Privacy Act Notice: Sections 111 and 119 of title 17, United States Code, authorize the Copyright Office to collect the personally identifying information (PII) requested on this form in order to process your payment. PII is any personal information that can be used to identify or contact an individual, such as names, addresses, and telephone numbers. The Copyright Office collects this PII in order to allocate your payment by electronic funds transfer (EFT). By providing PII, you are agreeing to the routine use of it to establish and maintain a public record, which includes being available for public inspection and being included in search reports prepared for the public. The effects of not providing the PII requested are that it may delay the allocation of your payment and its placement in the completed record of statements of account, and it may affect the legal sufficiency of the filing, a determination that would be made by a court of law.
