The ASF allows for the possible exemption of one magnet site from the “sunset” time limits that generally apply to sites under the ASF, and the applicant proposes that Site 3 be so exempted.

The application indicates a need for zone services in the Tunica County area. Several firms have indicated an interest in using zone procedures for warehousing/distribution activities for a variety of products. Specific production approvals are not being sought at this time. Such requests would be made to the Board on a case-by-case basis.

In accordance with the Board’s regulations, Camille Evans of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions shall be addressed to the Board’s Executive Secretary at the address below. The closing period for their receipt is January 18, 2013. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to February 4, 2013.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the “Reading Room” section of the Board’s Web site, which is accessible via www.trade.gov/ftz. Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Board adopted the alternative site framework (ASF) (15 CFR 400.2(c)) as an option for the establishment or reorganization of zones;

Whereas, the Port of Milwaukee, grantee of Foreign-Trade Zone 41, submitted an application to the Board (FTZ Docket B-40-2012, filed 5/21/2012) for authority to expand the service area of the zone to include Dodge, Fond du Lac, Jefferson, Ozaukee, Rock, Sheboygan, Walworth, Washington and Waukesha Counties, Wisconsin, adjacent to the Milwaukee, Wisconsin Customs and Border Protection ports of entry, and the grantee proposes two additional usage-driven sites (Sites 12 and 13);

National Oceanic and Atmospheric Administration

JPSS Polar Satellite—Gap Mitigation—Request for Public Comment

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Request for public comment.

SUMMARY: NOAA has long been concerned about the potential for a gap in polar satellite coverage in the afternoon orbit. In addition to reports from Inspector General and the Government Accountability Office on this topic, NOAA has also convened an Independent Review Team (IRT) to review the progress of our satellite programs and identify the challenges ahead. These reports have all substantiated NOAA’s concerns regarding the gap.

NOAA is taking positive steps to mitigate the negative impacts to NOAA’s numerical weather forecasts that could be introduced by a lack of polar satellite data. To this end, NOAA has commissioned an investigative study to broadly explore all available options, such as substitute satellite observations, alternative non-satellite data, weather modeling, and data assimilation improvements. NOAA is convening teams of internal and external experts, industry leaders, foreign partners, and academia to study each of these areas.

As a part of this effort, and to ensure we examine all potential solutions, NOAA is also seeking comments, suggestions, and innovative ideas from the public on how to preserve the quality and timeliness of NOAA’s numerical weather forecasts should we experience a loss of polar satellite environmental data. Through this web portal, the public can submit ideas, review submissions from other parties, and make comments and collaborate on ideas.

DATES: Comments must be received by 5:00 p.m. on December 19, 2012.
