsenal (Rock Island, IL) - Realignment
SPAWAR Systems Center Point Loma (San Diego, CA) - Realignment

SPAWARSYSCEN Charleston SC - Relocate
NAVWPNSTA Seal Beach CA - Relocate
Rock Island Arsenal - Relocate
SPAWARSYSCEN San Diego CA - Relocate

Receiving Bases

Anniston (Anniston, AL) - Receive

Hill AFB (Clearfield, UT) - Receive

Marine Corps Logistics Base Albany (Albany, GA) - Receive

Naval Air Station Jacksonville (Jacksonville, FL) - Receive

Red River (Texarkana, TX) - Receive

Robins AFB (Warner Robins, GA) - Receive

Tinker AFB (Midwest City, OK) - Receive

Tobyhanna (Tobyhanna, PA) - Receive

Activities being Received

Marine Corps Logistics Base Barstow CA

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0107 **Date Created:** 12/17/2004

Scenario Title: MA-19 Close Anniston

Description:

Close Anniston Munitions Center and realign functions as follows:

IND-0052/MA-2 Realigns Storage Workload
IND-0047/MA-12 Realigns Demil workload
IND-00XX/MA-13 Realigns Munitions Maintenance

Losing Bases

Anniston (Anniston, AL) - Close

Losing Activities

Demil - Relocate
Munitions Maintenance - Relocate
Storage and Distribution - Relocate

Receiving Bases

Blue Grass (Richmond, KY) - Receive

McAlester (Macalester, OK) - Receive

Activities being Received

Demil
Munitions Maintenance
Storage and Distribution

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0111 **Date Created:** 12/17/2004

Scenario Title: MA-24 Close Red River Munitions Center

Description:

Close Red River Munitions Center and realign functions as follows:

IND-0053/MA-2 Realigns Storage and Distribution
IND-0047/MA-12 Realigns Demil Workload
IND-0048/MA-13 Realigns Maintenance

Losing Bases

Red River (Texarkana, TX) - Close

Losing Activities

Demil - Relocate
Guided/unguided munitions & HAWK
Maintenance - Relocate
Maverick Maintenance - Relocate
Storage and Distribution - Relocate

Receiving Bases

Blue Grass (Richmond, KY) - Receive

McAlester (Macalester, OK) - Receive

Activities being Received

Guided/unguided munitions & HAWK
Maintenance
Demil
Maverick Maintenance
Storage and Distribution

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0115 **Date Created:** 12/17/2004

Scenario Title: MA-28 Close Lima

Description:

Disestablish Lima and realign functions as follows:

IND-0052/MA-3 Move all work to industry
IND-0051/MA-15 Realign Maintenance to Anniston Army Depot
IND-0051/MA-15 Realign production to industry

Losing Bases

Lima Tank Plant (Lima, OH) - OTHER

Receiving Bases

Anniston (Anniston, AL) - Receive

Industry (Anytown, IL) - Receive

Losing Activities

Armaments Maintenance - Relocate

Armaments production - Relocate

Activities being Received

Armaments Maintenance

Armaments production

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0116 **Date Created:** 12/17/2004

Scenario Title: MA-29 Realign Indian Head

Description:

Realign Indian Head functions as follows:

IND-0051/MA-1 Realigns Bombs
IND-0039/MA-4 Realigns Artillery
IND-0044/MA-9 Realigns Pyro/Demo work

Losing Bases

Naval Surface Warfare Center Indian Head (Indian Head, MD) - Realignment

Losing Activities

Bombs - Relocate
demo charges - Relocate
Grenades, 5" Navy gun and signals - Relocate
Simulators - Relocate

Receiving Bases

Crane AAP (Crane, IN) - Receive
Iowa AAP (Middletown, IA) - Receive
McAlester (Macalester, OK) - Receive
Milan AAP (Milan, TN) - Receive

Activities being Received

Grenades, 5" Navy gun and signals
demo charges and simulators
Bombs
Simulators

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0121 **Date Created:** 12/17/2004

Scenario Title: MA-34 Realign Indian Head Det Yorktown

Description:

Realign Indian Head Det Yorktown as follows:

IND-0051/MA-1 Realigns Bombs
IND-0040/MA-5 Realigns Energetics
IND-0042/MA-7 Realigns Missiles

Losing Bases

Naval Weapons Station Yorktown (Yorktown, VA) - Realignment

Losing Activities

Bomb Production - Relocate
Bombs - Relocate
Energetics - Relocate

Receiving Bases

McAlester (Macalester, OK) - Receive

Naval Surface Warfare Center Indian Head (Indian Head, MD) - Receive

Activities being Received

Bomb Production
Bombs
Bomb Production
Energetics

Registered Scenarios

As Of: 12/23/2004

Scenario # IND-0122 **Date Created:** 12/20/2004

Scenario Title: MA-21 Close Lone Star

Description:

Close Lone Star and realign functions as follows:
IND-0053 / MA-2 Realigns Storage
IND-0039 / MA-4 Realigns Artillery
IND-0041 / MA-6 Realigns Mines
IND-0044 / MA-9 Realigns Pyro/Demo
IND-0047 / MA-12 Realigns Demil

Losing Bases

Lone Star AAP (Texarkana, TX) - Close

Losing Activities

Demil - Relocate
Demolition Charges - Relocate
Detonators/Delays/Relays and Non-lethal Munitions - Relocate
Mines - Relocate
Mortars, ICM Artillery, Grenandes, and MLRS - Relocate
Storage and Distribution - Relocate

Receiving Bases

Crane AAP (Crane, IN) - Receive
Iowa AAP (Middletown, IA) - Receive
McAlester (Macalester, OK) - Receive

Milan AAP (Milan, TN) - Receive
Pine Bluff (Pine bluff, AR) - Receive

Activities being Received

Demolition Charges
Mines
Demil
Storage and Distribution
Mortars, ICM Artillery, Grenandes, and MLRS
Detonators/Delays/Relays and Non-lethal Munitions

Scenario # IND-0123 Date Created: 12/17/2004

Scenario Title: MX 1.4K

Description:

ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time. Note: Adoption of the FRC construct in no way alters the MALS operation/command or its reporting structure other than to offer the MALS CO the option of adding selected depot civilian personnel to their shops. Addition of depot personnel may preclude BCM's from having to go off station for repair at remote depot locations. These small numbers of hand selected FRC depot civilian personnel will effectively work for the MALS CO but will be "affiliated" with their parent FRC.

For purposes of this SDC, NAVAIRDEPOT CHERRY POINT, NC on CO MCAS CHERRY POINT is to represent FRC EAST CHERRY POINT. Establish FRC EAST on CO MCAS CHERRY POINT and realign/consolidate depot and intermediate maintenance workload and capability for the following activities; NAVAIRDEPOT CHERRY POINT, MARINE AVIATION LOGISTICS SQUADRON (MALS)-14, MALS-31, MALS-26, MALS-29 to FRC EAST. This scenario establishes the following detachments under FRC EAST: DET QUANTICO (surrogate responder is CO MCB QUANTICO), DET BEAUFORT (surrogate responder is CO MCAS BEAUFORT), DET NEW RIVER (surrogate responder is CO MCAS NEW RIVER). Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Consolidate depot maintenance workload and capability for: Aircraft Avionics/Electronics Components, Aircraft Dynamic Components, Aircraft Engine Turbofan/Turbojet Augmented, Aircraft Engine Turboprop/Turboshaft, Aircraft Hydraulic Components, Aircraft Instruments Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other, Aircraft Other Components, Aircraft Pneumatic Components, Aircraft Rotary, Aircraft Structural Components, Aircraft VSTOL, APUs/GTEs/ATS/SPS/GTCs, Calibration, Depot Fleet/Field Support, Engine Exchangeables/Components, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and "Other" Commodity at NAVAIRDEPOT CHERRY POINT, NC on CO MCAS CHERRY POINT with FRC EAST CHERRY POINT.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at MALS-14 CHERRY POINT, NC at CO MCAS CHERRY POINT with FRC EAST CHERRY POINT.

Establish FRC EAST DET BEAUFORT on CO MCAS BEAUFORT and consolidates Intermediate maintenance workload and capability for: Aircraft, Aircraft Components, Aircraft Engines and Support Equipment at MALS-31 BEAUFORT, SC at CO MCAS BEAUFORT with FRC EAST DET BEAUFORT.

Consolidate depot maintenance workload and capability for: Aircraft Fighter/Attack and Aircraft Other at NAVAIRDEPOT JACKSONVILLE DET BEAUFORT, SC on CO MCAS BEAUFORT with FRC EAST DET BEAUFORT.

Establish FRC EAST DET NEW RIVER on MCAS NEW RIVER and consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines and Support Equipment at MALS-26 and MALS 29 NEW RIVER, NC on MCAS NEW RIVER with FRC EAST DET NEW RIVER.

Consolidate depot maintenance workload and capability for: Aircraft Rotary, Aircraft VSTOL, Aircraft Cargo/Tanker, Aircraft Other, Aircraft Structure Components, Calibration, and "Other" Commodity at NAVAIRDEPOT CHERRY POINT DET NEW RIVER, NC on MCAS NEW RIVER with FRC EAST DET NEW RIVER.

For alignment purposes only: Establish FRC EAST DET QUANTICO on CDR MCB QUANTICO and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines and Support Equipment at IMA HMX-1 QUANTICO, VA on CDR MCB QUANTICO with FRC EAST DET QUANTICO.

Losing Bases

Marine Corps Air Station Beaufort (Beaufort, SC) - Realignment

Marine Corps Air Station Cherry Point (Cherry Point, NC) - Realignment

Marine Corps Air Station New River (Camp Lejeune, NC) - Realignment

Losing Activities

MALS-31 BEAUFORT, SC - Consolidate

NADEP JAX DET BEAUFORT, SC - Consolidate

MALS-14 CHERRY POINT, NC - Consolidate

NAVAIRDEPOT CHERRY POINT, NC - Consolidate

MALS-26 NEW RIVER, NC - Consolidate

MALS-29 NEW RIVER, NC - Consolidate

NADEP CHERRY POINT DET NEW RIVER, NC - Consolidate

Receiving Bases

Activities being Received

MALS-26 NEW RIVER, NC

MALS-29 NEW RIVER, NC

NADEP CHERRY POINT DET NEW RIVER, NC

Scenario # IND-0124 Date Created: 12/17/2004

Scenario Title: MX 1.4L

Description:

ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, NAVAIRDEPOT JACKSONVILLE on NAS JACKSONVILLE, FL. is to represent FRC SOUTHEAST. Establish FRC SOUTHEAST on NAS JACKSONVILLE, FL and realigns depot and intermediate maintenance workload and capability for the following activities; NAVAIRDEPOT JACKSONVILLE, FL, COMSEACONWINGLANT (AIMD) JACKSONVILLE, FL, NADEP JACKSONVILLE DET JACKSONVILLE, FL, COMHSLWINGLANT (AIMD) MAYPORT, FL, NADEP JACKSONVILLE DET MAYPORT, FL, NADEP JACKSONVILLE DET CECIL FIELD, FL, AIMD KEY WEST, FL, NAWCAD LAKEHURST VRT DET MAYPORT, FL, COMPATRECONWING FIVE (AIMD) BRUNSWICK, ME, NAVAIRES WILLOW GROVE, PA on FRC SOUTHEAST JACKSONVILLE. This scenario establishes the following detachments under FRC SOUTHEAST JACKSONVILLE: DET BRUNSWICK (surrogate responder is COMPATRECONWING FIVE BRUNSWICK), DET MAYPORT (surrogate responder is COMHSLWINGLANT MAYPORT), DET KEY WEST (surrogate responder is AIMD NAS KEY WEST), DET CECIL FIELD (surrogate responder is NADEP JAX DET CECIL). Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Consolidate depot maintenance workload and capability for: Aircraft Avionics/Electronics Components, Aircraft Engine Turbofan/Turbojet Augmented, Aircraft Engine Turbofan Bypass, Aircraft Fighter/Attack, Aircraft Hydraulic Components, Aircraft Instruments Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other, Aircraft Other Components, Aircraft Pneumatic Components, Aircraft Structural Components, Calibration, Depot Fleet/Field Support, Fabrication and Manufacturing and "Other" commodity at NAVAIRDEPOT JACKSONVILLE, FL on NAS JACKSONVILLE with FRC SOUTHEAST JACKSONVILLE.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing, Support Equipment and "Other" Commodity at COMSEACONWINGLANT (AIMD) JACKSONVILLE, FL on NAS JACKSONVILLE with FRC SOUTHEAST JACKSONVILLE.

Consolidate depot maintenance workload and capability for: Aircraft Other and Aircraft Rotary at NADEP JACKSONVILLE DET JACKSONVILLE, FL on NAS JACKSONVILLE with FRC SOUTHEAST JACKSONVILLE.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at NAVAIRES WILLOW GROVE, PA on NAS WILLOW GROVE with FRC SOUTHEAST JACKSONVILLE.

Establish FRC SOUTHEAST DET BRUNSWICK on NAS BRUNSWICK and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing, Support Equipment and "Other" Commodity at COMPATRECONWING FIVE (AIMD) BRUNSWICK, ME on NAS BRUNSWICK with FRC SOUTHEAST DET BRUNSWICK.

Establish FRC SOUTHEAST DET MAYPORT on NAVSTA MAYPORT and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at COMHSLWINGLANT (AIMD) MAYPORT, FL on NAVSTA MAYPORT with FRC SOUTHEAST DET MAYPORT.

Consolidate depot maintenance workload and capability for: Aircraft Other and Aircraft Rotary at NADEP JACKSONVILLE DET MAYPORT, FL on NAVSTA MAYPORT with FRC SOUTHEAST DET MAYPORT.

Consolidate depot maintenance workload and capability for: Depot Fleet/Field Support at NAWCAD LAKEHURST VRT DET MAYPORT, FL on NAVSTA MAYPORT with FRC SOUTHEAST DET MAYPORT.

For realignment purposes only: Establish FRC SOUTHEAST DET CECIL FIELD on CECIL FIELD and consolidates depot maintenance workload and capability for: Aircraft Fighter/Attack and Aircraft Other at NADEP JACKSONVILLE DET CECIL FIELD, FL with FRC SOUTHEAST DET CECIL FIELD.

For realignment purposes only: Establish FRC SOUTHEAST DET KEY WEST on NAS KEY WEST and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at (AIMD) KEY WEST, FL on NAS KEY WEST with FRC SOUTHEAST DET KEY WEST.

Losing Bases

Joint Reserve Base Willow Grove (Willow Grove, PA) - Realignment

Scenario # IND-0125 Date Created: 12/17/2004

Scenario Title: MX 1.4M

Description:

ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time. Note: Adoption of the FRC construct in no way alters the MALS operation/command or its reporting structure other than to offer the MALS CO the option of adding selected depot civilian personnel to their shops. Addition of depot personnel may preclude BCM's from having to go off station for repair at remote depot locations. These small numbers of hand selected FRC depot civilian personnel will effectively work for the MALS CO but will be "affiliated" with their parent FRC.

For purposes of this SDC, NAVAIRDEPOT NORTH ISLAND on NAVBASE CORONADO is to represent FRC SOUTHWEST NORTH ISLAND. Establish FRC SOUTHWEST on NAVBASE CORONADO and realign/consolidate depot and intermediate maintenance workload and capability for the following activities, COMSEACONWINGPAC (AIMD) SAN DIEGO, COMAEWWINGPAC (AIMD) POINT MUGU, MALS-11 MIRAMAR, MALS-16 MIRAMAR, MALS-39 PENDLETON and MALS-13 YUMA to FRC SOUTHWEST. This scenario establishes the following detachments: DET PENDLETON (surrogate responder is CG MCB CP PENDLETON), DET POINT MUGU (surrogate responder is COMAEWWINGPAC (AIMD) POINT MUGU), DET YUMA (surrogate responder is MALS-13 on CO MCAS YUMA), and DET MIRAMAR (surrogate responder is CO MCAS MIRAMAR). Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Consolidate depot maintenance workload and capability for: Aircraft Avionics/Electronics Components, Aircraft Cargo/Tanker, Aircraft Fighter/Attack, Aircraft Hydraulic Components, Aircraft Instruments Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other, Aircraft Other Components, Aircraft Rotary, Aircraft Structural Components, Calibration, Depot Fleet/Field Support, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and "Other" Commodity at NAVAIRDEPOT NORTH ISLAND, CA on NAVBASE CORONADO with FRC SOUTHWEST NORTH ISLAND.

Consolidate depot maintenance workload and capability for: Aircraft Other and Aircraft Rotary at NADEP NORTH ISLAND DET NORTH ISLAND, CA on NAVBASE CORONADO with FRC SOUTHWEST NORTH ISLAND.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at COMSEACONWINGPAC (AIMD) SAN DIEGO, CA on NAVBASE CORONADO with FRC SOUTHWEST NORTH ISLAND.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Fabrication and Manufacturing and Support Equipment at AIMD CORPUS CHRISTI, TX on NAS CORPUS CHRISTI with FRC SOUTHWEST NORTH ISLAND.

Establish FRC SOUTHWEST DET POINT MUGU on NAVBASE VENTURA CTY CA and consolidates intermediate maintenance workload and capability for: Aircraft Engines, Aircraft Components, Fabrication and Manufacturing and Support Equipment at COMAEWWINGPAC (AIMD) POINT MUGU, CA on NAVBASE VENTURA CTY with FRC SOUTHWEST DET POINT MUGU.

Establish FRC SOUTHWEST DET MIRAMAR on MCAS MIRAMAR, CA and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at MALS-11 and 16 on MCAS MIRAMAR, CA with FRC SOUTHWEST DET MIRAMAR.

Consolidate depot maintenance workload and capability for: Aircraft Fighter/Attack and Aircraft Other at NADEP NORTH ISLAND DET MIRAMAR, CA on MCAS MIRAMAR with FRC SOUTHWEST DET MIRAMAR.

Establish FRC SOUTHWEST DET PENDLETON on CG MCB CP PENDLETON, CA and consolidates Intermediate maintenance workload and capability for: Aircraft Component, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at MALS-39 on CG MCB CP PENDLETON with FRC SOUTHWEST DET PENDLETON.

Consolidate depot maintenance workload and capability for: Aircraft Other and Aircraft Rotary at NADEP NORTH ISLAND DET PENDLETON, CA on CG MCB CP PENDLETON with FRC SOUTHWEST DET PENDLETON.

Establish FRC SOUTHWEST DET YUMA and consolidate the Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Communications/Electronics Equipment, Ordnance, Weapons & Missiles, Software and Support Equipment at MALS-13 on CO MCAS YUMA with FRC SOUTHWEST DET YUMA.

Consolidate depot maintenance workload and capability for: Aircraft Fighter/Attack, Aircraft Rotary, and Aircraft Other at NADEP NORTH ISLAND DET YUMA, AZ on MCAS YUMA with FRC SOUTHWEST DET YUMA.

As Of: 12/23/2004

Scenario # IND-0126 Date Created: 12/17/2004

Scenario Title: MX 1.4N

Description:

ASSUMPTION: The intent of this scenario data call (SDC) is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA on NAS OCEANA is to represent FRC MID ATLANTIC OCEANA. Establish FRC MID ATLANTIC on NAS OCEANA and realign depot and intermediate maintenance workload and capability for the following activities; COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA, NAVAIRDEPOT CHERRY POINT, NC, NADEP JACKSONVILLE DET OCEANA, COMAEWWINGLANT (AIMD) NORFOLK, VA, NADEP JACKSONVILLE DET NORFOLK, VA, NAWCAD LAKEHURST DET NORFOLK, VA, NAWCAD PATUXENT RIVER, MD, NAVAIRES NEW ORLEANS, LA, NAVAIRES ATLANTA, GA, NADEP CHERRY POINT DET OCEANA to FRC MID ATLANTIC. This scenario establishes the following detachments: DET PAX RIVER (surrogate responder is NAWCAD PAX RIVER), DET NORFOLK (surrogate responder is COMAEWWINGLANT (AIMD) NORFOLK). Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA on NAS OCEANA with FRC MID ATLANTIC OCEANA.

Consolidate depot maintenance workload and capability for: Aircraft Fighter/Attack and Aircraft Other at NADEP JACKSONVILLE DET OCEANA on NAS OCEANA VA with FRC MID ATLANTIC OCEANA.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at NAVAIRES NEW ORLEANS, LA on NAS NEW ORLEANS with FRC MID ATLANTIC OCEANA.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at NAVAIRES ATLANTA, GA on DOBBINS ARB, GA with FRC MID ATLANTIC OCEANA.

Consolidate depot maintenance workload and capability for: Avionics/Electronics Components, Aircraft Hydraulic Components, Aircraft landing Gear Components, Aircraft Other Components, Aircraft Structural Components at NAVAIRDEPOT CHERRY POINT on NAS OCEANA with FRC MID ATLANTIC OCEANA.

Consolidate depot maintenance workload and capability for: Aircraft Rotary, Aircraft VSTOL, Aircraft Cargo/Tanker, Aircraft Other, Depot Fleet/Field Support, and "Other" Commodity at NADEP CHERRY POINT DET OCEANA, VA on NAS OCEANA with FRC MID ATLANTIC OCEANA.

Establish FRC MID ATLANTIC DET NORFOLK on NAVSTA NORFOLK and consolidate Intermediate maintenance workload and capability for: Aircraft, Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at COMAEWWINGLANT (AIMD) NORFOLK, VA on NAVSTA NORFOLK with FRC MID ATLANTIC DET NORFOLK.

Consolidate depot maintenance workload and capability for: Aircraft Cargo/Tanker, Aircraft Other and Aircraft Rotary at NADEP JACKSONVILLE DET NORFOLK, VA on NAVSTA NORFOLK with FRC MID ATLANTIC DET NORFOLK.

Consolidate depot maintenance workload and capability for: Depot Fleet/Field Support at NAWCAD LAKEHURST DET NORFOLK, VA on NAVSTA NORFOLK with FRC MID ATLANTIC DET NORFOLK.

Consolidate depot maintenance workload and capability for: Avionics/Electronics Components, Aircraft Hydraulic Components, Aircraft landing Gear Components, Aircraft Other Components, Aircraft Structural Components at NAVAIRDEPOT CHERRY POINT on NAS OCEANA with FRC MID ATLANTIC DET NORFOLK.

Establish FRC MID ATLANTIC DET PAX RIVER on NAS PAX RIVER and consolidate Intermediate maintenance workload and capability for: Aircraft, Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at NAWCAD PATUXENT RIVER, MD on NAS PAX RIVER with FRC MID ATLANTIC DET PAX RIVER.

Consolidate depot maintenance workload and capability for: Aircraft Avionics/Electronics Components, Aircraft Hydraulic Components, Aircraft landing Gear Components, Aircraft Other Components, Aircraft Structural Components at NAVAIRDEPOT CHERRY POINT on NAS OCEANA with FRC MID ATLANTIC DET PAX RIVER.

Lossing Bases

Scenario # IND-0127 Date Created: 12/17/2004

Scenario Title: MX 1.4A

Description:

ASSUMPTION: The intent of this scenario data call (SDC) is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to new shore based Fleet Readiness Centers (FRC). Under the new construct, 6 NAVY FRC's will be established nationwide at strategically selected fleet concentrations to increase the effectiveness and efficiency of 'off aircraft' and 'off equipment' maintenance thus optimizing mission readiness and reducing total Naval Aviation Enterprise cost and turn-around-time. For the purpose of this Scenario, a portion of the depot maintenance workload has been identified as having the potential for re-distribution to other service depot activities. Establish FRC SOUTHEAST on NAS JACKSONVILLE, FL. NAVAIRDEPOT JACKSONVILLE is designated to represent FRC SOUTHEAST as their surrogate.

