To: JIM  
Fr: Maria  
Re: Guyana

I thought I would write up some of the things I observed while I was down there. I'm sure you are aware of most of it anyway, especially since you were just down there, but this is just in case. Also, since I don't know much of the background of what goes on there, this probably isn't worth too much anyway.

FINANCES: I wasn't really sure what it was that I was supposed to be looking for when you called down to look over the books. I went over everything that Joyce had and what Paula had in town. The biggest thing I could see was that there is no way to follow where all the money goes once it comes from the U.S. The way things are set up now it would be impossible. First of all the books are physically in two different places (in town and in Jonestown), so there is no way to balance everything, and no way to tell if we are being ripped off somewhere along the line. On the surface everything looks on the up and up, but like I said there is no way of telling as things stand now. I'm no accountant but their bookkeeping seems incomplete, and I know there were things I should have looked for but didn't know how. I said before there is no way of telling if we are being ripped off and that's true since the books are not accurate, but Charlie is definitely stealing money. Joyce said she knows he finds receipts which he turns in and then keeps the amount of money shown on the receipt and pockets it. She showed me on some of his cash accounting records where for example he shows he spent \$50.00 on groceries and Joyce knows for a fact he never purchased any groceries. Also, a few weeks ago she found a large sum of money (didn't know how much, but it was a big wad of bills) in Charlie's wallet. She asked him what it was and he admitted when she had given him \$1500.00 for expenses he had marked it down as only receiving \$1000.00 and then only accounted for \$1000.00. He said "Well, you don't keep any record of that anyway." Joyce told him that he was wrong and that a very careful record was kept on that type of thing along with everything else. He said that so far he had not been caught so she told him that for now it might be an oversight but that we would eventually come up \$500.00 short. Joyce told me that was the first time she ever realized how bad their bookkeeping was since Charlie was actually right, that there is no record kept on that type of thing. She felt very bad and said she knew it was wrong but felt it was due to a lack of knowledge in how to keep books.

I think that the first thing that has to be done is for all the books to be kept in one place (Jonestown). Paula should be made to come in to the interior regularly and go over everything with Joyce. I don't particularly trust Paula and she is in a position with nobody checking on her. I'm not saying she is doing

QQ2A1

anything, I don't know, and couldn't tell from her books. But if she was she would be a little less likely to pull anything if she knew Joyce would be checking everything carefully.

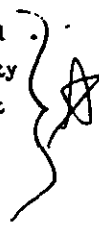

The next thing, in my opinion, would be to have Tish and Chaiken work together to come up with a suitable accounting system for their needs that is simple and easy to follow. It should be sent down with a very complete, clear set of procedures. Joyce said that Chaiken had set them up on a system when he was down there and then they were given a completely different system from Tish. Neither one of them, Joyce felt, was suitable for what they need. From what I could see, they need a way to handle their cash, payroll, income from sales, and loans they make to the Nationals on their pay.

Joyce said that she was told to not record the income from sales made to Nationals. I don't see how that can work though. Maybe part of it but not all of it. For one thing, if the government were to ever check on our sales there would be no way to deny it, since all the Nationals in the area obviously know we sell to them. Also, I asked Joyce they needed to keep a certain type of record of their sales for the government or if they needed a permit to sell. Also there might be a difference between selling our vegetables and re-selling items bought in Georgetown. She said nothing had ever been done on it. But when I asked Mike Touchette he said they were having the lawyer look into it.

Another thing that seems to have been overlooked or else there is something I don't know about is taxes. Again, Joyce said nothing had ever been done about it, but Mike said the lawyer was looking into it. For all we know, they books may have to comply with a government standard for non-profit organizations. It seems to me that we would have to show also that our sales to the Nationals are non-profit. Anyways, the way the books are now, if the anyone ever wanted to start something all they would need is our books.

One last thing about the finances in Georgetown I noticed is that several of the cash entries were for movies, sodas, ice cream, eating out, etc. This might not be fair for me to bring up since they are the ones over there they should probably be able to do this, but it seems this would give the people who are always in Jonestown something to be hostile about.

I also do not see the need to have three different bank accounts. Joyce said the Barclays account is the original account that was used but there is no activity in it now. She thinks there is about \$2000.00 in it. Since its not being used it should be closed out. Maybe Eva could see to this when she goes over.

