#### § 113a. Establishment of research laboratories for foot-and-mouth disease and other animal diseases; research contracts; employment of technicians and scientists; appropriations

The Secretary of Agriculture is authorized to establish research laboratories, including the acquisition of necessary land, buildings, or facilities, and also the making of research contracts under the authority contained in section 427i(a) of title 7, for research and study, in the United States or elsewhere, of foot-and-mouth disease and other animal diseases which in the opinion of the Secretary constitute a threat to

the livestock industry of the United States: *Provided*, That no live virus of foot-and-mouth disease may be introduced for any purpose into any part of the mainland of the United States (except coastal islands separated therefrom by water navigable for deep-water navigation and which shall not be connected with the mainland by any tunnel) unless the Secretary determines that it is necessary and in the public interest for the conduct of research and study in the United States (except at Brookhaven National Laboratory in Upton, New York) and issues a permit under such rules as the Secretary shall promulgate to protect animal health, except that the Secretary of Agriculture may transport said virus in the original package across the mainland under adequate safeguards, and except further, that in the event of outbreak of foot-and-mouth disease in this country, the Secretary of Agriculture may, at his discretion, permit said virus to be brought into the United States under adequate safeguards. To carry out the provisions of this section, the Secretary is authorized to employ technical experts or scientists: *Provided*, That the number so employed shall not exceed five and that the maximum compensation for each shall not exceed the highest rate of grade 18 of the General Schedule. There is authorized to be appropriated such sums as Congress may deem necessary; in addition, the Secretary is authorized to utilize in carrying out this section, funds otherwise available for the control or eradication of such diseases.

(May 29, 1884, ch. 60, § 12, as added Apr. 24, 1948, ch. 229, 62 Stat. 198; amended July 31, 1956, ch. 804, title I, § 119, 70 Stat. 742; Pub. L. 85-573, July 31, 1958, 72 Stat. 454; Pub. L. 87-793, § 1001(e), Oct. 11, 1962, 76 Stat. 864; Pub. L. 88-426, title III, § 305(1), Aug. 14, 1964, 78 Stat. 422; Pub. L. 101-624, title XVI, § 1618(b), Nov. 28, 1990, 104 Stat. 3733.)

##### CODIFICATION

Provisions that authorized the Secretary to employ technical experts and scientists “without regard to the Classification Act”, meaning the Classification Act of 1923, were omitted as obsolete. Sections 1202 and 1204 of the Classification Act of 1949, 63 Stat. 972, 973, repealed the 1923 Act and all laws or parts of laws inconsistent with the 1949 Act. While section 1106(a) of the 1949 Act provided that references in other laws to the 1923 Act should be held and considered to mean the 1949 Act, it did not have the effect of continuing the exception contained in this section because of section 1106(b) which provided that the application of the 1949 Act to any position, officer, or employee shall not be affected by section 1106(a). The Classification Act of 1949 was repealed by Pub. L. 89-554, Sept. 6, 1966, § 8(a), 80 Stat. 632 (the first section of which revised and enacted Title 5, Government Organization and Employees, into law). Section 5102 of Title 5 contains the applicability provisions of the 1949 Act, and section 5103 of Title 5 authorizes the Office of Personnel Management to determine the applicability to specific positions and employees.

##### AMENDMENTS

1990—Pub. L. 101-624 substituted “United States (except” for “United States except” and “tunnel) unless the Secretary determines that it is necessary and in the public interest for the conduct of research and study in the United States (except at Brookhaven National Laboratory in Upton, New York) and issues a permit under such rules as the Secretary shall promulgate to protect animal health,” for “tunnel, and”.

1962—Pub. L. 87-793 substituted “shall not exceed the highest rate of grade 18 of the General Schedule” for “shall not exceed \$19,000 per annum”.

1958—Pub. L. 85-573 inserted in proviso clause of first sentence the exception clause respecting transportation of virus in original package across mainland under adequate safeguards.

#### EFFECTIVE DATE OF 1962 AMENDMENT

**(3) Status of fees**

Fees collected under this subsection by any person on behalf of the Secretary are held in trust for the United States and shall be remitted to the Secretary in such manner and at such times as the Secretary may prescribe.