Realign all depot maintenance workload and capability for the commodity groups Aircraft Other Components, Aircraft Rotary, Amphibious Vehicles, Armament and Structural Components, Combat Vehicles, Construction Equipment, Conventional Weapons, Electronic Components (non-airborne) Electro-Optics/Night Vision/FLIR, Engines/Transmissions, Fire Control Systems and Components, Generators, Ground Support Equipment, Material Handling, Other Components, Other Equipment, Powertrain Components, Radar, Radio, Small Arms/Personal Weapons, Starters/Alternators/Generators, Strategic Missiles, Tactical Missiles, Tactical Vehicles, TMDE, Wire, and "Other" from Marine Corps Logistics Base Barstow to Fleet Readiness Center (FRC) SOUTHEAST JACKSONVILLE on NAS Jacksonville, Marine Corps Logistics Base Albany, Anniston Army Depot, Tobyhanna Army Depot, Hill Air Force Base, and Letterkenny Army Depot and disestablish capability at Marine Corps Logistics Base Barstow. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Aircraft Cargo/Tanker, Aircraft Fighter/Attack, Aircraft Instrument Components, Aircraft Ordnance Equipment Components, Aircraft Other, Ground Support Equipment, Other Engines from NAVAIRDEPOT North Island on NAVBASE Coronado to Robins Air Force Base, FRC SOUTHEAST JACKSONVILLE, Hill Air Force Base, Tinker Airforce Base, Tobyhanna Army Depot, and disestablish capability at NAVAIRDEPOT North Island on NAVBASE Coronado. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Depot Fleet/Field Support, Fabrication and Manufacturing, and "Other" from NAVAIRWARCENACDIV Lakehurst on NAVAIRENGSTA Lakehurst to FRC SOUTHEAST JACKSONVILLE to FRC SOUTHEAST JACKSONVILLE and disestablish capability at NAVAIRWARCENACDIV Lakehurst on NAVAIRENGSTA Lakehurst. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronic Components, Computers, Conventional Weapons, Electronic Components (non-airborne), Electro-Optics/NightVision/FLIR, Electronic Warfare, Fire Control Systems and Components, Radar, Small Arms/Personal Weapons, and "Other" from NAVSURFWARCEMENDIV Crane IN on NAVSUPPORT Crane IN to Robins Air Force Base, Tobyhanna Army Depot, Anniston Army Depot and disestablish capability at NAVSURFWARCEMENDIV Crane IN on NAVSUPPORT Crane IN. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Electronic Components (non-airborne), Fire Control Systems and Components, Material Handling, Other Components, Radar, Radio, and Tactical Missiles from NAVWPNSTA Seal Beach CA to Tobyhanna Army Depot, Marine Corps Logistics Base Albany, and Anniston Army Depot and disestablish capability at NAVWPNSTA Seal Beach CA. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Armament and Structural Components, Combat Vehicles, Construction Equipment, Depot/Fleet Field Support, Engines/Transmissions, Fabrication & Manufacturing, Fire Control Systems and Components, Powertrain Components, Starters/Alternators/Generators, Tactical Missiles, Tactical Vehicles, and "Other" Commodity from Red River Army Depot to Anniston Army Depot, Marine Corps Logistics Base Albany, Tobyhanna Army Depot, Letterkenny Army Depot, and disestablish capability at Red River Army Depot. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity group Combat Vehicles, Other Equipment, Tactical Vehicles, and "Other" from Rock Island Arsenal to Anniston Army Depot, Marine Corps Logistics Base Albany and Letterkenny Army Depot and disestablish capability at Rock Island Arsenal. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity group Electronic Components (non-airborne) from SPAWARSYSCEN Charleston SC on WPNSTA Charleston to Tobyhanna Army Depot and disestablish capability at SPAWARSYSCEN Charleston SC on WPNSTA Charleston. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Calibration, Computers, Crypto, Depot Fleet/Field Support, Electronic Warfare, Fabrication and Manufacturing, Material Handling, Navigational Aids, Radar, Radio, Software Support Equipment, TMDE, and "Other" from SPAWARSYSCEN San Diego CA on NAVBASE Point Loma to Hill Air Force Base, Tobyhanna Army Depot, Marine Corps Logistics Base Albany and disestablish capability at SPAWARSYSCEN San Diego CA on NAVBASE Point Loma. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Scenario # INT-0004 **Date Created:** 10/8/2004

Scenario Title: Consolidate NCR-Based NGA at Ft. Belvoir

Description:

Realign NGA functions at Bethesda, MD (Sumner and Dalecarlia sites) named Erskine Hall, Emory Bldg, Maury Hall, Roberdeau Hall, Abert Hall, Ruth Bldg, Fremont Bldg, Motor Poll, and Warren Bldg; Close NGA functions at Reston, VA, named 1 and 2; Realign NGA functions at Newington, VA, named 8510, 8520 and 8530; Close NGA functions at Dulles, VA, named Dulles North (or its successor, Reston 3); Realign National Geospatial Intelligence College function at Ft Belvoir, VA, named Bldgs 211, 214, 215, and 220; Close NGA and NGIC functions in Bldg 213 at Southwest Federal Center, DC; Realign NGA functions within NRO facility, Westfields; by relocating and consolidating to a new facility at Ft. Belvoir.

This scenario disestablishes all of the functions currently performed at the NCR locations named above and consolidates the functions into a new facility on 150 acres at Ft. Belvoir. The requirement for the 150 acres is due to vulnerability and security reasons.

Losing Bases

Belvoir (Fort Belvoir, VA) -

Lewis (Tacoma, WA) - Receive

Activities being Received

Inpatient Services
Outpatient Services

Scenario # MED-0023 **Date Created:** 11/10/2004

Scenario Title: Create Tri-Service Biomedical Research Centers of Excellence

Description:

Abstract: The end state of this multi-action scenario will reduce the amount of leased space required in the National Capital Region (NCR) and create/expand Centers of Excellence for Battlefield Health and Trauma at Fort Sam Houston TX, Hyperbaric and Undersea Medicine at Groton CT, Infectious Disease at WRAMC-Forest Glenn Annex MD, and Medical Chemical Defense at APG-EA MD.

Narrative: This scenario realigns combat casualty care R&D activities, less neuroprotection, from Walter Reed Army Medical Center Forest Glen Annex in Silver Spring, MD (Walter Reed Army Institute of Research and Naval Medical Research Center), and disestablishes and relocates dental R&D activities currently at Great Lakes Naval Training Center (U. S. Army Dental and Trauma Research Detachment, Naval Dental and Biomedical Research Laboratory, Air Force Dental Investigative Service) to a Tri-Service Center of Excellence for Battlefield Health and Trauma at the U.S. Army Institute of Surgical Research at Brooke Army Medical Center, Fort Sam Houston TX.

The three units at Great Lakes will realign to BAMC-ISR in their entirety (~83 FTEs), and the following elements of the Naval Medical Research Center and Walter Reed Army Institute of Research will realign:

- NMRC's Combat Casualty Care and Resuscitative Medicine Directorate, including those FTEs for the Tissue Transplant program office currently in leased space, but excluding those in the Hyperbaric Medicine Department (NMRC total ~60 FTEs)
- All of WRAIR's Division of Military Trauma Research (~89 FTEs) and approximately 20 additional authorized Combat Casualty support positions from the Divisions of Veterinary Medicine, Pathology, Logistics and Biometrics (WRAIR total ~109 FTEs)

Since USAISR's excess capacity is only 20 FTE's, if space is not available elsewhere within the BAMC facility, a MILCON project to accommodate a total of up to 232 personnel, including any associated increase in veterinary facilities, will be required as part of this scenario.

As part of this scenario, the NMRC Hyperbaric Medicine R&D program, including approximately 9 FTE's and associated unique equipment will relocate to Groton CT to consolidate with the Naval Submarine Medical Research Laboratory (NSMRL). This move assumes that a planned MILCON project for NSMRL, currently scheduled for 2012, will be accelerated and expanded to accommodate relocation of unique equipment from NMRC. It is assumed that no military animal facility support is required, as this support can be provided through an agreement with local industry or academic facilities.

Also, as part of this scenario, portions of the Division of Biochemistry and Medicine, WRAIR, which has historically been a major participant in the Medical Chemical Defense R&D program, will relocate to Aberdeen Proving Ground –Edgewood Area to consolidate with the U.S. Army Medical Research Institute of Chemical Defense to occupy excess capacity. (~31 FTEs)

In order to optimally utilize capacity at the NMRC-WRAIR complex at Forest Glen Annex, the following organizational elements, currently located within leased space in the National Capital Region, will be relocated to the Forest Glen Annex:

- The Division of Retrovirology, WRAIR (~146 FTEs)
- The vaccine research program of the NMRC Biological Defense Research Directorate (~24 FTEs). An alternative site for these personnel would be Fort Detrick, MD, but such a move would require accelerated recapitalization and expansion of the U.S. Army Medical Research Institute of Infectious Diseases and a relocation to Fort Detrick of the entire NMRC Biological Defense Directorate (~60 FTEs), as well as consideration of relocation of biodefense efforts of the WRAIR to Fort Detrick.

Assumptions:

- A planned MILCON project for NSMRL, currently scheduled for 2012, will be accelerated and expanded to accommodate relocation of unique equipment from NMRC.
- UICs for leased space in NCR are the same as the parent organization.
- Excess space, or land for a MILCON, for up to 232 people is available in or adjacent to Brooke Army Medical Center.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.

Action list:

Creation of TBRCE for Battlefield Health and Trauma moves relevant assets of the following activities to 48399, Fort Sam Houston, TX, for collocation with W03SAA, U.S. Army Institute of Surgical Research.

Defense agency:

- None

Army activities:

- Division of Military Trauma Research and associated support personnel, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA
- Army Dental and Trauma Detachment, Great Lakes Naval Training Station, IL, W03K05

Air Force activities:

- Air Force Dental Investigative Service, Great Lakes Naval Training Station, IL

Marine Corps activities:

- None

Registered Scenarios

As Of: 12/23/2004

Navy activity:

- Naval Institute of Dental and Biomedical Research, Great Lakes NTS, IL, N65786
- Combat Casualty Care and Resuscitative Medicine Directorate, including those FTEs for the Tissue Transplant program office currently in leased space, but excluding those in the Hyperbaric Medicine Department, NAVMEDRSCHCEN BETHESDA, Silver Spring, MD, N32398

Exclusions:

- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.
- Neuroprotection research will remain at Forest Glen Annex.
- Hyperbaric Medicine Department of NMRC will be realigned to the Hyperbaric and Undersea Medicine TBRCE, instead of the Battlefield Health and Trauma TBRCE.

Creation of TBRCE for Hyperbaric and Undersea Medicine moves relevant assets of the following activities to N00129, Naval Submarine Base New London, Groton CT, for collocation with N66596, NAVSUBMEDRSCHLAB NEW LONDON.

Defense agency:

- None

Army activities:

- None

Air Force activities:

- None

Marine Corps activities:

- None

Navy activity:

- Hyperbaric Medicine Department of the Combat Casualty Care and Resuscitative Medicine Directorate, NAVMEDRSCHCEN BETHESDA, Silver Spring, MD, N32398

Exclusions:

- All personnel and assets of the listed units not performing functions within the defined scope of the defined JBRCE.

Creation of TBRCE for Medical Chemical Defense moves relevant assets of the following activities to 24004, Aberdeen Proving Ground, Edgewood Area, for collocation with W4D7AA, U. S. Army Medical Research Institute of Chemical Defense.

Defense agency:

- None

Army activities:

- A total of 33 manpower requirements from the Division of Biochemistry and Medicine, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA

Air Force activities:

- None

Marine Corps activities:

- None

Navy activity:

- None

Exclusions:

- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.

Creation of TBRCE for Infectious Disease moves relevant assets of the following activities from leased space in the National Capital Region to 11933, Walter Reed Army Medical Center – Forest Glen Annex, for collocation with W03KAA, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD.

Defense agency:

- None

Army activities:

- Division of Retrovirology, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA

Air Force activities:

- None

Registered Scenarios

As Of: 12/23/2004

Marine Corps activities:

- None

Navy activity:

- The vaccine research program of the NMRC Biological Defense Research Directorate, NAVMEDRSCHCEN BETHESDA, Silver Spring, MD, N32398.

Exclusions:

- None.

Scenario # MED-0024 **Date Created:** 11/10/2004

Scenario Title: Create Tri-Service Biomedical Research Centers of Excellence - Alternative 1b

Description:

Abstract: The end state of this multi-action scenario will reduce the amount of leased space required in the National Capital Region (NCR) and create/expand Centers of Excellence for Battlefield Health and Trauma at Fort Sam Houston TX, Hyperbaric and Undersea Medicine at Panama City FL, Infectious Disease at WRAMC-Forest Glenn Annex MD, and Medical Chemical Defense at APG-EA MD.

Narrative: This scenario realigns combat casualty care R&D activities, less neuroprotection, from Walter Reed Army Medical Center Forest Glen Annex in Silver Spring, MD (Walter Reed Army Institute of Research and Naval Medical Research Center), and disestablishes and relocates dental R&D activities currently at Great Lakes Naval Training Center (U. S. Army Dental and Trauma Research Detachment, Naval Dental and Biomedical Research Laboratory, Air Force Dental Investigative Service) to a Tri-Service Center of Excellence for Battlefield Health and Trauma at the U.S. Army Institute of Surgical Research at Brooke Army Medical Center, Fort Sam Houston TX.

The three units at Great Lakes will realign to BAMC-ISR in their entirety (~83 FTEs), and the following elements of the Naval Medical Research Center and Walter Reed Army Institute of Research will realign:

- NMRC's Combat Casualty Care and Resuscitative Medicine Directorate, including those FTEs for the Tissue Transplant program office currently in leased space, but excluding those in the Hyperbaric Medicine Department (NMRC total ~60 FTEs)
- All of WRAIR's Division of Military Trauma Research (~89 FTEs) and approximately 20 additional authorized Combat Casualty support positions from the Divisions of Veterinary Medicine, Pathology, Logistics and Biometrics (WRAIR total ~109 FTEs)

Since USAISR's excess capacity is only 20 FTE's, if space is not available elsewhere within the BAMC facility, a MILCON project to accommodate a total of up to 232 personnel, including any associated increase in veterinary facilities, will be required as part of this scenario.

As part of this scenario, the NMRC Hyperbaric Medicine R&D program, including approximately 9 FTE's and associated unique equipment, and the Naval Submarine Medical Research Lab, Groton CT, will relocate to Panama City FL to collocate with the Navy Experimental Diving Unit. This move assumes that a MILCON project for accredited animal facilities at Panama City can be funded and built prior to FY11, and that space exists at Panama City for renovation or a MILCON to accommodate relocation of personnel and unique equipment from NMRC.

Also, as part of this scenario, portions of the Division of Biochemistry and Medicine, WRAIR, which has historically been a major participant in the Medical Chemical Defense R&D program, will relocate to Aberdeen Proving Ground -Edgewood Area to consolidate with the U.S. Army Medical Research Institute of Chemical Defense to occupy excess capacity. (~31 FTEs)

In order to optimally utilize capacity at the NMRC-WRAIR complex at Forest Glen Annex, the following organizational elements, currently located within leased space in the National Capital Region, will be relocated to the Forest Glen Annex:

- The Division of Retrovirology, WRAIR (~146 FTEs)
- The vaccine research program of the NMRC Biological Defense Research Directorate (~24 FTEs). An alternative site for these personnel would be Fort Detrick, MD, but such a move would require accelerated recapitalization and expansion of the U.S. Army Medical Research Institute of Infectious Diseases and a relocation to Fort Detrick of the entire NMRC Biological Defense Directorate (~60 FTEs), as well as consideration of relocation of biodefense efforts of the WRAIR to Fort Detrick.

Assumptions:

- This move assumes that access to accredited animal facilities at Panama City prior to FY11, and that space exists at Panama City for relocation of personnel and unique equipment from NMRC.
- Excess space, or land for a MILCON, for up to 232 people is available in or adjacent to Brooke Army Medical Center.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.

Action list:

Creation of TBRCE for Battlefield Health and Trauma Research moves relevant assets of the following activities to Fort Sam Houston, TX, 48399, for collocation with W03SAA, U. S. Army Institute of Surgical Research.

Defense agency:

Scenario # MED-0025 **Date Created:** 11/10/2004

Scenario Title: Create Center of Excellence for Aerospace Medicine (- Wright-Pat AFB)

Description:

Abstract: This scenario will co-locate all aerospace biomedical and human systems R&D performing activities with associated relevant education and training and healthcare delivery activities, thereby enabling efficient and synergistic use of personnel, equipment, and facilities for all 3 functions across all Services. It also reduces the use of leased space.

Narrative: The end state of this multi-action scenario will create a new Center of Excellence for Aerospace Medicine at Wright-Patterson Air Force Base. This scenario leverages and is coupled with a medical education and training scenario to consolidate aerospace medical education and training at a single site. This TBRCE includes all DoD research and technology development operations in the areas operational medical issues unique to aviation, including biodynamics, crashworthiness and survival, acceleration, life support equipment (aviation), aviation platform integration, and special occupational health criteria..

This scenario realigns and co-locates diverse aerospace and aeromedical R&D activities from: Brooks City Base, TX (311th Human Systems Wing [Air Force School of Aerospace Medicine, Air Force Institute for Operational Health, Human Systems Program Office (all except program managers identified as part of the Medical RDA Management Center in another scenario) and other pertinent Wing assets] and the Air Force Research Laboratory Human Effectiveness Directorate [less its Directed Energy Program]); Naval Air Station, Pensacola (Naval Aerospace Medical Research Laboratory); and Fort Rucker (Army Aeromedical Research Laboratory). All of the above activities will be relocated to Wright-Patterson AFB, where they will be co-located with the Air Force Research Laboratory Human Effectiveness Directorate.

The Tri-Service Directed Energy programs, currently co-located in leased space at Brooks City Base, will remain in their current location. An alternative is that Air Force and Navy directed energy programs will relocate to Wright-Patterson AFB, while the Army laser injury treatment program will be realigned to and consolidated with the Army Institute of Surgical Research, Fort Sam Houston, TX.

It is assumed that rotary wing aviation support facilities and flying ranges are available at Wright-Patterson AFB. In the event that such facilities are unavailable or unaffordable, a rotary wing flight detachment may be maintained at Fort Rucker, Alabama. It also assumes that Wright-Patterson AFB can provide adequate and affordable access to test subjects.

Since Air Force aeromedical education and training depends upon faculty drawn from R&D and operational medical support organizations that are currently co-located with the U. S. Air Force School of Aerospace Medicine (USAFSAM), the value of this scenario depends on movement of all relevant Air Force R&D activities in concert with USAFSAM.

Assumptions:

- Rotary Wing flight operations and maintenance support are available and affordable at Wright-Patterson AFB.
- Adequate space for expansion is available at Wright-Patterson AFB.
- A complete list of subordinate UICs for Air Force at Brooks City Base and Wright-Patterson AFB (AFRL and 311th Sys WG) has not been confirmed.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.
- Aerospace medicine education and training elements of the 3 Services will be collocated at Wright-Patterson AFB.

Action list:

Creation of TBRCE for Aerospace Medicine moves relevant assets of the following activities to ZHTV, Wright-Patterson AFB, Dayton, OH, for collocation with FFSDG, Air Force Research Lab, Human Effectiveness Division.

Defense agency:

- None

Army activities:

- U.S. Army Aeromedical Research Laboratory, Fort Rucker, AL, W03YAA

Air Force activities:

- Air Force 311th Human Systems Wing, Brooks City Base, TX, FFGR4, FFR59, FFB5T and other pertinent subordinate UICS to be determined
- Air Force Research Laboratory, Brooks City Base, TX, FFSFM and pertinent AFRL subordinate UICS to be determined

Marine Corps activities:

- None

Navy activity:

- NAVAEROMEDRSCHLAB, Pensacola FL, N66452
- NAVAIRWARCENACDIV, Patuxent River, MD, N00421

Exclusions:

- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.
- Directed energy programs to remain in leased space at Brooks CB
- Parts of the Human Systems Program Office will be realigned to Fort Detrick, MD under a scenario for collocation of Medical RDA Program

Scenario # MED-0028 Date Created: 11/10/2004

Scenario Title: Tri-Service Biomedical Research, Development and Acquisition Management Center (TBRDAMC)

Description:

Abstract: This scenario will co-locate all Biomedical Science and Technology, and FDA regulated medical product development, management activities to a single site at Fort Detrick MD, thereby enabling efficient and synergistic use of personnel, processes and acquisition support functions across all Services. It also reduces the need for leased space.

Narrative: The scenario realigns the activities listed below to TBRDAMC to be collocated with the many medical Acquisition, Technology and Logistics activities already located at Fort Detrick MD. The end state of this scenario is to collocate Army, Navy, Air Force, Marine Corps and Defense Agency biomedical D&A program management expertise for FDA regulated product development with Biomedical S&T program management expertise at a single site. In order to support DoD-wide coordination of medical/force health protection and Joint Operating Concepts of the future, this scenario provides a center of mass for coordination in planning and management of all defense biomedical RDA, which optimizes use of critical military professional personnel, licensed medical product D&A expertise, and regulatory affairs and contracting infrastructure capability at Fort Detrick. Synergies and efficiencies in management will be further enabled through development of integrated planning, programming and regulatory processes. Collocation also facilitates the ability of DoD elements to speak with a single voice when working with the FDA. This scenario also facilitates coordinated medical systems lifecycle management with the medical logistics organizations of the Military Departments, already co-located at Ft. Detrick.

Action list: Creation of the TBRDAMC moves relevant assets of the following activities to 24266, Fort Detrick, MD to collocate with W03JAA, HQ, U.S. Army Medical Research and Materiel Command.

Defense agency:

- National Capital Element, DTRA-CB Science and Technology Office (STO) (Medical), Defense Threat Reduction Agency (DTRA)- NCR, W1KJAA
- Defense Advanced Research Projects Agency (DARPA), Defense Sciences Office (DSO), Medical Programs, Arlington, VA, M54008T10, M54026T10

Army activities:

- Joint Program Executive Office for Chemical Biological Defense (JPEO-CBD) and subordinate offices, FDA Regulated Medical Programs, Falls Church, VA, W27P63

Air Force activity:

- 311th Human Systems Wing, Brooks City Base, TX, FFGR4, FFF2T
- Air Force Medical Support Agency, Bolling AFB, DC, (S&T planning directorate, UIC unknown)

Marine Corps activity:

Scenario # MED-0055 **Date Created:** 12/20/2004

Scenario Title: Create a Biomedical Research Center of Excellence for Hyperbaric and Undersea Medicine

Description:

This scenario realigns Hyperbaric and Undersea Medicine R&D activities from the Naval Submarine Medical Research Lab, Groton CT to Silver Spring MD to consolidate with the Naval Medical Research Center. This is an enabling scenario submitted as an alternative to the MED-0032 enabling scenario should the Panama City site identified in MED-0032 be unable to accommodate the move.

Assumptions:

- This move assumes that that space exists at Silver Spring MD for renovation or a MILCON to accommodate relocation of personnel and unique equipment from NSMRL.
- The research functions described in the scenario are at the sub-DTAP level and associated FTEs and Equipment must be confirmed.

Exclusions:

- All personnel and assets of the listed units not performing functions within the scope of the center.

