Whereas the Federal Government has responded to disasters by appropriating relief funds, which provide only short-term assistance to victims but long-term burdens to tax-payers; and Whereas the increasing reliance on Federal

(2) sensible, cost-effective disaster mitigation programs should be encouraged and enhanced at the State and local level;

(3) insurers should create a privately funded pooling mechanism for the spreading of disaster risk in order to encourage the continued availability and affordability of private insurance in all parts of the Nation; and

(4) a fundamental overhaul of Federal disaster policies should be undertaken to reduce costs to tax-payers and encourage more effective partnerships between the private sector and government at all levels in anticipation of future catastrophes.
