(7) The City of Sulphur, Oklahoma, has conveyed fee simple title to the non-Federal land described as Tract 102–26 to the Chickasaw Nation by Warranty Deed.

(8) The National Park Service, the Chickasaw Nation, and the City of Sulphur, Oklahoma, have signed a preliminary

(b) VALUATION OF LAND TO BE CONVEYED.—The fair market values of the Federal land and non-Federal land shall be determined by an appraisal acceptable to the Secretary and the Chickasaw Nation. The appraisal shall conform with the Federal appraisal standards, as defined in the Uniform Appraisal Standards for Federal Land Acquisitions developed by the Interagency Land Acquisition Conference, 1992, and any amendments to these standards.

(c) EQUALIZATION OF VALUES.—If the fair market values of the Federal land and non-Federal land are not equal, the values may be equalized by the payment of a cash equalization payment by the Secretary or the Chickasaw Nation, as appropriate.

Joint Resolution

Expressing the sense of the Congress in recognition of the contributions of the seven Columbia astronauts by supporting establishment of a Columbia Memorial Space Science Learning Center.

Oct. 30, 2004

[H.J. Res. 57]

Whereas the crew of the space shuttle Columbia was dedicated to scientific research and stimulating the interest of American children in space flight and science;

Whereas the Columbia crew carried out science projects of American schoolchildren;

Whereas the members of that crew gave their lives trying to benefit the education of American children;

Whereas a fitting tribute to that effort and to the sacrifice of the Columbia crew and their families is needed;

Whereas an appropriate form for such tribute would be to expand educational opportunities in science by the creation of a center and museum to offer children and teachers activities and information derived from American space research;

Whereas the former manufacturing site of the space shuttles (including the Columbia and the Challenger) in the City of Downey, California, is a fitting site for such a tribute;

Whereas residents of Downey are proud of their role in building the space shuttle fleet and in furthering the Nation's space program; and

Whereas city officials have been working with NASA representatives to develop the center in Downey: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That it is the sense of the Congress that—

(1) the space science learning center in Downey, California, should be designated as the Columbia Memorial Space Science Learning Center as a living memorial to the seven Columbia astronauts who died serving their country in the name of science and research; and

SEC. 101. SHORT TITLE.

18 USC 3771 note.

SEC. 102. CRIME VICTIMS’ RIGHTS.

(a) AMENDMENT TO TITLE 18.—Part II of title 18, United States Code, is amended by adding at the end the following:

“CHAPTER 237—CRIME VICTIMS’ RIGHTS

“Sec. 3771. Crime victims’ rights.

“§ 3771. Crime victims’ rights

“(a) RIGHTS OF CRIME VICTIMS.—A crime victim has the following rights:

- “(1) The right to be reasonably protected from the accused.
- “(2) The right to reasonable, accurate, and timely notice of any public court proceeding, or any parole proceeding, involving the crime or of any release or escape of the accused.
- “(3) The right not to be excluded from any such public court proceeding, unless the court, after receiving clear and convincing evidence, determines that testimony by the victim would be materially altered if the victim heard other testimony at that proceeding.
- “(4) The right to be reasonably heard at any public proceeding in the district court involving release, plea, sentencing, or any parole proceeding.
- “(5) The reasonable right to confer with the attorney for the Government in the case.
- “(6) The right to full and timely restitution as provided in law.
- “(7) The right to proceedings free from unreasonable delay.
- “(8) The right to be treated with fairness and with respect for the victim’s dignity and privacy.

“(b) RIGHTS AFFORDED.—In any court proceeding involving an offense against a crime victim, the court shall ensure that the crime victim is afforded the rights described in subsection (a). Before making a determination described in subsection (a)(3), the court shall make every effort to permit the fullest attendance possible by the victim and shall consider reasonable alternatives to the exclusion of the victim from the criminal proceeding. The reasons for any decision denying relief under this chapter shall be clearly stated on the record.

“(c) BEST EFFORTS TO ACCORD RIGHTS.—

Notification.

“(1) GOVERNMENT.—Officers and employees of the Department of Justice and other departments and agencies of the United States engaged in the detection, investigation, or prosecution of crime shall make their best efforts to see that crime victims are notified of, and accorded, the rights described in subsection (a).

“(2) ADVICE OF ATTORNEY.—The prosecutor shall advise the crime victim that the crime victim can seek the advice of an attorney with respect to the rights described in subsection (a).

“(3) NOTICE.—Notice of release otherwise required pursuant to this chapter shall not be given if such notice may endanger the safety of any person.

“(d) ENFORCEMENT AND LIMITATIONS.—

“(1) RIGHTS.—The crime victim or the crime victim’s lawful representative, and the attorney for the Government may assert the rights described in subsection (a). A person accused of the crime may not obtain any form of relief under this chapter.

“(2) MULTIPLE CRIME VICTIMS.—In a case where the court finds that the number of crime victims makes it impracticable to accord all of the crime victims the rights described in subsection (a), the court shall fashion a reasonable procedure to give effect to this chapter that does not unduly complicate or prolong the proceedings.

“(3) MOTION FOR RELIEF AND WRIT OF MANDAMUS.—The rights described in subsection (a) shall be asserted in the district court in which a defendant is being prosecuted for the crime or, if no prosecution is underway, in the district court in the district in which the crime occurred. The district court shall take up and decide any motion asserting a victim’s right forthwith. If the district court denies the relief sought, the movant may petition the court of appeals for a writ of mandamus. The court of appeals may issue the writ on the order of a single judge pursuant to circuit rule or the Federal Rules of Appellate Procedure. The court of appeals shall take up and decide such application forthwith within 72 hours after the petition has been filed. In no event shall proceedings be stayed or subject to a continuance of more than five days for purposes of enforcing this chapter. If the court of appeals denies the relief sought, the reasons for the denial shall be clearly stated on the record in a written opinion.

Deadline.

“(4) ERROR.—In any appeal in a criminal case, the Government may assert as error the district court’s denial of any crime victim’s right in the proceeding to which the appeal relates.

“(5) LIMITATION ON RELIEF.—In no case shall a failure to afford a right under this chapter provide grounds for a

new trial. A victim may make a motion to re-open a plea or sentence only if—

“(A) the victim has asserted the right to be heard before or during the proceeding at issue and such right was denied;

“(B) the victim petitions the court of appeals for a writ of mandamus within 10 days; and

“(C) in the case of a plea, the accused has not pled to the highest offense charged.

This paragraph does not affect the victim’s right to restitution as provided in title 18, United States Code.”.

“(6) NO CAUSE OF ACTION.—Nothing in this chapter shall be construed to authorize a cause of action for damages or to create, to enlarge, or to imply any duty or obligation to any victim or other person for the breach of which the United States or any of its officers or employees could be held liable in damages. Nothing in this chapter shall be construed to impair the prosecutorial discretion of the Attorney General or any officer under his direction.

“(e) DEFINITIONS.—For the purposes of this chapter, the term ‘crime victim’ means a person directly and proximately harmed as a result of the commission of a Federal offense or an offense in the District of Columbia. In the case of a crime victim who is under 18 years of age, incompetent, incapacitated, or deceased, the legal guardians of the crime victim or the representatives of the crime victim’s estate, family members, or any other persons appointed as suitable by the court, may assume the crime victim’s rights under this chapter, but in no event shall the defendant be named as such guardian or representative.

“(f) PROCEDURES TO PROMOTE COMPLIANCE.—

“(1) REGULATIONS.—Not later than 1 year after the date of enactment of this chapter, the Attorney General of the United States shall promulgate regulations to enforce the rights of crime victims and to ensure compliance by responsible officials with the obligations described in law respecting crime victims.

Deadline.

“(2) CONTENTS.—The regulations promulgated under paragraph (1) shall—

“(A) designate an administrative authority within the Department of Justice to receive and investigate complaints relating to the provision or violation of the rights of a crime victim;

“(B) require a course of training for employees and offices of the Department of Justice that fail to comply with provisions of Federal law pertaining to the treatment of crime victims, and otherwise assist such employees and offices in responding more effectively to the needs of crime victims;

“(C) contain disciplinary sanctions, including suspension or termination from employment, for employees of the Department of Justice who willfully or wantonly fail to comply with provisions of Federal law pertaining to the treatment of crime victims; and

“(D) provide that the Attorney General, or the designee of the Attorney General, shall be the final arbiter of the complaint, and that there shall be no judicial review of the final decision of the Attorney General by a complainant.”.

Subtitle A—Exonerating the Innocent Through DNA Testing

SEC. 411. FEDERAL POST-CONVICTION DNA TESTING.

(a) **FEDERAL CRIMINAL PROCEDURE.**—

(1) **IN GENERAL.**—Part II of title 18, United States Code, is amended by inserting after chapter 228 the following:

“CHAPTER 228A—POST-CONVICTION DNA TESTING

“Sec.

“3600. DNA testing.

“3600A. Preservation of biological evidence.

“§ 3600. DNA testing

“(a) IN GENERAL.—Upon a written motion by an individual under a sentence of imprisonment or death pursuant to a conviction for a Federal offense (referred to in this section as the ‘applicant’), the court that entered the judgment of conviction shall order DNA testing of specific evidence if the court finds that all of the following apply:

Applicability.

“(1) The applicant asserts, under penalty of perjury, that the applicant is actually innocent of—

“(A) the Federal offense for which the applicant is under a sentence of imprisonment or death; or

“(B) another Federal or State offense, if—

“(i) evidence of such offense was admitted during a Federal death sentencing hearing and exoneration of such offense would entitle the applicant to a reduced sentence or new sentencing hearing; and

“(ii) in the case of a State offense—

“(I) the applicant demonstrates that there is no adequate remedy under State law to permit DNA testing of the specified evidence relating to the State offense; and

“(II) to the extent available, the applicant has exhausted all remedies available under State law for requesting DNA testing of specified evidence relating to the State offense.

“(2) The specific evidence to be tested was secured in relation to the investigation or prosecution of the Federal or State offense referenced in the applicant’s assertion under paragraph (1).

“(3) The specific evidence to be tested—

“(A) was not previously subjected to DNA testing and the applicant did not—

“(i) knowingly and voluntarily waive the right to request DNA testing of that evidence in a court proceeding after the date of enactment of the Innocence Protection Act of 2004; or

“(ii) knowingly fail to request DNA testing of that evidence in a prior motion for postconviction DNA testing; or

“(B) was previously subjected to DNA testing and the applicant is requesting DNA testing using a new method or technology that is substantially more probative than the prior DNA testing.

“(4) The specific evidence to be tested is in the possession of the Government and has been subject to a chain of custody and retained under conditions sufficient to ensure that such evidence has not been substituted, contaminated, tampered with, replaced, or altered in any respect material to the proposed DNA testing.

“(5) The proposed DNA testing is reasonable in scope, uses scientifically sound methods, and is consistent with accepted forensic practices.

“(6) The applicant identifies a theory of defense that—
 “(A) is not inconsistent with an affirmative defense presented at trial; and

“ (B) would establish the actual innocence of the applicant of the Federal or State offense referenced in the applicant’s assertion under paragraph (1).

“(7) If the applicant was convicted following a trial, the identity of the perpetrator was at issue in the trial.

“(8) The proposed DNA testing of the specific evidence may produce new material evidence that would—

“ (A) support the theory of defense referenced in paragraph (6); and

“ (B) raise a reasonable probability that the applicant did not commit the offense.

“(9) The applicant certifies that the applicant will provide a DNA sample for purposes of comparison.

“(10) The motion is made in a timely fashion, subject to the following conditions:

“ (A) There shall be a rebuttable presumption of timeliness if the motion is made within 60 months of enactment of the Justice For All Act of 2004 or within 36 months of conviction, whichever comes later. Such presumption may be rebutted upon a showing—

“ (i) that the applicant’s motion for a DNA test is based solely upon information used in a previously denied motion; or

“ (ii) of clear and convincing evidence that the applicant’s filing is done solely to cause delay or harass.

“ (B) There shall be a rebuttable presumption against timeliness for any motion not satisfying subparagraph (A) above. Such presumption may be rebutted upon the court’s finding—

“ (i) that the applicant was or is incompetent and such incompetence substantially contributed to the delay in the applicant’s motion for a DNA test;

“ (ii) the evidence to be tested is newly discovered DNA evidence;

“ (iii) that the applicant’s motion is not based solely upon the applicant’s own assertion of innocence and, after considering all relevant facts and circumstances surrounding the motion, a denial would result in a manifest injustice; or

“ (iv) upon good cause shown.

“ (C) For purposes of this paragraph—

“ (i) the term ‘incompetence’ has the meaning as defined in section 4241 of title 18, United States Code;

“ (ii) the term ‘manifest’ means that which is unmistakable, clear, plain, or indisputable and requires that the opposite conclusion be clearly evident.

“(b) NOTICE TO THE GOVERNMENT; PRESERVATION ORDER; APPOINTMENT OF COUNSEL.—

“(1) NOTICE.—Upon the receipt of a motion filed under subsection (a), the court shall—

“ (A) notify the Government; and

“ (B) allow the Government a reasonable time period to respond to the motion.

“(2) PRESERVATION ORDER.—To the extent necessary to carry out proceedings under this section, the court shall direct the Government to preserve the specific evidence relating to a motion under subsection (a).

“(3) APPOINTMENT OF COUNSEL.—The court may appoint counsel for an indigent applicant under this section in the same manner as in a proceeding under section 3006A(a)(2)(B).

“(c) TESTING PROCEDURES.—

“(1) IN GENERAL.—The court shall direct that any DNA testing ordered under this section be carried out by the Federal Bureau of Investigation.

