Congress finds that—

(2) Native Americans have volunteered to serve in the United States Armed Forces and have served with valor in all of the Nation’s military actions from the Revolutionary War through the present day, and in most of those actions, more Native Americans per capita served in the Armed Forces than any other group of Americans;

(3) Native Americans have made distinct and significant contributions to the United States and the rest of the world in many fields, including agriculture, medicine, music, language, and art, and Native Americans have distinguished themselves as inventors, entrepreneurs, spiritual leaders, and scholars;

(4) Native Americans should be recognized for their contributions to the United States as local and national leaders, artists, athletes, and scholars;

(5) nationwide recognition of the contributions that Native Americans have made to the fabric of American society will afford an opportunity for all Americans to demonstrate their respect and admiration of Native Americans for their important contributions to the political, cultural, and economic life of the United States;

(6) nationwide recognition of the contributions that Native Americans have made to the Nation will encourage self-esteem, pride, and self-awareness in Native Americans of all ages;

(7) designation of the Friday following Thanksgiving of each year as Native American Heritage Day will underscore the government-to-government relationship between the United States and Native American governments; and

(8) designation of Native American Heritage Day will encourage public elementary and secondary schools in the

United States to enhance understanding of Native Americans by providing curricula and classroom instruction focusing on the achievements and contributions of Native Americans to the Nation.
