## Congressman Wolf's Voting Record

FIRST SESSION, 100th CONGRESS - JANUARY 6-DECEMBER 22, 1987

Dear Friends:

This report includes my voting record for the first session of the 100th Congress, continuing my practice of making my complete voting record available to the people of the 10th District. This record has been mailed to the

10th District citizens each year since I began serving in the House of Representatives in 1981. Very few members of Congress publish comprehensive voting records, but I believe it is important for you to know how I have voted on all matters coming before Congress.

In this report is every vote I cast during the first session of the 100th Congress, which convened on January 6 and adjourned December 22, 1987. My voting attendance record for the first session was 99 percent. Of the 511 roll calls, I cast 506 votes.

The 511 roll calls include 83 procedural votes such as approving the Speaker's journal, quorum calls and motions to adjourn. Because of space limitations, those procedural votes are not listed in this record. To assist you in understanding the terminology used in the legislative process, a glossary of terms used to describe the votes is listed on page two.

The voting record is arranged by general subject areas as follows: Each vote begins with the roll call number, followed by the number of the bill or resolution being considered and a short description of the question on which the vote was taken, including amendments, motions and passage. Next is my own vote on the measure indicated by "yes" or "no." The vote of the entire House of Representatives, indicated by "passed" or "failed" and the vote total, follow. The date on which the vote occurred is listed at the end. Votes taken under suspension of the rules are indicated and an explanation of that procedure may be found in the glossary.

As the 100th Congress continues its work in the second session, your views on the important and challenging issues facing our district and the nation are encouraged and welcome. I hope you will find this voting record information helpful and that you will share your opinions with me on this report and other matters of interest and concern to you.

Sincerely,

*Frank R. Wolf*

Frank R. Wolf  
Member of Congress

# CONGRESSMAN WOLF'S VOTING RECORD

FIRST SESSION, 100th CONGRESS — JANUARY 6-DECEMBER 22, 1987

## Glossary of Terms Used in Voting Record Report

**AMENDMENT** — A proposal of a member of Congress to alter the language, provisions or stipulations in a bill or in another amendment. It is usually printed, debated, and voted upon in the same way as a bill.

**APPROPRIATIONS BILL** — Provides the actual monies approved by authorization bills, but not necessarily the full amount authorized.

**AUTHORIZATION BILL** — Basic, substantive legislation that establishes or continues the legal operation of a federal program or agency, either indefinitely or for a specific period, or which sanctions a particular type of obligation or expenditure.

**BILL** — A legislative proposal, designated as H.R. in the House of Representatives and S. in the Senate, followed by a number assigned in the order in which it is introduced during the two-year period in which a Congress is convened. If enacted by both houses of Congress in the same form and signed by the President, a bill becomes a law.

**COMMITTEE OF THE WHOLE** — A procedural device designed to expedite the legislative work of the House in which slightly less formal rules for conduct of debate and voting on amendments apply.

**CONCURRENT RESOLUTION** — A resolution, designated as H. Con. Res. or S. Con. Res., passed by both houses of Congress not requiring or intended for approval by the President and therefore without the force of law. It is often used to express the "sense of Congress" on various foreign policy or domestic issues.

**CONFERENCE** — A meeting between the representatives of the House and Senate to reconcile differences between the two houses over provisions of a bill passed by both chambers. A majority of the members of the conference from each chamber must agree on the provisions of the bill before it can be considered by either chamber in the form of a "conference report." There it cannot be amended and if not approved, the bill may go back to conference or a new conference must be convened. Bills passed by both houses with only minor differences need not be sent to conference; either chamber may "concur" in the other's amendments, completing action on the legislation.

**CONTINUING RESOLUTION** — A joint resolution drafted by Congress "continuing appropriations" for specific ongoing activities of a government department or departments when a fiscal year begins and Congress has not yet enacted all of the regular appropriations bills for that year.

**HOUSE** — The House of Representatives, as distinct from the Senate, although each body is a "house" of Congress.

**JOINT RESOLUTION** — A resolution, designated H.J. Res. or S.J. Res., which requires the approval of both houses and the signature of the President, just as a bill does, and has the force of law if approved. It is generally limited to special circumstances. A joint resolution is also used to propose amendments to the Constitution. Under that purpose, it does not require a presidential signature and becomes a part of the Constitution when three-fourths of the states ratify it.

**PREVIOUS QUESTION** — A request for the previous question, or a motion on the previous question in the House brings to a vote the question of whether debate should end and the merits of the pending issue should be voted upon.

**RESOLUTION** — A simple resolution, designated H. Res. or S. Res. deals with matters entirely within the prerogatives of one house or the other. It requires neither passage by the other chamber nor approval by the President, does not have the force of law and is commonly used for internal business of that house or for expressing views of that house.

**RULE** — A resolution from the House Rules Committee, which, if adopted by the House, sets the procedures and time limits for debate and voting on a pending bill or resolution.

**SUSPENSION OF RULES** — Procedure in the House intended for the passage of non-controversial bills under which debate is limited to 40 minutes, no amendments from the floor are permitted, and a two-thirds vote of those members present is required for passage.

(509) H. Res. 343, rule to consider the conference report on H.J. Res. 395, making continuing appropriations for FY 1988. Yes. Passed 238-179. 12/21/87.

(510) H.J. Res. 395, to agree to the conference report on the joint resolution to provide \$603.9 billion in FY 1988 for all federal programs incorporating all 13 regular appropriations bills. Yes. Passed 209-208. 12/21/87.

## AGRICULTURAL & RURAL AFFAIRS

(32) H.R. 1157, to authorize a one-time only federal paid acreage-diversion plan for qualified 1987 winter wheat producers who were unable to plant their 1987 winter wheat crop because of weather disasters. No. Passed 304-100, under suspension of rules. 3/17/87.

(322) H. Res. 265, rule to consider H.R. 3030, bill to provide credit assistance to farmers and to strengthen the Farm Credit System. Yes. Passed 304-56. 9/21/87.

(346) H.R. 3030, Agriculture Credit Act of 1987. Amendment to provide specific provisions for restructuring the Farm Credit System and make related changes regarding the tax treatment of local lending associations. Yes. Passed. 322-94. 10/6/87.

(347) H.R. 3030. On passage of the bill to reorganize the Farm Credit System to provide financial assistance to troubled system banks and regional lending institutions. Yes. Passed 365-49. 10/6/87.
