Hey,

I am far from the courtroom kinda guy, but one thing that brings me to writing this is the fact... I am an Artist... your Politics and League Jergen has got us and I mean U.S. on the verge of civil war once again, figure it out Uncle Sam, the big buisness is out to controle us all ... not only am I a Starving artist, but the father of 4 and a loving Husband for over 8 yrs... The transitional state we are in is simply astounding... And lately Appauling to eaven open my ears to anymore... for the artist new found freedome has developed through the free information from the internet... but as the net grew I noticed the politics grow as well (or Better, Faster) my conculsi on is J.A.B.O.B.. Just A Bunch Of ... you get it.

Simply put, Stop Stepping On the Freedom Of Information Act.... Or Maybe Your Ready For The Next Civil War...

Dont you see the "big buisness" tears apart family and friends with everyday politics ; out-weighing the civil cases that serve to the just causes; too many loopholes to close... In the past 5-6 years I have seen many friends and family sway their oppinion one way or another on this topic or that, but now i see lines being drawn and to the Man Who Is Out to Controle America, My Home... They Had look carefully befor crossing that line... cant wright but we can act... thats what the Major Labels dont get.... We The Artist Create For an Audience Eventually, But We All Play For One Reason To Begin With... It Makes Us Feel Good... and if it makes you (the craftsman) and you can help us out ... good, but we all know that It just dont happen that way, does it... If you love somthing set it free you know.

I dont want to ramble but head the warning... the big man had better stop pushing the little man; cause in my experience the little guy wins all the time. sometimes a loss is a win and a win is a loss... its all in how you look at it. If you miss Good Art, then what you do is you understand Art Is Not Perfect, Art Is Not To Be A CRAFT BUISNESSMAN.... ONE FINAL NOTE TO THE BIG BUISNESS THIS ONES FROM GOD... WE AS THE STRONG, SHALL BEAR THE INEQUITIES OF THE WEAK, AND NOT TO PLEASE OURSELFS.... Dont do otherwise or you shall see that you are infact without the weak support that makes you strong... the meek shall inherit the earth.

I see this coming like a huge wave... Help us by bearing these words for that they are not mine alone... protect our Freedom