Losing Bases

SUPSHIP Groton CT (Groton, CT) - Realignment

Losing Activities

NAVSUBMEDRSCHLAB - Relocate

Receiving Bases

National Naval Medical Center Bethesda (Bethesda, MD) - Receive

Activities being Received

NAVSUBMEDRSCHLAB

Registered Scenarios

As Of: 12/23/2004

Scenario # MED-0056 **Date Created:** 12/20/2004

Scenario Title: Create a Biomedical Research Center of Excellence for Environmental and Operational Medicine

Description:

This is an enabling scenario submitted as an alternative to TECH-0005, TECH-0036, TECH-0037 or other scenarios which relocate USAARL independently of Medical Joint Cross Service Group scenarios. It is to be activated in the event that MED-0025, MED-0026 or MED-0027 are not approved and TECH-0045 or TECH-0048 or other scenarios which close Natick and relocate the Soldier Systems Center and USARIEM to Aberdeen Proving Ground MD are approved. This enabling alternative scenario creates the U.S. Army Research Institute of Environmental and Operational Medicine at Aberdeen Proving Ground MD where it will be collocated with non-medical Army research units with a Human Systems mission such as the Soldier Systems Center, and the Human Research and Engineering Directorate of the Army Research Laboratory.

Assumptions:

- This move assumes that that space exists at Aberdeen Proving Ground MD for renovation or a MILCON to accommodate relocation of personnel and unique equipment from both USAARL and USARIEM.
- The Army Reserve Component Rotary Wing Aviation facilities at Aberdeen Proving Ground can support USAARL's helicopter and flight operations.
- TJCSG or Army scenarios relocating the Soldier Systems Center to Aberdeen Proving Ground MD and TJCSG or Army scenarios relocating USAARL to a site other than described in MJCSG scenarios are approved.
- MJCSG scenarios involving USAARL are not approved and the TJCSG scenarios relocating USARIEM to Aberdeen Proving Ground are approved.

Losing Bases

NCTRF NATICK, Army Soldier Systems Center (Natick, MA) - Realignment

Rucker (Fort Rucker, AL) -

Receiving Bases

Aberdeen (Aberdeen, MD) - Receive

Losing Activities

U.S. Army Aeromedical Research Laboratory - Relocate

U.S. Army Research Institute of Environmental Medicine - Relocate

Activities being Received

- U.S. Army Aeromedical Research Laboratory

U.S. Army Research Institute of Environmental Medicine

- DD Warner-Robins - Disestablish

Scenario # S&S-0026 **Date Created:** 11/10/2004

Scenario Title: Consolidate Air Force Inventory Control Point (ICP) command and control operations

Description:

Consolidate Air Force wholesale Inventory Control Point (ICP) command and control operations at a single point/commander and align Technology Repair Centers, Commodity Councils, and Sources of Supply as fully as possible.

The ICPs affected by this scenario are Ogden Air Logistics Center (OO-ALC), Hill AFB, UT, Warner Robins Air Logistics Center (WR-ALC), Robins AFB, GA. Although there are exceptions, support is generally located as follows: cargo aircraft and helicopter support at WR-ALC, bomber and engine overhaul support at OC-ALC, fighter and attack aircraft support at OO-ALC, and secure (cryptologic) communication systems support at CPSG.

The AFMC sustainment model assigns and co-locates product support, supply chain management, and repair expertise for specific technology areas and aircraft types at our Air Logistics Centers. The intellectual capital resident in this arrangement has created a shared technical base at each ALC that efficiently supports requirements across the spectrum of sustainment disciplines. AFMC has experienced much recent sustainment success and plans to use it and the BRAC process as a springboard to achieve optimal organization of its already highly integrated supply chain, as follows:

- (1) Where materiel management and commodity organic repair workloads are not already aligned, achieve optimal alignment by moving the Source of Supply (SOS) to the ALC Technology Repair Center (TRC).
- (2) Improve command & control of Air Force spares support by consolidating Inventory Control Point (ICP) command and control operations at a single point/commander, with the remaining functions consolidated to 3 sustainment wings at the ALCs.
- (3) Solidify strategic supply chain sourcing via PSCM Commodity Councils to leverage our buying power among our major suppliers wherever possible. Solidification method is where commodity management, SOS, and TRC are not already aligned, achieve optimal alignment by moving SOS and/or TRC.

1) Inventory Control Points (ICPs) are responsible for performing a number of functions associated with material acquisition, distribution, and maintenance planning. ICP functions were categorized as either integrated material management functions (IMM) or Service "user" functions in the DMRD 926 ICP Consolidation Study, completed in 1990. Since some of the basic IMM functions are separated in this scenario, we will use different terms to differentiate the intent. "Consolidated ICP Functions" represents the command and control supply chain business functions such as policy, consolidation, prioritization, etc. "ALC Supply Chain Management Functions" represents the in-depth work done at the detailed (item/subsystem/system) level, such as the technical/engineering base, demand and supply planning, etc. For the purposes of this scenario, ICP is defined as ALL Air Force managed items (depot level repairables, consumables, and support equipment) and personnel responsible for the associated functions as listed below:

a) Consolidated ICP Functions. The consolidated ICP will perform:

- Centralized forecasting and budgeting for spare part re-procurement and repair requirements
- Develop prices
- Perform working capital fund financial management
- Distribute and prioritize deliveries of spares to users
- Manage assigned strategic supplier relationships
- Approve acquisition strategies of the Commodity Councils
- Develop readiness based inventory levels
- Orchestrate all supply chain operations.

b) ALC Supply Chain Management Functions. Supply chain management responsibilities, aligned under the new Combat Sustainment Wings at each ALC, will retain the item level management tasks:

- Operating Commodity Councils
- Contracting for the acquisition of materiel through purchase of new or repaired items
- Providing engineering and technical support (includes configuration management)
- Performing demand and supply planning. (includes requirements determination, war reserve requirements, maintenance management, material support to Depot Maintenance for General Support Division (GSD) items, Initial Supply Support Lists, provisioning, and budgeting/funding)
- Managing customer and supplier relations
- Managing assigned strategic supplier relationships
- Introducing items into the DOD catalog
- Processing requisitions and stock control
- Initiating actions to dispose of excess materiel
- Weapon System Secondary Item Supply Support

2) The ICP single commander provides the unity of command necessary to ensure spares are acquired and delivered to achieve Air Force weapon system availability targets at the lowest possible costs.

3) Commodity Councils, Material Support to Depot Maintenance for General Support Division (GSD) items, and other Purchasing and Supply Chain Management (PSCM) initiatives are considered to be part of the ICP.

4) This consolidation will reduce overhead overall by eliminating duplicative functions at the headquarters & ALCs. In pursuing efficiencies, personnel savings will be realized from consolidations of AFMC/LG and ALC/LG activities (drawdowns of management and functional oversight

Scenario # S&S-0028 Date Created: 11/17/2004

Scenario Title: Transfer Service Common DLRs to DLA

Description:

This proposal realigns management of approximately 31,000 common depot level reparable (DLRs) from the Military Services to the Defense Logistics Agency (DLA) and serves as segue for future DLR consolidation under DLA.

There are approximately 380,000 DLRs currently being managed by the Military Services. Service materiel control and recoverability codes were used to identify items as DLRs. Approximately eight percent of these DLRs are used by more than one Service/Agency. For the purposes of this scenario, DLRs used by more than one Service/Agency are defined as common. The Federal Logistics Information Service (FLIS) data base was used to identify items as DLRs and then further identify those that were "common". Based on dollar value (standard price – range only), common items represent less than five percent of the total value.

Currently, all DLRs are managed within Service unique automated information systems (AIS). Modification of existing Service AIS systems or development of a unique DLA reparable management system is a significant management challenge not specifically addressed in this scenario. Once a system is developed consolidation of personnel at a DLA ICP would need to be considered as would a virtual transfer to DLA in place. We expect that estimates of the number of Service personnel needed to support the management of the common DLRs within DLA can be provided by the Services based on the number and complexity of items to be managed. Associated movement costs can then be developed using the Cost of Base Realignment Actions (COBRA) model.

Like the consumable item transfer (CIT) program, this would be executed in phases with the first phase encompassing the less complex common DLRs throughout the Military Services. The CIT effort was implemented to eliminate the duplicate management of consumable items in DoD and to minimize the number of required item managers. Problems associated with the CIT Phases I and II processes included an inconsistent application of the filter criteria used to identify the items for transfer, some essential logistics data associated with items transferred was not transferred to DLA, no methodology was provided to incorporate program requirements data into the transfer process, a substantial amount of excess inventory for inactive items were transferred from the Services, Services retained management of consumable items that should have been transferred to DLA and they did not provide full pipelines of inventory assets to DLA when transferring the items.

Scenario # S&S-0036 **Date Created:** 11/30/2004

Scenario Title: Establish a Single Army Inventory Control Point (Select and Related Functions) at Fort Monmouth, NJ

Description:

Establish a Single Army Inventory Control Point (AICP) by consolidating the inventory management and related support functions from the three Army Commands (AMCOM, CECOM, and TACOM) at Fort Monmouth, NJ. This allows the Army to have one inventory Control Point (ICP) providing inventory management functions at one location. Additionally, this proposal also consolidates related supporting contracting functions at Fort Monmouth, NJ.

Losing Bases

Detroit/Selfridge (Warren, MI) - Realignment
Huachuca (Fort Huachuca, AZ) - Realignment
Redstone (Huntsville, AL) - Realignment
Rock Island (Rock Island, IL) - Realignment
Soldier Systems Center (Natick, MA) - Realignment

Receiving Bases

Monmouth (Fort Monmouth, NJ) - Receive

Losing Activities

Detroit Arsenal (ILSC) - Relocate
Ft Huachuca (CLSA) - Relocate
Redstone Arsenal (AMCOM ICP) - Relocate
Rock Island Arsenal (TACOM ICP) - Relocate
Soldier Systems Center (TACOM ICP) - Relocate

Activities being Received

Detroit Arsenal (TACOM ICP)
Ft Huachuca (CECOM ICP)
Redstone Arsenal (AMCOM ICP)
Rock Island Arsenal (TACOM ICP)
Soldier Systems Center (TACOM ICP)

Scenario # S&S-0041 **Date Created:** 12/17/2004

Scenario Title: Consolidate NAVICP at NSA Philadelphia. Retain NAVICP warehousing function at NSA Mechanicsburg

Description:

Consolidate NAVICP at NSA Philadelphia. Retain NAVICP warehousing function as NAVICP Det Mechanicsburg at NSA Mechanicsburg.

Details:

- 1) Relocate NAVICP Mechanicsburg and consolidate with NAVICP Philadelphia at NSA Philadelphia
- 2) Realign NAVICP Mechanicsburg Code 009, OSM and associated Security functions to NAVICP Det Mechanicsburg at NSA Mechanicsburg
- 3) Disestablish NAVICP Mechanicsburg

Losing Bases

Naval Support Activity Mechanicsburg (Mechanicsburg, PA) - Realignment

Losing Activities

NAVICP Mechanicsburg - Relocate

Receiving Bases

Naval Support Activity Philadelphia (Philadelphia, PA) - Receive

Activities being Received

NAVICP Mechanicsburg

Scenario # TECH-0009 **Date Created:** 10/22/2004

Scenario Title: Defense Research Service Led Laboratories

Description:

This scenario realigns and co-locate the three service corporate laboratories. Additionally it creates a virtual "Defense Research Laboratory" by establishing a board of directors including Director of Defense Research and Engineering (DDRE), Technical Director of the Naval Research Laboratory (TD-NRL), Commanding Officer of Air Force Research Laboratory (CC-AFRL), Technical Director Army Research Laboratory (TD-ARL) and the Service S&T executives. The Board of Directors will advise and steer Research Labs to reduce duplicative efforts & foster joint centers of excellence. The purpose of this scenario is to consolidate to a smaller number of Service-centric geographic locations in order to increase the multidisciplinary collection of R&D expertise across DTAP capability areas at those locations.

The end state of this scenario will consolidate the Naval Research Laboratory to one primary location, the Army Research Laboratory to one primary location, and the Air Force Research Laboratory to a maximum of four locations. This scenario will provide Service Centric consolidated centers of mass for Science and Technology, with increased effectiveness and efficiencies.

Losing Bases

Scenario # TECH-0010 **Date Created:** 10/22/2004

Scenario Title: Consolidate Extramural research Program managers to ARL/Adelphi

Description:

Realign and Co-locate the following organizations at a Military Base in the National Capital Region. The purpose of this scenario is to move all portions of the following organizations located at the sites indicated. The end state of this scenario will be co-location of the organizations listed below at a single location. This "Joint Center of Excellence" will foster additional coordination among the extramural research activities of OSD and the MilDepts. Further it will enhance the Force Protection posture of the organizations by relocating them from leased space and onto a Military Base.

This scenario would co-locate from the following UICs to the Joint Center of Excellence for Extramural Research, all FTEs and equipment reported under BRAC Questions 3001-3005, 4277, 4279, and 4280 for all DTAP areas and functions.

Scenario # TECH-0014 Date Created: 10/22/2004

Scenario Title: Establish/Consolidate Space RDAT&E at a minimum number of core sites

Description:

Establish/Consolidate Space Research and Space D & A at a minimum number of core sites seeks to leverage the synergies generated by this scenario to more efficiently develop military space capabilities. Consolidate Space Platform Research to two core sites, Kirtland AFB, NM and Naval Research Lab in Washington, DC. Consolidate Space Systems Development and Acquisition (D&A) at Peterson AFB to optimize the joint organizing, training and equipping functions for space organizations. Consolidation of Space T & E does not reveal realignment or closure opportunities.

Scenario # TECH-0018 **Date Created:** 10/25/2004

Scenario Title: Relocate W&A RDAT&E to 3 Primary & 4 specialty; retain/relocate energetics at Indian Head

Description:

Relocate most Weapons and Armaments [W&A] Research, Development & Acquisition, Test & Evaluation (RDAT&E) including associated program management functions from organizations reporting W&A activity to three (3) primary locations [China Lake, Eglin, and Redstone Arsenal] and two (2) specialty capability locations [guns & ammo RDA and selected guns/ammunition T&E @ Picatinny Arsenal and ship system/combat system integration @ Dahlgren], with weapon systems integration @ Corona to Port Hueneme and all weapons related RDAT&E from PAX River and Point Mugu to China Lake. Retain energetic materials capabilities at Indian Head and relocate energetics materials capabilities from Crane, Fallbrook and Yorktown to Indian Head.

Definitions:

In Service Engineering (ISE): Those engineering activities that provide for an increase in capability of a system/sub-system/component after Full Operational Capability has been declared. ISE is separate from sustainment which is only associated with keeping the capability in service (without any material change in capability).

Sustainment: Those engineering activities that maintain an existing capability of a system/sub-system/component for service use. Sustainment is separate from In Service Engineering (ISE) activities, which are associated with any change/upgrade in capability.

Energetic Materials: Includes all R, D&A and T&E associated with the study and technology development of energetic materials used in rockets, gun propellants, warheads, fuzing, structures and other explosive and incendiary devices for air, land, sea, and underwater applications.

Examples are energetic materials science, nanotechnology, energetic materials synthesis, energetic materials formulations, energetic materials processing technology, M&S contributing to technology development, interior ballistics, and fuzing.

Underwater Weapons: Includes all R, D&A and T&E associated with weapon systems launched and or intended to attack underwater targets. Includes but not limited to underwater mines, mine countermeasures (water and surf zone), torpedoes and unmanned underwater vehicles. Does not include sub-launched cruise (e.g., Tomahawk) and ballistic missiles. Does not include weapon systems integration.

Guns and Ammunition: Includes all R, D&A and T&E associated with small, medium and large caliber gun systems, and any barrel launched ballistic rounds/systems. Includes but is not limited to mortars, tank rounds and systems, artillery, and Navy Gun Systems. Includes all research associated with gun systems, materials and propelling charges. Does not include guidance and control, and rocket motors. Does not include weapon systems integration.

Weapon Systems Integration: Includes all R, D&A and T&E associated with weapon and armaments integration on air, land, and sea platforms. This process combines weapon system(s) together on a platform via an automated control system. It allows for orchestrated weapon system engagement decisions and coordination on the host platform and/or between weapon systems on multiple platforms (including control systems for multiple weapon systems, e.g., combat systems).

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0019 **Date Created:** 10/25/2004

Scenario Title: Relocate RD&A energetic capability from Crane, Fallbrook and Yorktown to Indian Head

Description:

Retain Energetics Materials Capabilities at Indian Head and relocate energetic materials capabilities from Crane, Fallbrook and Yorktown to Indian Head.
Definitions:
Energetic Materials: Includes all RDAT&E associated with the study and technology development of energetic materials used in rockets, gun propellants, warheads, fuzing, structures and other explosive and incendiary devices for air, land, sea, and underwater applications. Examples are energetic materials science, nanotechnology, energetic materials synthesis, energetic materials formulations, energetic materials processing technology, M&S contributing to technology development, interior ballistics and fuzing.

Losing Bases

Naval Support Activity Crane (Crane, IN) - Realignment

Naval Weapons Station Fallbrook (Fallbrook, CA) - Realignment

Naval Weapons Station Yorktown (Yorktown, VA) - Realignment

Receiving Bases

Naval Surface Warfare Center Indian Head (Indian Head, MD) - Receive

Losing Activities

Crane (N00164) NAVSURFWARCEN energetics RDAT&E to Indian Head - Relocate

Fallbrook (N32893) Crane NAVSURFWARCEN RDAT&E energetics T&E to Indian Head - Relocate

Yorktown (N32889) energetic materials RDAT&E capabilities to Indian Head - Relocate

Activities being Received

Crane (N00164) NAVSURFWARCEN energetics RDAT&E to Indian Head

Fallbrook (N32893) Crane NAVSURFWARCEN RDAT&E energetics T&E to Indian Head

Yorktown (N32889) energetic materials RDAT&E capabilities to Indian Head

Scenario # TECH-0020 **Date Created:** 10/27/2004

Scenario Title: Joint Battlespace Environments Center

Description:

Realign and consolidate those facilities that are primarily focused on Battlespace Environments (meteorology, oceanography, terrain, and space environment) DTAP activities in research, development and acquisition (RDA) to create a Joint Battlespace Environments Center (JBSEC) at the Stennis Space Center, Stennis, MS.

This scenario realigns and consolidates Battlespace Environments DTAP activities in research, development and acquisition (RDA) for the subareas of space, atmospheric and oceanographic and terrain sciences establishing a Joint Battlespace Environments Center (JBSEC). This scenario only realigns the unique organizations (branch, division, detachment, or larger) that conducts RDA for the purpose of describing and characterizing the environment and develops models to characterize the impact of the environment on weapons systems. It does not realign individual technical experts embedded in host acquisition facilities whose primary function is to analyze the impact of the environment on current and emergent weapons systems. The JBESC will be located at the Stennis Space Center, Stennis, MS and will be merged with existing battlespace environments organizations at Stennis. The research, development and acquisition focus of the JBESC will be the weather, space weather, and oceanographic information systems used by all echelons (tactical, operational and strategic). This information is provided via software based systems such as Air Force Meteorological Information Systems (AFMIS) and the Navy Tactical Environmental Support System (TESS). The R&D being consolidated is software systems centered and is inclusive of atmospheric and ocean science related to weather, software engineering, models and simulations, high performance computation, and mathematics. This multidisciplinary collection of R&D expertise and their resulting production information systems are essential for advancements in the Battlespace Environment Joint Functional Concept (CJCSI 3170.01c).

The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps, and Defense Agency RDA expertise on to a single site with one of the four DoD High Performance Computing (HPC) Major Shared Resource Centers (MSRCs). A single site is consistent with the strategy of the Technical Joint Cross Service Group because the National Oceanic and Atmospheric Agency performs alternative research facilities. In order to support Joint Functional Concepts and relevant Joint Operating Concepts of the future, this scenario provides a) a consolidated center-of-mass for the science base for theater weather, the enabling models and simulations, and predictive tools; b) ready access for research and development to a DoD high performance computing Major Shared Resource Center; and, c) efficiencies in development and acquisition through consolidated Joint Program Management where applicable. Units with size less than 30 FTEs are excluded unless otherwise noted.

This scenario consolidates and realigns, principally, the following organizations:

Air Force: Battlespace Environments Division of Air Force Research Laboratory (AFRL/VSB), Hanscom AFB, MA.

Army: Atmospheric Sciences Branches of the Army Research Laboratory at Adelphi Md (34 FTE) and White Sands Missile Range (71FTE)

Navy: Navy Research Laboratory Marine Meteorology Division (Monterey CA; NRL-MMD) and Navy Research Laboratory Stennis Space Center (NRL-SSD), and Ocean and Atmospheric Directorate at NRL Washington (NRL-DC).

Losing Bases

Adelphi (Adelphi, MD) - Realignment

Hanscom AFB (Bedford, MA) - Realignment

Naval Postgraduate School (Monterey, CA) - Realignment

Naval Research Laboratory (Washington, DC) - Realignment

White Sands (White Sands Missile Range, NM) - Realignment

Losing Activities

Adelphi Lab Center (W262AA) Research for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462) - Consolidate

Hanscom (AFRL/VSB) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462) - Consolidate

NRL/Monterey Detachment Division (N66856) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462) - Consolidate

NRL/DC (N00173- Code 7600) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462) - Consolidate

ARL/WSMR (W26212) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462) - Consolidate

Receiving Bases

Stennis Space Center (xxxx, MS) - Receive

Activities being Received

Adelphi Lab Center (W262AA) Research for the

NRL/DC (N00173- Code 7600) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462)

NRL/Monterey Detachment Division (N66856) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462)

Scenario # TECH-0034 **Date Created:** 11/12/2004

Scenario Title: Defense Research Service Led Laboratories, Companion to TECH-0009

Description:

This scenario is a companion to TECH-0009. As such it will examine alternative realignments as part of the creation of the Defense Research Laboratory. The DRL realigns and co-locate the three service corporate laboratories to provide greater synergy across DTAP technical capabilities and functions. Additionally it creates a virtual "Defense Research Laboratory" by establishing a board of directors including Director of Defense Research and Engineering (DDRE), Technical Director of the Naval Research Laboratory (TD-NRL), Commanding Officer of Air Force Research Laboratory (CC-AFRL), Technical director Army Research Laboratory (TD-ARL) and the Service S&T executives. The Board of Directors will advise and steer Research Labs to reduce duplicative efforts & foster joint centers of excellence. The purpose of this scenario is to consolidate to a smaller number of Service-centric geographic locations in order to increase the multidisciplinary collection of R&D expertise across DTAP capability areas at those locations.

The end state of this scenario will consolidate the naval Research Laboratory to one primary location, the Army Research Laboratory to one primary location, and the Air Force Research Laboratory to a maximum of four locations. The DRL will provide service Centric consolidated centers of mass for Science and Technology, with increased effectiveness and efficiencies.

Losing Bases

Aberdeen (Aberdeen, MD) - Realignment
Brooks City-Base (San Antonio, TX) - Realignment
Hanscom AFB (Bedford, MA) - Realignment
Mesa AFRL (Mesa, AZ) - Realignment
Naval Postgraduate School (Monterey, CA) - Realignment

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0038 **Date Created:** 11/18/2004

Scenario Title: Consolidate Extramural Research Program managers to Naval Research lab, DC

Description:

Realign and Co-locate the following organizations at a Military Base in the National Capital Region. The purpose of this scenario is to move all portions of the following organizations located at the sites indicated. The end state of this scenario will be co-location of the organizations listed below at a single location. This "Joint Center of Excellence" will foster additional coordination among the extramural research activities of OSD and the MilDeps. Further it will enhance the Force Protection posture of the organizations by relocating them from leased space and onto a Military Base.

