

Supplemental International Recruitment Funding

The UNT-International Recruitment Office looks to support UNT Faculty and administrators traveling abroad who want to assist in recruiting international students. It does this by sharing knowledge about education systems abroad, providing marketing and application materials, facilitating training in prospective student engagement, and making available small, supplemental funds for recruitment travel.

These funds are intended to supplement the primary travel resources provided by one's department or other funding sources in order to enable participation in direct international student recruitment.

Funding available usually covers reasonable costs for accommodation and/or local transportation, amounting to 100-500 US dollars. International travel costs are not covered. You will be notified if your funding request is approved. Normally you will be reimbursed for agreed upon expenses once receipts are submitted to UNT-I Recruitment Office.

If you have any questions please call or email us at (940) 565-2442, studyatunt@unt.edu.
