## **ITI Applauds RSC Plan to Boost the Economy and Create Jobs by Simplifying America's Tax Code**

**WASHINGTON, DC (November 2, 2011)** – Ralph Hellmann, senior vice president of the Information Technology Industry Council (ITI) today released the following statement regarding the Republican Study Committees economic proposal to significantly improve the United States economy through the Jobs for Growth Act:

“This is a bold plan with practical solutions for reforming our international tax code and returning well over a trillion dollars to America's shores. The high-tech community commends the RSC for making these tax code a priority for our nation and focusing on ideas that will stimulate America's economy and generate long-term growth.”