QQIA 2

VINCENT HINES: There's two versions to this story. One's Charlie's and the other is Paula's according to Mike. Either way it seems like a bad P.R. situation. I didn't feel I should ask Paula even though it would have been more direct. Anyways, Charlie said that several months ago he, Paula and Jeff were in to see Hines, at which time Paula asked him to order snake serum. When Paula told him how much to order, he laughed saying that the amount was so large it was ridiculous. He also said that administering the serum was often more dangerous than the actual snake bite. According to Charlie, Paula told Hines that these were her instructions and to go ahead and order that amount. Now the serum is sitting in Paula's basement, unrefrigerated for some time. Charlie says it is about 6 boxes of about 100-150 vials each of serum. Also, it all expires in 1977. Mike said that Paula says when she asked Hines to order it, he said he didn't think he could get it and they left it like that. She said that since no further discussion or arrangements were made that we are under no obligation to pay for it. The point is that Hines is now pressing for payment (about \$1800.00 Guyanese). Paula refuses to pay him, and Joyce made the comment that if she were still involved with him that she would certainly be handling the situation differently. Mike says that Hines is not in a favorable position with the government and is going bankrupt, therefore we don't have to pay him. Also, that Charlie likes Hines and that's why he (Charlie) thinks we should pay. Charlie and Joyce think we should pay because of the bad P.R. and because he has helped us out often. I would say pay it and then distribute it around to different hospitals but we don't even know if its any good anymore.

MOM AND POP JACKSON: For the last 3 or 4 months their social security checks have been going to both Guyana and to the bank here in S.F. Chaiken set up both deals but he says its the social security administration fault as they should have cancelled the checks to Guyana when they started coming here. He is going to write them, asking them to check their records.

CHARLIE TOUCHETTE: Didn't speak to me at all while I was there unless I asked him something. When I read everyone your letter he didn't say a thing or respond at all. However, he was pretty nice to John from what I could tell. Helen said when he found out that six new people were coming, he had to go to bed for the rest of the day. If he had the slightest disagreement with anyone he would pout for the rest of the day too. It seems like we could get a lot more down down there if Charlie were not the coordinator. Not one thing was done to those five houses while I was there. Charlie would fool around in the office or be in the shop making things like towel racks instead of taking care of the major construction. One day on the porch, Tommy Johnson made a remark about the 3 new young men that were sent down saying, "If that's what everybody is like back there, what in the hell are we down here working for?" Charlie then chimed in saying, "The same thought crossed my mind."

THIS IS A JUMBLE OF FEEDBACK AND QUESTIONS IN NO ORDER EXCEPT THE ORDER I RAN ACROSS THEM IN NOTES, ETC.....

RI I am attaching a copy of the inventory of stuff going out with Maleka Willis. Notably, we sent only one ~~set~~ of three Starite water pumps for lack of space/weight allowance. We have  $\frac{1}{2}$  the order of welding rod, but sent NONE of it for the same reason. (Please let us know whether you prefer to have it sent 2 tins, 50#each, per special box--which will cost \$93 to send--or one tin to a small duffel--which will only cost \$31 each to send. This will allow us to get little but clothes and rod in a bag, and will severely restrict the number of tins we will be able to get out. We have to have the model # from the Fresnel lens before it can be ordered from the manufacturer. Look for a stamped in number or one on a sticker on the lens itself.

R2 Right now we have about 20 baby dolls, most of the cassettes only, almost all of the little Laura radios, most of the batteries, most of the One Step film, most of the radios only, all the blue track shows, 5 CB radios, rest of the bandsaw blades, rest of the anti-rust film, rest of the silicone spray,  $\frac{1}{2}$  the 4 $\frac{1}{2}$ " grinding wheels; 7 video cassettes, tube socks, most of the caps, about 85 AM/FM cassette combinations,  $\frac{1}{2}$  the emergency 12 and 14 TW wire, some thrift shop clothing (got 281 pieces for \$85, much more to come). We could only get some of the tapes and replacements, and still have  $\frac{1}{2}$  those here. We also have most of the bee stuff if not all of it, the Esmay garden seeders, the vinyl hose.

R3 Jennie Cheek goes to all the thrift shops about every other day to scout for baby dolls. They just aren't there and go as fast as they come in. Doing what we can. No word on sheets from LA yet.

R4 Regarding barrels and that whole project. I sent word that we would not be able to proceed at all until we had your final word on how many drums and what is to go into how many of them. I got a message after that saying 297 wheat, 148 kidneys, 147 pintos. Is that absolutely final? Everything is contingent on everything else in such a way that we are stalled until we know FOR SURE that the final decision has been made. I will also try to ask this over the radio.

yes R5 When you told Andy all the T-shirts are cleared, did you mean the 3000 at .80 @?

