Dear Friends:

One of the commitments that I made when seeking office was that I would make my complete voting record available to the people of the 10th District. Very few members of Congress publish comprehensive voting records, but I feel it is important for you to know how I have voted on all matters coming before Congress.

The enclosed record is arranged by subject area and includes every vote I have made as a member of Congress during the first session of the 97th Congress which convened on January 5 and ad-

joined December 16, 1981. I can also report to you that I did not miss any votes during the session.

Staying close to and keeping in touch with 10th District citizens are among my most important responsibilities. Your phone calls and letters expressing your views on the important issues facing Congress have been most helpful. As we become involved in the challenging and important second session of the 97th Congress, your views are encouraged and welcome.

I hope you will find this voting record information helpful and that you will contact our office if you have any questions.

Sincerely,

Frank R. Wolf
Member of Congress
