17.8 RECORDED VOTE

A recorded vote by electronic device was ordered in the Committee of the Whole on the following amendment in the nature of a substitute submitted by Mr. MORAN:

Strike all after the enacting clause and insert the following:

SECTION 1. SHORT TITLE.

This Act may be cited as the "Fiscal Accountability and Intergovernmental Reform Act" ("FAIR Act").

SEC. 2. FINDINGS AND PURPOSE.

(a) FINDINGS.—The Congress finds and declares:

(1) Federal legislation and regulatory requirements impose burdens on State and local resources to implement federally mandated programs without fully evaluating the costs to State and local governments associated with compliance with those requirements and often times without provisions of adequate federal financial assistance. These Federal legislative and regulatory initiatives—

(A) force State and local governments to utilize scarce public resources to comply with Federal mandates;

(B) prevent these resources from being available to meet local needs; and

(C) detract from the ability of State and local governments to establish local priorities for use of local public resources.

(2) Federal legislation and regulatory programs result in inefficient utilization of economic resources, thereby reducing the pool of resources available—

(A) to enhance productivity, and increase the quantity and quality of goods and services produced by the American economy; and

(B) to enhance international competitiveness.

(3) In implementing Congressional policy, Federal agencies should, consistent with the requirements of Federal law, seek to implement statutory requirements, to the maximum extent feasible, in a manner which minimizes—

(A) the inefficient allocation of economic resources;
