How to Make Mary and Her Lamb

Cut out the two double figures. Fold on the dotted lines marked A A A A so that the upper part of each of the four figures projects forward as shown in the small picture X. Fold on the lines marked B B where the figures join each other so that the colored surfaces face outward, and then, beginning at the feet, paste the front view of Mary to the back view of the lamb as far as the dotted lines A A. In the same way paste the front view of the lamb to the back view of Mary—as far up as the lines A A. Now paste together the front and back of the upper part of Mary. Then paste together the front and back of the upper part of the lamb. Cut off the letters A A A B B.

Now if the lamb is held by the feet and turned inside out, Mary will appear, and *vice versa*. MAKE ALL THE OTHER CHANGELINGS IN PRECISELY THE SAME WAY.

The Changelings will stand alone. If they do not stand firmly after you have turned them, pinch them slightly along the dotted lines that were marked A A A A.

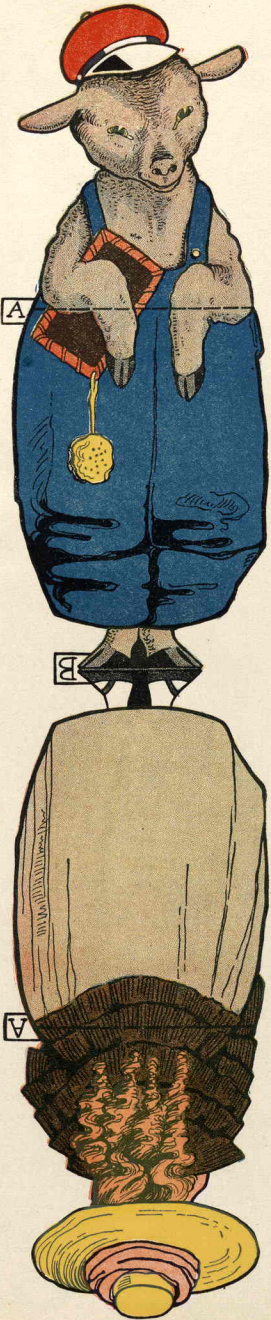

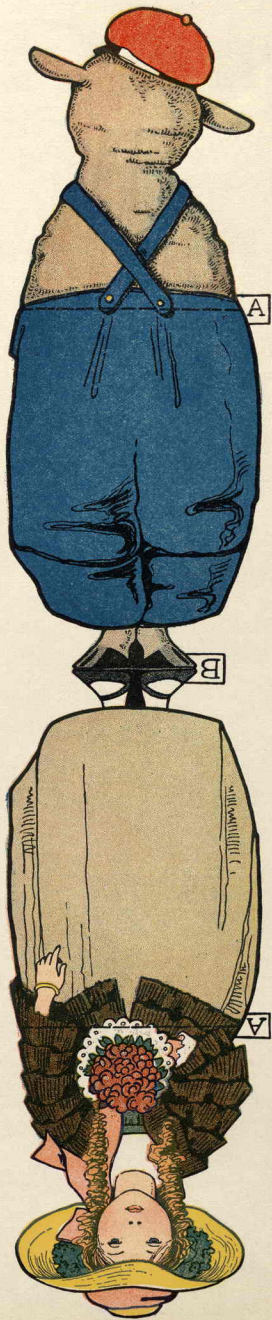

Look carefully at the finished Changeling in the front of the book. It will help you to make all the Magic Changelings

How to Make Mary and Her Lamb

There are many ways to make Mary and her lamb. One way is to use a pattern. Another way is to use a kit. A third way is to make them from scratch. Each way has its own advantages and disadvantages. It is important to choose the way that is best for you. If you are a beginner, a kit might be the best choice. If you are an experienced sewer, making them from scratch might be the best choice. If you have a pattern, you can make them in any size. Kits usually come in one size. Making them from scratch allows you to choose the fabric and the color. It is important to read the instructions carefully. Sewing is a fun and rewarding hobby. Making Mary and her lamb is a great way to spend your time. It is also a great way to show your love for your child. Mary and her lamb are a classic symbol of love and protection. They are a reminder of the love and care that a mother has for her child. Making them is a way to show your love and care in a tangible way. It is a way to create a special keepsake that will last for years. It is a way to create a memory that will be cherished for a lifetime. Making Mary and her lamb is a way to show your love and care in a way that is both beautiful and meaningful. It is a way to create a special keepsake that will be cherished for a lifetime. It is a way to create a memory that will be cherished for a lifetime.
