Comments: The copyright laws in this country are already outrageous and I will not support any law that wishes to add additional enforcement, or expansion of copyright laws until the current system is fixed. The Pirate Party of the United States is willing to work with the office of the Intellectual Property Enforcement Coordinator (``IPEC``), or any other government organization to assist in real progress in its attempt to reform copyright laws.

I live in Rathdrum Idaho my voting zipcode is 83858. I am currently located in Alaska for work.
