BUSINESS SERVICE CENTER

TO: **Potential Bidders**
FROM: **Carrie Stoeckert—Contracts**
DATE: **November 12, 2012**
SUBJECT: **Questions #1**
RFP769-13-135443-CS/IT Governance and Project Management System

1. When is the expected contract award date? ***Contract will be awarded in the first quarter of 2013.***

2. Is UNT requesting the vendors complete the "Technical" tab in Addendum B? It is not included in the PDF version of the RFP. ***UNTS attached an excel version and request you complete that version not the PDF version.***

3. Is InCommon federation membership and SAML 2.0 support required for SSO? ***UNTS does not know.***

4. Will the 45 "Requestors" require request approval functionality? ***Pure requestors will only request, not approve or reject.***

5. Can you tell me if the system for which you are seeking proposals will be used for IT projects only or also campus wide projects such as construction and maintenance of University facilities? ***For now, the projects are IT only.   No immediate plans to service other departments, but that's something UNTS may visit longer term.***
