Copyright Protection

The Copyright Alliance and A2IM (the U.S. independent music label trade organization) have informed me of this welcome invitation from the Obama Administration to share my thoughts on my rights as a creator.

I have spent the last 15 years in the music business and watched how technology has changed our business (both good and bad.) Content creators, intellectual property owners and their works need to be protected.

Please take this matter seriously and help those that spend their life, blood, sweat and tears to make art for our pleasure.

Best regards,
