Mariner Credentialing Program List Server Update

This bulletin announces a consolidation of the various list server groups that support the Mariner Credentialing Program. Of the seven lists that were available most were rarely used and the naming of them often reflected outdated terminology. Therefore the Coast Guard is consolidating the lists to the three outlined below. If you were previously registered for a list, your email has been migrated to the appropriate list. If you have never been a list member, we encourage you to sign up for one or more of the lists below by clicking the appropriate link or visiting the National Maritime Center web site. The link for list server registration is at the bottom of the Home Page.

For general information concerning the Mariner Credentialing Program. This list should include the majority of users:

- [Mariner Credentialing Program Information](#)

For information specific to providers of Merchant Mariner Training:

- [Mariner Courses and Training](#)

For information specific to Medical Professionals who provide services to current and prospective Merchant Mariners:

- [Mariner Medical](#)

For additional information, please contact the National Maritime Center by email at IAskNMC@uscg.mil or by phone at 1-888-IAskNMC.

Sincerely,

A handwritten signature in black ink that reads "A.S. Lloyd".

A.S. LLOYD

Captain, U.S. Coast Guard
