WHO WE ARE

The Graduate Student Council is the representative body for graduate students at UNT, which advocates on behalf of all graduate students while providing personal and professional development opportunities across all programs and departments. GSC representatives serve on a variety of committees throughout the university to promote and defend the interests of UNT graduate students.

WHAT WE DO

We provide events, personal and professional development opportunities, information and advocacy for graduate students at UNT.

WHY WE EXIST

As our nation's future business, political, and intellectual leaders, graduate students require dedicated representation to ensure our university adequately meets their needs and creates academic, social, and physical environments in which they will thrive.

OUR LEADERSHIP

Kristan Foust Ewin
President
Department of History
gsc-pres@unt.edu

Anna Pechenina