“(2) EXCEPTION.—Notwithstanding paragraph (1), the court may order DNA testing by another qualified laboratory if the court makes all necessary orders to ensure the integrity of the specific evidence and the reliability of the testing process and test results.

“(3) COSTS.—The costs of any DNA testing ordered under this section shall be paid—

“(A) by the applicant; or

“(B) in the case of an applicant who is indigent, by the Government.

“(d) TIME LIMITATION IN CAPITAL CASES.—In any case in which the applicant is sentenced to death—

“(1) any DNA testing ordered under this section shall be completed not later than 60 days after the date on which the Government responds to the motion filed under subsection (a); and

“(2) not later than 120 days after the date on which the DNA testing ordered under this section is completed, the court shall order any post-testing procedures under subsection (f) or (g), as appropriate.

“(e) REPORTING OF TEST RESULTS.—

“(1) IN GENERAL.—The results of any DNA testing ordered under this section shall be simultaneously disclosed to the court, the applicant, and the Government.

“(2) NDIS.—The Government shall submit any test results relating to the DNA of the applicant to the National DNA Index System (referred to in this subsection as ‘NDIS’).

“(3) RETENTION OF DNA SAMPLE.—

“(A) ENTRY INTO NDIS.—If the DNA test results obtained under this section are inconclusive or show that the applicant was the source of the DNA evidence, the DNA sample of the applicant may be retained in NDIS.

“(B) MATCH WITH OTHER OFFENSE.—If the DNA test results obtained under this section exclude the applicant as the source of the DNA evidence, and a comparison of the DNA sample of the applicant results in a match between the DNA sample of the applicant and another offense, the Attorney General shall notify the appropriate agency and preserve the DNA sample of the applicant.

“(C) NO MATCH.—If the DNA test results obtained under this section exclude the applicant as the source of the DNA evidence, and a comparison of the DNA sample of the applicant does not result in a match between the DNA sample of the applicant and another offense, the Attorney General shall destroy the DNA sample of the applicant and ensure that such information is not retained

in NDIS if there is no other legal authority to retain the DNA sample of the applicant in NDIS.

“(f) POST-TESTING PROCEDURES; INCONCLUSIVE AND INCULPATORY RESULTS.—

“(1) INCONCLUSIVE RESULTS.—If DNA test results obtained under this section are inconclusive, the court may order further testing, if appropriate, or may deny the applicant relief.

“(2) INCULPATORY RESULTS.—If DNA test results obtained under this section show that the applicant was the source of the DNA evidence, the court shall—

“(A) deny the applicant relief; and

“(B) on motion of the Government—

“(i) make a determination whether the applicant’s assertion of actual innocence was false, and, if the court makes such a finding, the court may hold the applicant in contempt;

“(ii) assess against the applicant the cost of any DNA testing carried out under this section;

“(iii) forward the finding to the Director of the Bureau of Prisons, who, upon receipt of such a finding, may deny, wholly or in part, the good conduct credit authorized under section 3632 on the basis of that finding;

“(iv) if the applicant is subject to the jurisdiction of the United States Parole Commission, forward the finding to the Commission so that the Commission may deny parole on the basis of that finding; and

“(v) if the DNA test results relate to a State offense, forward the finding to any appropriate State official.

“(3) SENTENCE.—In any prosecution of an applicant under chapter 79 for false assertions or other conduct in proceedings under this section, the court, upon conviction of the applicant, shall sentence the applicant to a term of imprisonment of not less than 3 years, which shall run consecutively to any other term of imprisonment the applicant is serving.

“(g) POST-TESTING PROCEDURES; MOTION FOR NEW TRIAL OR RESENTENCING.—

“(1) IN GENERAL.—Notwithstanding any law that would bar a motion under this paragraph as untimely, if DNA test results obtained under this section exclude the applicant as the source of the DNA evidence, the applicant may file a motion for a new trial or resentencing, as appropriate. The court shall establish a reasonable schedule for the applicant to file such a motion and for the Government to respond to the motion.

“(2) STANDARD FOR GRANTING MOTION FOR NEW TRIAL OR RESENTENCING.—The court shall grant the motion of the applicant for a new trial or resentencing, as appropriate, if the DNA test results, when considered with all other evidence in the case (regardless of whether such evidence was introduced at trial), establish by compelling evidence that a new trial would result in an acquittal of—

“(A) in the case of a motion for a new trial, the Federal offense for which the applicant is under a sentence of imprisonment or death; and

“(B) in the case of a motion for resentencing, another Federal or State offense, if evidence of such offense was admitted during a Federal death sentencing hearing and exonerated of such offense would entitle the applicant to a reduced sentence or a new sentencing proceeding.

“(h) OTHER LAWS UNAFFECTED.—

“(1) POST-CONVICTION RELIEF.—Nothing in this section shall affect the circumstances under which a person may obtain DNA testing or post-conviction relief under any other law.

“(2) HABEAS CORPUS.—Nothing in this section shall provide a basis for relief in any Federal habeas corpus proceeding.

“(3) NOT A MOTION UNDER SECTION 2255.—A motion under this section shall not be considered to be a motion under section 2255 for purposes of determining whether the motion or any other motion is a second or successive motion under section 2255.

“§ 3600A. Preservation of biological evidence

“(a) IN GENERAL.—Notwithstanding any other provision of law, the Government shall preserve biological evidence that was secured in the investigation or prosecution of a Federal offense, if a defendant is under a sentence of imprisonment for such offense.

“(b) DEFINED TERM.—For purposes of this section, the term ‘biological evidence’ means—

“(1) a sexual assault forensic examination kit; or

“(2) semen, blood, saliva, hair, skin tissue, or other identified biological material.

“(c) APPLICABILITY.—Subsection (a) shall not apply if—

“(1) a court has denied a request or motion for DNA testing of the biological evidence by the defendant under section 3600, and no appeal is pending;

“(2) the defendant knowingly and voluntarily waived the right to request DNA testing of the biological evidence in a court proceeding conducted after the date of enactment of the Innocence Protection Act of 2004;

“(3) after a conviction becomes final and the defendant has exhausted all opportunities for direct review of the conviction, the defendant is notified that the biological evidence may be destroyed and the defendant does not file a motion under section 3600 within 180 days of receipt of the notice;

“(4)(A) the evidence must be returned to its rightful owner, or is of such a size, bulk, or physical character as to render retention impracticable; and

“(B) the Government takes reasonable measures to remove and preserve portions of the material evidence sufficient to permit future DNA testing; or

“(5) the biological evidence has already been subjected to DNA testing under section 3600 and the results included the defendant as the source of such evidence.

“(d) OTHER PRESERVATION REQUIREMENT.—Nothing in this section shall preempt or supersede any statute, regulation, court order, or other provision of law that may require evidence, including biological evidence, to be preserved.

“(e) REGULATIONS.—Not later than 180 days after the date of enactment of the Innocence Protection Act of 2004, the Attorney General shall promulgate regulations to implement and enforce

Deadline.

this section, including appropriate disciplinary sanctions to ensure that employees comply with such regulations.

“(f) CRIMINAL PENALTY.—Whoever knowingly and intentionally destroys, alters, or tampers with biological evidence that is required to be preserved under this section with the intent to prevent that evidence from being subjected to DNA testing or prevent the production or use of that evidence in an official proceeding, shall be fined under this title, imprisoned for not more than 5 years, or both.

“(g) HABEAS CORPUS.—Nothing in this section shall provide a basis for relief in any Federal habeas corpus proceeding.”.

“(d)(1) Except as provided in subsection (e), a bonus under this section shall not exceed 25 percent of the annual rate of

basic pay of the employee at the beginning of the service period multiplied by the number of years (including a fractional part of a year, as determined under regulations of the Office) in the required service period of the employee involved.

“(2) A bonus under this section may be paid as an initial lump sum, in installments, as a final lump sum upon the completion of the full period of service required by the agreement, or in a combination of these forms of payment.

“(3) A bonus under this section is not part of the basic pay of an employee for any purpose.

“(4) Under regulations of the Office, a recruitment bonus under this section may be paid to an eligible individual before that individual enters on duty.

“(e) The Office may authorize the head of an agency to waive the limitation under subsection (d)(1) based on a critical agency need, subject to regulations prescribed by the Office. Under such a waiver, the maximum bonus allowable shall—

“(1) be equal to the maximum that would be determined if subsection (d)(1) were applied by substituting ‘50’ for ‘25’; but

“(2) in no event exceed 100 percent of the annual rate of basic pay of the employee at the beginning of the service period.

Nothing in this subsection shall be considered to permit the waiver of any requirement under subsection (c).

“(f) The Office shall require that an agency establish a plan for the payment of recruitment bonuses before paying any such bonuses, and a plan for the payment of relocation bonuses before paying any such bonuses, subject to regulations prescribed by the Office.

“(g) The Office may prescribe regulations to carry out this section, including regulations relating to the repayment of a bonus under this section in appropriate circumstances when the agreed-upon service period has not been completed.

“§ 5754. Retention bonuses

“(a)(1) This section may be applied to—

“(A) employees covered by the General Schedule pay system established under subchapter III of chapter 53; and

“(B) employees in a category approved by the Office of Personnel Management at the request of the head of an Executive agency.

“(2) A bonus may not be paid under this section to an individual who is appointed to or who holds—

“(A) a position to which an individual is appointed by the President, by and with the advice and consent of the Senate;

“(B) a position in the Senior Executive Service as a non-career appointee (as such term is defined under section 3132(a)); or

“(C) a position which has been excepted from the competitive service by reason of its confidential, policy-determining, policy-making, or policy-advocating character.

“(3) In this section, the term ‘employee’ has the meaning given that term in section 2105, except that such term also includes an employee described in subsection (c) of that section.

“(b) The Office of Personnel Management may authorize the head of an agency to pay a retention bonus to an employee if—

“(1) the unusually high or unique qualifications of the employee or a special need of the agency for the employee’s services makes it essential to retain the employee; and

“(2) the agency determines that, in the absence of a retention bonus, the employee would be likely to leave—

“(A) the Federal service; or

“(B) for a different position in the Federal service under conditions described in regulations of the Office.

“(c) The Office may authorize the head of an agency to pay retention bonuses to a group of employees in 1 or more categories of positions in 1 or more geographic areas, subject to the requirements of subsection (b)(1) and regulations prescribed by the Office, if there is a high risk that a significant portion of employees in the group would be likely to leave in the absence of retention bonuses.

Contracts.

“(d)(1) Payment of a retention bonus is contingent upon the employee entering into a written service agreement with the agency to complete a period of employment with the agency.

“(2)(A) The agreement shall include—

“(i) the length of the required service period;

“(ii) the amount of the bonus;

“(iii) the method of payment; and

“(iv) other terms and conditions under which the bonus is payable, subject to the requirements of this section and regulations of the Office.

“(B) The terms and conditions for paying a bonus, as specified in the service agreement, shall include—

“(i) the conditions under which the agreement may be terminated before the agreed-upon service period has been completed; and

“(ii) the effect of the termination.

“(3)(A) Notwithstanding paragraph (1), a written service agreement is not required if the agency pays a retention bonus in biweekly installments and sets the installment payment at the full bonus percentage rate established for the employee with no portion of the bonus deferred.

Notices.

“(B) If an agency pays a retention bonus in accordance with subparagraph (A) and makes a determination to terminate the payments, the agency shall provide written notice to the employee of that determination. Except as provided in regulations of the Office, the employee shall continue to be paid the retention bonus through the end of the pay period in which such written notice is provided.

“(4) A retention bonus for an employee may not be based on any period of such service which is the basis for a recruitment or relocation bonus under section 5753.

“(e)(1) Except as provided in subsection (f), a retention bonus, which shall be stated as a percentage of the employee’s basic pay for the service period associated with the bonus, may not exceed—

“(A) 25 percent of the employee’s basic pay if paid under subsection (b); or

“(B) 10 percent of an employee’s basic pay if paid under subsection (c).

“(2)(A) A retention bonus may be paid to an employee in installments after completion of specified periods of service or in a single

lump sum at the end of the full period of service required by the agreement.

“(B) An installment payment is derived by multiplying the amount of basic pay earned in the installment period by a percentage not to exceed the bonus percentage rate established for the employee.

“(C) If the installment payment percentage established for the employee is less than the bonus percentage rate established for the employee, the accrued but unpaid portion of the bonus is payable as part of the final installment payment to the employee after completion of the full service period under the terms of the service agreement.

“(D) For purposes of this paragraph, the bonus percentage rate established for an employee means the bonus percentage rate established for such employee in accordance with paragraph (1) or subsection (f), as the case may be.

“(3) A retention bonus is not part of the basic pay of an employee for any purpose.

“(f) Upon the request of the head of an agency, the Office may waive the limit established under subsection (e)(1) and permit the agency head to pay an otherwise eligible employee or category of employees retention bonuses of up to 50 percent of basic pay, based on a critical agency need.

“(g) The Office shall require that, before paying any bonuses under this section, an agency shall establish a plan for the payment of any such bonuses, subject to regulations prescribed by the Office.

“(h) The Office may prescribe regulations to carry out this section.”.

SEC. 2. FINDINGS.

Congress finds the following:

(1) According to the Bureau of Justice Statistics, over 16 percent of adults incarcerated in United States jails and prisons have a mental illness.

(2) According to the Office of Juvenile Justice and Delinquency Prevention, approximately 20 percent of youth in the juvenile justice system have serious mental health problems, and a significant number have co-occurring mental health and substance abuse disorders.

