Ackerman Foglietta Peterson (FL)
Barcia Ford Reynolds
Berman Hobson Rogers
Collins (IL) Istook Torres
Coyne Kleczka Tucker
Flake Lipinski

The SPEAKER pro tempore, Mr. BARRETT, announced that two-thirds of the Members present had not voted in the affirmative.

So, two-thirds of the Members present not having voted in favor thereof, the rules were not suspended and said bill was not passed.

### ¶67.8 COMMITTEES AND SUBCOMMITTEES TO SIT

Mr. ARMEY, pursuant to clause 2(i) of rule XI, moved that standing committees and subcommittees of the House be permitted to sit today and the balance of the week while the House is meeting in the Committee of the Whole House under the 5-minute

After debate.

On motion of Mr. ARMEY, the previous question was ordered.

The question being put, viva voce,

Will the House agree to said motion? The SPEAKER pro tempore, Mr. BARRETT, announced that the yeas had it

Mr. BONIOR objected to the vote on the ground that a quorum was not present and not voting.

A quorum not being present,

The roll was called under clause 4, rule XV, and the call was taken by electronic device.

So the motion was agreed to.

A motion to reconsider the vote whereby said motion was agreed to was, by unanimous consent, laid on the table.

### ¶67.10 PROVIDING FOR THE CONSIDERATION OF S. 4

Mr. GOSS, by direction of the Committee on Rules, reported (Rept. No. 104-121) the resolution (H. Res. 147) providing for the consideration of the bill (S. 4) to grant the power to the President to reduce budget authority, and for other purposes.

When said resolution and report were referred to the House Calendar and ordered printed.

## $\P67.11$ Providing for the Consideration of S. 219

Mr. GOSS, by direction of the Committee on Rules, reported (Rept. No. 104–122) the resolution (H. Res. 148) providing for the consideration of the bill (S. 219) to improve the economy and efficiency of Federal Government operations by establishing a moratorium on regulatory rulemaking actions, and for other purposes.

When said resolution and report were referred to the House Calendar and ordered printed.

¶67.12 ORDER OF BUSINESS— CONSIDERATION OF AMENDMENTS— H.R. 961

On motion of Mr. SHUSTER, by unanimous consent,

Ordered, That during the further consideration of the bill (H.R. 961) to amend the Federal Water Pollution Control Act, in the Committee of the Whole House on the state of the Union, the time for debate on the Boehlert substitute amendment to title VIII, and all amendments thereto, be limited to one hour; and the time for debate on the Gilchrest amendment to delete wetland delineation and wetland classification provisions, and all amendments thereto, be limited to thirty minutes.

#### ¶67.13 CLEAN WATER AMENDMENTS

The SPEAKER pro tempore, Mr. BARRETT, pursuant to House Resolution 140 and rule XXIII, declared the House resolved into the Committee of the Whole House on the state of the Union for the further consideration of the bill (H.R. 961) to amend the Federal Water Pollution Control Act.

Mr. McINNIS, Chairman of the Committee of the Whole, resumed the chair; and after some time spent therein.

#### ¶67.14 RECORDED VOTE

A recorded vote by electronic device was ordered in the Committee of the Whole on the following amendment submitted by Mr. BOEHLERT:

Strike title VIII of the bill (page 239, line 3, through page 322, line 22) and insert the following:

### TITLE VIII—WETLANDS CONSERVATION AND MANAGEMENT

#### SEC. 801. SHORT TITLE.

This title may be cited as the "Wetlands and Watershed Management Act of 1995". **SEC. 802. FINDINGS AND PURPOSES.** 

- (1) Wetlands perform a number of valuable functions needed to restore and maintain the chemical, physical, and biological integrity of the Nation's waters, including—
- (A) reducing pollutants (including nutrients, sediment, and toxics) from nonpoint and point sources;
- (B) storing, conveying, and purifying flood and storm waters;
- (C) reducing both bank erosion and wave and storm damage to adjacent lands and trapping sediment from upland sources;
- (D) providing habitat and food sources for a broad range of commercial and recreational fish, shellfish, and migratory wildlife species (including waterfowl and endangered species); and
- (E) providing a broad range of recreational values for canoeing, boating, birding, and nature study and observation.
- (2) Original wetlands in the contiguous United States have been reduced by an estimated 50 percent and continue to disappear at a rate of 200,000 to 300,000 acres a year. Many of these original wetlands have also been altered or partially degraded, reducing their ecological value.
- (3) Wetlands are highly sensitive to changes in water regimes and are, therefore, susceptible to degradation by fills, drainage, grading, water extractions, and other activities within their watersheds which affect the

quantity, quality, and flow of surface and ground waters. Protection and management of wetlands, therefore, should be integrated with management of water systems on a watershed basis. A watershed protection and management perspective is also needed to understand and reverse the gradual, continued destruction of wetlands that occurs due to cumulative impacts.

