

Congress of the United States
Washington, DC 20515

February 24, 2010

The Honorable Shaun Donovan, Secretary
U.S. Department of Housing and Urban Development
451 7th St., SW
Washington, D.C. 20410

The Honorable Nancy Sutley, Chairman
Council on Environmental Quality
722 Jackson Place, NW
Washington, D.C. 20503

The Honorable Inez Tenenbaum, Chairman
U.S. Consumer Product Safety Commission
4330 East West Highway
Bethesda, MD 20814

The Honorable Thomas Frieden, Director
Centers for Disease Control
1600 Clifton Road
Atlanta, GA 30333

Dear Secretary Donovan, Chairman Tenenbaum, Chairman Sutley and Director Frieden:

As Co-Chairs of the Congressional Contaminated Drywall Caucus we would like to request your presence to meet with members of the Caucus during the month of March to discuss the progress of your efforts to resolve the problems caused by toxic Chinese-made drywall.

Families from 35 states, the District of Columbia, and Puerto Rico have been patiently waiting for tangible results that will allow them to repair their homes and rebuild their lives, but after suffering through financial hardship and negative health effects for more than a year, many families simply cannot afford to wait any longer.

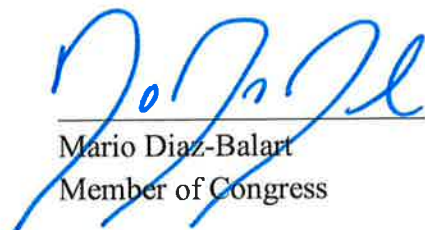

We appreciate that your agencies have been working to address the situation, and that some important progress has been made. We are confident that with open communication and a coordinated effort among all the agencies involved, a solution to this problem will be found and implemented.

We appreciate your attention to this matter and look forward to your reply.

Sincerely,

Glenn Nye
Member of Congress

Mario Diaz-Balart
Member of Congress