(3) According to the National Alliance for the Mentally Ill, up to 40 percent of adults who suffer from a serious mental illness will come into contact with the American criminal justice system at some point in their lives.

(4) According to the Office of Juvenile Justice and Delinquency Prevention, over 150,000 juveniles who come into contact with the juvenile justice system each year meet the diagnostic criteria for at least 1 mental or emotional disorder.

(7) Collaborative programs between mental health, substance abuse, and criminal or juvenile justice systems that ensure the provision of services for those with mental illness or co-occurring mental illness and substance abuse disorders can reduce the number of such individuals in adult and juvenile corrections facilities, while providing improved public safety.

SEC. 3. COPYRIGHT ROYALTY JUDGE AND STAFF.

(a) IN GENERAL.—Chapter 8 is amended to read as follows:

“CHAPTER 8—PROCEEDINGS BY COPYRIGHT ROYALTY JUDGES

“Sec.

“801. Copyright Royalty Judges; appointment and functions.

“802. Copyright Royalty Judgeships; staff.

“803. Proceedings of Copyright Royalty Judges.

“804. Institution of proceedings.

“805. General rule for voluntarily negotiated agreements.

“§ 801. Copyright Royalty Judges; appointment and functions

“(a) APPOINTMENT.—The Librarian of Congress shall appoint 3 full-time Copyright Royalty Judges, and shall appoint 1 of the 3 as the Chief Copyright Royalty Judge. The Librarian shall make appointments to such positions after consultation with the Register of Copyrights.

“(b) FUNCTIONS.—Subject to the provisions of this chapter, the functions of the Copyright Royalty Judges shall be as follows:

“(1) To make determinations and adjustments of reasonable terms and rates of royalty payments as provided in sections 112(e), 114, 115, 116, 118, 119 and 1004. The rates applicable under sections 114(f)(1)(B), 115, and 116 shall be calculated to achieve the following objectives:

“(A) To maximize the availability of creative works to the public.

“(B) To afford the copyright owner a fair return for his or her creative work and the copyright user a fair income under existing economic conditions.

“(C) To reflect the relative roles of the copyright owner and the copyright user in the product made available to the public with respect to relative creative contribution, technological contribution, capital investment, cost, risk, and contribution to the opening of new markets for creative expression and media for their communication.

“(D) To minimize any disruptive impact on the structure of the industries involved and on generally prevailing industry practices.

“(2) To make determinations concerning the adjustment of the copyright royalty rates under section 111 solely in accordance with the following provisions:

“(A) The rates established by section 111(d)(1)(B) may be adjusted to reflect—

“(i) national monetary inflation or deflation; or

“(ii) changes in the average rates charged cable subscribers for the basic service of providing secondary transmissions to maintain the real constant dollar level of the royalty fee per subscriber which existed as of the date of October 19, 1976,

except that—

“(I) if the average rates charged cable system subscribers for the basic service of providing secondary transmissions are changed so that the average rates exceed national monetary inflation, no change in the rates established by section 111(d)(1)(B) shall be permitted; and

“(II) no increase in the royalty fee shall be permitted based on any reduction in the average number of distant signal equivalents per subscriber.

The Copyright Royalty Judges may consider all factors relating to the maintenance of such level of payments, including, as an extenuating factor, whether the industry has been restrained by subscriber rate regulating authorities from increasing the rates for the basic service of providing secondary transmissions.

“(B) In the event that the rules and regulations of the Federal Communications Commission are amended at any time after April 15, 1976, to permit the carriage by cable systems of additional television broadcast signals beyond the local service area of the primary transmitters of such signals, the royalty rates established by section 111(d)(1)(B) may be adjusted to ensure that the rates for the additional distant signal equivalents resulting from such carriage are reasonable in the light of the changes effected by the amendment to such rules and regulations. In determining the reasonableness of rates proposed following an amendment of Federal Communications Commission rules and regulations, the Copyright Royalty Judges shall consider, among other factors, the economic impact on copyright owners and users; except that no adjustment in royalty rates shall be made under this subparagraph with respect to any distant signal equivalent or fraction thereof represented by—

“(i) carriage of any signal permitted under the rules and regulations of the Federal Communications Commission in effect on April 15, 1976, or the carriage of a signal of the same type (that is, independent, network, or noncommercial educational) substituted for such permitted signal; or

“(ii) a television broadcast signal first carried after April 15, 1976, pursuant to an individual waiver of the rules and regulations of the Federal Communications Commission, as such rules and regulations were in effect on April 15, 1976.

“(C) In the event of any change in the rules and regulations of the Federal Communications Commission with respect to syndicated and sports program exclusivity after April 15, 1976, the rates established by section 111(d)(1)(B) may be adjusted to assure that such rates are reasonable in light of the changes to such rules and regulations, but any such adjustment shall apply only to the affected television broadcast signals carried on those systems affected by the change.

“(D) The gross receipts limitations established by section 111(d)(1) (C) and (D) shall be adjusted to reflect national monetary inflation or deflation or changes in the average rates charged cable system subscribers for the basic service of providing secondary transmissions to maintain the real constant dollar value of the exemption provided by such section, and the royalty rate specified therein shall not be subject to adjustment.

“(3)(A) To authorize the distribution, under sections 111, 119, and 1007, of those royalty fees collected under sections 111, 119, and 1005, as the case may be, to the extent that the Copyright Royalty Judges have found that the distribution of such fees is not subject to controversy.

“(B) In cases where the Copyright Royalty Judges determine that controversy exists, the Copyright Royalty Judges shall determine the distribution of such fees, including partial distributions, in accordance with section 111, 119, or 1007, as the case may be.

“(C) The Copyright Royalty Judges may make a partial distribution of such fees during the pendency of the proceeding under subparagraph (B) if all participants under section 803(b)(2) in the proceeding that are entitled to receive those fees that are to be partially distributed—

“(i) agree to such partial distribution;

“(ii) sign an agreement obligating them to return any excess amounts to the extent necessary to comply with the final determination on the distribution of the fees made under subparagraph (B);

“(iii) file the agreement with the Copyright Royalty Judges; and

“(iv) agree that such funds are available for distribution.

“(D) The Copyright Royalty Judges and any other officer or employee acting in good faith in distributing funds under subparagraph (C) shall not be held liable for the payment of any excess fees under subparagraph (C). The Copyright

Royalty Judges shall, at the time the final determination is made, calculate any such excess amounts.

“(4) To accept or reject royalty claims filed under sections 111, 119, and 1007, on the basis of timeliness or the failure to establish the basis for a claim.

“(5) To accept or reject rate adjustment petitions as provided in section 804 and petitions to participate as provided in section 803(b) (1) and (2).

“(6) To determine the status of a digital audio recording device or a digital audio interface device under sections 1002 and 1003, as provided in section 1010.

“(7)(A) To adopt as a basis for statutory terms and rates or as a basis for the distribution of statutory royalty payments, an agreement concerning such matters reached among some or all of the participants in a proceeding at any time during the proceeding, except that—

“(i) the Copyright Royalty Judges shall provide to those that would be bound by the terms, rates, or other determination set by any agreement in a proceeding to determine royalty rates an opportunity to comment on the agreement and shall provide to participants in the proceeding under section 803(b)(2) that would be bound by the terms, rates, or other determination set by the agreement an opportunity to comment on the agreement and object to its adoption as a basis for statutory terms and rates; and

“(ii) the Copyright Royalty Judges may decline to adopt the agreement as a basis for statutory terms and rates for participants that are not parties to the agreement, if any participant described in clause (i) objects to the agreement and the Copyright Royalty Judges conclude, based on the record before them if one exists, that the agreement does not provide a reasonable basis for setting statutory terms or rates.

“(B) License agreements voluntarily negotiated pursuant to section 112(e)(5), 114(f)(3), 115(c)(3)(E)(i), 116(c), or 118(b)(2) that do not result in statutory terms and rates shall not be subject to clauses (i) and (ii) of subparagraph (A).

“(C) Interested parties may negotiate and agree to, and the Copyright Royalty Judges may adopt, an agreement that specifies as terms notice and recordkeeping requirements that apply in lieu of those that would otherwise apply under regulations.

“(8) To perform other duties, as assigned by the Register of Copyrights within the Library of Congress, except as provided in section 802(g), at times when Copyright Royalty Judges are not engaged in performing the other duties set forth in this section.

“(c) RULINGS.—The Copyright Royalty Judges may make any necessary procedural or evidentiary rulings in any proceeding under this chapter and may, before commencing a proceeding under this chapter, make any such rulings that would apply to the proceedings conducted by the Copyright Royalty Judges.

“(d) ADMINISTRATIVE SUPPORT.—The Librarian of Congress shall provide the Copyright Royalty Judges with the necessary administrative services related to proceedings under this chapter.

“(e) LOCATION IN LIBRARY OF CONGRESS.—The offices of the Copyright Royalty Judges and staff shall be in the Library of Congress.

“(f) INDEPENDENCE OF COPYRIGHT ROYALTY JUDGE.—

“(1) IN MAKING DETERMINATIONS.—

“(A) IN GENERAL.—(i) Subject to clause (ii) of this subparagraph and subparagraph (B), the Copyright Royalty Judges shall have full independence in making determinations concerning adjustments and determinations of copyright royalty rates and terms, the distribution of copyright royalties, the acceptance or rejection of royalty claims, rate adjustment petitions, and petitions to participate, and in issuing other rulings under this title, except that the Copyright Royalty Judges may consult with the Register of Copyrights on any matter other than a question of fact.

“(ii) A Copyright Royalty Judge or Judges, or, by motion to the Copyright Royalty Judge or Judges, any participant in a proceeding may request an interpretation by the Register of Copyrights concerning any material question of substantive law (not including questions of procedure before the Copyright Royalty Judges, the ultimate adjustments and determinations of copyright royalty rates and terms, the ultimate distribution of copyright royalties, or the acceptance or rejection of royalty claims, rate adjustment petitions, or petitions to participate) concerning an interpretation or construction of those provisions of this title that are the subject of the proceeding. Any such request for a written interpretation by the Register of Copyrights shall be on the record. Reasonable provision shall be made for comment by the participants in the proceeding on the material question of substantive law in such a way as to minimize duplication and delay. Except as provided in subparagraph (B), the Register of Copyrights shall deliver to the Copyright Royalty Judges a response within 14 days after the Register of Copyrights receives all of the briefs or comments of the participants. Reasonable provision shall be made for comment on such request by the participants in the proceeding, in such a way as to minimize duplication and delay. “(C) CONSULTATION.—Notwithstanding the provisions of subparagraph (A), the Copyright Royalty Judges shall consult with the Register of Copyrights with respect to any determination or ruling that would require that any act be performed by the Copyright Office, and any such determination or ruling shall not be binding upon the Register of Copyrights.

“(D) REVIEW OF LEGAL CONCLUSIONS BY THE REGISTER OF COPYRIGHTS.—The Register of Copyrights may review for legal error the resolution by the Copyright Royalty Judges of a material question of substantive law under this title that underlies or is contained in a final determination of the Copyright Royalty Judges. If the Register of Copyrights concludes, after taking into consideration the views of the participants in the proceeding, that any resolution reached by the Copyright Royalty Judges was in material error, the Register of Copyrights shall issue a written decision correcting such legal error, which shall be made part of the record of the proceeding. The Register of Copyrights shall issue such written decision not later than 60 days after the date on which the final determination by the Copyright Royalty Judges is issued. Additionally, the Register of Copyrights shall cause to be published in the Federal Register such written decision, together with a specific identification of the legal conclusion of the Copyright Royalty Judges that is determined to be erroneous. As to conclusions of substantive law involving an interpretation of the statutory provisions of this title, the decision of the Register of Copyrights shall be binding as precedent upon the Copyright Royalty Judges in subsequent proceedings under this chapter. When a decision has been rendered pursuant to this subparagraph, the Register of Copyrights may, on the basis of and in accordance with such decision, intervene as of right in any appeal of a final determination of the Copyright Royalty Judges

Intervention by the Register of Copyrights in his or her own name shall not preclude the Attorney General from intervening on behalf of the United States in such an appeal as may be otherwise provided or required by law.

“(E) EFFECT ON JUDICIAL REVIEW.—Nothing in this section shall be interpreted to alter the standard applied by a court in reviewing legal determinations involving an interpretation or construction of the provisions of this title or to affect the extent to which any construction or interpretation of the provisions of this title shall be accorded deference by a reviewing court.

The participant asserting the claim shall not be required to pay the filing fee under paragraph (2).

“(5) PAPER PROCEEDINGS.—The Copyright Royalty Judges in proceedings under this chapter may decide, sua sponte or upon motion of a participant, to determine issues on the basis of the filing of the written direct statement by the participant, the response by any opposing participant, and one additional response by each such participant. Prior to making such decision to proceed on such a paper record only, the Copyright Royalty Judges shall offer to all parties to the proceeding the opportunity to comment on the decision. The procedure under this paragraph—

“(A) shall be applied in cases in which there is no genuine issue of material fact, there is no need for evidentiary hearings, and all participants in the proceeding agree in writing to the procedure; and

“(B) may be applied under such other circumstances as the Copyright Royalty Judges consider appropriate.

“(6) REGULATIONS.—

“(A) IN GENERAL.—The Copyright Royalty Judges may issue regulations to carry out their functions under this title. All regulations issued by the Copyright Royalty Judges are subject to the approval of the Librarian of Congress. Not later than 120 days after Copyright Royalty Judges or interim Copyright Royalty Judges, as the case may be, are first appointed after the enactment of the Copyright Royalty and Distribution Reform Act of 2004, such judges shall issue regulations to govern proceedings under this chapter.