This scenario would:
Realign from the following UICs to JBESC, FTEs and equipment reported under BRAC Questions 3001-3005, 4277, 4279, and 4280 for all DTAP areas and functions:

Office of Naval Research, Arlington, VA, N00014
Defense Advanced Research Project Agency, Arlington VA
Defense Threat Reduction Agency – NCR, Alexandria, VA
Army Research Laboratory/Army Research Office, Durham, NC, W26203
Army Research Laboratory/Army Research Office, Arlington, VA, W26205
AFRL/AFOSR, Arlington, VA, FFFJH

Losing Bases

AFRL/AFOSR (ARLINGTON, VA) - Realignment

ARL/CIS/SLA (Arlington, VA) - Realignment

ARMY RESEARCH Lab/ARMY RESEARCH OFFICE (ARLINGTON, VA) - Realignment

ARMY RESEARCH LABORATORY/ARMY RESEARCH OFFICE (DURHAM, NC) - Realignment

ONR extramural research program managers to NAS Anacostia

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0041 **Date Created:** 11/18/2004

Scenario Title: Consolidate Extramural Research Program managers to Bolling AFB

Description:

Realign and Co-locate the following organizations at a Military Base in the National Capital Region. The purpose of this scenario is to move all portions of the following organizations located at the sites indicated. The end state of this scenario will be co-location of the organizations listed below at a single location. This "Joint Center of Excellence" will foster additional coordination among the extramural research activities of OSD and the MilDeps. Further it will enhance the Force Protection posture of the organizations by relocating them from leased space and onto a Military Base.

This scenario would:

Realign from the following UICs to JBESC, FTEs and equipment reported under BRAC Questions 3001-3005, 4277, 4279, and 4280 for all DTAP areas and functions:

Office of Naval Research, Arlington, VA, N00014
Defense Advanced Research Project Agency, Arlington VA
Defense Threat Reduction Agency – NCR, Alexandria, VA
Army Research Laboratory/Army Research Office, Durham, NC, W26203
Army Research Laboratory/Army Research Office, Arlington, VA, W26205
AFRL/AFOSR, Arlington, VA, FFFJH

Losing Bases

AFRL/AFOSR (ARLINGTON, VA) - Realignment

ARL/CIS/SLA (Arlington, VA) - Realignment

ARMY RESEARCH Lab/ARMY RESEARCH OFFICE (ARLINGTON, VA) - Realignment

ARMY RESEARCH LABORATORY/ARMY RESEARCH OFFICE (DURHAM, NC) - Realignment

DARPA (Arlington, VA) - Realignment

Defense Threat Reduction Agency (Alexandria, VA) - Realignment

Office of Naval Research (Arlington, VA) - Realignment

Receiving Bases

Bolling AFB (Washington, DC) - Receive

Losing Activities

AFRL/AFOSR extramural research program managers to Bolling AFB - Co-locate

ARL/CIS/SLA extramural research program managers to Bolling AFB - Co-locate

ARL/ARO VA extramural research program managers to Bolling AFB - Co-locate

ARL/ARO NC extramural research program managers to Bolling AFB - Co-locate

DARPA extramural research program managers to Bolling AFB - Co-locate

DTRA extramural research program managers to Bolling AFB - Co-locate

ONR extramural research program managers to Bolling AFB - Co-locate

Activities being Received

AFRL/AFOSR extramural research program managers to Bolling AFB

ARL/ARO NC extramural research program managers to Bolling AFB

ARL/ARO VA extramural research program managers to Bolling AFB

ARL/CIS/SLA extramural research program managers to Bolling AFB

DARPA extramural research program managers to Bolling AFB

DTRA extramural research program managers to Bolling AFB

ONR extramural research program managers to Bolling AFB

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0043 **Date Created:** 11/18/2004

Scenario Title: Relocate RD&A energetic materials capability from Crane and Yorktown to Dahlgren

Description:

Relocate energetic materials RDAT&E capabilities from Indian Head, Crane and Yorktown to Dahlgren.

Definitions:

Energetic Materials: Includes all RDAT&E associated with the study and technology development of energetic materials used in rockets, gun propellants, warheads, fuzing, structures and other explosive and incendiary devices for air, land, sea, and underwater applications. Examples are energetic materials science, nanotechnology, energetic materials synthesis, energetic materials formulations, energetic materials processing technology, M&S contributing to technology development, interior ballistics and fuzing.

Losing Bases

Naval Support Activity Crane (Crane, IN) - Realignment

Naval Surface Warfare Center Indian Head (Indian Head, MD) - Realignment

Naval Weapons Station Fallbrook (Fallbrook, CA) - Realignment

Naval Weapons Station Yorktown (Yorktown, VA) - Realignment

Losing Activities

Crane (N00164) NAVSURFWARCEN energetic materials RDAT&E to Dahlgren - Relocate

Indian Head (N00174) energetic materials RDAT&E to Dahlgren - Relocate

Fallbrook (N32893) Crane NAVSURFWARCEN energetic materials T&E to Dahlgren - Relocate

Yorktown (N32889) energetic materials RDAT&E to Dahlgren - Relocate

Receiving Bases

Naval Surface Warfare Center Dahlgren (Dahlgren, VA) - Receive

Activities being Received

Crane (N00164) NAVSURFWARCEN energetic materials RDAT&E to Dahlgren

Fallbrook (N32893) Crane NAVSURFWARCEN energetic materials T&E to Dahlgren

Indian Head (N00174) energetic materials RDAT&E to Dahlgren

Yorktown (N32889) energetic materials RDAT&E to Dahlgren

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0044 **Date Created:** 11/18/2004

Scenario Title: Relocate DoD Guns & Ammunition RD&A and selected T&E at one location (Dahlgren)

Description:

Relocate DoD Guns & Ammunition RD&A (except energetic materials) and selected T&E at Dahlgren. Relocate gun/ammunition research from Aberdeen, Gun/Ammunition/fuze RD&A from Adelphi, gun/ammunition RDAT&E from Crane, Picatinny, Port Hueneme (Louisville Detachment), Quantico, China Lake, Eglin; and gun RD&A from Watervliet (Benet Lab) to Dahlgren.
Definition of Guns & ammunition: Includes all RDAT&E associated with small, medium and large caliber gun systems, and any barrel launched ballistic rounds/systems. Includes but is not limited to mortars, tank rounds and systems, artillery, Navy Gun systems. Includes all work associated with gun systems, materials and propelling charges. Does not include guidance and control, and rocket motors. Does not include weapon systems integration.

Losing Bases

Aberdeen (Aberdeen, MD) - Realignment
Adelphi (Adelphi, MD) - Realignment
Eglin AFB (Valpariso, FL) - Realignment
Marine Corps Base Quantico (Quantico, VA) - Realignment
Naval Air Weapons Station China Lake (China Lake, CA) - Realignment
Naval Reserve Center Louisville (Louisville, KY) - Realignment
Naval Support Activity Crane (Crane, IN) - Realignment
Naval Surface Warfare Center Indian Head (Indian Head, MD) - Realignment
Naval Weapons Station Fallbrook (Fallbrook, CA) - Realignment
Picatinny (Dover, NJ) - Realignment
Watervliet Arsenal (Watervliet, NY) - Realignment

Losing Activities

APG (W26210) Guns/ammo RD&A (except energetic materials) to Dahlgren - Relocate
Adelphi (W4MK04) guns/ammo/fuze RDAT&E to Dahlgren - Relocate
Eglin (FFSB8)guns/ammo RDAT&E to Dahlgren - Relocate
MARCORSYSCOM (M67854) guns/ammo RD&A to Dahlgren - Relocate
MCOTEA (M93029) guns/ammo T&E to Dahlgren - Relocate
China Lake (N60530) guns/ammo RDAT&E to Dahlgren - Relocate
Louisville (N63394) NAVSURFWARCENDIV Guns/ammo RDAT&E to Dahlgren - Relocate
Crane (N00164) NAVSURFWARCENDIV guns/ammo RDAT&E to Dahlgren - Relocate
Indian Head (N00174) guns/ammo RDAT&E to Dahlgren - Relocate
Fallbrook (N32893) Crane NAVSURFWARCENDIV guns/ammo RDAT&E to Dahlgren - Relocate
Picatinny (W27P05) guns/ammo/fuze D&A to Dahlgren - Relocate
Picatinny (W27P4A) guns/ammo/fuze D&A to Dahlgren - Relocate
Picatinny (W27P72) guns/ammo D&A to Dahlgren - Relocate
Picatinny (W4MKAA) guns/ammo/fuze RT&E to Dahlgren - Relocate
Watervliet (Benet Lab) (W4MK03) gun RD&A to Dahlgren - Relocate

Receiving Bases

Naval Surface Warfare Center Dahlgren (Dahlgren, VA) - Receive

Activities being Received

Adelphi (W4MK04) guns/ammo/fuze RDAT&E to Dahlgren
APG (W26210) Guns/ammo RD&A (except energetic materials) to Dahlgren
China Lake (N60530) guns/ammo RDAT&E to Dahlgren

Registered Scenarios

Dahlgren

Scenario # TECH-0045 **Date Created:** 11/19/2004

Scenario Title: Army Land System Life Cycle Management Center Single site Scenario

Description:

This scenario relocates and consolidates RDAT&E in Land Warfare into a single site. It enhances Life Cycle Management by physically consolidating organization contained in the Soldier/Ground Systems Life Cycle Management Command. The scenario promotes Synergy and efficiencies across the spectrum of functions involved in Land warfare RDAT&E (Soldier Systems, ground vehicle, guns and ammunition and CBD). The consolidation at APG collocates R&DA activities from the Soldier Systems Center (SSC) Natick, MA, Detroit Arsenal, Warren, MI, Adelphi Laboratory Center, MD, Ft. Belvoir, VA and Picatinny, NJ with significant T&E capabilities, which are not available at the current RD&A sites. It provides for a synergistic means to address the difficult survivability challenges for future soldiers and ground combat systems.

Losing Bases

Adelphi (Adelphi, MD) - Realignment

Belvoir (Fort Belvoir, VA) - Realignment

Detroit/Selfridge (Warren, MI) - Realignment

Picatinny (Dover, NJ) - Realignment

Losing Activities

Scenario # TECH-0050 **Date Created:** 12/9/2004

Scenario Title: Army Land Network Warfare LCM Center at NCR

Description:

This scenario consolidates C4ISR technical facilities into a minimum number of centers. Part one consolidates Ground Sensor, Electronic Warfare, Electronics and Information Systems Research (less the Ground Sensor, Electronic Warfare, Electronics and Information systems Research conducted at Ft. Belvoir) at Army Research Laboratory, Adelphi, MD. Consolidation of research includes moving research in Networks done by the Army Research Institute and research in cognitive engineering, human performance and in human factors associated with C4ISR and Networks by the Human Research and Engineering Directorate of ARL. The consolidated research organization will be coupled with neuroscience research at Walter Reed Army Institute of Research to form creation a Land Network Science Technology and Experimentation Center, which will perform the fundamental research required to enable Ground Network Centric Warfare. Part two consolidates Ground Sensor, Electronic Warfare, Electronics and Information Systems D&A at Belvoir.

Losing Bases

Aberdeen (Aberdeen, MD) - Realignment

Knox (Fort Knox, KY) - Realignment

Monmouth (Fort Monmouth, NJ) - Realignment

White Sands (White Sands Missile Range, NM) - Realignment

Scenario # USAF-0072 **Date Created:** 12/17/2004

Scenario Title: Close Grand Forks AFB (S400)

Description:

Close Grand Forks AFB. The 319th Air Refueling Wing will inactivate. The wing's KC-135R aircraft will be distributed to the 22d Air Refueling Wing, McConnell AFB, Kansas (18 PAA) and 6th Air Mobility Wing, MacDill AFB, Florida (18 PAA).

Losing Bases

Grand Forks AFB (Emerado, ND) - Close

Losing Activities

319th Air Refueling Wing - Inactivate
KC-135R Tanker Squadrons (32 PAA) - Relocate

Receiving Bases

MacDill AFB (Tampa, FL) - Receive
McConnell AFB (Wichita, KS) - Receive

Activities being Received

KC-135R Tankers (18 PAA)
KC-135R Tankers (18 PAA)

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0073 **Date Created:** 12/17/2004

Scenario Title: Realign Bangor IAP AGS (S401)

Description:

Realign Bangor IAP AGS. The 101st Air Refueling Wing (ANG) will be inactivated. The wing's KC-135E aircraft (8 PAA) will retire.

Losing Bases

Bangor IAP AGS (Bangor, ME) - Realignment

Losing Activities

101st Air Refueling Wing - Inactivate

KC-135E Tankers (8 PAA) Retire - Inactivate

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0074 **Date Created:** 12/17/2004

Scenario Title: Close Forbes Field AGS (S402)

Description:

Close Forbes Field AGS. The 190th Air Refueling Wing (ANG) will inactivate. The wing's KC-135E aircraft (8 PAA) will retire

Losing Bases

Forbes Field AGS (Topeka, KS) - Close

Losing Activities

190th Air Refueling Wing - Inactivate

KC-135E Tankers (8 PAA) Retire - Inactivate

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0075 **Date Created:** 12/17/2004

Scenario Title: Realign Sioux City Gateway Airport AGS (S403)

Description:

Realign Sioux City Gateway Airport AGS. The 185th Air Refueling Wing (ANG) will be inactivated. he wing's KC-135E aircraft (8 PAA) will retire.

Losing Bases

Sioux Gateway APT AGS (Sioux City, IA) - Realignment

Losing Activities

185th Air Refueling Wing - Inactivate

KC-135E (8 PAA) Retire - Inactivate

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0076 **Date Created:** 12/17/2004

Scenario Title: Realign General Mitchell AGS (S404)

Description:

Realign General Mitchell AGS. The 128th Air Refueling Wing (ANG) will associate with the Gen Mitchell ARS C-130 unit as a C-130 unit. The wing's KC-135R aircraft (9 PAA) will be distributed to a new KC-135R unit (ANG) at Selfridge ANGB, Michigan

Losing Bases

Gen Mitchell IAP AGS (Milwaukee, WI) - Realignment

Losing Activities

128th Air Refueling Wing (ANG) - Co-locate
KC-135R Tankers (9 PAA) - Relocate

Receiving Bases

Selfridge ANGB (Mount Clemens, MI) - Receive

Activities being Received

KC-135R Tankers (9 PAA)

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0077 **Date Created:** 12/17/2004

Scenario Title: Realign Key Field AGS (S405)

Description:

Realign Key Field AGS. The 186th Air Refueling Wing (ANG) will be inactivated. The wing's KC-135R aircraft will be distributed to the 184th Air Refueling Wing (ANG), McConnell AFB, Kansas (7 PAA) and the 134th Air Refueling Wing (ANG), McGhee Tyson Airport AGS, Tennessee (2 PAA).

Losing Bases

Key Field AGS (Meridian, MS) - Realignment

Losing Activities

186th Air Refueling Wing - Inactivate

KC-135R Tankers (9 PAA) - Relocate

Receiving Bases

McConnell AFB (Wichita, KS) - Receive

McGee Tyson APT AGS (Knoxville, TN) - Receive

Activities being Received

KC-135 Tankers (7 PAA)

KC-135 Tankers (2 PAA)

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0078 **Date Created:** 12/17/2004

Scenario Title: Realign Lincoln Municipal Airport AGS (S406)

Description:

Realign Lincoln Municipal Airport AGS. The 155th Air Refueling Wing (ANG) will be inactivated. The wing's KC-135R aircraft will be distributed to the 126th Air Refueling Wing (ANG), Scott AFB, Illinois (4 PAA); the 154th Wing (ANG), Hickam AFB, Hawaii (1 PAA); and new KC-135R unit (ANG) at Selfridge ANGB, Michigan (3 PAA).

Losing Bases

Lincoln MAP AGS (Lincoln, NE) - Realignment

Losing Activities

155th Air Refueling Wing (ANG) - Inactivate

KC-135R Tankers (8 PAA) - Relocate

Receiving Bases

Hickam AFB (Honolulu, HI) - Receive

Scott AFB (Belleville, IL) - Receive

Selfridge ANGB (Mount Clemens, MI) - Receive

Activities being Received

KC-135R Tankers (1 PAA)

KC-135R Tankers (4 PAA)

KC-135R Tankers (3 PAA)

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0079 **Date Created:** 12/17/2004

Scenario Title: Realign Portland IAP AGS (S407)

Description:

Realign Portland IAP AGS. The 939th Air Refueling Wing (AFRC) will be inactivated. The wing's KC-135R aircraft will be distributed to the 163d Air Refueling Wing (AFRC), March ARB, California (4 PAA) and 507th Air Refueling Wing (AFRC), Tinker AFB, Oklahoma (4 PAA). The 173d Fighter Wing (ANG) will be disestablished. The wing's F-15 aircraft will be distributed to the 159th Fighter Wing (ANG), NAS New Orleans ARS, Louisiana (9 PAA) and retire (6 PAA).

Losing Bases

Portland IAP AGS (Portland, OR) - Realignment

Losing Activities

173rd Fighter Wing; Retire F-15C (6 PAA) - Inactivate

39th Air Refueling Wing (AFRC) - Inactivate

F-15C Fighter Squadron (9 PAA) - Relocate

KC-135R Tankers (8 PAA) - Relocate

Receiving Bases

March ARB (Sunnymeade, CA) - Receive

NAS New Orleans ARS (New Orleans, LA) - Receive

Tinker AFB (Midwest City, OK) - Receive

Activities being Received

KC-135R Tankers (4 PAA)

F-15C (9 PAA)

KC-135R Tankers (4 PAA)

Registered Scenarios

Scenario # USAF-0080 **Date Created:** 12/17/2004

Scenario Title: Realign Birmingham IAP AGS (S408)

Description:

Realign Birmingham IAP AGS. The 117th Air Refueling Wing (ANG) will be inactivated. The wing's KC-135R aircraft (8 PAA) will be distributed to the 126th Air Refueling Wing (ANG), Scott AFB, Illinois. The KC-135E aircraft (8 PAA) currently assigned to the 126th Air Refueling Wing at Scott AFB will retire.

Losing Bases

Birmingham IAP AGS (Birmingham, AL) - Realignment

Scott AFB (Belleville, IL) - Realignment

Receiving Bases

Scott AFB (Belleville, IL) - Receive

Losing Activities

117th Air Refueling Wing (ANG) - Inactivate

KC-135R Tankers (8 PAA) - Relocate

KC-135E Tankers (8 PAA) Retire - Inactivate

Activities being Received

KC-135R Tankers (8 PAA)

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0081 **Date Created:** 12/17/2004

Scenario Title: Realign Beale AFB (S409)

Description:

Realign Beale AFB. The 940th Air Refueling Wing (AFRC) will be inactivated. The wing's KC-135R aircraft will be distributed to the 916th Air Refueling Wing (AFRC), Seymour Johnson AFB, North Carolina (4 PAA) and reassigned to backup aircraft inventory (4 PAA).

Losing Bases

Beale AFB (Marysville, CA) - Realignment

Losing Activities

940th Air Refueling Wing (AFRC); BAI KC-135 Tankers (4 PAA) - Inactivate
KC-135 Tankers (8 PAA) 4 Relocate - Relocate

Receiving Bases

Seymour Johnson AFB (Goldsboro, NC) - Receive

Activities being Received

KC-135R (4 PAA)

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0082 **Date Created:** 12/17/2004

Scenario Title: Realign McGuire AFB (S410)

Description:

Realign McGuire AFB. The C-17 aircraft (12 PAA) assigned to the 305th Air Mobility Wing will transfer to the 60th Air Mobility Wing, Travis AFB, California. The 108th Air Refueling Wing (ANG) will be inactivated and its KC-135E aircraft (16 PAA) will retire

Losing Bases

McGuire AFB (Wrightstown, NJ) - Realignment

Losing Activities

108th Air Refueling Wing (ANG) - Inactivate
C-17 Airlift Squadron (12 PAA) - Relocate
KC-135E Tankers (16 PAA) Retire - Inactivate

Receiving Bases

Travis AFB (Fairfield, CA) - Receive

Activities being Received

C-17 (12 PAA)

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0083 **Date Created:** 12/17/2004

Scenario Title: Realign March ARB (S411)

Description:

Realign March ARB. The 163d Air Refueling Wing (ANG) will associate with March AFB's KC-135 Wing. The wing's KC-135R aircraft will be distributed to the 154th Wing (ANG), Hickam AFB, Hawaii (3 PAA); 157th Air Refueling Wing (ANG), Pease International Tradeport AGS, New Hampshire (3 PAA); 161st Air Refueling Wing (ANG), Phoenix Sky Harbor Airport AGS, Arizona (2 PAA); and backup aircraft inventory (1 PAA).

Losing Bases

March ARB (Sunnymeade, CA) - Realignment

Losing Activities

163d Air Refueling Wing (ANG); BAI KC-135R
ANG (1 PAA) - Co-locate

KC-135R ANG (8 PAA) - Relocate

Receiving Bases

Hickam AFB (Honolulu, HI) - Receive

Pease International Trade Port AGS (Portsmouth, NH) - Receive

Phoenix Sky Harbor IAP AGS (Phoenix, AZ) - Receive

Activities being Received

KC-135R (3 PAA)

KC-135R (3 PAA)

KC-135R (2 PAA)

Registered Scenarios

Scenario # USAF-0084 **Date Created:** 12/17/2004

Scenario Title: Realign Fairchild AFB (S412)

Description:

Realign Fairchild AFB. The 141st Air Refueling Wing (ANG) will associate with the active unit and the wing's KC-135R aircraft will be distributed to the 92d Air Refueling Wing, Fairchild AFB (2 PAA); 19th Air Refueling Group, Robins AFB, Georgia (4 PAA); and 161st Air Refueling Wing (ANG), Phoenix Sky Harbor Airport AGS, Arizona (2 PAA).

Losing Bases

Fairchild AFB (Airway Heights, WA) - Realignment

Losing Activities

141st Air Refueling Wing (ANG) - Co-locate

KC-135R ANG Tankers (8 PAA) - Relocate

Receiving Bases

Fairchild AFB (Airway Heights, WA) - Receive

Phoenix Sky Harbor IAP AGS (Phoenix, AZ) - Receive

Robins AFB (Warner Robins, GA) - Receive

Activities being Received

KC-135R AD Tankers (2 PAA)

KC-135R Tankers (2 PAA)

KC-135R AD Tankers (4 PAA)

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0085 **Date Created:** 12/17/2004

Scenario Title: Realign Westover ARB (S413)

Description:

Realign Westover ARB. The 439th Airlift Wing (AFRC) will retire two C-5A aircraft.

Losing Bases

Westover ARB (Chicopee, MA) - Realignment

Losing Activities

C-5 A (2 PAA) Retire - Inactivate

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0086 **Date Created:** 12/17/2004

Scenario Title: Realign Selfridge ANGB (S414)

Description:

Realign Selfridge ANGB. The 927th Air Refueling Wing (AFRC) will be inactivated. The wing's KC-135R aircraft will be distributed to the 459th Air Refueling Wing (AFRC), Andrews AFB, Maryland (4 PAA); 6th Air Mobility Wing, MacDill AFB, Florida (2 PAA), and backup aircraft inventory (2 PAA). The 127th Wing (ANG) will retire its C-130E aircraft (8 PAA). Establish an ANG air refueling unit and receive KC-135R aircraft from the realignments of General Mitchell Airport ARS, Wisconsin (9 PAA), and realignment of Lincoln Municipal Airport AGS, Nebraska (3 PAA).

