

USDA/FNS COMMODITY ALERT SYSTEM

To start the process of registering for a USDA/FNS Commodity Alert, please visit the web address below. If you are unable to click on the link, please type, or cut and paste the web address into your browser.

<http://www.fns.usda.gov/fdd/ECOS/default.htm>

The web address above will take you to the Food and Nutrition Services Food Distribution public web site. Once you have navigated to this site, you will see the section pictured below. Here you will see a brief description of the new service along with a link to start the self registration process.

NEW USDA/FNS COMMODITY ALERT SYSTEM NEW

Email Notification for Potential Commodity Food Safety Events

FNS has made arrangements to allow users to self register for email notifications for potential commodity food safety events.

Please click on the following link to self-register for email alerts of potential food issues from the USDA. This service is provided free of charge and can be individually customized.

<https://www.envoyprofiles.com/USDA-ALERTS>

When you access the link above, you will redirect to the Varolii web page to begin the process. To register as a new user, select the [Sign Up](#) link. If in the future you need to access your Self Registered profile to change one of few pieces of information that are asked of you, this is the page you will come, to sign in and make those changes.

USDA/FNS COMMODITY ALERT SYSTEM

The registration process will require you to supply some basic non-identifying pieces of information. This page is broken into two sections. The top section asks for: First Name, Last Name, a User Name (you create), and Password and to enter your email address. A company name or category can be entered but this is optional. The User Name and Password will allow you to access this profile in the future if changes are needed. The most important change would be to the email address. Since this Self Registration process is to notify you, via email, we want to make sure each profile has a valid account.

The bottom section asked for you to select a security question or to create one. Plus the answer is required. This will be used if you do need to access your profile for changes but have forgotten your password.

Confirm your First Name, Last Name and optional Title fields are correct. Also ensure the correct time zone is displayed for you and that your email address is entered correctly. To verify your email address and to see a test email from this site, select the 'Quick Test' button. This is a good idea so you can ensure you can receive emails from this site. If you can not, check your email Junk or Spam folder or consult with your email administrator for possible solutions.

Once you are satisfied with your profile, select the 'Continue' button.