“(B) INTERIM REGULATIONS.—Until regulations are adopted under subparagraph (A), the Copyright Royalty Judges shall apply the regulations in effect under this chapter on the day before the effective date of the Copyright Royalty and Distribution Reform Act of 2004, to the extent such regulations are not inconsistent with this chapter, except that functions carried out under such regulations by the Librarian of Congress, the Register of Copyrights, or copyright arbitration royalty panels that, as of such date of enactment, are to be carried out by the Copyright Royalty Judges under this chapter, shall be carried out by the Copyright Royalty Judges under such regulations.

“(C) REQUIREMENTS.—Regulations issued under subparagraph (A) shall include the following:

“(i) The written direct statements of all participants in a proceeding under paragraph (2) shall be filed by a date specified by the Copyright Royalty Judges, which may be not earlier than 4 months, and not later than 5 months, after the end of the voluntary negotiation period under paragraph (3). Notwithstanding the preceding sentence, the Copyright Royalty Judges may allow a participant in a proceeding to file an amended written direct statement based on

new information received during the discovery process, within 15 days after the end of the discovery period specified in clause (iii).

“(ii)(I) Following the submission to the Copyright Royalty Judges of written direct statements by the participants in a proceeding under paragraph (2), the judges shall meet with the participants for the purpose of setting a schedule for conducting and completing discovery. Such schedule shall be determined by the Copyright Royalty Judges.

“(II) In this chapter, the term ‘written direct statements’ means witness statements, testimony, and exhibits to be presented in the proceedings, and such other information that is necessary to establish terms and rates, or the distribution of royalty payments, as the case may be, as set forth in regulations issued by the Copyright Royalty Judges.

“(iii) Hearsay may be admitted in proceedings under this chapter to the extent deemed appropriate by the Copyright Royalty Judges.

“(iv) Discovery in such proceedings shall be permitted for a period of 60 days, except for discovery ordered by the Copyright Royalty Judges in connection with the resolution of motions, orders, and disputes pending at the end of such period.

“(v) Any participant under paragraph (2) in a proceeding under this chapter to determine royalty rates may request of an opposing participant nonprivileged documents directly related to the written direct statement or written rebuttal statement of that participant. Any objection to such a request shall be resolved by a motion or request to compel production made to the Copyright Royalty Judges in accordance with regulations adopted by the Copyright Royalty Judges. Each motion or request to compel discovery shall be determined by the Copyright Royalty Judges, or by a Copyright Royalty Judge when permitted under subsection (a)(2). Upon such motion, the Copyright Royalty Judges may order discovery pursuant to regulations established under this paragraph.

“(vi)(I) Any participant under paragraph (2) in a proceeding under this chapter to determine royalty rates may, by means of written motion or on the record, request of an opposing participant or witness other relevant information and materials if, absent the discovery sought, the Copyright Royalty Judges’ resolution of the proceeding would be substantially impaired. In determining whether discovery will be granted under this clause, the Copyright Royalty Judges may consider—

“(aa) whether the burden or expense of producing the requested information or materials outweighs the likely benefit, taking into account the needs and resources of the participants, the importance of the issues at stake, and the probative value of the requested information or materials in resolving such issues;

Deadline.

“(bb) whether the requested information or materials would be unreasonably cumulative or duplicative, or are obtainable from another source that is more convenient, less burdensome, or less expensive; and

“(cc) whether the participant seeking discovery has had ample opportunity by discovery in the proceeding or by other means to obtain the information sought.

“(II) This clause shall not apply to any proceeding scheduled to commence after December 31, 2010.

“(vii) In a proceeding under this chapter to determine royalty rates, the participants entitled to receive royalties shall collectively be permitted to take no more than 10 depositions and secure responses to no more than 25 interrogatories, and the participants obligated to pay royalties shall collectively be permitted to take no more than 10 depositions and secure responses to no more than 25 interrogatories. The Copyright Royalty Judges shall resolve any disputes among similarly aligned participants to allocate the number of depositions or interrogatories permitted under this clause.

“(viii) The rules and practices in effect on the day before the effective date of the Copyright Royalty and Distribution Reform Act of 2004, relating to discovery in proceedings under this chapter to determine the distribution of royalty fees, shall continue to apply to such proceedings on and after such effective date.

“(ix) In proceedings to determine royalty rates, the Copyright Royalty Judges may issue a subpoena commanding a participant or witness to appear and give testimony, or to produce and permit inspection of documents or tangible things, if the Copyright Royalty Judges’ resolution of the proceeding would be substantially impaired by the absence of such testimony or production of documents or tangible things. Such subpoena shall specify with reasonable particularity the materials to be produced or the scope and nature of the required testimony. Nothing in this clause shall preclude the Copyright Royalty Judges from requesting the production by a nonparticipant of information or materials relevant to the resolution by the Copyright Royalty Judges of a material issue of fact.

“(x) The Copyright Royalty Judges shall order a settlement conference among the participants in the proceeding to facilitate the presentation of offers of settlement among the participants. The settlement conference shall be held during a 21-day period following the end of the discovery period and shall take place outside the presence of the Copyright Royalty Judges.

“(xi) No evidence, including exhibits, may be submitted in the written direct statement or written rebuttal statement of a participant without a sponsoring witness, except where the Copyright Royalty Judges have taken official notice, or in the case of

“(2) REHEARINGS.—

“(A) IN GENERAL.—The Copyright Royalty Judges may, in exceptional cases, upon motion of a participant in a proceeding under subsection (b)(2), order a rehearing, after the determination in the proceeding is issued under paragraph (1), on such matters as the Copyright Royalty Judges determine to be appropriate.

Deadline.

“(B) TIMING FOR FILING MOTION.—Any motion for a rehearing under subparagraph (A) may only be filed within 15 days after the date on which the Copyright Royalty Judges deliver to the participants in the proceeding their initial determination concerning rates and terms.

“(D) NO NEGATIVE INFERENCE.—No negative inference shall be drawn from lack of participation in a rehearing.

“(E) CONTINUITY OF RATES AND TERMS.—(i) If the decision of the Copyright Royalty Judges on any motion for a rehearing is not rendered before the expiration of the statutory rates and terms that were previously in effect, in the case of a proceeding to determine successors to rates and terms that expire on a specified date, then—

Effective date.

“(I) the initial determination of the Copyright Royalty Judges that is the subject of the rehearing motion shall be effective as of the day following the date on which the rates and terms that were previously in effect expire; and

Deadlines.

“(iii) Notwithstanding clause (ii), whenever royalties described in clause (ii) are paid to a person other than

Any underpayment of royalties resulting from a rehearing shall be paid within the same period.

“(3) CONTENTS OF DETERMINATION.—A determination of the Copyright Royalty Judges shall be supported by the written record and shall set forth the findings of fact relied on by the Copyright Royalty Judges. Among other terms adopted in a determination, the Copyright Royalty Judges may specify notice and recordkeeping requirements of users of the copyrights at issue that apply in lieu of those that would otherwise apply under regulations.

“(4) CONTINUING JURISDICTION.—The Copyright Royalty Judges may, with the approval of the Register of Copyrights, issue an amendment to a written determination to correct any technical or clerical errors in the determination or to modify the terms, but not the rates, of royalty payments in response to unforeseen circumstances that would frustrate the proper implementation of such determination. Such amendment shall be set forth in a written addendum to the determination that shall be distributed to the participants of the proceeding and shall be published in the Federal Register.

“(d) JUDICIAL REVIEW.—

“(1) APPEAL.—Any determination of the Copyright Royalty Judges under subsection (c) may, within 30 days after the publication of the determination in the Federal Register, be appealed, to the United States Court of Appeals for the District of Columbia Circuit, by any aggrieved participant in the proceeding under subsection (b)(2) who fully participated in the proceeding and who would be bound by the determination.

Deadlines.

Any participant that did not participate in a rehearing may not raise any issue that was the subject of that rehearing at any stage of judicial review of the hearing determination. If no appeal is brought within that 30-day period, the determination of the Copyright Royalty Judges shall be final, and the royalty fee or determination with respect to the distribution of fees, as the case may be, shall take effect as set forth in paragraph (2).

Effective dates.

“(2) EFFECT OF RATES.—

“(A) EXPIRATION ON SPECIFIED DATE.—When this title provides that the royalty rates and terms that were previously in effect are to expire on a specified date, any adjustment or determination by the Copyright Royalty Judges of successor rates and terms for an ensuing statutory license period shall be effective as of the day following the date of expiration of the rates and terms that were previously in effect, even if the determination of the Copyright Royalty Judges is rendered on a later date. A licensee shall be obligated to continue making payments under the rates and terms previously in effect until such time as rates and terms for the successor period are established.

Deadline.

Whenever royalties pursuant to this section are paid to a person other than the Copyright Office, the entity designated by the Copyright Royalty Judges to which such royalties are paid by the copyright user (and any successor thereto) shall, within 60 days after the final determination of the Copyright Royalty Judges establishing rates and terms for a successor period or the exhaustion of all rehearings or appeals of such determination, if any, return any excess amounts previously paid to the extent necessary to comply with the final determination of royalty rates. Any underpayment of royalties by a copyright user shall be paid to the entity designated by the Copyright Royalty Judges within the same period.

“(B) OTHER CASES.—In cases where rates and terms have not, prior to the inception of an activity, been established for that particular activity under the relevant license, such rates and terms shall be retroactive to the inception of activity under the relevant license covered by such rates and terms. In other cases where rates and terms do not expire on a specified date, successor rates and terms shall take effect on the first day of the second month that begins after the publication of the determination of the Copyright Royalty Judges in the Federal Register, except as otherwise provided in this title, or by the Copyright Royalty Judges, or as agreed by the participants in a proceeding that would be bound by the rates and terms. Except as otherwise provided in this title, the rates and terms, to the extent applicable, shall remain in effect until such successor rates and terms become effective.

“(C) OBLIGATION TO MAKE PAYMENTS.—

“(i) The pendency of an appeal under this subsection shall not relieve persons obligated to make royalty payments under section 111, 112, 114, 115, 116, 118, 119, or 1003, who would be affected by the determination on appeal, from—

“(I) providing the statements of account and any report of use; and

“(II) paying the royalties required under the relevant determination or regulations.

Any underpayment of royalties resulting from an appeal (and interest thereon, if ordered pursuant to paragraph (3)) shall be paid within the same period.

Deadline.

“(3) JURISDICTION OF COURT.—If the court, pursuant to section 706 of title 5, modifies or vacates a determination of the Copyright Royalty Judges, the court may enter its own determination with respect to the amount or distribution of royalty fees and costs, and order the repayment of any excess fees, the payment of any underpaid fees, and the payment of interest pertaining respectively thereto, in accordance with its final judgment. The court may also vacate the determination of the Copyright Royalty Judges and remand the case to the Copyright Royalty Judges for further proceedings in accordance with subsection (a).

SECTION 1. INDEMNIFICATION EXTENSION.

Section 70113(f) of title 49, United States Code, is amended by striking “December 31, 2004.” and inserting “December 31, 2009.”.

SEC. 2. STUDY.

Not later than 60 days after the date of enactment of this Act, the Secretary of Transportation shall enter into an arrangement with a nonprofit entity for the conduct of an independent comprehensive study of the liability risk sharing regime in the United States for commercial space transportation under section 70113 of title 49, United States Code. To ensure that Congress has a full analysis of the liability risk sharing regime, the study shall assess methods by which the current system could be eliminated, including an estimate of the time required to implement each of the methods assessed. In conducting the assessment under this section, input from commercial space transportation insurance experts shall be sought. The study also shall examine liability risk sharing in other nations with commercial launch capability and evaluate the direct and indirect impact that ending this regime would have on the competitiveness of the United States commercial

space launch industry in relation to foreign commercial launch providers and on United States assured access to space.

SEC. 1560. AUTHORITY FOR THE ESTABLISHMENT OF INTEGRATED BORDER INSPECTION AREAS AT THE UNITED STATES-CANADA BORDER.

(a) FINDINGS.—Congress makes the following findings:

(1) The increased security and safety concerns that developed in the aftermath of the terrorist attacks in the United States on September 11, 2001, need to be addressed.

(2) One concern that has come to light is the vulnerability of the international bridges and tunnels along the United States borders.

(3) It is necessary to ensure that potentially dangerous vehicles are inspected prior to crossing these bridges and tunnels; however, currently these vehicles are not inspected until after they have crossed into the United States.

(4) Establishing Integrated Border Inspection Areas (IBIAs) would address these concerns by inspecting vehicles before they gained access to the infrastructure of international bridges and tunnels joining the United States and Canada.

(b) CREATION OF INTEGRATED BORDER INSPECTION AREAS.—

(1) **IN GENERAL.**—The Commissioner of the Customs Service, in consultation with the Canadian Customs and Revenue Agency (CCRA), shall seek to establish Integrated Border Inspection Areas (IBIAs), such as areas on either side of the United States-Canada border, in which United States Customs officers can inspect vehicles entering the United States from Canada before they enter the United States, or Canadian Customs officers can inspect vehicles entering Canada from the United States before they enter Canada. Such inspections may include, where appropriate, employment of reverse inspection techniques.

(2) **ADDITIONAL REQUIREMENT.**—The Commissioner of Customs, in consultation with the Administrator of the General Services Administration when appropriate, shall seek to carry out paragraph (1) in a manner that minimizes adverse impacts on the surrounding community.