Losing Bases

Selfridge ANGB (Mount Clemens, MI) - Realignment

Losing Activities

927th Air Refueling Wing (AFRC) - Inactivate
C-130E (8 PAA) Retire - Inactivate
KC-135R AFR Tankers (8 PAA) 6 Relocate; 2 to BAI - Relocate

Receiving Bases

Andrews AFB (Camp Springs, MD) - Receive

MacDill AFB (Tampa, FL) - Receive

Activities being Received

KC-135R Tankers (4 PAA)
KC-135R AD Tankers (2 PAA)

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0087 **Date Created:** 12/17/2004

Scenario Title: Realign Rickenbaker IAP AGS (S415)

Description:

Realign Rickenbaker IAP AGS. The 121st Air Refueling Wing (ANG) will lose KC-135R aircraft to the 134th Air Refueling Wing (ANG), McGhee Tyson Airport AGS, Tennessee (2 PAA).

Losing Bases

Rickenbaker IAP AGS (Columbus, OH) - Realignment

Losing Activities

KC-135R (2 PAA) - Relocate

Receiving Bases

McGee Tyson APT AGS (Knoxville, TN) - Receive

Activities being Received

KC-135R Tankers (2 PAA)

Demil - Disestablish

Registered Scenarios

As Of: 12/23/2004

Scenario # MED-0033 **Date Created:** 11/19/2004

Scenario Title: Expansion of Hawaii Healthcare Market - Enable DON-0036

Description:

This scenario enables Navy scenario DON-036 and addresses the relocation of an CVN from NS Everett to Pearl Harbor. This relocation would include the movement of 6,000 active duty personnel and 12,000 family members into the Hawaii healthcare market.

This would require expansion of clinics at Tripler Army Medical Center, Pearl Harbor and Hickam AFB to maximum outpatient capacity. Likewise Tripler Army Medical Center would expand to absorb the additional inpatient workload. Medical personnel to support this move would come from NS Everett and Bremerton Naval Hospital. Any workload not absorbed by this expansion will be redirected to the local community.

Losing Bases

Naval Hospital Bremerton (Bremerton, WA) -

Naval Station Everett (Everett, WA) -

Losing Activities

Medical personnel to support CVN - Relocate

Inpatient and Outpatient workload for CVN - Relocate

Medical support to CVN - Relocate

Receiving Bases

Hickam AFB (Honolulu, HI) - Receive

Naval Station Pearl Harbor (Pearl Harbor, HI) - Receive

Tripler AMC (Fort Shafter, HI) - Receive

Activities being Received

Inpatient and Outpatient workload for CVN

Medical personnel to support CVN

Medical support to CVN

Inpatient and Outpatient workload for CVN

Medical personnel to support CVN

Medical support to CVN

Inpatient and Outpatient workload for CVN

Medical personnel to support CVN

Medical support to CVN

Registered Scenarios

As Of: 12/23/2004

Scenario # MED-0034 **Date Created:** 11/19/2004

Scenario Title: Expand Healthcare Market in Guam to Enable DON-0037

Description:

This is an enabling scenario for DON-0037, moving a CVN, 1 DDG and 3 FFG from NS Everett to Guam.

This relocation would include the movement of 7000 active duty personnel and 14,000 family members into the Hawaii healthcare market.

Due to the extreme shortfall availability and quality of local healthcare resources, this scenario proposes to expand Naval Hospital Guam and Anderson AFB Clinic to absorb all of the healthcare workload.

Medical personnel from NS Everett and NS Bremerton would be relocated to address the growth in healthcare workload at Guam. Healthcare workload remaining at NS Bremerton would be referred to the local healthcare system.

Losing Bases

Naval Hospital Bremerton (Bremerton, WA) -

Naval Station Everett (Everett, WA) -

Losing Activities

medical support for CVN battle group - Relocate

Inpatient and Outpatient workload - Relocate

Medical Support staff for workload - Relocate

Receiving Bases

Andersen AFB (Agana, GU) - Receive

Naval Hospital Guam (FPO, AP) - Receive

Activities being Received

Inpatient and Outpatient workload

medical support for CVN

Medical Support staff for workload

Inpatient and Outpatient workload

medical support for CVN

Medical Support staff for workload

Registered Scenarios

As Of: 12/23/2004

Scenario # MED-0035 **Date Created:** 11/23/2004

Scenario Title: Create a Biomedical Research Center of Excellence for Hyperbaric and Undersea Medicine

Description:

This scenario realigns Hyperbaric and Undersea Medicine R&D activities from the Naval Submarine Medical Research Lab, Groton CT to Panama City FL to collocate with the Navy Experimental Diving Unit. This is an enabling scenario submitted in response to DON-0033 & 0034 which close the Groton site and thus conflict with MED-0023. It is also a subset of the moves described in MED-0024 but can be executed independently of that scenario in the event that MED-0024 is not approved, and either DON-0033 or 0034 is approved.

Losing Bases

SUPSHIP Groton CT (Groton, CT) -

Losing Activities

Naval Submarine Medical Research Lab - Relocate

Receiving Bases

Naval Support Activity Panama City (Panama City, FL) - Receive

Activities being Received

Naval Submarine Medical Research Lab

Scenario Title: Consolidate Rotary Wing Phase of Undergraduate Flight Training at NAS Whiting Field.

Description:

Realign NAS Whiting (Milton, Florida) by establishing a DoD Undergraduate Rotary-wing Flight Training Center of Excellence. Relocate Fixed-wing Undergraduate Flight Training units on North Field NAS Whiting (VT-2, VT-3, and VT-6 (T-34C and T-6 aircraft)) to NAS Corpus Christi (Corpus Christi, Texas). Relocate Fort Rucker (Dothan, Alabama) Undergraduate Rotary-wing units (U.S. Army's 1st Aviation Brigade and the U.S. Air Force 58th Special Operations Wing's 23rd Flying Training Squadron) to NAS Whiting. Consolidate the U.S. Army's 1st Aviation Brigade and the U.S. Air Force 58th Special Operations Wing's 23rd Flying Training Squadron with Training Wing 5 (TRAWNG 5) and subordinate units (HT-8, HT-18, and Helicopter Instructor Training TRAWNG 5) to establish a single DoD Rotary Wing Undergraduate Flight Training Center of Excellence at NAS Whiting.

Reason Scenario was deleted

E&T JCSG deleted on 18 Nov. Scenario will be superseded by another scenario.

Scenario Title: Establish the Gulf Panhandle Range Complex

Description:

Establish a Gulf Panhandle Range complex incorporating NAS Pensacola, Eglin AFB, Ft Benning, Ft Rucker, Moody AFB, Tyndall AFB, Coastal Systems Station Panama City, Gulfport CRTC and associated ground, sea, and air maneuver areas

No gaining or losing installations

Reason Scenario was deleted

Per guidance from E&T JCSG principles proposal was combined into the Establish Joint National Training Capability- EAST, E&T-0037.

Registered Scenarios

As Of: 12/23/2004

Scenario # E&T-0019 **Date Created:** 10/8/2004

Deleted

Scenario Title: Establish Joint Center of Excellence for Space Training

Description:

Realign Vandenberg, CA by establishing a Joint Center of Excellence for Space Training. Realign Dahlgren, VA, Redstone Army Depot, AL, Colorado Springs, CO by relocating Space Training taught there to Vandenberg, CA. The intent of this scenario is to consolidate like courses while maintaining service unique capabilities.

Reason Scenario was deleted

E&T JCSG approved for deletion from OSD Scenario tracking tool. Original scenario was strategy-based without course data. Space courses already consolidated under Interservice Review Organization (ITRO).

Scenario Title: JSF Initial Training Beddown

Description:

Realign NAS Kingsville, Moody AFB, and Eglin AFB by establishing an Initial Training Center for the Joint Strike Fighter Graduate Level Flight Training. At NAS Kingsville: Training Wing TWO (T-45) remains in place. At Moody AFB: the 49th and 435th Flying Training Squadron (T-38 IFF) remains in place. The remainder of the 479th Flying Training Group (3rd Flying Training Squadron T-6) is relocated to Columbus AFB. The Operations Group, Maintenance Group, and the Headquarters Elements of the 347th Rescue Wing are relocated to a base determined by the USAF. The remainder of the 347th Rescue Wing is to remain in place. At Eglin AFB: the Operations Group, Maintenance Group, and the Headquarters Elements of the 33rd Fighter Wing are relocated to a base determined by the USAF. The remainder of the 33rd Fighter Wing is to remain in place. Note: All other aviation related activities remain in place at Eglin AFB.

Reason Scenario was deleted

Deleted by E&T JCSG on 18Nov. Scenario will be replaced by another scenario approved by the JCSG.

Scenario Title: GC-MPC-0006: Dc: I: Consolidate Marine Corps Personnel at MCB Quantico

Description:

Realign Marine Corps Support Activity (MCSA) Kansas City MO by consolidating Marine Corps Mobilization Command (MOBCOM) with the operational military personnel functions of Headquarters Marine Corps Manpower & Reserve Affairs (M&RA) at Marine Corps Base Quantico VA.

ADDITIONAL INFO: M&RA (PERSCOM functions only) currently occupies ~ 128,693 SF; ~30,293 SF has been determined as available excess; scenario requires NO ADDITIONAL SF for the move of MOBCOM personnel functions to M&RA since they will fit into existing excess space.

Space made available at MCSA Kansas City = 237,539 SF..

Reason Scenario was deleted

Deleted 30 Nov 04. Realignment of MOBCOM has been changed to be incorporated in another HSAJCSG MAH scenario with Marine Corps Reserve Forces Command.

Registered Scenarios

Scenario Title: GC-CF-0015: Create a Single Mid-Atlantic Regional Correctional Facility

Description:

Realign Naval Station Norfolk, Marine Corps Base Quantico and Camp Lejeune by disestablishing the correctional facilities at Marine Corps Base Quantico, Naval Station Norfolk and Camp Lejeune and relocating the mission to a single Level II joint regional correctional facility to be located in Hampton Roads South.

Justification/Impact:

- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- Naval Station Norfolk (Year built-1972)/(FY02 inmate count-158); Marine Corps Base Quantico (Year built-1972)/(FY03 inmate count-46); Camp Lejeune (Year built-1969)/(FY02 inmate count-232). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ location in Chesapeake, Va.
- A 400 bed facility is required.

Potential Conflicts:

- Cultural: Fewer DoD-level correctional facilities amongst military departments.
- DON concern of 4-hour commute to Hampton Roads and MOA w/FBI/CIA. No MOA exists between Quantico and FBI/CIA per Heads Corrections (PSL) HQ, USMC.

Reason Scenario was deleted

Entered incorrect receiving location.

Scenario Title: MAH-MAH-0020: Relocate USA Space and Missile Defense Command (SMDC) Headquarters

Description:

Realign two leased space locations in Arlington, Virginia by relocating Headquarters components of USA Space and Missile Command to Redstone Arsenal.

Justification/Impact:

- Eliminates 27,000 USF of leased space.
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations eliminates redundancy.
- Affects approximately 161 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 23 positions.
- SMDC has existing, large presence at Redstone Arsenal.
- Redstone Arsenal reports no vacant administrative space but sufficient land to accommodate over 30 million GSF of new administrative space.

Reason Scenario was deleted

Removed leased location in Huntsville, Alabama from scenario b/c determined SMDC no longer occupied. New scenario created.

Scenario Title: MAH-MAH-0008 (I): Co-locate Research Agencies and Defense Advanced Research Projects Agency (DARPA)

Description:

Close 3 and realign 8 leased space locations in Arlington, Virginia by consolidating Naval Systems Management Activity (NSMA) leased locations and co-locating with Office of Naval Research, the Army Research Office (DC location only), and DARPA at Naval Support Activity Dahlgren.

Justification/Impact:

-Eliminates over 525,000 equiv. GSF of leased space within the DC Area in 11 locations. Computed space required at 200 GSF/person = 326,000 GSF

-3 leased locations can be closed: approx. 95,000 USF

-Affects 1,800 personnel. Scenario estimates a 14% personnel savings for NSMA as a result of consolidation, or 93 positions, and a 7% personnel savings for the other activities as a result of co-location, or 79 positions.

-Enhances AT/FP.

-Naval Support Activity Dahlgren reports no vacant administrative space and sufficient land to accommodate 2.3 million GSF of new administrative space.

-Co-location of organizations with like missions promotes "jointness" and creates opportunities for synergy.

-Co-location of organizations facilitates possible consolidation of common support functions.

Reason Scenario was deleted

Scenario is being passed to the Technical JCSG.

Scenario Title: MAH-MAH-0021 (C): Consolidate Defense Logistics Agency (DLA)

Description:

Close 1 leased location in Alexandria, Virginia and realign 1 leased location in Arlington, Virginia occupied by components of DLA by consolidating with DLA HQ at Ft. Belvoir.

Justification/Impact:

- Eliminates 45,000 USF of leased space within the DC Area.
- Affects 390 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 55 positions.
- Space required is 67,000 GSF.
- Enhances AT/FP.
- Eliminates redundancy and duplication; increase efficiency by co-locating and consolidating with parent HQs.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space. Relocations out of McNamara Headquarters building should be sufficient to accommodate DLA.

Reason Scenario was deleted

SDC indicates that space targeted for relocation is in use for a project/contract that ends in 9/06. As such, space requirement will terminate.

Scenario Title: MAH-MAH-0031 (U): Relocate Department of Defense Education Activity (DoDEA)

Description:

Realign one leased location in Arlington, Virginia and close one leased location in Peachtree City, Georgia by consolidating DODEA at Location TBD(Base X).

Justification/Impact:

- Eliminates nearly 110,000 USF of leased space.
- Affects 471 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 66 positions.
- Space required is 81,000 GSF (may be reduced if Civilian Personnel activity is removed)
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations eliminates redundancy and enhances efficiency

Scenario Title: SR-4; Derivative A

Description:

This scenario assumes a DON scenario which moves a CVN Strike Group from San Diego to Hawaii, moves a CVN from Everett to Bremerton and a CV from Mayport to Norfolk. Everett would be closed and 3 DD/DDGs from Everett would move to San Diego. Also assumes the replacement carrier for USS KITTY HAWK (CV 63) upon her decommissioning comes from the East Coast. Pearl Harbor NSY&IMF partners with Puget Sound NSY or other nuclear carrier qualified workforce to perform the I-Level ship maintenance work for the carrier. To compensate for the additional carrier work performed at Pear Harbor, this scenario moves some long-term submarine depot work from Pearl Harbor to Portsmouth NSY or to Puget Sound NSY&IMF or Norfolk NSY. Also assumes 2 FFGs move from Pascagoula to Mayport and SIMA and NAVSTA Pascagoula close. Also assumes 5 MCMs and 6 MHCs move from Ingleside to both Mayport and to San Diego and Ingleside closes. All associated intermediate-level ship maintenance work moves to the new ship locations.

Reason Scenario was deleted

Scenario revised at the request of the Navy BRAC Office to provide additional detail. See SR-4; Derivatives A, 1-8.

Scenario Title: SR-4; Derivative B

Description:

This scenario also assumes a DON scenario closes SUBASE New London and moves 2 SSN 21 ships to Bangor, 5 SSNs to Norfolk, 4 SSNs to Pearl Harbor and 6 SSNs to Portsmouth NSY. This scenario also assumes a DON scenario closes SUBASE Point Loma and moves the SSNs and the floating drydock ARCO to Pearl Harbor. Also assumes 2 SSGNs move from Kings Bay to Bangor. All associated intermediate-level ship maintenance work moves to the new ship locations.

Reason Scenario was deleted

Scenario revised at the request of the Navy BRAC Office to provide additional detail. See SR-4; Derivatives B, 1-3.

Scenario Title: SR-1B; Consolidate I-Level Ship Overhaul and Repair Activities in San Diego CA Region

Description:

Consolidate I-Level ship maintenance from SIMA SAN DIEGO CA, NSY & IMF PUGET SOUND DET PT LOMA CA, NSY & IMF PUGET SOUND DET SAN DIEGO CA, and CDU SAN DIEGO CA to SWRMC SAN DIEGO CA.
All equipment and personnel would relocate from NSY and IMF PUGET SOUND DET SAN DIEGO CA to NSY & IMF PUGET SOUND DET SAN DIEGO CA.
Equipment, personnel, and facilities to be relocated to SWRMC SAN DIEGO CA as required by the gaining command.

Reason Scenario was deleted

The DON recently effected this consolidation.

Scenario Title: MX 1.4N

Description:

ASSUMPTION: The intent of this scenario data call (SDC) is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA on NAS OCEANA is to represent FRC MID ATLANTIC. This scenario establishes FRC MID ATLANTIC on NAS OCEANA and realigns depot and intermediate maintenance workload and capability for the following activities; COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA, NAVAIRDEPOT CHERRY POINT, NC, NAVAIRDEPOT JACKSONVILLE DET OCEANA, COMAEWWINGLANT (AIMD) NORFOLK, VA, NAVAIRDEPOT JACKSONVILLE DET NORFOLK, VA, NAWCAD LAKEHURST DET NORFOLK, VA, NAWCAD PATUXENT RIVER, MD, NAVAIRES NEW ORLEANS, LA, NAVAIRES ATLANTA, GA, NAVAIRDEPOT CHERRY POINT DET OCEANA to FRC MID ATLANTIC. This scenario establishes the following detachments: DET PAX RIVER (surrogate responder is NAWCAD PAX RIVER), DET NORFOLK (surrogate responder is COMAEWWINGLANT (AIMD) NORFOLK). Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Realign Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA on NAS OCEANA to FRC MID ATLANTIC OCEANA.

Realign depot maintenance workload and capability for the commodity groups Aircraft Fighter/Attack and Aircraft Other from NAVAIRDEPOT JACKSONVILLE DET OCEANA on NAS OCEANA VA to FRC MID ATLANTIC OCEANA.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from NAVAIRES NEW ORLEANS, LA on NAS NEW ORLEANS to FRC MID ATLANTIC OCEANA.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from NAVAIRES ATLANTA, GA on DOBBINS ARB to FRC MID ATLANTIC OCEANA.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Rotary, Aircraft VSTOL, Aircraft Cargo/Tanker, Aircraft Other, Depot Fleet/Field Support, and "Other" Commodity from NAVAIRDEPOT CHERRY POINT DET OCEANA, VA on NAS OCEANA to FRC MID ATLANTIC OCEANA.

Establish FRC MID ATLANTIC DET NORFOLK on NAVSTA NORFOLK and consolidate Intermediate maintenance workload and capability for the commodity groups Aircraft, Aircraft Components, Aircraft Engines, Fabrication & Manufacturing, Support Equipment and "Other" Commodity from COMAEWWINGLANT (AIMD) NORFOLK, VA on NAVSTA NORFOLK to FRC MID ATLANTIC DET NORFOLK.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Cargo/Tanker, Aircraft Other and Aircraft Rotary from NAVAIRDEPOT JACKSONVILLE DET NORFOLK, VA on NAVSTA NORFOLK to FRC MID ATLANTIC DET NORFOLK.

Consolidate depot maintenance workload and capability for the commodity group Depot Fleet/Field Support from NAWCAD LKE DET NORFOLK, VA on NAVSTA NORFOLK to FRC MID ATLANTIC DET NORFOLK.

Establish FRC MID ATLANTIC DET PAX RIVER on NAS PAX RIVER and consolidate Intermediate maintenance workload and capability for commodity groups Aircraft, Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from NAWCAD PATUXENT RIVER, MD on NAS PAX RIVER to FRC MID ATLANTIC DET PAX RIVER.

Reason Scenario was deleted

This scenario improperly identified the affected installations/activities.

As Of: 12/23/2004

Scenario # INT-0002 **Date Created:** 10/4/2004

Deleted

Scenario Title: Consolidate NCR-Based NGA at Ft Belvoir North Post

Description:

Disestablish NGA functions at Reston, VA, named 1 and 2; Disestablish NGA functions at Newington, VA, named 1, 2 and 3; Disestablish NGA functions at Dulles, VA, named Dulles North (or its successor, Reston 3); Disestablish NGA functions at Bethesda, MD (Sumner and Dalecarlia sites); Disestablish National Geospatial Intelligence College function at Ft Belvoir, VA; Disestablish NGA and NGIC functions in Bldg 213 at Southwest Federal Center, DC and relocate at Ft. Belvoir North Post at a site to be determined.

Reason Scenario was deleted

Per Intel JCSG direction, combine INT-0001 & INT-0002 and work with Army to designate a site on Ft. Belvoir; refer to INT-0004.

Registered Scenarios

As Of: 12/23/2004

Scenario # INT-0008 **Date Created:** 10/29/2004

Deleted

Scenario Title: Consolidate Select Buckley AFB Continuity of Operations (COOP) Functions at Offutt AFB

Description:

Realign selected management, oversight, operations, functions and personnel positions from Buckley AFB, CO to co-locate and establish selected COOP/mission assurance management, oversight, operations, functions, personnel, and capabilities at Offutt AFB, NE

The details of this scenario are classified.

Reason Scenario was deleted

Better infrastructure and communications, more intelligence community presence, and provides for greater horizontal integration at White Sands MR.

Registered Scenarios

As Of: 12/23/2004

Scenario # MED-0001 **Date Created:** 10/6/2004

Deleted

Scenario Title: Disestablish Hickam AFB Clinic

Description:

Disestablish Hickam AFB Clinic.
Release facilities for other uses.
Move outpatient population served by Hickam Clinic to Pearl Harbor NAS Clinic.
Redistribute personnel within Defense Medical System.
Maintain stand alone Service-specific occupational medicine function.

Reason Scenario was deleted

Update to data indicated that no excess capacity exists at Pearl Harbor to absorb the Hickam workload.

Registered Scenarios

As Of: 12/23/2004

Scenario # MED-0008 **Date Created:** 10/7/2004

Deleted

Scenario Title: Consolidate Aerospace Medical Training at Ft Rucker

Description:

Consolidate three Service Aerospace Medical Training functions into one joint training function.

Realign Naval Aerospace Medicine training function at Pensacola Naval Air Station; USAF School of Aerospace Medicine, Brooks City Base; and Army Preventative Medicine School at Aberdeen Proving Ground and Ft Sam Houston to Ft Rucker. Facilities released for other use.

Army designated EA for BOS.

Reason Scenario was deleted

The capacity at Ft Rucker, its Mil Value and the type of Aircraft available makes this a very unattractive location for a school to train Navy and AF flight medicine personnel.

Registered Scenarios

As Of: 12/23/2004

Scenario # MED-0013 **Date Created:** 10/15/2004

Deleted

Scenario Title: Disestablish Langley AFB Medical Facility

Description:

Balance Workload in Tidewater Area.

Realign Langley AFB by disestablishing 1st Medical Group.

Move patient workload to Ft Eustis Medical Facility. Expand Ft Eustis Medical Facility inpatient and outpatient activities.

Maintain stand alone Service-specific occupational medicine function.

Reason Scenario was deleted

A review of the capacity and Mil value of the Ft Eustis and Langley medical facilities shows that this scenario is not reasonable.

Registered Scenarios

Reason Scenario was deleted

Covered through a subsequent scenario.

Scenario # S&S-0003 Date Created: 9/27/2004

Deleted

Scenario Title: Regionalization of Strategic Distribution (5 regions)

Description:

Expands the number of wholesale Strategic Distribution Platforms (SDPs) from two to five. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Realigns and downsizes CONUS DLA distribution depots located at industrial installations because the expanded number of SDPs negates the need for these full-up organizations. The downsized activities will perform limited receiving, storage and issuing functions for their collocated industrial activities.

