

**Coal Production and Preparation Report
(Co-Located Mine and Preparation Plant/Tipple)**

Reporting For Calendar Year

MSHA #

Please read the instructions provided before completing this form.

NOTICE: This report is **mandatory** under the Federal Energy Administration Act of 1974 (Public Law 93-275). Failure to comply may result in criminal fines, civil penalties and other sanctions as provided by law. For further information concerning sanctions and data protections see the provision on sanctions and the provision concerning the disclosure of information in the instructions. **Title 18 USC 1001 makes it a criminal offense for any person knowingly and willingly to make to any Agency or Department of the United States any false, fictitious, or fraudulent statements as to any matter within its jurisdiction.**

GENERAL REPORTING INSTRUCTIONS: Form EIA-7A must be submitted by all coal mines that produced 25,000 or more short tons of coal and other coal facilities that worked 5,000 hours or more during the reporting year. All anthracite coal mines that produced 10,000 short tons or more during the year must also report. A separate Form EIA-7A must be submitted for each Mine Safety and Health Administration (MSHA) ID.

I. Identification. The shaded areas in this section are reserved for preprinted information. Please make any corrections to the information shown in these areas by drawing a line through the incorrect information and entering the changes in the space provided at the right.

A. Status Change: Did the ownership change during the year?

Yes

No

If **Yes**, give date of change and, as applicable, the name and address of the new owner.

<input type="text"/>	<input type="text"/>	<input type="text"/>
Month	Day	Year

Name of New Owner	Name of New Mining Operation			
Address of New Owner (Street)	(City)	(County)	(State)	(Zip Code)
New Owner E-mail	New Owner Phone Number		New Owner Fax Number	

Please make any corrections to the mailing label in the area provided at the right and return the completed form in the business reply envelope provided.

B. Preparer Information

Preparer Name:
Preparer Title:
Preparer Company Name:
Preparer Street Address:
Preparer City, State, Zip:
Preparer Phone #:
Preparer Fax #:
Preparer E-mail:

C. Company Contact Information. The information in this block refers to the Company that owns the MSHA ID. The Company contact person is a person who has oversight responsibility for responding to this data request and ordinarily is not the person preparing the response.

Contact Name:
Contact Title:
Contact Company Name:
Contact Street Address:
Contact City, State, Zip:
Contact Phone #:
Contact Fax #:
Contact E-mail:

D. Name and Location of Mining Operation

Mine Name:
Mine Location (County):
Mine Location (State):

E. Name and Address of Operating Company

Company Name:
Company Address:
Company City, State, Zip:

F. Operating Company Contact Information

Contact Name:
Contact Title:
Contact Street Address:
Contact City, State, Zip:
Contact Phone #:
Contact Fax #:
Contact E-mail:

G. Type of Company Operating this Mining Operation Check one. (See instructions for definitions of company types).

1. Independent Producer Operator 2. Operating Subsidiary 3. Contractor

If you checked Box 1 in Section G above, please skip to Section J. If you checked Box 2, please complete Sections H and I with information about your Parent Company. If you checked Box 3, please complete Sections H and I with information about the Contractee for which you are providing services at this mining operation. If there is more than one Parent Company or Contractee, please provide the additional information for Sections H and I on a separate sheet of paper.

H. Parent Company or Contractee

Company/Contractee Name:
Company/Contractee Address:
Company/Contractee City, State, Zip:

I. Parent Company or Contractee Contact Information

Contact Name:
Contact Title:

| <input type="checkbox"/> Drift | <input type="text"/> % | Continuous |
| <input type="checkbox"/> Shaft | <input type="text"/> % | Conventional |
| <input type="checkbox"/> Slope | <input type="text"/> % | Longwall |
| | <input type="text"/> % | Shortwall |
| | <input type="text"/> % | Other |
| | 100% | |

**Type and Share by Production Method For
 Surface Mines**

- | | |
|--|------------------------|
| <input type="checkbox"/> Contour Strip | <input type="text"/> % |
| <input type="checkbox"/> Area | <input type="text"/> % |
| <input type="checkbox"/> Open Pit | <input type="text"/> % |
| <input type="checkbox"/> Mountaintop Mining | <input type="text"/> % |
| <input type="checkbox"/> Auger, Highwall Mine or
Punch | <input type="text"/> % |
| <input type="checkbox"/> Silt, Culm, Refuse
bank, Slurry Dam or
Dredge | <input type="text"/> % |
| <input type="checkbox"/> Other | <input type="text"/> |
| | 100% |

K. Union Identification. Check the box that applies for this mining operation and identify the union, if applicable.

Is this mining operation unionized? Yes No

If yes, enter union name here: _____

L. Mining Location

1. Longitude and Latitude. Please enter the longitude and latitude that best defines the predominant area of mining in the reporting year. The geographical points reported should represent either the center of mining activity or a central point within the predominantly mined area. Longitudes and latitudes may change from year to year to reflect the progress of mining.

Longitude
 Degrees Minutes Seconds Degrees Minutes Seconds

2. Datum. Please identify the method and datum that was used in determining the longitude and latitude locations (Please check all boxes that apply).