(3) **ELEMENTS OF THE PROGRAM.**—Using the authority granted by this section and under section 629 of the Tariff Act of 1930, the Commissioner of Customs, in consultation with the Canadian Customs and Revenue Agency, shall seek to—

(A) locate Integrated Border Inspection Areas in areas with bridges or tunnels with high traffic volume, significant commercial activity, and that have experienced backups and delays since September 11, 2001;

(B) ensure that United States Customs officers stationed in any such IBIA on the Canadian side of the border are vested with the maximum authority to carry out their duties and enforce United States law;

(C) ensure that United States Customs officers stationed in any such IBIA on the Canadian side of the border shall possess the same immunity that they would possess if they were stationed in the United States; and

(D) encourage appropriate officials of the United States to enter into an agreement with Canada permitting Canadian Customs officers stationed in any such IBIA on the United States side of the border to enjoy such immunities as permitted in Canada.

SEC. 1561. DESIGNATION OF FOREIGN LAW ENFORCEMENT OFFICERS.

(a) **MISCELLANEOUS PROVISIONS.**—Section 401(i) of the Tariff Act of 1930 (19 U.S.C. 1401(i)) is amended by inserting “, including foreign law enforcement officers,” after “or other person”.

(1) in subsection (a), by inserting “, or subsequent to their exit from,” after “prior to their arrival in”;

(2) in subsection (c)—

(A) by inserting “or exportation” after “relating to the importation”; and

(B) by inserting “or exit” after “port of entry”;

(3) by amending subsection (e) to read as follows:

“(e) **STATIONING OF FOREIGN CUSTOMS AND AGRICULTURE INSPECTION OFFICERS IN THE UNITED STATES.**—The Secretary of State, in coordination with the Secretary and the Secretary of Agriculture, may enter into agreements with any foreign country authorizing the stationing in the United States of customs and

agriculture inspection officials of that country (if similar privileges are extended by that country to United States officials) for the purpose of insuring that persons and merchandise going directly to that country from the United States, or that have gone directly from that country to the United States, comply with the customs and other laws of that country governing the importation or exportation of merchandise. Any foreign customs or agriculture inspection official stationed in the United States under this subsection may exercise such functions, perform such duties, and enjoy such privileges and immunities as United States officials may be authorized to perform or are afforded in that foreign country by treaty, agreement, or law.”; and

(4) by adding at the end the following:

“(g) PRIVILEGES AND IMMUNITIES.—Any person designated to perform the duties of an officer of the Customs Service pursuant to section 401(i) of this Act shall be entitled to the same privileges and immunities as an officer of the Customs Service with respect to any actions taken by the designated person in the performance of such duties.”.

(c) CONFORMING AMENDMENT.—Section 127 of the Treasury Department Appropriations Act, 2003, is hereby repealed.

An Act

To reaffirm the inherent sovereign rights of the Osage Tribe to determine its membership and form of government.

Dec. 3, 2004
[H.R. 2912]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Oklahoma.

SECTION 1. REAFFIRMATION OF CERTAIN RIGHTS OF THE OSAGE TRIBE.

(a) FINDINGS.—The Congress finds as follows:

(1) The Osage Tribe is a federally recognized tribe based in Pawhuska, Oklahoma.

(2) The Osage Allotment Act of June 28, 1906 (34 Stat. 539), states that the “legal membership” of the Osage Tribe includes the persons on the January 1, 1906 roll and their children, and that each “member” on that roll is entitled to a headright share in the distribution of funds from the Osage mineral estate and an allotment of the surface lands of the Osage Reservation.

(3) Today only Osage Indians who have a headright share in the mineral estate are “members” of the Osage Tribe.

(4) Adult Osage Indians without a headright interest cannot vote in Osage government elections and are not eligible to seek elective office in the Osage Tribe as a matter of Federal law.

(5) A principal goal of Federal Indian policy is to promote tribal self-sufficiency and strong tribal government.

(b) REAFFIRMATION OF CERTAIN RIGHTS OF THE OSAGE TRIBE.—

(1) MEMBERSHIP.—Congress hereby clarifies that the term “legal membership” in section 1 of the Act entitled, “An Act For the division of lands and funds of the Osage Indians in Oklahoma Territory, and for other purposes”, approved June 28, 1906 (34 Stat. 539), means the persons eligible for allotments of Osage Reservation lands and a pro rata share of the Osage mineral estate as provided in that Act, not membership in the Osage Tribe for all purposes. Congress hereby reaffirms the inherent sovereign right of the Osage Tribe to determine its own membership, provided that the rights of any person to Osage mineral estate shares are not diminished thereby.

(2) GOVERNMENT.—Notwithstanding section 9 of the Act entitled, “An Act For the division of lands and funds of the Osage Indians in Oklahoma Territory, and for other purposes”, approved June 28, 1906 (34 Stat. 539), Congress hereby reaffirms the inherent sovereign right of the Osage Tribe to determine its own form of government.

(3) ELECTIONS AND REFERENDA.—At the request of the Osage Tribe, the Secretary of the Interior shall assist the Osage Tribe with conducting elections and referenda to implement this section.

Joint Resolution

Recognizing the 60th anniversary of the Battle of the Bulge during World War II.

Dec. 3, 2004
[H.J. Res. 110]

- Whereas the battle in the European theater of operations during World War II known as the Battle of the Bulge was fought from December 16, 1944, to January 25, 1945;
- Whereas the Battle of the Bulge was a major German offensive in the Ardennes forest region of Belgium and Luxembourg which took Allied forces by surprise and was intended to split the Allied forces in Europe by breaking through the Allied lines, crippling the Allied fuel supply lines, and exacerbating tensions within the alliance;
- Whereas 600,000 American troops, joined by 55,000 British, Belgian, Canadian, and other soldiers, participated in the Battle of the Bulge, overcoming numerous disadvantages in the early days of the battle that included fewer numbers, treacherous terrain, and bitter weather conditions;
- Whereas the Battle of the Bulge resulted in 81,000 American and 1,400 British casualties, of whom approximately 19,000 American and 200 British soldiers were killed, with the remainder wounded, captured, or listed as missing in action;
- Whereas the worst atrocity involving Americans in the European theater during World War II, known as the Malmédy Massacre, occurred on December 17, 1944, when 86 unarmed American prisoners of war were gunned down by elements of the German 1st SS Panzer Division;
- Whereas American, British, Belgian, Canadian, and other forces overcame great odds throughout the battle, including most famously the action of the 101st Airborne Division in holding back German forces at the key Belgian crossroads town of Bastogne, thereby preventing German forces from achieving their main objective of reaching Antwerp as well as the Meuse River line;
- Whereas the success of American, British, Belgian, Canadian, and other forces in defeating the German attack made possible the defeat of Nazi Germany four months later in April 1945;
- Whereas thousands of United States veterans of the Battle of the Bulge have traveled to Belgium and Luxembourg in the years since the battle to honor their fallen comrades who died during the battle;
- Whereas the peoples of Belgium and Luxembourg, symbolizing their friendship and gratitude toward the American soldiers who fought

to secure their freedom, have graciously hosted countless veterans groups over the years;

Whereas Luxembourg has erected over 90 monuments and plaques commemorating the liberation of Luxembourg by United States Armed Forces during World War II;

Whereas the 60th anniversary of the Battle of the Bulge in 2004 will be marked by many commemorative events by citizens of the United States, Belgium, Luxembourg, and many other nations;

Whereas the friendship between the United States and both Belgium and Luxembourg is strong today in part because of the Battle of the Bulge; and

Whereas section 204 of the Veterans Benefits Act of 2002 (38 U.S.C. 2409 note) authorized the Secretary of the Army to place in Arlington National Cemetery a memorial marker honoring those who fought in the Battle of the Bulge: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That Congress—

(1) recognizes the 60th anniversary of the battle in the European theater of operations during World War II known as the Battle of the Bulge, which began with a German surprise attack in the Ardennes forest region of Belgium and Luxembourg and ended with an Allied victory that made possible the defeat of Nazi Germany four months later;

(2) honors those who gave their lives during the Battle of the Bulge;

(3) authorizes the President to issue a proclamation calling upon the people of the United States to honor the veterans of the Battle of the Bulge with appropriate programs, ceremonies, and activities; and

(4) reaffirms the bonds of friendship between the United States and both Belgium and Luxembourg.

“(c) FINDINGS.—Congress finds the following:

- “(1) Disability is a natural part of the human experience and in no way diminishes the right of individuals to participate in or contribute to society. Improving educational results for children with disabilities is an essential element of our national

policy of ensuring equality of opportunity, full participation, independent living, and economic self-sufficiency for individuals with disabilities.

“(2) Before the date of enactment of the Education for All Handicapped Children Act of 1975 (Public Law 94-142), the educational needs of millions of children with disabilities were not being fully met because—

“(A) the children did not receive appropriate educational services;

“(B) the children were excluded entirely from the public school system and from being educated with their peers;

“(C) undiagnosed disabilities prevented the children from having a successful educational experience; or

“(D) a lack of adequate resources within the public school system forced families to find services outside the public school system.

“(3) Since the enactment and implementation of the Education for All Handicapped Children Act of 1975, this title has been successful in ensuring children with disabilities and the families of such children access to a free appropriate public education and in improving educational results for children with disabilities.

“(4) However, the implementation of this title has been impeded by low expectations, and an insufficient focus on applying replicable research on proven methods of teaching and learning for children with disabilities.

“(5) Almost 30 years of research and experience has demonstrated that the education of children with disabilities can be made more effective by—

“(A) having high expectations for such children and ensuring their access to the general education curriculum in the regular classroom, to the maximum extent possible, in order to—

“(i) meet developmental goals and, to the maximum extent possible, the challenging expectations that have been established for all children; and

“(ii) be prepared to lead productive and independent adult lives, to the maximum extent possible;

“(B) strengthening the role and responsibility of parents and ensuring that families of such children have meaningful opportunities to participate in the education of their children at school and at home;

“(C) coordinating this title with other local, educational service agency, State, and Federal school improvement efforts, including improvement efforts under the Elementary and Secondary Education Act of 1965, in order to ensure that such children benefit from such efforts and that special education can become a service for such children rather than a place where such children are sent;

“(D) providing appropriate special education and related services, and aids and supports in the regular classroom, to such children, whenever appropriate;

“(E) supporting high-quality, intensive preservice preparation and professional development for all personnel who work with children with disabilities in order to ensure that such personnel have the skills and knowledge necessary to improve the academic achievement and functional

performance of children with disabilities, including the use of scientifically based instructional practices, to the maximum extent possible;

“(F) providing incentives for whole-school approaches, scientifically based early reading programs, positive behavioral interventions and supports, and early intervening services to reduce the need to label children as disabled in order to address the learning and behavioral needs of such children;

“(G) focusing resources on teaching and learning while reducing paperwork and requirements that do not assist in improving educational results; and

“(H) supporting the development and use of technology, including assistive technology devices and assistive technology services, to maximize accessibility for children with disabilities.

“(6) While States, local educational agencies, and educational service agencies are primarily responsible for providing an education for all children with disabilities, it is in the national interest that the Federal Government have a supporting role in assisting State and local efforts to educate children with disabilities in order to improve results for such children and to ensure equal protection of the law.

“(7) A more equitable allocation of resources is essential for the Federal Government to meet its responsibility to provide an equal educational opportunity for all individuals.

“(8) Parents and schools should be given expanded opportunities to resolve their disagreements in positive and constructive ways.

“(9) Teachers, schools, local educational agencies, and States should be relieved of irrelevant and unnecessary paperwork burdens that do not lead to improved educational outcomes.

“(10)(A) The Federal Government must be responsive to the growing needs of an increasingly diverse society.

“(B) America’s ethnic profile is rapidly changing. In 2000, 1 of every 3 persons in the United States was a member of a minority group or was limited English proficient.

“(C) Minority children comprise an increasing percentage of public school students.

“(D) With such changing demographics, recruitment efforts for special education personnel should focus on increasing the participation of minorities in the teaching profession in order to provide appropriate role models with sufficient knowledge to address the special education needs of these students.

“(11)(A) The limited English proficient population is the fastest growing in our Nation, and the growth is occurring in many parts of our Nation.

“(B) Studies have documented apparent discrepancies in the levels of referral and placement of limited English proficient children in special education.

“(C) Such discrepancies pose a special challenge for special education in the referral of, assessment of, and provision of services for, our Nation’s students from non-English language backgrounds.

“(12)(A) Greater efforts are needed to prevent the intensification of problems connected with mislabeling and high dropout rates among minority children with disabilities.

“(B) More minority children continue to be served in special education than would be expected from the percentage of minority students in the general school population.

“(C) African-American children are identified as having mental retardation and emotional disturbance at rates greater than their White counterparts.

“(D) In the 1998–1999 school year, African-American children represented just 14.8 percent of the population aged 6 through 21, but comprised 20.2 percent of all children with disabilities.

“(E) Studies have found that schools with predominately White students and teachers have placed disproportionately high numbers of their minority students into special education.

“(13)(A) As the number of minority students in special education increases, the number of minority teachers and related services personnel produced in colleges and universities continues to decrease.

“(B) The opportunity for full participation by minority individuals, minority organizations, and Historically Black Colleges and Universities in awards for grants and contracts, boards of organizations receiving assistance under this title, peer review panels, and training of professionals in the area of special education is essential to obtain greater success in the education of minority children with disabilities.

“(14) As the graduation rates for children with disabilities continue to climb, providing effective transition services to promote successful post-school employment or education is an important measure of accountability for children with disabilities.

