NOTE: This table only displays data for veterans who used VA care for emergency room, outpatient care, or overnight stays in hospitals. Veteran may report more than one type of insurance. Only one sub-category of "Total Two or More Races" is shown because all other categories were too small to report. The total "Responding on Item" is larger than the sum of the groups because some veterans did not indicate their age. * Low precision and/or sample size for the denominator between 30 and 59; N/A: Standard Errors not available when estimate is equal to 0% or 100%

Table 4-8. (continued)

Percent Distribution of Veterans by Health Insurance Coverage of VA Health Care Users of Emergency Room, Outpatient Care, or Overnight Stays in Hospitals Only, Race, and Age (Less Than 65 Years and 65 Years or Older)
