Subject: How copyright should be enforced.
Date: Wednesday, February 24, 2010 9:24:58 AM

Copyrights should be held for less than a third of an average person's lifespan. Corporations buy the rights to everything that matters and artificially drive up prices. Not everything mind you but a lot of things. Also I believe our land should let music be free. Artists should and could make great money touring. Our country sucks.