“(d) PURPOSES.—The purposes of this title are—

“(1)(A) to ensure that all children with disabilities have available to them a free appropriate public education that emphasizes special education and related services designed to meet their unique needs and prepare them for further education, employment, and independent living;

“(B) to ensure that the rights of children with disabilities and parents of such children are protected; and

“(C) to assist States, localities, educational service agencies, and Federal agencies to provide for the education of all children with disabilities;

“(2) to assist States in the implementation of a statewide, comprehensive, coordinated, multidisciplinary, interagency system of early intervention services for infants and toddlers with disabilities and their families;

“(3) to ensure that educators and parents have the necessary tools to improve educational results for children with disabilities by supporting system improvement activities; coordinated research and personnel preparation; coordinated technical assistance, dissemination, and support; and technology development and media services; and

“(4) to assess, and ensure the effectiveness of, efforts to educate children with disabilities.

20 USC 1412.

“SEC. 612. STATE ELIGIBILITY.

“(a) IN GENERAL.—A State is eligible for assistance under this part for a fiscal year if the State submits a plan that provides assurances to the Secretary that the State has in effect policies and procedures to ensure that the State meets each of the following conditions:

“(1) FREE APPROPRIATE PUBLIC EDUCATION.—

“(A) IN GENERAL.—A free appropriate public education is available to all children with disabilities residing in the State between the ages of 3 and 21, inclusive, including children with disabilities who have been suspended or expelled from school.

“(B) LIMITATION.—The obligation to make a free appropriate public education available to all children with disabilities does not apply with respect to children—

“(i) aged 3 through 5 and 18 through 21 in a State to the extent that its application to those children would be inconsistent with State law or practice, or the order of any court, respecting the provision of public education to children in those age ranges; and

“(ii) aged 18 through 21 to the extent that State law does not require that special education and related services under this part be provided to children with disabilities who, in the educational placement prior to their incarceration in an adult correctional facility—

“(I) were not actually identified as being a child with a disability under section 602; or

“(II) did not have an individualized education program under this part.

“(C) STATE FLEXIBILITY.—A State that provides early intervention services in accordance with part C to a child who is eligible for services under section 619, is not required to provide such child with a free appropriate public education.

“(2) FULL EDUCATIONAL OPPORTUNITY GOAL.—The State has established a goal of providing full educational opportunity to all children with disabilities and a detailed timetable for accomplishing that goal.

“(3) CHILD FIND.—

“(A) IN GENERAL.—All children with disabilities residing in the State, including children with disabilities who are homeless children or are wards of the State and children with disabilities attending private schools, regardless of the severity of their disabilities, and who are in need of special education and related services, are identified, located, and evaluated and a practical method is developed and implemented to determine which children with disabilities are currently receiving needed special education and related services.

“(B) CONSTRUCTION.—Nothing in this title requires that children be classified by their disability so long as each child who has a disability listed in section 602 and who, by reason of that disability, needs special education and related services is regarded as a child with a disability under this part.

“(4) INDIVIDUALIZED EDUCATION PROGRAM.—An individualized education program, or an individualized family service plan that meets the requirements of section 636(d), is developed, reviewed, and revised for each child with a disability in accordance with section 614(d).

“(5) LEAST RESTRICTIVE ENVIRONMENT.—

“(A) IN GENERAL.—To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are not disabled, and special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only when the nature or severity of the disability of a child is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

“(B) ADDITIONAL REQUIREMENT.—

“(i) IN GENERAL.—A State funding mechanism shall not result in placements that violate the requirements of subparagraph (A), and a State shall not use a funding mechanism by which the State distributes funds on the basis of the type of setting in which a child is served that will result in the failure to provide a child with a disability a free appropriate public education according to the unique needs of the child as described in the child’s IEP.

“(ii) ASSURANCE.—If the State does not have policies and procedures to ensure compliance with clause (i), the State shall provide the Secretary an assurance that the State will revise the funding mechanism as soon as feasible to ensure that such mechanism does not result in such placements.

“(6) PROCEDURAL SAFEGUARDS.—

“(A) IN GENERAL.—Children with disabilities and their parents are afforded the procedural safeguards required by section 615.

“(B) ADDITIONAL PROCEDURAL SAFEGUARDS.—Procedures to ensure that testing and evaluation materials and procedures utilized for the purposes of evaluation and placement of children with disabilities for services under this title will be selected and administered so as not to be racially or culturally discriminatory. Such materials or procedures shall be provided and administered in the child’s native language or mode of communication, unless it clearly is not feasible to do so, and no single procedure shall be the sole criterion for determining an appropriate educational program for a child.

“(7) EVALUATION.—Children with disabilities are evaluated in accordance with subsections (a) through (c) of section 614.

“(8) CONFIDENTIALITY.—Agencies in the State comply with section 617(c) (relating to the confidentiality of records and information).

“(9) TRANSITION FROM PART C TO PRESCHOOL PROGRAMS.—Children participating in early intervention programs assisted under part C, and who will participate in preschool programs assisted under this part, experience a smooth and effective transition to those preschool programs in a manner consistent with section 637(a)(9). By the third birthday of such a child, an individualized education program or, if consistent with sections 614(d)(2)(B) and 636(d), an individualized family service plan, has been developed and is being implemented for the child. The local educational agency will participate in transition planning conferences arranged by the designated lead agency under section 635(a)(10).

“(10) CHILDREN IN PRIVATE SCHOOLS.—

“(A) CHILDREN ENROLLED IN PRIVATE SCHOOLS BY THEIR PARENTS.—

“(i) IN GENERAL.—To the extent consistent with the number and location of children with disabilities in the State who are enrolled by their parents in private elementary schools and secondary schools in the school district served by a local educational agency, provision is made for the participation of those children in the program assisted or carried out under this part

by providing for such children special education and related services in accordance with the following requirements, unless the Secretary has arranged for services to those children under subsection (f):

“(I) Amounts to be expended for the provision of those services (including direct services to parentally placed private school children) by the local educational agency shall be equal to a proportionate amount of Federal funds made available under this part.

“(II) In calculating the proportionate amount of Federal funds, the local educational agency, after timely and meaningful consultation with representatives of private schools as described in clause (iii), shall conduct a thorough and complete child find process to determine the number of parentally placed children with disabilities attending private schools located in the local educational agency.

“(III) Such services to parentally placed private school children with disabilities may be provided to the children on the premises of private, including religious, schools, to the extent consistent with law.

“(IV) State and local funds may supplement and in no case shall supplant the proportionate amount of Federal funds required to be expended under this subparagraph.

“(V) Each local educational agency shall maintain in its records and provide to the State educational agency the number of children evaluated under this subparagraph, the number of children determined to be children with disabilities under this paragraph, and the number of children served under this paragraph.

“(ii) CHILD FIND REQUIREMENT.—

“(I) IN GENERAL.—The requirements of paragraph (3) (relating to child find) shall apply with respect to children with disabilities in the State who are enrolled in private, including religious, elementary schools and secondary schools.

“(II) EQUITABLE PARTICIPATION.—The child find process shall be designed to ensure the equitable participation of parentally placed private school children with disabilities and an accurate count of such children.

“(III) ACTIVITIES.—In carrying out this clause, the local educational agency, or where applicable, the State educational agency, shall undertake activities similar to those activities undertaken for the agency’s public school children.

“(IV) COST.—The cost of carrying out this clause, including individual evaluations, may not be considered in determining whether a local educational agency has met its obligations under clause (i).

“(V) COMPLETION PERIOD.—Such child find process shall be completed in a time period comparable to that for other students attending public schools in the local educational agency.

“(iii) CONSULTATION.—To ensure timely and meaningful consultation, a local educational agency, or where appropriate, a State educational agency, shall consult with private school representatives and representatives of parents of parentally placed private school children with disabilities during the design and development of special education and related services for the children, including regarding—

“(I) the child find process and how parentally placed private school children suspected of having a disability can participate equitably, including how parents, teachers, and private school officials will be informed of the process;

“(II) the determination of the proportionate amount of Federal funds available to serve parentally placed private school children with disabilities under this subparagraph, including the determination of how the amount was calculated;

“(III) the consultation process among the local educational agency, private school officials, and representatives of parents of parentally placed private school children with disabilities, including how such process will operate throughout the school year to ensure that parentally placed private school children with disabilities identified through the child find process can meaningfully participate in special education and related services;

“(IV) how, where, and by whom special education and related services will be provided for parentally placed private school children with disabilities, including a discussion of types of services, including direct services and alternate service delivery mechanisms, how such services will be apportioned if funds are insufficient to serve all children, and how and when these decisions will be made; and

“(V) how, if the local educational agency disagrees with the views of the private school officials on the provision of services or the types of services, whether provided directly or through a contract, the local educational agency shall provide to the private school officials a written explanation of the reasons why the local educational agency chose not to provide services directly or through a contract.

“(iv) WRITTEN AFFIRMATION.—When timely and meaningful consultation as required by clause (iii) has occurred, the local educational agency shall obtain a written affirmation signed by the representatives of participating private schools, and if such representatives do not provide such affirmation within a reasonable period of time, the local educational agency shall

forward the documentation of the consultation process to the State educational agency.

“(v) COMPLIANCE.—

“(I) IN GENERAL.—A private school official shall have the right to submit a complaint to the State educational agency that the local educational agency did not engage in consultation that was meaningful and timely, or did not give due consideration to the views of the private school official.

“(II) PROCEDURE.—If the private school official wishes to submit a complaint, the official shall provide the basis of the noncompliance with this subparagraph by the local educational agency to the State educational agency, and the local educational agency shall forward the appropriate documentation to the State educational agency. If the private school official is dissatisfied with the decision of the State educational agency, such official may submit a complaint to the Secretary by providing the basis of the noncompliance with this subparagraph by the local educational agency to the Secretary, and the State educational agency shall forward the appropriate documentation to the Secretary.

“(vi) PROVISION OF EQUITABLE SERVICES.—

“(I) DIRECTLY OR THROUGH CONTRACTS.—The provision of services pursuant to this subparagraph shall be provided—

“(aa) by employees of a public agency; or

“(bb) through contract by the public agency with an individual, association, agency, organization, or other entity.

“(II) SECULAR, NEUTRAL, NONIDEOLOGICAL.—Special education and related services provided to parentally placed private school children with disabilities, including materials and equipment, shall be secular, neutral, and nonideological.

“(vii) PUBLIC CONTROL OF FUNDS.—The control of funds used to provide special education and related services under this subparagraph, and title to materials, equipment, and property purchased with those funds, shall be in a public agency for the uses and purposes provided in this title, and a public agency shall administer the funds and property.

“(B) CHILDREN PLACED IN, OR REFERRED TO, PRIVATE SCHOOLS BY PUBLIC AGENCIES.—

“(i) IN GENERAL.—Children with disabilities in private schools and facilities are provided special education and related services, in accordance with an individualized education program, at no cost to their parents, if such children are placed in, or referred to, such schools or facilities by the State or appropriate local educational agency as the means of carrying out the requirements of this part or any other applicable law requiring the provision of special education and related services to all children with disabilities within such State.

“(ii) STANDARDS.—In all cases described in clause (i), the State educational agency shall determine whether such schools and facilities meet standards that apply to State educational agencies and local educational agencies and that children so served have all the rights the children would have if served by such agencies.

“(C) PAYMENT FOR EDUCATION OF CHILDREN ENROLLED IN PRIVATE SCHOOLS WITHOUT CONSENT OF OR REFERRAL BY THE PUBLIC AGENCY.—

“(i) IN GENERAL.—Subject to subparagraph (A), this part does not require a local educational agency to pay for the cost of education, including special education and related services, of a child with a disability at a private school or facility if that agency made a free appropriate public education available to the child and the parents elected to place the child in such private school or facility.

“(ii) REIMBURSEMENT FOR PRIVATE SCHOOL PLACEMENT.—If the parents of a child with a disability, who previously received special education and related services under the authority of a public agency, enroll the child in a private elementary school or secondary school without the consent of or referral by the public agency, a court or a hearing officer may require the agency to reimburse the parents for the cost of that enrollment if the court or hearing officer finds that the agency had not made a free appropriate public education available to the child in a timely manner prior to that enrollment.

“(iii) LIMITATION ON REIMBURSEMENT.—The cost of reimbursement described in clause (ii) may be reduced or denied—

“(I) if—

“(aa) at the most recent IEP meeting that the parents attended prior to removal of the child from the public school, the parents did not inform the IEP Team that they were rejecting the placement proposed by the public agency to provide a free appropriate public education to their child, including stating their concerns and their intent to enroll their child in a private school at public expense; or

“(bb) 10 business days (including any holidays that occur on a business day) prior to the removal of the child from the public school, the parents did not give written notice to the public agency of the information described in item (aa);

“(II) if, prior to the parents’ removal of the child from the public school, the public agency informed the parents, through the notice requirements described in section 615(b)(3), of its intent to evaluate the child (including a statement of the purpose of the evaluation that was appropriate and reasonable), but the parents did not make the child available for such evaluation; or

“(III) upon a judicial finding of unreasonableness with respect to actions taken by the parents.

“(iv) EXCEPTION.—Notwithstanding the notice requirement in clause (iii)(I), the cost of reimbursement—

“(I) shall not be reduced or denied for failure to provide such notice if—

“(aa) the school prevented the parent from providing such notice;

“(bb) the parents had not received notice, pursuant to section 615, of the notice requirement in clause (iii)(I); or

“(cc) compliance with clause (iii)(I) would likely result in physical harm to the child; and

“(II) may, in the discretion of a court or a hearing officer, not be reduced or denied for failure to provide such notice if—

“(aa) the parent is illiterate or cannot write in English; or

“(bb) compliance with clause (iii)(I) would likely result in serious emotional harm to the child.