Region 1: Boundaries are in the North-Maine, Vermont, New York, Michigan; South-Pennsylvania, Ohio, Indiana; East-New Jersey, Connecticut, New Hampshire, West-Wisconsin, and Illinois

- DDSP, Susquehanna: Susquehanna remains a strategic distribution platform but gets realigned and downsized. Its number of customers gets reduced to those in its assigned region and those permanently stationed across the Atlantic. As a result, its storage requirement is reduced. Susquehanna picks up command and control of the Tobyhanna Forward Distribution Point (FDP).

- Tobyhanna: The Tobyhanna DD gets realigned and downsized as a Forward Distribution Point (FDP) of Susquehanna. The activity will perform limited receipt, store and issue functions for Tobyhanna Army Depot. Personnel and infrastructure required at Tobyhanna will decrease.

- Columbus: The Columbus Distribution Depot gets closed in this proposal. Its storage and distribution functions will be performed at Susquehanna SDP.

Region 2. Boundaries are in the North-Delaware, Maryland, West Virginia, Kentucky; South-North Carolina; East-Virginia; West-Tennessee

- Norfolk: The Norfolk Distribution Depot will be realigned and expanded to become a strategic distribution platform supporting customers in the East Central US. Its storage and distribution infrastructure get expanded and, depending on available infrastructure at Norfolk, this may require MILCON. Norfolk also picks up command and control of the (FDP) at Richmond and Cherry Point. Norfolk's assigned personnel also increase to handle the increased mission.

- Richmond: The Richmond DD gets realigned as a (FDP) of Norfolk SDP. The DD will continue its storage functions for hazardous materials and ozone-depleting substances.

- Cherry Point: The Cherry Point DD gets realigned and downsized as an (FDP) of the Norfolk SDP. Personnel and infrastructure required at Cherry Point will decrease.

Region 3. Boundaries are in the North-South Carolina, Georgia, Alabama; South-Florida; East-Georgia; West-Mississippi.

- Warner Robins: The Warner Robins Distribution Depot will be realigned and expanded to become a strategic distribution platform supporting customers in the South Eastern US. Its storage and distribution infrastructure get expanded and, depending on available infrastructure at Warner Robins, this may require MILCON. Warner Robins also picks up command and control of the (FDP) at Anniston, Jacksonville, and Albany. Warner Robins' assigned personnel also increase to handle the increased mission.

- Anniston: The Anniston DD gets realigned and downsized as a (FDP) of the Warner Robins SDP. Personnel and infrastructure required at Anniston will decrease.

- Jacksonville: The Jacksonville DD gets realigned and downsized as a (FDP) of the Warner Robins SDP. Personnel and infrastructure required at Jacksonville will decrease.

- Albany: The Albany DD gets realigned and downsized as a (FDP) of the Warner Robins SDP. Personnel and infrastructure required at Albany will decrease.

Region 4. Boundaries are in the North-Minnesota, North Dakota; South-Louisiana, Texas; East-Iowa, Missouri, Arkansas; West-Wyoming, Colorado, New Mexico

- Red River: The Red River Distribution Depot will be realigned and expanded to become a strategic distribution platform supporting customers in the Central US. Its storage and distribution infrastructure get expanded and, depending on available infrastructure at Red River, this may require MILCON. Red River also picks up command and control of the (FDP) at Corpus Christi and Oklahoma City. Red River's assigned personnel also increase to handle the increased mission.

- Corpus Christi: The Corpus Christi DD gets realigned and downsized as a (FDP) of the Red River SDP. Personnel and infrastructure required at Corpus Christi will decrease

- Oklahoma City: The Oklahoma City DD gets realigned and downsized as (FDP) of the Red River SDP. Personnel and infrastructure required at Oklahoma City will decrease

Region 5. Boundaries are in the North-Idaho, Montana; South-Arizona; East-Idaho, Utah; West-Washington, Oregon, California.

- DDJC, San Joaquin: San Joaquin remains a Strategic Distribution Platform supporting customers in the Western US and those permanently

Registered Scenarios

As Of: 12/23/2004

stationed across the Pacific. Additionally, San Joaquin picks up command and control of (FDP) at Barstow, San Diego, Puget Sound and Hill AFB.

- Barstow: The Barstow DD gets realigned and downsized as a (FDP) of the San Joaquin SDP. Personnel and infrastructure required at Barstow will decrease.

- San Diego: The San Diego DD gets realigned and downsized as a (FDP) of the San Joaquin SDP. Personnel and infrastructure required at San Diego will decrease.

- Puget Sound: The Puget Sound DD gets realigned and downsized as a (FDP) of the San Joaquin SDP. Personnel and infrastructure required at Puget Sound will decrease.

- Hill AFB: The Hill AFB DD gets realigned and downsized as a (FDP) of the San Joaquin SDP. Personnel and infrastructure required at Hill will decrease.

Reason Scenario was deleted

In deliberative session on 13 Dec 2004, the S&S JCSG Principals decided to proceed with S&S-0004 (a competing scenario).

Registered Scenarios

Scenario Title: Consolidate Army ICPs in a single location (Redstone Arsenal)

Description:

Consolidate Army Inventory Control Points (ICP) in a single location at Redstone Arsenal. This was the result of optimization runs accounting for surge (+10%, +20% requirements).

Losing: Soldier System Center, Rock Island Arsenal, Ft Monmouth, Detroit Arsenal

Gaining: Redstone Arsenal

Reason Scenario was deleted

Superseded by S&S-0029. Inadvertently omitted Ft Huachuca from consideration in this scenario. S&S-0029 mirrors this deleted scenario, but includes Ft Huachuca.

Registered Scenarios

As Of: 12/23/2004

Scenario # S&S-0009 **Date Created:** 10/20/2004

Deleted

Scenario Title: Transfer Service ICPs to DLA and consolidate

Description:

Realign Service ICPs to DLA command and consolidate infrastructure.

Realigning: Rock Island Arsenal, Ft Monmouth, Redstone Arsenal, Hill AFB, Robins AFB, DSC Richmond, DSC Philadelphia, DSC Columbus

Losing: Tinker AFB, Lackland AFB, Soldier System Command, Ft Huachuca, Detroit Arsenal, NAVICP Philadelphia, NAVICP Mechanicsburg, MCLB Albany

Reason Scenario was deleted

Scenario, as loaded, does not properly identify "Gaining" Activities. Scenario, as loaded, does not identify all potential "Losing" Activities.

Subject scenario is superseded by S&S-0032.

Registered Scenarios

As Of: 12/23/2004

Scenario # S&S-0011 **Date Created:** 10/21/2004

Deleted

Scenario Title: Consolidate Service and DLA ICPs (minimize excess capacity)

Description:

Consolidate all service and DLA Inventory Control Points (ICP) to minimize excess capacity. In this scenario, each service and DLA will keep one ICP activity.

Losing: Soldier Systems Command, Rock Island Arsenal, Warner-Robins AFB, Hill AFB, Ft Monmouth, Detroit Arsenal, DSC Richmond, DSC Philadelphia, NAVICP Mechanicsburg

Gaining: Tinker AFB, Redstone Arsenal, NAVICP Philadelphia, MCLB Albany, DSC Columbus

Reason Scenario was deleted

Incorrectly loaded to tracking tool. Will be reloaded pending optimization results for subsequent proposal.

Registered Scenarios

Scenario # S&S-0013 Date Created: 10/21/2004

Deleted

Scenario Title: Eliminate Base Level Supply Functions in Hampton Roads, VA area

Description:

Eliminate base level supply, storage and distribution functions for most classes of supply in favor of expanded use of Government Commercial Purchase Card and / or Performance Based contracts. Eliminates inventories and renders obsolete the base-level supporting infrastructure for the classes of supply listed below (for some braches of service):

CLASS II Extra Materials
CLASS III Fuels, POL, Lubricants
CLASS IV Construction Materials
CLASS IX Repair Parts (Selected)

The following classes of supply have been excluded due to not having a base-level supply function:

CLASS I Food
CLASS V Explosives
CLASS VI Comfort Materials
CLASS VII Major end items
CLASS VIII Medical
CLASS X Nation Building

Personnel reductions, facility closure, inactivation and/or demolition can be immediately realized while providing acceptable levels of service and Customer Wait Time to regional customers at substantially reduced cost to individual installations.

Losing: Fort Eustis, Fort Monroe, Fort Story, FCTCLANT Dam Neck, NAS Norfolk, NAS Oceana, NAB Little Creek, NAVMEDCEN Portsmouth, NAVSTA Norfolk, NAVWEPSTA Yorktown, Norfolk Naval Shipyard, Langley AFB

Reason Scenario was deleted

In deliberative session on 15 Nov 04, the S&S JCSG Principals agreed to delete this scenario. The scenario was deleted because:

- The JCSG lacked capacity and military value data to perform sufficient analysis
- The Regional Inventory Material Management (RIMM) initiative sponsored by OSD and already underway as a pilot program in San Diego, will accomplish the same objectives. The Principals agreed that the JCSG would work with the RIMM Program Office to synchronize RIMM implementation with S&S scenarios on regionalized strategic distribution platforms.

Scenario # S&S-0015 Date Created: 11/3/2004

Deleted

Scenario Title: Consolidate base-level supply in areas with high density of installations (Hampton Roads, VA area)

Description:

Consolidates base-level supply, storage and distribution functions for all DOD installations in high density geographical clusters at a new or existing joint facility. Consolidates inventories and renders obsolete the base-level supporting infrastructure for the classes of supply listed below:

CLASS II Extra Materials
CLASS III Fuels, POL, Lubricants
CLASS IV Construction Materials
CLASS IX Repair Parts (Selected)

The following classes of supply have been excluded due to having no base-level supply function:

CLASS I Food
CLASS V Explosives
CLASS VI Comfort Materials
CLASS VII Major end items
CLASS VIII Medical
CLASS X Nation Building

Personnel reductions, facility closure, inactivation and/or demolition can be immediately realized while providing acceptable levels of service and Customer Wait Time to regional customers at substantially reduced cost to individual installations.

Recommend beginning with analysis test cases focused on base-level supply, storage and distribution functions at selected DOD sites in Hampton Roads, VA and Puget Sound, WA with significant Army, Navy and Air Force installations to gather data and prove (or disprove) the concept on paper.

- Hampton Roads, VA: Supply, storage and distribution functions at the following activities are disestablished and their inventories are moved to an optimal site TBD.

Fort Eustis
Fort Monroe
Fort Story
FCTCLANT Dam Neck
NAS Norfolk
NAS Oceana
NAB Little Creek
NAVMEDCEN Portsmouth
NAVSTA Norfolk
NAVWEPSTA Yorktown
Norfolk Naval Shipyard
Langley AFB

Scenario Title: Outsource Wholesale Distribution

Description:

Outsource all distribution (transportation) related services in CONUS currently performed by Defense Distribution Depots. Services to be outsourced include traffic management of incoming and outgoing trucks and railcars, staging and physical loading of commercial vehicles, small parcel and freight terminal operations and the actual transportation of material to customers. Services to be outsourced also include freight planning and record keeping.

The Defense Distribution Depots to have transportation services outsourced total 18 and are: Columbus, Tobyhanna, Susquehanna, Richmond, Norfolk, Cherry Point, Warner Robins, Albany, Jacksonville, Anniston, Corpus Christi, Red River, Oklahoma City, San Diego, Barstow, San Joaquin, Hill, and Puget Sound.

Reason Scenario was deleted

In deliberative session on 15 Nov 04, the S&S JCSG Principals agreed to delete this scenario. The scenario could not be implemented along with scenarios to establish regionalized strategic distribution depots, and was therefore deleted.

Registered Scenarios

As Of: 12/23/2004

Scenario # S&S-0021 **Date Created:** 11/4/2004

Deleted

Scenario Title: Outsource Wholesale Storage and Distribution

Description:

Outsource the wholesale storage and distribution functions and processes supporting DOD. This proposal outsources all the storage and distribution functions currently performed by the CONUS network of DLA distribution depots and strategic distribution platforms. For this proposal, outsourcing means to have private industry perform these functions using their facilities, infrastructure and personnel. Government facilities could be used only if vendors agree to lease it or purchase it. The proposal reduces the infrastructure burden of DoD and allows for reductions in personnel.

The following Strategic Distribution Platforms and Defense Distribution Depots are affected by this proposal: Columbus, Tobyhanna, Susquehanna, Richmond, Norfolk, Cherry Point, Warner Robins, Albany, Jacksonville, Anniston, Corpus Christi, Red River, Oklahoma City, San Diego, Barstow, San Joaquin, Hill, and Puget Sound.

Reason Scenario was deleted

In deliberative session on 15 Nov 04, the S&S JCSG Principals agreed to delete this scenario. The scenario could not be implemented along with scenarios to establish regionalized strategic distribution depots, and was therefore deleted.

Scenario Title: Privatize Storage and Distribution on Specific Commodities (Tires)

Description:

Privatizes the receipt, storage, issue, inspection, distribution, repair and disposal for all tires. Tires will be supported through a single designated vendor or a third party logistics arrangement. For this proposal, privatization means vendors perform storage and distribution functions from their facilities. Government facilities may be used by vendors only if leased or purchased. In either case, the Government infrastructure burden is reduced and requirements for personnel are also reduced.

The following Distribution Depots and Strategic Distribution Platforms are affected: Columbus, Tobyhanna, Susquehanna, Richmond, Norfolk, Cherry Point, Warner Robins, Albany, Jacksonville, Anniston, Corpus Christi, Red River, Oklahoma City, San Diego, Barstow, San Joaquin, Hill, and Puget Sound

Reason Scenario was deleted

On 16 Dec 2004, the Principals' of the S&S JCSG met to discuss the various scenarios the group was developing. A deliberative decision was made by the Principals to delete scenarios pertaining to privatization from the OSD Scenario Tracking Tool. These are S&S-0022, 0023, 0024. In its place, new scenarios will be entered into the tracker to incorporate the privatization of the supply, storage, and distribution at the wholesale level. We will continue to use the three commodities (tires, packaged POL, and compressed gases) in the three new scenarios.

Reason Scenario was deleted

On 16 Dec 2004, the Principals' of the S&S JCSG met to discuss the various scenarios the group was developing. A deliberative decision was made by the Principals to delete scenarios pertaining to privatization from the OSD Scenario Tracking Tool. These are S&S-0022, 0023, 0024. In its place, new scenarios will be entered into the tracker to incorporate the privatization of the supply, storage, and distribution at the wholesale level. M We will continue to use the three commodities (tires, packaged POL, and compressed gases) in the three new scenarios.

Registered Scenarios

As Of: 12/23/2004

Scenario # S&S-0025 Date Created: 11/4/2004

Deleted

Scenario Title: Regionalization of Strategic Distribution Platforms (3 Regions)

Description:

Expands the number of wholesale Strategic Distribution Platforms (SDPs) from two to three. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Retains the Defense Distribution Depots co-located with service industrial facilities.

Region 1. Boundaries are in the North-Maine, Vermont, New York, Ohio, Michigan; South-Florida, Alabama; East- New Jersey, Delaware, Virginia, Georgia; West-Indiana, Kentucky, Tennessee, Mississippi.

- DDSP, Susquehanna: Susquehanna remains a SDP but its customer base gets realigned and downsized. It will provide storage and distribution support to customers in its assigned Eastern US region and those permanently assigned OCONUS across the Atlantic. It will support those customers at their home bases and when deployed for contingencies.

Region 2. Boundaries are in the North- Minnesota, North Dakota; South-Mississippi, Texas; East- Wisconsin, Illinois, Missouri, Arkansas, Louisiana; West-South Dakota, Nebraska, Oklahoma.

- Red River: The Red River Distribution Depot will be realigned and expanded to become a SDP supporting customers in the Central US region. Its storage and distribution mission gets expanded to include all DoD customers in the Central region. Supplies and inventory will be redistributed to Red River from other wholesale locations. Depending on availability and condition of storage infrastructure at Red River, this may require some future MILCON. Red River's assigned personnel also increase to handle the increased mission.

Region 3. Boundaries are in the North-Idaho, Montana; South-New Mexico, Arizona; East-Montana, Wyoming, Colorado; West-Washington, Oregon, California.

- DDSJ, San Joaquin: San Joaquin remains a strategic distribution platform but its customer base gets realigned and downsized. It will provide storage and distribution support to customers in its assigned Western US region and those permanently assigned OCONUS across the Pacific. It will support those customers at their home bases and when deployed for contingencies.

Reason Scenario was deleted

On 29 Nov 2004, S&S JCSG Principals made a deliberative decision to delete this scenario. Details surrounding this decision are recorded in the formal minutes of the JCSG Principals meeting.

Registered Scenarios

As Of: 12/23/2004

Scenario # S&S-0032 **Date Created:** 11/19/2004

Deleted

Scenario Title: Transfer Service ICPs to DLA and consolidate (include HQ staff)

Description:

Realign Service ICPs to DLA and consolidate infrastructure and realign service/DLA HQ staff.

Losing: Tinker AFB, Lackland AFB, Soldier System Command, Ft Huachuca, Detroit Arsenal, NAVICP Philadelphia, NAVICP Mechanicsburg, MCLB Albany, Rock Island Arsenal, Ft Monmouth, Redstone Arsenal, Hill AFB, Robins AFB, Ft Belvoir, Naval Supply Systems Command (Mechanicsburg), Wright-Patterson AFB (AFMC)

Gaining: DSC Richmond, DSC Philadelphia, DSC Columbus, Redstone Arsenal, Hill AFB, Robins AFB, Ft Belvoir

Reason Scenario was deleted

Replaced by S&S--0035 based on an additional optimization run that resulted in reduction in service ICP relocations.

Registered Scenarios

As Of: 12/23/2004

Scenario # S&S-0033 **Date Created:** 11/22/2004

Deleted

Scenario Title: Consolidate all Service and DLA ICPs (minimize excess capacity)

Description:

Consolidate all Service and DLA ICPs to maximize military value and appropriately utilize existing capacity.

Losing ICPs: Ft Huachuca (CSLA), Rock Island Arsenal (TACOM-ICP), Soldier System Command (TACOM-ICP), Detroit Arsenal (ILSC), Lackland AFB-NICP, NAVICP Philadelphia

Gaining ICPs: Ft Monmouth (CECOM-ICP), Redstone Arsenal (AMCOM-ICP), Tinker AFB-NICP, NAVICP Mechanicsburg

Unaffected ICPs: Hill AFB-NICP, Robins AFB-NICP, DSC-Richmond, DSC-Philadelphia, DSC-Columbus, MCLB Albany

Reason Scenario was deleted

Prematurely added to the tracking tool. A deliberative decision was not made to elevate this proposal to scenario.

Registered Scenarios

As Of: 12/23/2004

Scenario # S&S-0034 Date Created: 11/23/2004

Deleted

Scenario Title: Transfer Service ICPs to DLA (realign by mission area)

Description:

Transfer Service ICPs to DLA (realign by mission area)

Action 1: Transfer in place Service ICPs (includes all Depot Level Repairables (DLRs)) to DLA.

Action 2: Align by mission area (supply chain). The mission areas will be Maritime, Ground, Cryptologic, Aviation and Troop Support. Generally, the mission area of assignment will relate to the Service predominant area of support. After the Services and DLA mission areas are transferred in place, support functions, such as local contracting and budgeting by mission area will be considered for consolidation into the DLA organizational structure.

Action 3: Integrate functions at NAVICP Philadelphia, PA, and align under the Aviation Support Center at Defense Supply Center Richmond (DSCR), VA.

Action 4: Integrate functions at NAVICP Mechanicsburg, PA, and align under the Maritime Support Center at Defense Supply Center Columbus (DSCC).

Action 5: Relocate Tank and Automotive Command (TACOM), Soldier Systems Center, Natick, MA, to Defense Supply Center Philadelphia (DSCP), PA, and align under the Troop Support Center at DSCP.

Action 6: Integrate functions at Marine Corps Logistics Base Albany, GA, to DSCC and align under the Ground Support Center at DSCC.

Action 7: Integrate functions at TACOM, Detroit Arsenal, MI, and align under the Ground Support Center at DSCC.

Action 8: Integrate functions at TACOM, Rock Island, IL, and align under the Ground Support Center at DSCC.

Action 9: Relocate Cryptologic Product Support Group (CPSG), Lackland AFB, San Antonio, TX, to Communications Electronics Command (CECOM), Communications Security Logistics Activity (CSLA), Ft Huachuca, and align under DSCC.

Action 10: Integrate functions at CECOM, Ft Monmouth, NJ, and align under the Ground Support Center at DSCC.

Action 11: Integrate functions at Aviation and Missile Command (AMCOM), Redstone Arsenal, AL, and align approximately half of the functions under the Aviation Support Center at DSCR and half of the functions under the Ground Support Center.

Action 12: Integrate functions at Tinker ICP, Tinker AFB, OK, and align under the Aviation Support Center at DSCR.

Action 13: Integrate functions at Ogden ICP, Hill AFB, UT, and align under the Aviation Support Center at DSCR.

Action 14: Integrate functions at Warner Robins ICP, Robins AFB, GA, and align under the Aviation Support Center at DSCR.

Action 15: Partially realign supply management and headquarters support functions at Army Materiel Command (AMC), Ft Belvoir, VA.

Action 16: Partially realign supply management and headquarters support functions at Naval Supply Systems Command (NAVSUP), Mechanicsburg, PA.

Action 17: Partially realign supply management and headquarters support functions at Air Force Materiel Command, Wright Patterson AFB, OH.

Action 18: Partially realign supply management and headquarters support functions at Marine Corps Base Albany, GA.

Action 19: Partially realign supply management and headquarters support functions at DLA Headquarters, Ft Belvoir, VA.

Reason Scenario was deleted

In deliberative session on 13 Dec 2004, the S&S JCSG Principals decided to proceed with S&S-0028 (a competing scenario).

Registered Scenarios

As Of: 12/23/2004

Scenario # S&S-0035 Date Created: 11/29/2004

Deleted

Scenario Title: Transfer Service ICPs to DLA and consolidate (include DLRs)

Description:

Action 1: Initially, Service ICPs (all DLRs) will transfer (in-place) to DLA.
Action 2: ICPs will be consolidated to maximize military value and appropriately utilize capacity.
Action 3: Align NAVICP Philadelphia, PA, under Defense Supply Center Richmond (DSCR), VA, and integrate functions.
Action 4: Align NAVICP Mechanicsburg, PA, under Defense Supply Center Columbus (DSCC), OH, and integrate functions.
Action 5: Relocate Tank and Automotive Command (TACOM), Soldier Systems Center, Natick, MA, to Defense Supply Center Philadelphia (DSCP) and integrate functions and align under DSCP.
Action 6: Relocate Marine Corps ICP, Marine Corps Base Albany, GA, to DSCC and integrate functions.
Action 7: Align TACOM, Detroit Arsenal, MI, under DSCC and integrate functions.
Action 8: Relocate TACOM, Rock Island, IL, to DSCC and integrate functions and align under DSCC.
Action 9: Relocate Communications Electronics Command (CECOM), Communications Security Logistics Activity (CSLA), Ft Huachuca, AZ, to DSCC and integrate functions and align under DSCC.
Action 10: Align CECOM, Ft Monmouth, NJ, under DSCC and integrate functions.
Action 11: Relocate Aviation and Missile Command (AMCOM), Redstone Arsenal, AL, to DSCR and DSCC and integrate functions and align under DSCR and DSCC. Approximately half of AMCOM (Aircraft and Missiles) will relocate under DSCR; the other half (Ground) will relocate to DSCC.
Action 12: Relocate Cryptologic Product Support Group (CPSG), Lackland AFB, San Antonio, TX, to DSCC and integrate functions and align under DSCC.
Action 13: Align Tinker ICP, Tinker AFB, OK, under DSCR and integrate functions.
Action 14: Align Ogden ICP, Hill AFB, UT, under DSCR and integrate functions.
Action 15: Align Warner Robins ICP, Robins AFB, GA, under DSCR and integrate functions.
Action 16: Partially realign supply management and headquarters support functions at Army Materiel Command (AMC), Ft Belvoir, VA, to Headquarters DLA .
Action 17: Partially realign supply management and headquarters support functions at Naval Supply Systems Command (NAVSUP), Mechanicsburg, PA to Headquarters DLA.
Action 18: Partially realign supply management and headquarters support functions at Air Force Materiel Command, Wright Patterson AFB, OH, to Headquarters DLA.
Action 19: Partially realign supply management and headquarters support functions at Marine Corps Logistics Command (MARCORLOGCOM), Marine Corps Base Albany, GA, Headquarters DLA.
Action 20: Partially realign supply management and headquarters support functions at DLA Headquarters, Ft Belvoir, VA.

