MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Fort George G. Meade Policy Memorandum # 40, Government Furnished Facilities

1. In accordance with the Federal Acquisition Regulation (FAR) section 45.102, it is the government's policy that contractors should furnish all property necessary to perform government contracts. Effective immediately, all new contracts awarded for construction/services to be performed within the confines of the Fort George G. Meade installation will require the contractor to provide their own facilities, in lieu of use of government furnished facilities for the contract. Performance Work Statements to be incorporated into service or construction contract will not contain any provisions authorizing a successful contractor the use of government furnished facilities or property unless a request for an exception to this policy has been granted.
2. All requests for deviations to this policy must be approved in advance by the Garrison Commander, through the Directorate of Public Works. The request will include:
 - a. Type of service/construction being performed.
 - b. Reason for exception to the policy.
 - c. Government furnished facilities or property being provided.
 - d. Reason contractor cannot furnish his or her own property or facilities.
 - e. Benefit to the government, either performance or financial for providing the facilities or property.
 - f. Impact if the exception is not granted.

EDWARD C. ROTHSTEIN
Colonel, Military Intelligence
Commanding