- (4) Wetlands constitute an estimated 5 percent of the Nation's surface area. Because much of this land is in private ownership wetlands protection and management strategies must take into consideration private property rights and the need for economic development and growth. This can be best accomplished in the context of a cooperative and coordinated Federal, State, and local strategy for data gathering, planning, management, and restoration with an emphasis on advance planning of wetlands in watershed contexts.
- (b) Purposes.—The purposes of this Act are—
- (1) to help create a coordinated national wetland management effort with efficient use of scarce Federal, State, and local financial and manpower resources to protect wetland functions and values and reduce natural hazard losses:
- (2) to help reverse the trend of wetland loss in a fair, efficient, and cost-effective manner  $\dot{}$
- (3) to reduce inconsistencies and duplication in Federal, State, and local wetland management efforts and encourage integrated permitting at the Federal, State, and local levels;
- (4) to increase technical assistance, cooperative training, and educational opportunities for States, local governments, and private landowners;
- (5) to help integrate wetland protection and management with other water resource management programs on a watershed basis such as flood control, storm water management, allocation of water supply, protection of fish and wildlife, and point and nonpoint source pollution control;
- (6) to increase regionalization of wetland delineation and management policies within a framework of national policies through advance planning of wetland areas, programmatic general permits and other approaches and the tailoring of policies to ecosystem and land use needs to reflect significant watershed variance in wetland resources:
- (7) to address the cumulative loss of wetland resources:
- (8) to increase the certainty and predictability of planning and regulatory policies for private landowners;
- (9) to help achieve no overall net loss and net gain of the remaining wetland base of the United States through watershed-based restoration strategies involving all levels of government;
- (10) to restore and create wetlands in order to increase the quality and quantity of the wetland resources and by so doing to restore and maintain the quality and quantity of the waters of the United States; and
- (11) to provide mechanisms for joint State, Federal, and local development and testing of approaches to better protect wetland resources such as mitigation banking.

# SEC. 803. STATE, LOCAL, AND LANDOWNER TECHNICAL ASSISTANCE AND COOPERATIVE TRAINING.

(a) STATE AND LOCAL TECHNICAL ASSIST-ANCE.—Upon request, the Administrator or the Secretary of the Army, as appropriate, shall provide technical assistance to State and local governments in the development and implementation of State and local government permitting programs under sections 404(e) and 404(h) of the Federal Water Pollution Control Act, State wetland conservation

plans under section 805, and regional or local wetland management plans under section 805.

(b) COOPERATIVE TRAINING.—The Administrator and the Secretary, in cooperation with the Coordinating Committee established pursuant to section 804, shall conduct training courses for States and local governments involving wetland delineation, utilization of wetlands in nonpoint pollution control, wetland and stream restoration, wetland planning, wetland evaluation, mitigation banking, and other subjects deemed appropriate by the Administrator or Secretary.

(c) PRIVATE LANDOWNER TECHNICAL ASSIST-ANCE.—The Administrator and Secretary shall, in cooperation with the Coordination Committee, and appropriate Federal agencies develop and provide to private landowners guidebooks, pamphlets, or other materials and technical assistance to help them in identifying and evaluating wetlands, developing integrated wetland management plans for their lands consistent with the goals of this Act and the Federal Water Pollution Control Act, and restoring wetlands.

#### SEC. 804. FEDERAL, STATE, AND LOCAL GOVERN-MENT COORDINATING COMMITTEE.

- (a) ESTABLISHMENT.—Not later than 90 days after the date of the enactment of this Act, the Administrator shall establish a Federal, State, and Local Government Wetlands Coordinating Committee (hereinafter in this section referred to as the "Committee").

  (b) FUNCTIONS.—The Committee shall—
- (I) help coordinate Federal, State, and local wetland planning, regulatory, and restoration programs on an ongoing basis to reduce duplication, resolve potential conflicts, and efficiently allocate manpower and resources at all levels of government;
- (2) provide comments to the Secretary of the Army or Administrator in adopting regulatory, policy, program, or technical guidance affecting wetland systems;
- (3) help develop and field test, national policies prior to implementation such as wetland, delineation, classification of wetlands, methods for sequencing wetland mitigation responses, the utilization of mitigation banks;
- (4) help develop and carry out joint technical assistance and cooperative training programs as provided in section 803;
- (5) help develop criteria and implementation strategies for facilitating State conservation plans and strategies, local and regional wetland planning, wetland restoration and creation, and State and local permitting programs pursuant to section 404(e) or 404(g) of the Federal Water Pollution Control Act; and
- (6) help develop a national strategy for the restoration of wetland ecosystems pursuant to section 6 of this Act.
- to section 6 of this Act.
  (c) MEMBERSHIP.—The Committee shall be composed of 18 members as follows:
- (1) The Administrator or the designee of the Administrator.
- (2) The Secretary or the designee of the Secretary.
- (3) The Director of the United States Fish and Wildlife Service or the designee of the Director.
- (4) The Chief of the Natural Resources Conservation Service or the designee of the Chief.
- (5) The Undersecretary for Oceans and Atmosphere or the designee of the Under Secretary.
- (6) One individual appointed by the Administrator who will represent the National Governor's Association.
- (7) One individual appointed by the Administrator who will represent the National Association of Counties.
- (8) One individual appointed by the Administrator who will represent the National League of Cities.