“(11) STATE EDUCATIONAL AGENCY RESPONSIBLE FOR GENERAL SUPERVISION.—

“(A) IN GENERAL.—The State educational agency is responsible for ensuring that—

“(i) the requirements of this part are met;

“(ii) all educational programs for children with disabilities in the State, including all such programs administered by any other State agency or local agency—

“(I) are under the general supervision of individuals in the State who are responsible for educational programs for children with disabilities; and

“(II) meet the educational standards of the State educational agency; and

“(iii) in carrying out this part with respect to homeless children, the requirements of subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.) are met.

“(B) LIMITATION.—Subparagraph (A) shall not limit the responsibility of agencies in the State other than the State educational agency to provide, or pay for some or all of the costs of, a free appropriate public education for any child with a disability in the State.

“(C) EXCEPTION.—Notwithstanding subparagraphs (A) and (B), the Governor (or another individual pursuant to State law), consistent with State law, may assign to any public agency in the State the responsibility of ensuring that the requirements of this part are met with respect to children with disabilities who are convicted as adults under State law and incarcerated in adult prisons.

“(12) OBLIGATIONS RELATED TO AND METHODS OF ENSURING SERVICES.—

“(A) ESTABLISHING RESPONSIBILITY FOR SERVICES.—The Chief Executive Officer of a State or designee of the officer shall ensure that an interagency agreement or other mechanism for interagency coordination is in effect between each public agency described in subparagraph (B) and the State educational agency, in order to ensure that all services described in subparagraph (B)(i) that are needed to ensure a free appropriate public education are provided, including the provision of such services during the pendency of any dispute under clause (iii). Such agreement or mechanism shall include the following:

“(i) AGENCY FINANCIAL RESPONSIBILITY.—An identification of, or a method for defining, the financial responsibility of each agency for providing services described in subparagraph (B)(i) to ensure a free appropriate public education to children with disabilities, provided that the financial responsibility of each public agency described in subparagraph (B), including the State medicaid agency and other public insurers of children with disabilities, shall precede the financial responsibility of the local educational agency (or the State agency responsible for developing the child’s IEP).

“(ii) CONDITIONS AND TERMS OF REIMBURSEMENT.—The conditions, terms, and procedures under which a local educational agency shall be reimbursed by other agencies.

“(iii) INTERAGENCY DISPUTES.—Procedures for resolving interagency disputes (including procedures under which local educational agencies may initiate proceedings) under the agreement or other mechanism to secure reimbursement from other agencies or otherwise implement the provisions of the agreement or mechanism.

“(iv) COORDINATION OF SERVICES PROCEDURES.—Policies and procedures for agencies to determine and identify the interagency coordination responsibilities of each agency to promote the coordination and timely and appropriate delivery of services described in subparagraph (B)(i).

“(B) OBLIGATION OF PUBLIC AGENCY.—

“(i) IN GENERAL.—If any public agency other than an educational agency is otherwise obligated under Federal or State law, or assigned responsibility under State policy pursuant to subparagraph (A), to provide or pay for any services that are also considered special education or related services (such as, but not limited to, services described in section 602(1) relating to assistive technology devices, 602(2) relating to assistive technology services, 602(26) relating to related services, 602(33) relating to supplementary aids and services, and 602(34) relating to transition services) that are necessary for ensuring a free appropriate public education to children with disabilities within the State, such public agency shall fulfill that obligation or responsibility, either directly or through contract or

other arrangement pursuant to subparagraph (A) or an agreement pursuant to subparagraph (C).

“(ii) REIMBURSEMENT FOR SERVICES BY PUBLIC AGENCY.—If a public agency other than an educational agency fails to provide or pay for the special education and related services described in clause (i), the local educational agency (or State agency responsible for developing the child’s IEP) shall provide or pay for such services to the child. Such local educational agency or State agency is authorized to claim reimbursement for the services from the public agency that failed to provide or pay for such services and such public agency shall reimburse the local educational agency or State agency pursuant to the terms of the interagency agreement or other mechanism described in subparagraph (A)(i) according to the procedures established in such agreement pursuant to subparagraph (A)(ii).

“(C) SPECIAL RULE.—The requirements of subparagraph (A) may be met through—

“(i) State statute or regulation;

“(ii) signed agreements between respective agency officials that clearly identify the responsibilities of each agency relating to the provision of services; or

“(iii) other appropriate written methods as determined by the Chief Executive Officer of the State or designee of the officer and approved by the Secretary.

“(13) PROCEDURAL REQUIREMENTS RELATING TO LOCAL EDUCATIONAL AGENCY ELIGIBILITY.—The State educational agency will not make a final determination that a local educational agency is not eligible for assistance under this part without first affording that agency reasonable notice and an opportunity for a hearing.

“(14) PERSONNEL QUALIFICATIONS.—

“(A) IN GENERAL.—The State educational agency has established and maintains qualifications to ensure that personnel necessary to carry out this part are appropriately and adequately prepared and trained, including that those personnel have the content knowledge and skills to serve children with disabilities.

“(B) RELATED SERVICES PERSONNEL AND PARAPROFESSIONALS.—The qualifications under subparagraph (A) include qualifications for related services personnel and paraprofessionals that—

“(i) are consistent with any State-approved or State-recognized certification, licensing, registration, or other comparable requirements that apply to the professional discipline in which those personnel are providing special education or related services;

“(ii) ensure that related services personnel who deliver services in their discipline or profession meet the requirements of clause (i) and have not had certification or licensure requirements waived on an emergency, temporary, or provisional basis; and

“(iii) allow paraprofessionals and assistants who are appropriately trained and supervised, in accordance with State law, regulation, or written policy, in

meeting the requirements of this part to be used to assist in the provision of special education and related services under this part to children with disabilities.

“(C) QUALIFICATIONS FOR SPECIAL EDUCATION TEACHERS.—The qualifications described in subparagraph (A) shall ensure that each person employed as a special education teacher in the State who teaches elementary school, middle school, or secondary school is highly qualified by the deadline established in section 1119(a)(2) of the Elementary and Secondary Education Act of 1965.

“(D) POLICY.—In implementing this section, a State shall adopt a policy that includes a requirement that local educational agencies in the State take measurable steps to recruit, hire, train, and retain highly qualified personnel to provide special education and related services under this part to children with disabilities.

“(E) RULE OF CONSTRUCTION.—Notwithstanding any other individual right of action that a parent or student may maintain under this part, nothing in this paragraph shall be construed to create a right of action on behalf of an individual student for the failure of a particular State educational agency or local educational agency staff person to be highly qualified, or to prevent a parent from filing a complaint about staff qualifications with the State educational agency as provided for under this part.

“(15) PERFORMANCE GOALS AND INDICATORS.—The State—

“(A) has established goals for the performance of children with disabilities in the State that—

“(i) promote the purposes of this title, as stated in section 601(d);

“(iii) address graduation rates and dropout rates, as well as such other factors as the State may determine; and

“(iv) are consistent, to the extent appropriate, with any other goals and standards for children established by the State;

“(B) has established performance indicators the State will use to assess progress toward achieving the goals described in subparagraph (A), including measurable annual objectives for progress by children with disabilities under section 1111(b)(2)(C)(v)(II)(cc) of the Elementary and Secondary Education Act of 1965; and

“(C) will annually report to the Secretary and the public on the progress of the State, and of children with disabilities in the State, toward meeting the goals established under subparagraph (A), which may include elements of the reports required under section 1111(h) of the Elementary and Secondary Education Act of 1965.

“(16) PARTICIPATION IN ASSESSMENTS.—

“(A) IN GENERAL.—All children with disabilities are included in all general State and districtwide assessment programs, including assessments described under section

Reports.

1111 of the Elementary and Secondary Education Act of 1965, with appropriate accommodations and alternate assessments where necessary and as indicated in their respective individualized education programs.

“(B) ACCOMMODATION GUIDELINES.—The State (or, in the case of a districtwide assessment, the local educational agency) has developed guidelines for the provision of appropriate accommodations.

“(C) ALTERNATE ASSESSMENTS.—

“(i) IN GENERAL.—The State (or, in the case of a districtwide assessment, the local educational agency) has developed and implemented guidelines for the participation of children with disabilities in alternate assessments for those children who cannot participate in regular assessments under subparagraph (A) with accommodations as indicated in their respective individualized education programs.

“(ii) REQUIREMENTS FOR ALTERNATE ASSESSMENTS.—The guidelines under clause (i) shall provide for alternate assessments that—

“(I) are aligned with the State’s challenging academic content standards and challenging student academic achievement standards; and

“(II) if the State has adopted alternate academic achievement standards permitted under the regulations promulgated to carry out section 1111(b)(1) of the Elementary and Secondary Education Act of 1965, measure the achievement of children with disabilities against those standards.

“(iii) CONDUCT OF ALTERNATE ASSESSMENTS.—The State conducts the alternate assessments described in this subparagraph.

“(D) REPORTS.—The State educational agency (or, in the case of a districtwide assessment, the local educational agency) makes available to the public, and reports to the public with the same frequency and in the same detail as it reports on the assessment of nondisabled children, the following:

“(i) The number of children with disabilities participating in regular assessments, and the number of those children who were provided accommodations in order to participate in those assessments.

“(ii) The number of children with disabilities participating in alternate assessments described in subparagraph (C)(ii)(I).

“(iii) The number of children with disabilities participating in alternate assessments described in subparagraph (C)(ii)(II).

“(iv) The performance of children with disabilities on regular assessments and on alternate assessments (if the number of children with disabilities participating in those assessments is sufficient to yield statistically reliable information and reporting that information will not reveal personally identifiable information about an individual student), compared with the achievement of all children, including children with disabilities, on those assessments.

“(E) UNIVERSAL DESIGN.—The State educational agency (or, in the case of a districtwide assessment, the local educational agency) shall, to the extent feasible, use universal design principles in developing and administering any assessments under this paragraph.

“(17) SUPPLEMENTATION OF STATE, LOCAL, AND OTHER FEDERAL FUNDS.—

“(A) EXPENDITURES.—Funds paid to a State under this part will be expended in accordance with all the provisions of this part.

“(B) PROHIBITION AGAINST COMMINGLING.—Funds paid to a State under this part will not be commingled with State funds.

“(C) PROHIBITION AGAINST SUPPLANTATION AND CONDITIONS FOR WAIVER BY SECRETARY.—Except as provided in section 613, funds paid to a State under this part will be used to supplement the level of Federal, State, and local funds (including funds that are not under the direct control of State or local educational agencies) expended for special education and related services provided to children with disabilities under this part and in no case to supplant such Federal, State, and local funds, except that, where the State provides clear and convincing evidence that all children with disabilities have available to them a free appropriate public education, the Secretary may waive, in whole or in part, the requirements of this subparagraph if the Secretary concurs with the evidence provided by the State.

“(18) MAINTENANCE OF STATE FINANCIAL SUPPORT.—

“(A) IN GENERAL.—The State does not reduce the amount of State financial support for special education and related services for children with disabilities, or otherwise made available because of the excess costs of educating those children, below the amount of that support for the preceding fiscal year.

“(B) REDUCTION OF FUNDS FOR FAILURE TO MAINTAIN SUPPORT.—The Secretary shall reduce the allocation of funds under section 611 for any fiscal year following the fiscal year in which the State fails to comply with the requirement of subparagraph (A) by the same amount by which the State fails to meet the requirement.

“(C) WAIVERS FOR EXCEPTIONAL OR UNCONTROLLABLE CIRCUMSTANCES.—The Secretary may waive the requirement of subparagraph (A) for a State, for 1 fiscal year at a time, if the Secretary determines that—

“(i) granting a waiver would be equitable due to exceptional or uncontrollable circumstances such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the State; or

“(ii) the State meets the standard in paragraph (17)(C) for a waiver of the requirement to supplement, and not to supplant, funds received under this part.

“(D) SUBSEQUENT YEARS.—If, for any year, a State fails to meet the requirement of subparagraph (A), including any year for which the State is granted a waiver under subparagraph (C), the financial support required of the State in future years under subparagraph (A) shall

be the amount that would have been required in the absence of that failure and not the reduced level of the State's support.

“(19) PUBLIC PARTICIPATION.—Prior to the adoption of any policies and procedures needed to comply with this section (including any amendments to such policies and procedures), the State ensures that there are public hearings, adequate notice of the hearings, and an opportunity for comment available to the general public, including individuals with disabilities and parents of children with disabilities.

“(20) RULE OF CONSTRUCTION.—In complying with paragraphs (17) and (18), a State may not use funds paid to it under this part to satisfy State-law mandated funding obligations to local educational agencies, including funding based on student attendance or enrollment, or inflation.

“(22) SUSPENSION AND EXPULSION RATES.—

“(A) IN GENERAL.—The State educational agency examines data, including data disaggregated by race and ethnicity, to determine if significant discrepancies are occurring in the rate of long-term suspensions and expulsions of children with disabilities—

“(i) among local educational agencies in the State;

or

“(ii) compared to such rates for nondisabled children within such agencies.

“(B) REVIEW AND REVISION OF POLICIES.—If such discrepancies are occurring, the State educational agency reviews and, if appropriate, revises (or requires the affected State or local educational agency to revise) its policies, procedures, and practices relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards, to ensure that such policies, procedures, and practices comply with this title.