Reason Scenario was deleted

In deliberative session on 13 Dec 2004, the S&S JCSG Principals decided to proceed with S&S-0028 (a competing scenario).

Registered Scenarios

As Of: 12/23/2004

Scenario # S&S-0039 **Date Created:** 12/2/2004

Deleted

Scenario Title: Consolidate Service and DLA ICPs to minimize excess capacity

Description:

Consolidate all Service and DLA ICPs to maximize military value and appropriately utilize existing capacity.

Losing ICPs: Ft Huachuca (CSLA), Rock Island Arsenal (TACOM-ICP), Soldier System Command (TACOM-ICP), Lackland AFB-NICP, MCLB Albany, Redstone Arsenal (AMCOM-ICP)

Gaining ICPs: Ft Monmouth (CECOM-ICP), Tinker AFB-NICP, Robins AFB-NICP, Detroit Arsenal (ILSC)

Unaffected ICPs: Hill AFB-NICP, DSC-Richmond, DSC-Philadelphia, DSC-Columbus, NAVICP Philadelphia, NAVICP Mechanicsburg

Reason Scenario was deleted

Prematurely added to the tracking tool. A deliberative decision was not made to elevate this proposal to scenario.

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0001 **Date Created:** 10/4/2004

Deleted

Scenario Title: Establish Joint Centers for Air Platform R, D&A, and T&E

Description:

This scenario consolidates air platform RDAT&E to three principal sites while retaining several specialty sites. Fixed and Rotary Wing R, D&A, T&E will be consolidated into principally 3 core sites Patuxent River, Wright-Patterson, and Redstone Arsenal. The relocation of air platform R functions are proposed in concert with the S&T Reliance Agreements. Fixed Wing R will be consolidated at Wright Patterson, Rotary Wing R will be consolidated at Redstone Arsenal, ship installations related R (catapults, arresting gear, helo RAST, etc.) will be consolidated at Patuxent River, Air Force T&E will be consolidated at Edwards AFB, and air platform live fire testing at China Lake. The planned component moves will enhance synergy including RW/FW interaction by consolidating to major sites, preserve healthy competition, leverage climatic/geographic conditions and existing infrastructure, minimize environmental impact, distribute demand on the telemetry spectrum and effect reasonable homeland security risk dispersal.

Reason Scenario was deleted

TECH-0001, Establish Joint Centers for Air Platforms RDAT&E Centers, was terminated as the TJCSG realized TECH-0005, Establish Joint Centers for Fixed Wing Platform RDAT&E, and TECH-0006, Establish Joint Centers for Fixed Wing Platform RDAT&E, will accomplish the same actions as TECH-0001 and nothing would be gained by having the duplicate scenario.

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0003 **Date Created:** 10/5/2004

Deleted

Scenario Title: Relocate DoD Directed Energy Research to one location [Kirtland]

Description:

Relocate all DEW RD&A from Edwards and Port Hueneme [White Sands Detachment] and all Research for Directed Energy Weapons from all activities to Kirtland.

Reason Scenario was deleted

TECH-0003, Re-Locate DoD Directed Energy Research to One Location (Kirtland AFB), was terminated per TJCSG direction because the donor organizations < 30 FTEs. TJCSG in deliberative session (11/18/04) deleted this scenario from further consideration.

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0004 **Date Created:** 10/22/2004

Deleted

Scenario Title: Relocate DoD Directed Energy T&E and selected weapon T&E to one location-White Sands Missile Range

Description:

Relocate Air Defense Test Directorate from Ft. Hood, smoke/illumination artillery T&E from Dugway, and guns/ ammo T&E from Aberdeen to WSMR

WHITE SANDS MISSILE RANGE (W04WAA) will receive:

- Guns/Ammo T&E from
 - DUGWAY PROVING GROUND [smoke/illumination artillery] (W30MAA, W30MAA)
 - ABERDEEN PROVING GROUND [WOJEAA, W4QUAA1, W4QVAA, WOJEAA]
 - FT HOOD Air Defense Test Directorate (W46909 and W469AA)
- DoD DEW T&E from identified sites [to be requested as part of scenario data call]

Reason Scenario was deleted

TECH-0004, Re-Locate DoD Directed Energy T&E and selected weapon T&E to One Location (WSMR), was terminated per TJCSG direction because the donor organizations < 30 FTEs.

TJCSG in deliberative session (11/12/04) deleted this scenario from further consideration.

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0007 Date Created: 10/22/2004

Deleted

Scenario Title: Relocate Ground Vehicle RDAT&E at Detroit Arsenal to Selfridge ANG Base

Description:

Relocation of Detroit Arsenal to US Army Garrison - Selfridge is the initial proposed scenario. An alternative would be to consider relocation of Detroit Arsenal to US Army Garrison - Selfridge, except for unique special high-cost laboratory facilities residing at Detroit Arsenal. These facilities will be creatively and cost-effectively maintained at their current geographic location and would include, but not be limited to, 1) unique high-cost, extreme climatic, full scale combat vehicle simulation facilities/individual propulsion performance simulation test cells, and an additional unique full scale transient ground vehicle simulation facility, 2) full-scale unique DOD dynamic physical simulation "shaker" facility (used for spectrum from full-scale armored combat vehicles to tactical trucks/HMMWV type vehicles), 3) unique Army/DoD water and fuel laboratories (built in 1995 as a result of previous BRAC), and 4) additional unique central ground vehicle research laboratories. Physical movement of these capabilities from their current location to US Army Garrison - Selfridge might not be the most cost-effective alternative.

Narrative: This scenario proposes to relocate Detroit Arsenal to US Army Garrison – Selfridge. This move would retain the Army's/DoD's ground vehicle RD&A activity in the world automotive/ground vehicle capital of southeast Michigan. Southeastern Michigan is where the research and development headquarters reside for General Motors, Ford, Chrysler, General Dynamics Land Systems, Toyota-North America, Nissan-North America, Hino, Hyundai, Suzuki, Visteon, Delphi, Johnson Controls, Dana, and many others. Over 85% of the world's ground vehicle/automotive research and development resources are expended in this southeast Michigan location, and thus Detroit Arsenal's synergy and ability to leverage the automotive industry's vast resources and tremendous investment in R&D has always been of immeasurable value to Army/DoD. In addition, local southeast Michigan academia (anchored by schools such as the University of Michigan, Kettering University [formerly General Motors Institute], Wayne State University, and many others) is a unique and world-class network of extremely focused automotive research institutions which Detroit Arsenal has extensively leveraged and used to obtain motivated world-class engineers and scientists to lead Army/DoD's ground vehicle/automotive efforts from Detroit Arsenal. A nationally unique wealth of automotive, world-class talent resides in southeast Michigan (near Detroit Arsenal) that far surpasses any other area of the country. Since southeastern Michigan is the premier location for automotive engineers, many of Detroit Arsenal engineers have grown up (technically and culturally) in this "world of ground vehicle/advanced automotive technology." As such, it could be expected that very few current Detroit Arsenal engineers and scientists would leave the area to another location.

•Assumptions:

-TJCSG did not collect any capacity or MIL VAL data on US Army Garrison – Selfridge. This data will need to be collected as part of the scenario data call.

-Another alternative that could be considered would be to move relocate PEO GCS, PEO CS&CSS, TACOM and TARDEC to US Army Garrison - Selfridge cantoning and minimally staff the special, high cost laboratory equipment that resides in Bldg 212 (Propulsion and Mobility Test Cells) and 215 (Physical Simulation – High Performance Computing).

Reason Scenario was deleted

TECH-0007, Re-Locate Ground Vehicle RDAT&E at Detroit Arsenal to Selfridge ANGB, was terminated as the TJCSG based upon the thought that TECH-0045, Establish Army Land Warfare Center, would best achieve the end state results desired by the Army.

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0011 Date Created: 10/22/2004

Deleted

Scenario Title: Joint Training, Modeling and Simulation Center (JTMSC)

Description:

Abstract: Realign and consolidate Human Systems and Information Systems Technology DTAP activities in research, development and acquisition (R,D&A) for the subareas of modeling, simulation, training and cognitive sciences establishing a Joint Training, Modeling and Simulation Center (JTMSC) including relevant PEOs and PMs for training and mission rehearsal systems and their enabling information technologies.

Narrative: JTMSC will be located in the geographic vicinity of the Joint Forces Command's Joint Training Analysis and Simulation Center (JTASC), Joint C4ISR Battle Center (JBC), and Joint Warfighting Center (JWC), Suffolk, Virginia. This Suffolk, VA site is positioned to enable the Joint C4 operational testing including the Joint Distributed Engineering Plant (JDEP). If a JFCOM site option is unavailable for this scenario, other reasonable site options for JTMSC in the Tidewater, Virginia area include Fort Eustis, Fort Monroe, Langley AFB, Norfolk Naval Base, Oceana Naval Air Station, Dam Neck Naval Station, or Little Creek Naval Base. The rationale for co-locating JTMSC with JTASC-JWC and the operational testing capability for C4 is the human-centered synergies of JTMSC with operators, trainers, testers, researchers and acquirers providing a continuum of expertise from science-to-D&A-to-testing into operational use. The target receiver site will be Joint Forces Command, N00066.

The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps, OSD program offices (e.g., Advanced Distributed Learning (ADL) and Defense Modeling and Simulation) and Defense Agency RD&A expertise and requisite special equipment (e.g., simulators; computers, Tempest-secure facility for simulator suites, etc) to a single site in order to support "Training Transformation" by providing a) a consolidated center-of-mass for the science base of training systems and enabling models and simulations; b) ready access to active duty military personnel (i.e., current domain expertise and human subjects for research projects) and general domain experts for research and development providing a basis for efficient R&D project execution; c) enhance linkages to providers of Joint Training, Armed Forces staff education and relevant in-service technical training (e.g., school house and field) at operational military bases; and d) efficiencies in development and acquisition through consolidated Joint Program Management where applicable. Military Service platform-specific program offices would be attached to and collocated with JTMSC but would retain their command-and-control chain to the relevant Acquisition Executive.

oAssumptions:

- This scenario would realign and consolidate training and simulation R, D&A to the JFCOM site in Suffolk, Virginia; however, if HS&A JCSCG examines an alternate site for the JFCOM Suffolk activities for Force Protection, this scenario would "follow" the re-location of JTASC and JWC.
- Unconfirmed UICs for the following activities reported under BRAC data calls:
 - ARI HQ, Washington, DC
 - ARI Detachments (e.g., Orlando, Fort Benning, Fort Monroe, Boise, Fort Rucker, Fort Knox, Fort Leavenworth, Fort Bragg)
 - Defense Modeling and Simulation Office (DMSO), Alexandria, VA
 - Advanced Distributed Learning Co-Laboratory, Alexandria, VA
 - Advanced Distributed Learning Co-Laboratory, Orlando, FL
 - DARPA
- Close all DoD operations in the Orlando, Florida campus for training and simulation technology and relocate the following with equipment to the JTMSC.
- Close all DoD operations in the Mesa, AZ and relocate the following with equipment to the JTMSC
- Realignment of FTEs and equipment reported under BRAC data calls for the subareas of training and cognitive sciences of the Human Systems DTAP area.

Reason Scenario was deleted

TECH-0011, Joint Training, Modeling, and Simulation Center, was terminated as the TJCSG thought that little would be gained by the proposed scenario since most of the Training, Modeling, and Simulation Research had been co-located during BRAC 05, and seemed to be working very well in its current form and location. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0012 **Date Created:** 10/22/2004

Deleted

Scenario Title: Relocate W&A RDAT&E to 3 core & 4 specialty w/ air launched weapons from PAX River & Pt Mugu to Eglin

Description:

Relocate all Weapons and Armaments [W&A] Research, Development & Acquisition, Test & Evaluation (RDAT&E) including associated program management functions from all organizations reporting W&A activity to three (3) primary locations [China Lake, Eglin, and Redstone Arsenal] and four (4) specialty capability locations [guns & ammo RDA and selected guns/ammo T&E @ Picatinny Arsenal, Underwater Weapons/ Underwater Weapons Integration @ Newport, Directed Energy Weapons Research, D&A @ Kirtland, DoD Directed Energy weapons T&E and selected weapons T&E @ White Sands Missile Range], with air launched weapons related RDAT&E from PAX River and Point Mugu to Eglin.

Reason Scenario was deleted

TECH-0012, Re-Locate W&A RDAT&E to 3 Core & 2 Specialty Sites with Air Launched Weapons from PAX River & Pt. Mugu to China Lake, was terminated per TJCSG direction because Govt FTEs at PAX River NAWC are <30. Also, the extent of W&A air launched weapons workload at Point Mugu is primarily T&E. Overall, the scenario lacked transformative change and led to a small net effect. TJCSG in deliberative session (11/18/04) deleted this scenario from further consideration.

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0015 **Date Created:** 10/25/2004

Deleted

Scenario Title: Establish a Joint Center for Space Research into one core site.

Description:

Consolidate Space Platform R 1 core site.

Note: Arnold AFB [FP2804] was not included because the work they reported is associated with Test and Experimentation in support of Research. NAVPGSCOL Monterey [62271] was not included because the work they reported is attributed to be educational in nature.

Reason Scenario was deleted

TECH-0015, Establish Joint Centers for Space Platforms D&A, and TECH-0016, Establish Joint Centers for Space Platforms Research, were terminated as the TJCSG thought that little would be gained by these proposed scenarios since TECH-0014, Establish a Joint Center for Space RDAT&E Into One Core Site (Peterson), encompasses the objectives of both of these proposed scenarios. TJCSG in deliberative session (11/10/04) deleted this scenario from further consideration.

Scenario Title: Establish a Joint Centers for Space D&A into one core site.

Description:

Space D&A Center at Peterson Air Force Base Consolidate Space Platform D&A into 1 core site.

Reason Scenario was deleted

TECH-0015, Establish Joint Centers for Space Platforms D&A, and TECH-0016, Establish Joint Centers for Space Platforms Research, were terminated as the TJCSG thought that little would be gained by these proposed scenarios since TECH-0014, Establish a Joint Center for Space RDAT&E Into One Core Site (Peterson), encompasses the objectives of both of these proposed scenarios. TJCSG in deliberative session (11/10/04) deleted this scenario from further consideration. This scenario is addressed in Scenario Tech 14.

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0021 Date Created: 10/27/2004

Deleted

Scenario Title: Joint Chemical-Biological Defense RD&A Center

Description:

Abstract: Realign and co-locate the "Medical" Chemical Defense and "Non-Medical" Chemical and Biological Defense Research, Development and Acquisition (RDA) areas of BRAC-reported Chemical-Biological Defense DTAP activities to Aberdeen Proving Ground, Edgewood Area, MD.

Narrative: This scenario would consolidate, realign and relocate all service and DoD activities in "Medical" Chemical Defense and "Non-Medical" Chemical and Biological Defense Research, Development and Acquisition from the sites below to Aberdeen Proving Ground, Edgewood Area, MD.

The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps, and Defense Agency medical chemical defense and non-medical chemical and biological defense RDA to a single site to form a National Center of Excellence. This center of CB Defense positions the Department of Defense to exploit a center-of-mass of scientific, technical, and acquisition expertise with the personnel necessary to provide defense against current and emerging chemical and biological warfare threats. This action completes earlier consolidations of military Service CB programs into a joint, co-located CB program.

Assumptions:

Unable to confirm UICs for Defense Agencies
Unable to confirm UIC for USAF Patrick AFB, 6

Action List: the following activities move from current locations to Aberdeen Proving Ground, Edgewood Area, MD.

Reason Scenario was deleted

TECH-0021, Joint Chemical-Biological Defense RD&A Center, and TECH-0022, Establish Joint Medical –Biological Defense RD&A Center, were combined to create TECH-0032, Chemical-Biological Defense RD&A Consolidation, and thus both were terminated. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0022 **Date Created:** 10/27/2004

Deleted

Scenario Title: Establish Joint Medical Biological Defense Research and D&A Center

Description:

Abstract: Realign and consolidate to Ft Detrick, Frederick, MD the Medocal Biological Defense Subarea of BRAC-reported Chemical-Biological Defense DTAP activities in research, development and acquisition (RDA)

This scenario consolidates, realigns and relocates all Service and DoD operations in medical biological defense research, development and acquisition from sites listed below to Ft. Detrick, MD. The end state of this scenario is to consolidate Army, navy, Air Force, Marine Corps, and Defense Agency medical biological defense RDA to a single site that has DoD's only capacity for Biosafety Level 4 research and development and has requisite " licensed medical product" acquisition expertise. This realignment and consolidation will position the DoD to exploit a center-of -mass of scientific, technical, medical acquisition, and medical product regulatory expertise and personnel in order to provide defense against current and emerging bio warfare threats.

Assumptions: Could not confirm UICs fpr Defense Agencies

Reason Scenario was deleted

TECH-0021, Joint Chemical-Biological Defense RD&A Center, and TECH-0022, Establish Joint Medical –Biological Defense RD&A Center, were combined to create TECH-0032, Chemical-Biological Defense RD&A Consolidation, and thus both were terminated. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0023 **Date Created:** 10/27/2004

Deleted

Scenario Title: Establish Joint Chemical-Biological Defense T&E Center

Description:

Abstract: Co-locate all Chemical and Biological Defense Test and Evaluation (T&E) areas of BRAC-reported Chemical-Biological Defense (CBD) DTAP activities except those requiring ship-board evaluation to one military installation, Dugway Proving Ground, UT.

This scenario relocates all Service and DoD activities (excluding those requiring ship-board evaluation) in Chemical and Biological Defense T&E from the following sites to Dugway Proving Ground, UT. The end state of this scenario is to consolidate Army, Navy, Air Force, and Marine Corps Chemical and Biological Defense T&E to a single military CBD T&E site. This T&E center for CB Defense will position the Department of Defense to exploit synergy of service efforts with the considerable expertise and history of the T&E capabilities at Dugway Proving Ground. A single site for T&E will provide expert personnel necessary to provide rapid T&E for technologies needed to defend against current and emerging chemical and biological warfare threats. This action completes earlier consolidations of service CB programs into a joint co-located CB T&E program..

Reason Scenario was deleted

TECH-0023, Establish Joint Chemical-Biological Defense T&E Center, was terminated since little would be gained after application of the TJCSG decision to include any donors with less than 30 FTEs. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0024 **Date Created:** 10/27/2004

Deleted

Scenario Title: Joint Biomedical Development and Acquisition Center (JBDAC)

Description:

Abstract: Realign and consolidate all Biomedical Development and Acquisition (D&A) activities to a single site, Army Fort Detrick, Frederick, Maryland.

Narrative: The scenario realigns the activities listed below to JBDAC to be located at the Army Fort Detrick, MD activity. The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps and Defense Agency biomedical D&A activities to a single site. In order to support DoD-wide coordination of medical/force health protection and Joint Operating Concepts of the future, this scenario provides a consolidated center of mass for all defense biomedical D&A which optimizes use of critical military professional personnel, licensed medical product D&A expertise, and regulatory affairs infrastructure capability at US Army Medical Research and Materiel Command at Ft. Detrick. It also provides a consolidated D&A single point of contact for the medical logistics organizations of the Military Departments, already co-located at Ft. Detrick.

Reason Scenario was deleted

TECH-0024, Joint Biomedical Development and Acquisition Center, and TECH-0025, Biomedical Research Co-Location, were terminated as similar scenarios incorporating the proposed consolidations/co-locations were part of MJCSG scenarios and redundant scenarios in the two JCSGs would have little value for work effort involved. The MJCSG will run their similar scenarios involving technical issues and report their recommendations to the TJCSG for concurrence/approval. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.

As Of: 12/23/2004

Scenario # TECH-0025 **Date Created:** 10/27/2004

Deleted

Scenario Title: Biomedical Research Co-Location

Description:

Co-locate all biomedical research at seven military installations (Fort Detrick, Fort Sam Houston, Walter Reed Army Medical Center_Forest Glen Annex, Naval Health ResearchCenter_San Diego, Soldier Systems Center, Navy Experimental Diving Unit_Panama City, FL).

Reason Scenario was deleted

TECH-0024, Joint Biomedical Development and Acquisition Center, and TECH-0025, Biomedical Research Co-Location, were terminated as similar scenarios incorporating the proposed consolidations/co-locations were part of MJCSG scenarios and redundant scenarios in the two JCSGs would have little value for work effort involved. The MJCSG will run their similar scenarios involving technical issues and report their recommendations to the TJCSG for concurrence/approval. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0027 **Date Created:** 11/4/2004

Deleted

Scenario Title: Relocate W&A RDAT&E to 3 core & 4 specialty; retain/relocate surface ship integration at Dahlgren

Description:

Relocate all Weapons and Armaments [W&A] Research, Development & Acquisition, Test & Evaluation (RDAT&E) including associated program management functions from all organizations reporting W&A activity to three (3) primary locations [China Lake, Eglin, and Redstone Arsenal] and four (4) specialty capability locations [guns & ammo RDA and selected guns/ammo T&E @ Picatinny Arsenal, Underwater Weapons/ Underwater Weapons Integration @ Newport, Directed Energy Weapons Research, D&A @ Kirtland, DoD Directed Energy weapons T&E and selected weapons T&E @ White Sands Missile Range], with all weapons related RDAT&E from PAX River and Point Mugu to China Lake; retain surface ship integration [surface ship combat systems (control) and Battleforce Architecture and Engineering] at Dahlgren, and relocate related surface ship integration [surface ship combat systems (control) and Battleforce Architecture and Engineering] from Dam Neck, Port Hueneme/San Diego and align Wallops [except special facilities] to Dahlgren.

Reason Scenario was deleted

TECH-0027, Re-Locate W&A RDAT&E to 3 core sites and 2 Specialty Sites; Retain/Re-locate Surface Ship Integration at Dahlgren, was incorporated into the TECH-0002, Re-Locate W&A RDAT&E to 3 core sites and 2 Specialty Sites, baseline. Therefore, TECH-0027 was terminated.
TJCSG in deliberative session (11/18/04) deleted this scenario from further consideration.

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0029 **Date Created:** 11/5/2004

Deleted

Scenario Title: Relocate Navy Weapons integration for Ship Systems/weapons to one location (Dahlgren)

Description:

Relocate all RDATE for combat control systems [weapons integration for surface ships] from Dam Neck and align Wallops [except special facilities] and NSWC Port Hueneme San Diego to Dahlgren.

Reason Scenario was deleted

TJCSG in deliberative session (11/18/04) deleted this scenario from further consideration. Recommended deletion since this is address in TECH - 0002.