?ork #? R6 I haven't received word yet on the Bloodhound I advised Terry about. About \$200 to buy, another \$265 to send by air.

R7 I don't have anything on the chalk boards yet.

OK Dennis was able to swap 700 4 mil bags for 6 mil, but they have to be made up. Will cost \$169 more, take 3-4 weeks.

MORE JUMBLE OF FEEDBACK, QUESTIONS, ETC.

*Send June Valley Reg Now.*

*Have it checked?*

(R1) David needs feedback on the transformer before he can act. He got 15 field phones at auction, 8 for \$30 and 7 for \$5 each. However, they are not new and will have to be gone through. We will let you know how many we come out with in good shape. So far, no wire for the field phones. It started too high at auction and went higher. They also got a recording volt meter and a recording amp meter. For \$27 (one, not sure of the other). They have to be gone through too, but look to be in good condition.

BEANS/WHEAT

(P2)

AJ is handling this item, was to have gotten prices this morning. However, he said he didn't have time. I think he had to go to Sacramento to the auction again. So far, he has found prices on kidneys of \$.35/# (regardless of the # of #'s, and on pintos of \$.17/#. No price on wheat. I gather he has not contacted the places down south that were suggested. When I talked to him this afternoon, he was on his way out to Charles Garry's office with the others and couldn't talk.

So far, then:

KIDNEYS

AJ	.35/#x350x148	=\$18,130.00
Andy	.24/#x350x148	=\$12,348.00

PINTOS

AJ	.17/#x350x147	=\$ 8,746.50
Andy	.195/#x350x147	=\$10,101.00

WHEAT

Andy	.09/#x350x297	=\$ 9,355.50
------	---------------	--------------

CHEAPEST TOTAL \$30,450.00

Since the source you want us to get this from is somewhat specialized (organic farming), I would guess their prices will be higher rather than lower. *Right - but no danger of mercury poisoning on it - cannot say same for other sources - Is a very serious problem -*

(P3)

AJ is also working on this item. Again, he was to have called this morning, but seems to have been too busy. He plans to get final dollar figures from Kaisey for the Aluminum you want and from Reynolds for the screws you want, along with names and addresses, etc. for letters of credit.

24. What do you in the FL think about our setting up a crating operation in Miami to do at least the 600 barrels and whatever we might purchase there? Probably with AJ in charge, also David Gallie, Don Davis, Rosie to cook, maybe two others to help with the crating? Keep \$ located here for the most part, communications for orders here, clearances here, and just do bank transfers for necessary amounts as they come necessary. Sooner or later we will probably have to go to something like this any way. Sandy doesn't like the idea at all, says a problem with Norman there but apparently on the outs. Problem with mas- morale in general for those who would have to go, but the incentive would be to save all the overland freight charges--\$18,000 for the barrels alone, another \$3000 for every 9 crates sent from Miami instead of from SF.

Now we don't know whether to send one now, because the market is good now, or wait till later thinking we might need it to take with people, leaving one here for those of us remaining. We could take both the remaining ones and drive one of them back. Please discuss and reply.

SUBJECT: TRANSFER FROM EXTERNAL ACCOUNT TO ACTIVE CHECKING ACCOUNT

REASONS:

1. Toyota Land Cruiser (for Jonestown emergency use)	G\$ 17,000.00
2. Final payment on lumber	54,750.00
3. Charter of boat to carry cargo (already done, to be paid)	4,000.00
4. Operating expenses (such as, spare parts, medical expenses, air fare, insurance, gas, etc.)	10,000.00
	<u>G\$ 85,750.00</u>

(Note - I don't think it should all be transferred until the need for it arrives, however it takes 3 days to make the transfer, therefore, I would like to get it approved beforehand so that we can make the transfer when necessary. Those which I think are necessary at this time is the charter for the boat (\$4,000 and the operating expenses money (\$10,000.) (I am acting under the impression that all of the items except #4 have been approved beforehand, therefore it is only necessary to respond to that one item. I am attaching a list of expenditures to this day to give you a better idea of what I refer to as operating expenses.)

AT HOME.

DEAR JOYCE.

Good-day.

you would find some fibbers on the list with the names is been scratch, the cause is when the Phantoms was ordered. Bridgette take the amount in lbs and place it to they names. But when she took the Phantoms to Beckey to get them weight Beckey says that she would take care of the lbs, so what you see remain on sheet is bananas.

P. S.
