Dear Ms. Espinel & others,

ASMP and the Copyright Alliance have informed me of this welcome invitation from the Obama Administration to share my thoughts on my rights as a creator.

I'm a freelance photographer in Boston who hopes you will continue to protect the rights associated with current copyright law. It's very important for all creators of their works to retain the copyright and not allow the public free access, especially during this age of internet access and easy distribution.

I thank you for your consideration.

best,

Brian Smith