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0033 Date Created: 11/12/2004

Deleted

Scenario Title: Defense Research Service Led Laboratories

Description:

This scenario realigns and consolidates the three service corporate laboratories. Additionally it creates a virtual "Defense Research Laboratory" by establishing a board of directors including Director of Defense Research and Engineering (DDRE), Technical Director of the Naval Research Laboratory (TD-NRL), Commanding Officer of Air Force Research Laboratory (CC-AFRL), Technical Director Army Research Laboratory (TD-ARL) and the Service S&T executives. The Board of Directors will advise and steer Research Labs to reduce duplicative efforts & foster joint centers of excellence. The purpose of this scenario is to consolidate to a smaller number of Service-centric geographic locations in order to increase the multidisciplinary collection of R&D expertise across DTAP capability areas at those locations.

This Scenario is the same as TECH 0009 except for AFRL/IF WPAFB and AFRL/IF Rome will be relocated at AFRL/Hanscom.

The end state of this scenario will consolidate the Naval Research Laboratory to one primary location, the Army Research Laboratory to a maximum of two primary locations, and the Air Force Research Laboratory to a maximum of four locations. This scenario will provide Service Centric consolidated centers of mass for Science and Technology, with increased effectiveness and efficiencies.

Reason Scenario was deleted

TJCSG in deliberative session (11/18/04) deleted this scenario from further consideration. This scenario is addressed in Scenario Tech 9.

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0036 **Date Created:** 11/17/2004

Deleted

Scenario Title: Establish Joint Centers for Rotary Wing Air Platform R, D&A, and T&E at Redstone Arsenal

Description:

This scenario consolidates all rotary wing air platform RDAT&E at a single site at Redstone while retaining several speciality sites. The planned component moves will enhance efficiency by consolidating to a single major site.

Reason Scenario was deleted

TECH-0036, Establish Joint Center for Rotary Wing Air Platform RDAT&E at Redstone, and TECH-0037, Establish Joint Center for Rotary Wing Air Platform RDAT&E at PAX River, were terminated at the TJCSG's direction based on Open Air Range information that shows the single site solution cannot accommodate all of the workload. Also, a single site solution is contrary to the TJCSG overarching strategy.

Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0037 **Date Created:** 11/18/2004

Deleted

Scenario Title: Establish A Joint Center for Rotary Wing Air Platform R, D&A, and T&E at Patuxent River

Description:

This scenario consolidates all rotary wing air platform RDAT&E at a single site at Patuxent River while retaining several speciality sites. The planned component moves will enhance efficiency by consolidating to a single major site while leveraging climatic/geographic conditions and extensive existing infrastructure.

Reason Scenario was deleted

TECH-0036, Establish Joint Center for Rotary Wing Air Platform RDAT&E at Redstone, and TECH-0037, Establish Joint Center for Rotary Wing Air Platform RDAT&E at PAX River, were terminated at the TJCSG's direction based on Open Air Range information that shows the single site solution cannot accommodate all of the workload. Also, a single site solution is contrary to the TJCSG overarching strategy.

Registered Scenarios

Scenario # TECH-0049 **Date Created:** 12/9/2004

Deleted

Scenario Title: Establish/Consolidate Space D&A at a minimum number of core sites.

Description:

Establish/Consolidate Space D & A at a minimum number of core sites seeks to leverage the synergies generated by this scenario to more efficiently develop military space capabilities. Consolidate Space systems Development and Acquisition at Schriever AFB to enhance organizing, training and equipping functions for space organizations.

Reason Scenario was deleted

TECH-0049, Establish a Joint Center for Space RDAT&E Into One Core Site (Schriever AFB), was created as an alternate to TECH-0014, Establish a Joint Center for Space RDAT&E Into One Core Site (Peterson AFB), based on inaccurate information that Peterson AFB would not have adequate acreage available to accommodate the workload. Schriever AFB is in relatively close proximity to Peterson AFB, hence the reason for selection of Schriever AFB as the alternate site. However, the Air Force confirmed Peterson AFB does in fact have adequate acreage to accommodate all of the workload. Therefore the TJCSG terminated TECH-0049, as it was no longer necessary.

Registered Scenarios

As Of: 12/23/2004

Scenario # USA-0005 **Date Created:** 9/23/2004

Deleted

Scenario Title: 39 Basic Training consolidation (Benning, Jackson, & Leonard Wood)

Description:

Reduce from 5 Basic Training locations (Fort Benning, Fort Knox, Fort Jackson, Fort Leonard Wood, & Fort Sill) to 3 locations: Fort Benning, Fort Jackson, & Fort Leonard Wood.) Moves basic training functions from Fort Knox to Fort Benning and from Fort Sill to Fort Jackson.

Reason Scenario was deleted

BCT at Benning and Knox will be combined under the Maneuver Center proposals, which will reduce Basic Training at four locations. Moving BCT from Sill to Jackson does not make sense since OSUT will still take place at Sill.

Registered Scenarios

As Of: 12/23/2004

Scenario # USA-0009 **Date Created:** 9/23/2004

Deleted

Scenario Title: 275 Move US Army Prime Power School - (Ft. Leonard Wood)

Description:

Consolidate the US Army Engineering School by relocating the US Army Prime Power School that is located at Ft. Belvoir to Ft Leonard Wood. Army will look at this scenario under the authority and overwatch of the E&T JCSG.

Reason Scenario was deleted

This scenario is stopped because it is subsumed by E&T-0029 and it is also under the function of the E&T JCSG.

Registered Scenarios

As Of: 12/23/2004

Scenario Title: 55 Close Letterkenny Army Depot

Description:

Close Letterkenny Army Depot. Army disestablishes Garrison activities and realigns or disestablishes non JCSG functions. The Industrial JCSG realigns or disestablishes its assigned functions. This scenario is enabled by IND 0001 and IND 0008.

Reason Scenario was deleted

On 3 Dec 04, the SRG directed that we stop this proposal due to operational requirements related to OIF/OEF support and reset and military judgment.

Registered Scenarios

As Of: 12/23/2004

Scenario # USA-0078 **Date Created:** 10/7/2004

Deleted

Scenario Title: 123 Aviation Bde UA to Hollomon AFB

Description:

Station an Army Aviation Brigade Unit of Action from Base X to Hollomon AFB.

Reason Scenario was deleted

This proposal is deleted due to military judgment - it no longer meets the Army's needs and there are capacity concerns with the USAF.

Registered Scenarios

As Of: 12/23/2004

Scenario # USA-0079 **Date Created:** 10/7/2004

Deleted

Scenario Title: 8 Close Hamilton Range, AL

Description:

Close, clean-up and dispose of Hamilton Range. Estimated cost is \$700K. Property has no value due to a reversion clause to the Marion County Commission, Hamilton, AL. Existing facility is 40 years old, requires cleanup (lead contamination), and is encumbered by housing developments on two sides. No employees at the site. No costs other than remediation.

Reason Scenario was deleted

Closes a state owned facility; no tie to federal property - not BRAC.

Registered Scenarios

As Of: 12/23/2004

Scenario # USA-0091 **Date Created:** 10/7/2004

Deleted

Scenario Title: 210 AASF Salisbury,NC

Description:

Realign aviation assets from Kinston, NC, Morrisville, NC and Salisbury, NC Army National Guard Facilities into a new Army Aviation Support Facility in Salisbury, NC

Reason Scenario was deleted

11/16/2004 National Guard withdrew support for the proposal due to pending force structure changes related to modularity.

Registered Scenarios

As Of: 12/23/2004

Scenario # USA-0115 **Date Created:** 10/28/2004

Deleted

Scenario Title: 49 Close Lima Tank Plant

Description:

Close Lima Army Tank Plant. Army disestablishes Garrison activities and realigns or disestablishes non JCSG functions. The Industrial JCSG realigns or disestablishes its assigned functions. This scenario is enabled by IND 0050 and IND 0052.

Reason Scenario was deleted

On 3 Dec04, SRG directed not to close LIMA tank plant as it is a key manufacturing facility for the future combat system; costs to establish a new manufacturing facility would exceed the savings generated by the closure; and military judgment.

Registered Scenarios

As Of: 12/23/2004

Scenario # USA-0122 **Date Created:** 11/18/2004

Deleted

Scenario Title: 495 HVY BCT from Ft. Hood (Bliss)

Description:

Moves a Heavy Brigade Combat Team from Fort Hood to Fort Bliss.

Reason Scenario was deleted

On 23 Nov 04, SRG directed that this proposal be stopped due to high costs and military judgement.

Registered Scenarios

As Of: 12/23/2004

Scenario # USA-0123 **Date Created:** 11/18/2004

Deleted

Scenario Title: 494 IN BCT from Ft. Drum (YPG)

Description:

Moves an Infantry Brigade Combat Team (BCT) from Ft. Drum to Yuma Proving Ground.

Reason Scenario was deleted

On 11/23/2004, SRG 21 directed that this proposal be stopped due to high costs and military judgement.

Registered Scenarios

As Of: 12/23/2004

Scenario # USA-0124 **Date Created:** 11/18/2004

Deleted

Scenario Title: 167 Light BCT from Fort Bragg (FT Benning) HVY from Fort Benning (WSMR)

Description:

Moves an Infantry Brigade Combat Team (BCT) from Fort Bragg to Fort Benning and a Heavy BCT from Fort Benning to White Sands Missile Range.

Reason Scenario was deleted

On 23 Nov 04, SRG directed that this proposal be stopped due to high costs and military judgement.

Registered Scenarios

As Of: 12/23/2004

Scenario # USA-0125 **Date Created:** 11/18/2004

Deleted

Scenario Title: 170 IN BCT from Fort Campbell (Fort Knox)

Description:

Realign an Infantry Brigade Combat Team (BCT) from Fort Campbell to Fort Knox in order to take advantage of the large heavy maneuver space and range complexes.

Reason Scenario was deleted

On 23 Nov 04, SRG directed that this proposal be stopped due to high costs and military judgement.

Registered Scenarios

As Of: 12/23/2004

Scenario # USA-0133 **Date Created:** 11/23/2004

Deleted

Scenario Title: 486 Relocate Army Operational Test Command

Description:

Move Operational Test Command (OTC) from Ft. Hood, TX to Ft. Bliss/White Sands Missile Range. Current, moving the test and evaluation requirements would decrease requirements on Fort Hood and supports future testing of the Army's future combat system (FCS) at the Fort Bliss and or White Sands Missile range complex. Moves all OTC elements of Army Test and Evaluation Ccommand (ATEC) from Ft. Hood to Ft. Bliss/WSMR.

Reason Scenario was deleted

This proposal is deleted due to military judgement - moving the activity would break hibitual relationships that the OTC leadership views as critical to mission accomplishment.

Registered Scenarios

As Of: 12/23/2004

Scenario # USA-0136 **Date Created:** 11/24/2004

Deleted

Scenario Title: 79 Close War College and move to Leavenworth

Description:

Close Carlisle Barracks and Move the Army War College (Carlisle) to Leavenworth. Army will look at this scenario under the authority and oversight of the E&T JCSG.

Reason Scenario was deleted

On 12/17/2005, E&T formally registered this proposal as E&T 0058; therefore, USA 0136 has been directed by Dr. College to be stopped (as of 12/21/2004).

Registered Scenarios

As Of: 12/23/2004

Scenario # USA-0188 **Date Created:** 12/10/2004

Deleted

Scenario Title: 272 AFRC Akron-Canton Airport, OH

Description:

Close NMCRC Akron, OH and relocate the USMCR unit into the OHARNG facility in Canton, OH. Minimal expansion will be required to accommodate the USMCR unit.

JAST #A060 - This should become a DON proposal xx that Closes NMCRC Akron OH and consolidate USMC units into AFRC Akron-Canton Airport. Consolidate Navy units from NMCRC Akron OH into NMCRC Youngstown OH.

Reason Scenario was deleted

On 12/15/2004, Dr. College directed this proposal to be stopped. It does not involve Army units and does not close an Army Installation, using military judgement this is not an Army BRAC action. DON will submit a proposal that moves the MCR unit into the AFRC.

Registered Scenarios

As Of: 12/23/2004

Scenario # USA-0204 **Date Created:** 12/16/2004

Deleted

Scenario Title: 97 AFRC Louisville, TN

Description:

Close the Concord Road Facility. Close NMCRC Knoxville. Move the E-BDE HQ (278th ACR) from Knoxville Armory (Sutherland Road) onto McGhee-Tyson ANG Airbase with the HQ, 164th Air Refueling Wing inside the fence. Elements from the Knoxville Armory (Concord) move into the Sutherland Road facility. Consolidate TNARNG Army Combined Support Maintenance Shop (CSMS) and Army Field Maintenance Shop (FMS) with TANG Air Ground Maintenance Complex into one up to date newly constructed complex complex/facility on McGhee-Tyson Air Base, Louisville, TN.

Reason Scenario was deleted

On 12/16/2004, Dr. College approved stopping this scenario due to the USAF withdrawing their support for the proposal and statement there was a lack of capacity. Stopped for capacity and military judgment.

Registered Scenarios

As Of: 12/23/2004

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0009 **Date Created:** 9/22/2004

Deleted

Scenario Title: Mission Compatibility Index - Fighters

Description:

Base squadrons at the optimum number of installations based on MCI rating and theoretical capacity

Principles: Primary determinant - MCI rating; Target squadron size at 24 PAA; Limit wing size to <= 3 squadrons

Exceptions: If installations have more than 3 squadrons now, do not automatically reduce

Reason Scenario was deleted

Delete: Incorporated into USAF-0006, USAF-0007, and USAF-0008

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0012 **Date Created:** 9/22/2004

Deleted

Scenario Title: Realign C-130 Fleet

Description:

Realign current C-130 force structure at as few locations as practicable using standard squadron sizes and crews, consistent with Mission Capabilities Indices and Future Total Force tenets.

Principles: Primary determinant - MCI rating; Optimize squadron size; Consolidate airlift assets

Exceptions: If installation has consolidated MDS now, do not reduce

Reason Scenario was deleted

Realign C-130 Scenario Replaced with the following USAF Scenarios:

USAF-58, 59, 60, 61

USAF- 64, 65, 66, 67, 68, 69

USAF-71

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0014 **Date Created:** 9/22/2004

Deleted

Scenario Title: Realign SOF/CSAR Fleet

Description:

Realign SOF and CSAR force structure at as few locations as practicable using standard squadron sizes and crews, consistent with Mission Capabilities Indices and Future Total Force tenets.

Principles: Primary determinant - MCI rating; Optimize squadron size; Consolidate airlift assets

Exceptions: If installation has consolidated MDS now, do not reduce

Reason Scenario was deleted

Realign SOF/CSAR Scenario Replaced by USAF Scenarios:
USAF-89, 90

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0015 **Date Created:** 9/22/2004

Deleted

Scenario Title: Realign KC-135 Tanker Fleet

Description:

Realign/consolidate current KC-135 force structure at as few locations as practicable using standard squadron sizes and crews, consistent with Mission Capabilities Indices and Future Total Force tenets.

Principle: Consolidate legacy fleet; ensures force available for AEF construct

Principles: Primary determinant - MCI rating; Optimize squadron size at 16 PAA (KC-135s)/12 15 PAA (KC-10)

Must maintain proximity to deployment routes

Reason Scenario was deleted

Realign KC-135 Scenario Replaced by USAF Scenarios:
USAF-72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84
USAF-87

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0017 **Date Created:** 9/22/2004

Deleted

Scenario Title: Geographic Co-location

Description:

Consider co-locating Total Force presence among multiple installations when locations are within proximity of each other

Principles: Primary determinant - Maintain/Place ARC units to meet the requirements of the Air Force at locations that meet the demographic and mission requirements unique to the ARC

Reason Scenario was deleted

Scenario accommodated by closure scenarios for Forbes, Richmond, Hulman, Springfield (OH), Mansfield, Kellogg, Fort Smith, Birmingham, Key Field, Martin State, and Bradley

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0019 **Date Created:** 11/4/2004

Deleted

Scenario Title: Realign A-10s from Pope to Barksdale (103)

Description:

Realign A-10 Aircraft from Pope AFB to Barksdale AFB (103)

Reason Scenario was deleted

Deleted: Replaced with USAF-0006

Registered Scenarios

Scenario # TECH-0048 **Date Created:** 12/2/2004

Scenario Title: Army Soldier/Land System LCM Center two site Scenario

Description:

This scenario relocates and consolidates RDAT&E in Land Warfare into two sites. It enhances Life Cycle management by physically consolidating organizations contained in the Sollider/Ground Systems Life Cycle Management Command. This scenario promotes Synergy and efficiencies across the spectrum of functions involved in Land warfare RDAT&E (Soldier systems, ground vehicle, guns and ammunition and CBD). The consolidation at Aberdeen Proving Ground collocates R&DA activities from the Soldier Systems Center (SSC) Batucj, MA, Detroit Arsenal, Warren, MI, Adelphi Laboratory Center, MD, and Ft. Belvoir, VA with significant T&E capabilities, which are not available at the current RDA sites. It provides for a synergistic means to address the difficult survivability challenges for future soldiers and ground combat systems. This scenario, which does not relocate the facilities at Picatinny, NJ is a lower cost alternative to consolidation at a single site (TECH 0045).

Losing Bases

Close USAG SANGB. Army disestablishes Garrison activities and realigns or disestablishes non JCGG functions. The Industrial, Technical, and HSA JCSGs realigns or disestablish their assigned functions.

This proposal would close the US Army Garrison-Michigan at Selfridge Air National Guard Base. The USAG-M is a federal land owner within the perimeter of Selfridge Air National Guard Base. The mission of USAG-M (Selfridge) is to provide base support, services and facilities to the Selfridge joint military community including housing, morale support, education, information technology, safety, transportation, quality of life, safety, environmental and recreational services, family services, child development, maintenance and repair, law enforcement, force protection, medical, dental, base exchange, commissary and religion. The joint community is home to units of all four branches of the military services as well as the US Coast Guard and the Border Patrol who either live, work or visit Selfridge Air National Guard Base. USAG-M is the primary provider of support and services to ALL military and DHS personnel and their dependents.

Inactivates the 77th and 99th Regional Readiness Commands. Closes the Charles Kelly Support Center (CKSC) and the Neville Island Maintenance Support Facility in Pittsburgh, PA. Closes major portions of Fort Hamilton, moves USAR units to Ft Wadsworth and creates an enclave for NYARNG components, the NYC Recruiting Command (AC) and the MEPS station. Closes Building #00330, 00319, 00128 and 00206 at Fort Totten, NY. Closes the SGT J.W. Kilmer USAR Center in Edison, New Jersey moves units to Ft Dix, NJ.. Closes Carpenter USARC in Poughkeepsie (units are TAA reduction). Closes McDonald USARC, Jamaica NY and moves units to Ft Totten, NY. Closes Ft Tilden USARC, Far Rockaway NY and moves units to Ft Totten. Closes Muller USARC, Bronx, NY and moves units to Ft Totten. Activates the NE Regional Readiness Command and a Sustainment Unit of Action at Fort Dix, NJ. Relocates tenant units of CKSF to Pitt USARC in Corapolis, PA. Relocates the Headquarters, 78th Division (Exercise) from Edison to Fort Dix, New Jersey. Closes the Army Reserve Aviation Support Activity at NAS Willow Grove, PA and relocates Co A/228th Aviation to Fort Dix, NJ. Relocates 244th Aviation Brigade from Ft Sheridan to Fort Dix, NJ. Closes the NYARNG 47th Regiment Armory in Brooklyn and the Brooklyn Armory/OMS 12 (and may include Closing MCRC Brooklyn) and consolidates to an AFRC on the enclave at Fort Hamilton. Closes Equipment Concentration Site 27 on Fort Dix and relocates the ECS 27 mission to the New Jersey National Guard Mobilization and Training Equipment Site (MATES) joint facility at Lakehurst, New Jersey.

JAST #A022 - This is a USA Proposal that supports DONxx that Close MCRC Brooklyn NY and consolidate into an AFRC on Fort Hamilton (either in existing buildings or in a new AFRC with USAR and ARNG). USMC will require training area for communications satellite dish operation totalling 20 acres.

Registered Scenarios

As Of: 12/23/2004

Scenario # USA-0168 **Date Created:** 12/2/2004

Scenario Title: 298 USAR C2 Proposal - SOUTHWEST

Description:

Close the headquarters of both the 63rd and the 90th Regional Readiness Commands (RRC), and stand-up a consolidated RRC headquarters at Moffett Field, CA. Relocate 95th DIV (IT) from Oklahoma City OK, to Fort Sill, OK. Relocate 91st Div(TSD) from Camp Parks CA to Fort Hunter Liggett CA.

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0003 **Date Created:** 9/22/2004

Scenario Title: Air Sovereignty/Air Defense

Description:

Determine airfields and installations sufficient to support air sovereignty/air defense mission

Imperative: Basing to fulfill the air sovereignty protection site and air defense response criteria stipulated by COMNORTHCOM and COMPACOM

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0016 **Date Created:** 9/22/2004

Scenario Title: Mission Compatibility Index - UAV/UCAS

Description:

Base UAV/UCAS assets at the optimum number of installations based on MCI rating and theoretical capacity

Principles: Primary determinant - MCI rating; Consolidate similar UAV/UCAS assets

Preserve capacity required for post-2011 (UAV/UCAS) force structure

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0048 **Date Created:** 12/17/2004

Scenario Title: Realign Hill AFB (S116)

Description:

Realign Hill AFB. The 419th Fighter Wing (AFRC) will distribute its F-16 Block 30 aircraft to the 132nd Fighter Wing (ANG), Des Moines IAP AGS, Iowa (9 PAA) and 482nd Fighter Wing (AFRC), Homestead ARB, Florida (6 PAA).

Losing Bases

Hill AFB (Clearfield, UT) - Realignment

Losing Activities

F-16 Squadron (15 PAA Block 30) - Relocate

Receiving Bases

Des Moines IAP AGS (Des Moines, IA) - Receive

Homestead ARS (Homestead, FL) - Receive

Activities being Received

F-16 Squadron (9 PAA Block 30)

F-16 Squadron (6 PAA Block 30)

Registered Scenarios

As Of: 12/23/2004

Scenario # USAF-0063 **Date Created:** 12/17/2004

Scenario Title: Realign Andrews AFB (S306)

Description:

Realign Andrews AFB. The Air Force Fight Standards Agency (AFFSA) and C-21 aircraft (2 PAA) will relocate to Will Rogers World APT AGS, Oklahoma. AFFSA realignment will include relocation of the USAF Advanced Instrument School from Randolph AFB and the Global Air Traffic Operations Program Office from Tinker AFB. The 137th Airlift Wing (ANG) at Will Rogers World APT AGS will associate with the AD units at Tinker AFB and/or the AFFSA mission. The wing's C-130H aircraft will be distributed to the 136th Airlift Wing (ANG), Carswell ARS (4 PAA) and the 139th Airlift Wing (ANG), Rosecrans Memorial APT AGS, Missouri (4 PAA).

The AFFSA portion is part of a Joint Scenario (JAST).

Losing Bases

Andrews AFB (Camp Springs, MD) - Realignment
Will Rogers World APT AGS (Oklahoma City, OK) - Realignment

Receiving Bases

Carswell ARS, NAS Fort Worth Joint Reserve (Fort Worth, TX) - Receive
Rosecrans Memorial APT AGS (St. Joseph, MO) - Receive
Will Rogers World APT AGS (Oklahoma City, OK) - Receive

Losing Activities

C-21 Airlift Squadron (2 PAA) - Relocate
C-130H Airlift Squadron (8 PAA) - Relocate

Activities being Received

C-130H Airlift Squadron (8 PAA)
C-130H Airlift Squadron (4 PAA)
C-21 Airlift Squadron (2 PAA)
