Dear Ms. Espinel,
ASMP and the Copyright Alliance have informed me of this welcome invitation from the Obama Administration to share my thoughts on my rights as a creator. As a photographer, intellectual property is the heart and soul of my business. The unauthorized copying, sale and distribution of artists' intellectual property directly impact the ability of artists and creators to control the use of their own creativity, not to mention their ability to receive income they have earned from their labor. This impacts US employment and the economy and our ability to complete globally.

Please help us protect our rights to what we create.

**Thanks,
Dan**
