

Guard assets or other Federal, State or local law enforcement agency assets clearly identifiable by lights, vessel markings, or with agency insignia as listed below:

Coast Guard surface or air asset displaying the Coast Guard insignia.

State and/or local law enforcement asset displaying the applicable agency markings and/or equipment associated with the agency.

Minimum safe speed means the speed at which a vessel proceeds when it is fully off plane, completely settled in the water and not creating excessive wake. Due to the different speeds at which vessels of different sizes and configurations may travel while in compliance with this definition, no specific speed is assigned to minimum safe speed. In no instance should minimum safe speed be interpreted as a speed less than that required for a particular vessel to maintain steerageway. A vessel is not proceeding at minimum safe speed if it is:

(1) On a plane;

(2) In the process of coming up onto or coming off a plane; or

(3) Creating an excessive wake.

(b) *Regulated area*. All navigable waters, as defined in 33 CFR 2.36, within the Captain of the Port Zone, Charleston, South Carolina 33 CFR 3.35–15.

(c) *Security zone*. A 300-yard security zone is established around each escorted vessel within the regulated area described in paragraph (b) of this section. This is a moving security zone when the escorted vessel is in transit and becomes a fixed zone when the escorted vessel is anchored or moored. A security zone will not extend beyond the boundary of the regulated area in this section.

(d) *Regulations*. (1) The general regulations for security zones contained in § 165.33 of this part applies to this section.

(2) A vessel may request the permission of the COTP Charleston or a designated representative to enter the security zone described in paragraph (c) of this section. If permitted to enter the security zone, a vessel must proceed at the minimum safe speed and must comply with the orders of the COTP or a designated representative. No vessel or person may enter the inner 50-yard portion of the security zone closest to the vessel.

(e) *Notice of security zone*. The COTP will inform the public of the existence or status of the security zones around escorted vessels in the regulated area by Broadcast Notice to Mariners. Coast Guard assets or other Federal, State or local law enforcement agency assets will be clearly identified by lights, vessel markings, or with agency insignia. When escorted vessels are moored, dayboards or other visual indications such as lights or buoys may be used.

(f) *Contact information*. The COTP Charleston may be reached via phone at (843) 724–7616. Any on scene Coast Guard or designated representative assets may be reached via VHF-FM channel 16.

SUMMARY: This document affirms as final, with changes, an interim final rule that implements portions of the Veterans Benefits, Health Care, and Information Technology Act of 2006. SUPPLEMENTARY INFORMATION:

In an interim final rule published in the **Federal Register** on May 19, 2008 (73 FR 29024), we established new 38 CFR part 74 setting forth a mechanism for verifying ownership and control of veteran-owned small businesses (VOSBs), including service-disabled veteran-owned small businesses (SDVOSBs). We provided a 60-day comment period which ended on July 18, 2008. We received comments from five commenters. The issues raised in the comments are discussed below. Based on the rationale set forth in the interim final rule and in this document, we are adopting the provisions of the interim final rule as a final rule with changes explained below. Due to the nature of the changes and for the convenience of the reader, the regulation text portion of this document restates all of revised part 74.

a. *Eligibility of surviving spouses.* One commenter expressed the opinion that a surviving spouse of a veteran who had any disability rating should be permitted to maintain a VOSB or a SDVOSB for as long as the spouse owns and controls the business.

The rule is consistent with Congress’s limitation set forth in 38 U.S.C. 8127(h)(3), which permits the surviving spouse to maintain the status of a VOSB or SDVOSB only if the veteran was rated as 100 percent disabled or the veteran dies as a result of a service-connected disability. VA does not have authority under section 8127 to expand VOSB or SDVOSB status as the commenter suggests. We will not make any changes to the rule based on the comment.

b. *Yearly verification.* One commenter suggested that an annual signed statement by the veteran business owner stating there are no changes in ownership or control should be sufficient to protect the Department’s interests. If ownership or control changes, it should be mandated that the business owner report it immediately to
