Please join us on June 16 for an open house and tour to learn about the FEDLINK Federal Scanning Center – FedScan. Housed at the Library of Congress, the center is open to all FEDLINK members.

FedScan offers digitization of library materials with high quality output (images and metadata), quick turnaround, and long-term preservation.

The FedScan center sessions will feature a demonstration of the service, Q & A session and a tour of the facilities. For more details about FedScan, see the FAQ at http://www.loc.gov/flicc/contracts/pdfs/FEDSCAN_IAFAQs.pdf.