- Maps on Us (www.maponus.com)
- U.S. Census Bureau TIGER Map Service
- Global Positioning System (GPS)
- U.S. Geological Survey MapFinder (www.usgs.gov)
- Unknown
- Other _____

If you selected GPS, USGS or Other, please indicate datum below:

- NAD27 (North American Datum 1927)

Reporting For Calendar Year

MSHA #

II. Annual Mine Productive Capacity. Report the maximum amount of coal that your mining operation could have produced during the year with the existing mining equipment in place, assuming that the labor and materials sufficient to utilize the equipment were available, and that the market existed for the maximum coal production.

s.t.

III. Coal Beds Mined. Report the coal bed name, average thickness, percentage of mined coal and rank for each bed mined in the reporting year. Please exclude partings of 1 inch or thicker from reported average coal bed thicknesses. Coal mined from the same bed should be reported on one line. An *exception* is made if the same bed was mined in different pits or sections and if the average thicknesses in those locations differ by 20% or more. If so, please report separately the average thickness, percentage and rank of the coal bed in the different mining locations. See Section G of the Instructions for Classification Codes. If more space is needed, please use space page 6, Section VI.

For EIA Use Only	(1) Name of Coal Bed	(2) Average Thickness (inches)	(3) Share of Production (%)	(4) Coal Classification Code
			100%	

IV. Recoverable Reserves

A. Recoverable Reserves. Enter the tonnage representing remaining coal reserves at this mine at the end of the reporting year that you estimate can be recovered (mined) in the future. Report to the level of accuracy known, assuming today's prices and equipment currently owned and operable. *If your recoverable reserves and quantity increased or decreased by more than 40% from last year's response, please explain the change in Section VIII, "Additional Remarks."*

s.t.

B. Recovery Percentage. Enter the recovery rate used to estimate reserves at this mine. Report the mining recovery rate to the nearest whole percent. *Minable coal tonnage multiplied by the mining recovery rate should equal the level of recoverable coal reserves.*

 (Co-Located Mine and Preparation Plant/Tipple)**

Reporting For Calendar Year

MSHA #

V. Dispositions of Coal Produced During the Reporting Calendar Year (exclude any purchased coal from other mines)

NOTE: A + B + C + (E-D) + F1 + G should equal total annual production.	Quantity (short tons)	Total Revenue or Value (dollars)
A. Open Market Sales. Sales of coal to all buyers except captive market sales and coal for export, (e.g., other coal mining companies, wholesale or retail coal dealers or brokers, employees and all consumers)		
B. Captive Market Sales. Sales of coal to, or transfers of coal for the use of, the parent company or a subsidiary of the parent company.		
C. Coal Consumed to Operate This Mine		
D. Beginning Coal Stocks. Amount of coal stocks held at this mine at the beginning of the reporting year including adjustments. Do not include pit inventory in coal stocks. Coal stocks are defined as coal that has been mined and stored awaiting shipment or transfer to a user. Pit inventory is coal in place which has been surveyed or prepared for mining.		
E. Ending Coal Stocks. Amount of coal stocks held at this mine at the end of the reporting year. Do not include pit inventory in coal stocks. See definitions in D above.		
F. Export coal. The total amount of coal exported outside the U.S. during the reporting calendar year. Note: For exemption from the black lung excise tax, producers are required to report to the IRS the amount of export coal. The total coal export quantity reported on this form should be the same quantity as reported to the IRS. Report quantity and total revenue (or value) for total exports and for metallurgical (met) coal and non-metallurgical (non-met) coal exports. Total exports should equal the sum of met coal and non-met coal exports. F1. The total amount of coal exported outside the U.S. during the reporting calendar year.		
F2. How much of your total export was metallurgical coal ?		
F3. How much of your total export was non-metallurgical coal ?		
G. Coal Stocks held off-site at remote locations. The total amount of coal stocks from this operation that were produced during the year and are being held at off-site locations. These locations include coal export terminals; coal river docks; and/or any other remote location.

 (Co-Located Mine and Preparation Plant/Tipple)**

Reporting For Calendar Year

MSHA #

If coal Open Market sales, as reported in A above, are to wholesale or retail coal dealers or brokers, please provide the coal purchasers' information below.

(1) Contact Name	(2) Purchaser	(3) Contact E-mail Address	(4) Contact Phone Number

VI. A. Coal Beds Mined. Additional space for Section III from previous page, if needed. If this additional space is used, please ensure that values entered into column (3) "Share of Production" in both tables, collectively sum to 100%.

<i>For EIA Use Only</i>	(1) Name of Coal Bed	(2) Average Thickness (inches)	(3) Share of Production (%)	(4) Coal Classification Code
			100%	

VII. Coal Preparation. Complete this section only if this mine operation includes a preparation plant or tipple which crushes, screens, or mechanically cleans coal.

A. Proportion of coal by type of mining.

- 1. Percentage of coal prepared which originated at underground mines _____ %
- 2. Percentage of coal prepared which originated at surface mines _____ %
- 3. Total coal prepared _____ 100 %

B. Processing Statistics

- 1. Tons of raw coal processed at the plant during the report year (input) _____ s.t.
- 2. Tons of coal after processing. (output) _____ s.t.
- 3. Tons of refuse material after processing. _____ s.t.

C. Hourly Raw Feed Capacity

Report the maximum amount of raw coal that your operation could process during one hour in short tons (under normal operating conditions). _____ s.t.

VIII. Additional Remarks. Attach another sheet of paper if necessary.

IX. Point of Contact. Enter the name, title, telephone number and e-mail address of your company representative who can answer questions regarding information provided on this form.

Name _____	Title _____
Telephone Number _____	E-mail Address _____
