¶27.21 RECORDED VOTE

A recorded vote by electronic device was ordered in the Committee of the Whole on the following perfecting amendment submitted by Mr. SPENCE to the amendment submitted by Mr. SKELTON:

Perfecting amendment submitted by Mr. SPENCE:

Strike out all after "SEC." in the matter proposed to be inserted by the amendment and insert the following:

204. BALLISTIC MISSILE DEFENSE AS A COMPONENT OF MILITARY READINESS.

(a) USE OF FISCAL YEAR 1996 FUNDS.—Of the total amount of funds appropriated or otherwise made available for the Department of Defense for fiscal year 1996, the amount obligated for national missile defense programs may exceed the amount made available for national missile programs for fiscal year 1995.

(b) FINDINGS.—In carrying out program execution of national missile defense programs using funds appropriated for fiscal year 1996, the Secretary of Defense shall consider the following findings by Congress:

(1) A critical component of military readiness is whether the Armed Forces are properly sized, equipped, structured, and ready to carry out assigned missions as required by the national military strategy.

(2) In testimony before the Committee on Armed Services of the House of Representatives on February 22, 1994, the Chairman of the Joint Chiefs of Staff testified that "modernization is the key to future readiness and it is the only way to provide our next generation with an adequate defense".

(3) Given the growing ballistic missile threat, the deployment of affordable, highly effective national and theater missile defense systems is an essential objective of a defense modernization program that adequately supports the requirements of the national military strategy.

(c) SENSE OF CONGRESS.—In light of the findings in subsection (b), it is the sense of Congress that an effective national and theater missile defense capability is essential to ensuring that United States Armed Forces are ready to meet current and expected threats to United States national security.

Amendment submitted by Mr. SKELTON:

At the end of title II (page 12, after line 25), insert the following new section:

SEC. 204. READINESS CERTIFICATION.

Of the total amount of funds appropriated or otherwise made available for the Department of Defense for fiscal year 1996, the amount obligated for national missile defense programs may not exceed the amount made available for national missile programs for fiscal year 1995 until the Secretary of Defense certifies to the Congress that the Armed Forces are properly sized, equipped,