“(B) RIGHTS OF STATE EDUCATIONAL AGENCY.—Nothing in this paragraph shall be construed to require any State educational agency to coordinate with the National Instructional Materials Access Center. If a State educational agency chooses not to coordinate with the National Instructional Materials Access Center, such agency shall provide an assurance to the Secretary that the agency will provide instructional materials to blind persons or other persons with print disabilities in a timely manner.

“(C) PREPARATION AND DELIVERY OF FILES.—If a State educational agency chooses to coordinate with the National Instructional Materials Access Center, not later than 2 years after the date of enactment of the Individuals with Disabilities Education Improvement Act of 2004, the

“(ii) purchase instructional materials from the publisher that are produced in, or may be rendered in, specialized formats.

“(D) ASSISTIVE TECHNOLOGY.—In carrying out this paragraph, the State educational agency, to the maximum extent possible, shall work collaboratively with the State agency responsible for assistive technology programs.

“(24) OVERIDENTIFICATION AND DISPROPORTIONALITY.—The State has in effect, consistent with the purposes of this title and with section 618(d), policies and procedures designed to prevent the inappropriate overidentification or disproportionate representation by race and ethnicity of children as children with disabilities, including children with disabilities with a particular impairment described in section 602.

“(25) PROHIBITION ON MANDATORY MEDICATION.—

“(A) IN GENERAL.—The State educational agency shall prohibit State and local educational agency personnel from requiring a child to obtain a prescription for a substance covered by the Controlled Substances Act (21 U.S.C. 801 et seq.) as a condition of attending school, receiving an evaluation under subsection (a) or (c) of section 614, or receiving services under this title.

“(B) RULE OF CONSTRUCTION.—Nothing in subparagraph (A) shall be construed to create a Federal prohibition against teachers and other school personnel consulting or sharing classroom-based observations with parents or guardians regarding a student’s academic and functional performance, or behavior in the classroom or school, or regarding the need for evaluation for special education or related services under paragraph (3).

“(b) STATE EDUCATIONAL AGENCY AS PROVIDER OF FREE APPROPRIATE PUBLIC EDUCATION OR DIRECT SERVICES.—If the State educational agency provides free appropriate public education to children with disabilities, or provides direct services to such children, such agency—

“(1) shall comply with any additional requirements of section 613(a), as if such agency were a local educational agency; and

“(2) may use amounts that are otherwise available to such agency under this part to serve those children without regard to section 613(a)(2)(A)(i) (relating to excess costs).

“(c) EXCEPTION FOR PRIOR STATE PLANS.—

“(1) IN GENERAL.—If a State has on file with the Secretary policies and procedures that demonstrate that such State meets any requirement of subsection (a), including any policies and procedures filed under this part as in effect before the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the Secretary shall consider such State to have met such requirement for purposes of receiving a grant under this part.

Termination
date.

“(2) MODIFICATIONS MADE BY STATE.—Subject to paragraph (3), an application submitted by a State in accordance with this section shall remain in effect until the State submits to the Secretary such modifications as the State determines necessary. This section shall apply to a modification to an application to the same extent and in the same manner as this section applies to the original plan.

Applicability.

“(3) MODIFICATIONS REQUIRED BY THE SECRETARY.—If, after the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the provisions of this title are amended (or the regulations developed to carry out this title are amended), there is a new interpretation of this title by a Federal court or a State’s highest court, or there is an official finding of noncompliance with Federal law or regulations, then the Secretary may require a State to modify its application only to the extent necessary to ensure the State’s compliance with this part.

“(d) APPROVAL BY THE SECRETARY.—

Notification.

“(1) IN GENERAL.—If the Secretary determines that a State is eligible to receive a grant under this part, the Secretary shall notify the State of that determination.

“(2) NOTICE AND HEARING.—The Secretary shall not make a final determination that a State is not eligible to receive a grant under this part until after providing the State—

“(A) with reasonable notice; and

“(B) with an opportunity for a hearing.

“(e) ASSISTANCE UNDER OTHER FEDERAL PROGRAMS.—Nothing in this title permits a State to reduce medical and other assistance available, or to alter eligibility, under titles V and XIX of the Social Security Act with respect to the provision of a free appropriate public education for children with disabilities in the State.

“(f) BY-PASS FOR CHILDREN IN PRIVATE SCHOOLS.—

“(1) IN GENERAL.—If, on the date of enactment of the Education of the Handicapped Act Amendments of 1983, a State educational agency was prohibited by law from providing for the equitable participation in special programs of children with

disabilities enrolled in private elementary schools and secondary schools as required by subsection (a)(10)(A), or if the Secretary determines that a State educational agency, local educational agency, or other entity has substantially failed or is unwilling to provide for such equitable participation, then the Secretary shall, notwithstanding such provision of law, arrange for the provision of services to such children through arrangements that shall be subject to the requirements of such subsection.

“(2) PAYMENTS.—

“(A) DETERMINATION OF AMOUNTS.—If the Secretary arranges for services pursuant to this subsection, the Secretary, after consultation with the appropriate public and private school officials, shall pay to the provider of such services for a fiscal year an amount per child that does not exceed the amount determined by dividing—

“(i) the total amount received by the State under this part for such fiscal year; by

“(ii) the number of children with disabilities served in the prior year, as reported to the Secretary by the State under section 618.

“(B) WITHHOLDING OF CERTAIN AMOUNTS.—Pending final resolution of any investigation or complaint that may result in a determination under this subsection, the Secretary may withhold from the allocation of the affected State educational agency the amount the Secretary estimates will be necessary to pay the cost of services described in subparagraph (A).

“(C) PERIOD OF PAYMENTS.—The period under which payments are made under subparagraph (A) shall continue until the Secretary determines that there will no longer be any failure or inability on the part of the State educational agency to meet the requirements of subsection (a)(10)(A).

“(3) NOTICE AND HEARING.—

Deadlines.

“(A) IN GENERAL.—The Secretary shall not take any final action under this subsection until the State educational agency affected by such action has had an opportunity, for not less than 45 days after receiving written notice thereof, to submit written objections and to appear before the Secretary or the Secretary’s designee to show cause why such action should not be taken.

“(B) REVIEW OF ACTION.—If a State educational agency is dissatisfied with the Secretary’s final action after a proceeding under subparagraph (A), such agency may, not later than 60 days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceedings on which the Secretary based the Secretary’s action, as provided in section 2112 of title 28, United States Code.

“(C) REVIEW OF FINDINGS OF FACT.—The findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Secretary to take further

evidence, and the Secretary may thereupon make new or modified findings of fact and may modify the Secretary's previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

“(D) JURISDICTION OF COURT OF APPEALS; REVIEW BY UNITED STATES SUPREME COURT.—Upon the filing of a petition under subparagraph (B), the United States court of appeals shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code.

20 USC 1413.

“SEC. 613. LOCAL EDUCATIONAL AGENCY ELIGIBILITY.

“(a) IN GENERAL.—A local educational agency is eligible for assistance under this part for a fiscal year if such agency submits a plan that provides assurances to the State educational agency that the local educational agency meets each of the following conditions:

“(1) CONSISTENCY WITH STATE POLICIES.—The local educational agency, in providing for the education of children with disabilities within its jurisdiction, has in effect policies, procedures, and programs that are consistent with the State policies and procedures established under section 612.

“(2) USE OF AMOUNTS.—

“(A) IN GENERAL.—Amounts provided to the local educational agency under this part shall be expended in accordance with the applicable provisions of this part and—

“(i) shall be used only to pay the excess costs of providing special education and related services to children with disabilities;

“(ii) shall be used to supplement State, local, and other Federal funds and not to supplant such funds; and

“(iii) shall not be used, except as provided in subparagraphs (B) and (C), to reduce the level of expenditures for the education of children with disabilities made by the local educational agency from local funds below the level of those expenditures for the preceding fiscal year.

“(B) EXCEPTION.—Notwithstanding the restriction in subparagraph (A)(iii), a local educational agency may reduce the level of expenditures where such reduction is attributable to—

“(i) the voluntary departure, by retirement or otherwise, or departure for just cause, of special education personnel;

“(ii) a decrease in the enrollment of children with disabilities;

“(iii) the termination of the obligation of the agency, consistent with this part, to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the State educational agency, because the child—

“(I) has left the jurisdiction of the agency;

“(II) has reached the age at which the obligation of the agency to provide a free appropriate public education to the child has terminated; or

“(III) no longer needs such program of special education; or

“(iv) the termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.

“(C) ADJUSTMENT TO LOCAL FISCAL EFFORT IN CERTAIN FISCAL YEARS.—

“(i) AMOUNTS IN EXCESS.—Notwithstanding clauses (ii) and (iii) of subparagraph (A), for any fiscal year for which the allocation received by a local educational agency under section 611(f) exceeds the amount the local educational agency received for the previous fiscal year, the local educational agency may reduce the level of expenditures otherwise required by subparagraph (A)(iii) by not more than 50 percent of the amount of such excess.

“(ii) USE OF AMOUNTS TO CARRY OUT ACTIVITIES UNDER ESEA.—If a local educational agency exercises the authority under clause (i), the agency shall use an amount of local funds equal to the reduction in expenditures under clause (i) to carry out activities authorized under the Elementary and Secondary Education Act of 1965.

“(iii) STATE PROHIBITION.—Notwithstanding clause (i), if a State educational agency determines that a local educational agency is unable to establish and maintain programs of free appropriate public education that meet the requirements of subsection (a) or the State educational agency has taken action against the local educational agency under section 616, the State educational agency shall prohibit the local educational agency from reducing the level of expenditures under clause (i) for that fiscal year.

“(iv) SPECIAL RULE.—The amount of funds expended by a local educational agency under subsection (f) shall count toward the maximum amount of expenditures such local educational agency may reduce under clause (i).

“(D) SCHOOLWIDE PROGRAMS UNDER TITLE I OF THE ESEA.—Notwithstanding subparagraph (A) or any other provision of this part, a local educational agency may use funds received under this part for any fiscal year to carry out a schoolwide program under section 1114 of the Elementary and Secondary Education Act of 1965, except that the amount so used in any such program shall not exceed—

“(i) the number of children with disabilities participating in the schoolwide program; multiplied by

“(ii)(I) the amount received by the local educational agency under this part for that fiscal year; divided by

“(II) the number of children with disabilities in the jurisdiction of that agency.

“(3) PERSONNEL DEVELOPMENT.—The local educational agency shall ensure that all personnel necessary to carry out this part are appropriately and adequately prepared, subject to the requirements of section 612(a)(14) and section 2122 of the Elementary and Secondary Education Act of 1965.

“(4) PERMISSIVE USE OF FUNDS.—

“(A) USES.—Notwithstanding paragraph (2)(A) or section 612(a)(17)(B) (relating to commingled funds), funds provided to the local educational agency under this part may be used for the following activities:

“(i) SERVICES AND AIDS THAT ALSO BENEFIT NON-DISABLED CHILDREN.—For the costs of special education and related services, and supplementary aids and services, provided in a regular class or other education-related setting to a child with a disability in accordance with the individualized education program of the child, even if 1 or more nondisabled children benefit from such services.

“(ii) EARLY INTERVENING SERVICES.—To develop and implement coordinated, early intervening educational services in accordance with subsection (f).

“(iii) HIGH COST EDUCATION AND RELATED SERVICES.—To establish and implement cost or risk sharing funds, consortia, or cooperatives for the local educational agency itself, or for local educational agencies working in a consortium of which the local educational agency is a part, to pay for high cost special education and related services.

“(B) ADMINISTRATIVE CASE MANAGEMENT.—A local educational agency may use funds received under this part to purchase appropriate technology for recordkeeping, data collection, and related case management activities of teachers and related services personnel providing services described in the individualized education program of children with disabilities, that is needed for the implementation of such case management activities.

“(5) TREATMENT OF CHARTER SCHOOLS AND THEIR STUDENTS.—In carrying out this part with respect to charter schools that are public schools of the local educational agency, the local educational agency—

“(A) serves children with disabilities attending those charter schools in the same manner as the local educational agency serves children with disabilities in its other schools, including providing supplementary and related services on site at the charter school to the same extent to which the local educational agency has a policy or practice of providing such services on the site to its other public schools; and

“(B) provides funds under this part to those charter schools—

“(i) on the same basis as the local educational agency provides funds to the local educational agency’s other public schools, including proportional distribution based on relative enrollment of children with disabilities; and

“(ii) at the same time as the agency distributes other Federal funds to the agency’s other public schools, consistent with the State’s charter school law.

“(6) PURCHASE OF INSTRUCTIONAL MATERIALS.—

“(A) IN GENERAL.—Not later than 2 years after the date of enactment of the Individuals with Disabilities Education Improvement Act of 2004, a local educational agency that chooses to coordinate with the National Instructional Materials Access Center, when purchasing print instructional materials, shall acquire the print instructional materials in the same manner and subject to the same conditions as a State educational agency acquires print instructional materials under section 612(a)(23).

Deadline.

“(B) RIGHTS OF LOCAL EDUCATIONAL AGENCY.—Nothing in this paragraph shall be construed to require a local educational agency to coordinate with the National Instructional Materials Access Center. If a local educational agency chooses not to coordinate with the National Instructional Materials Access Center, the local educational agency shall provide an assurance to the State educational agency that the local educational agency will provide instructional materials to blind persons or other persons with print disabilities in a timely manner.

“(7) INFORMATION FOR STATE EDUCATIONAL AGENCY.—The local educational agency shall provide the State educational agency with information necessary to enable the State educational agency to carry out its duties under this part, including, with respect to paragraphs (15) and (16) of section 612(a), information relating to the performance of children with disabilities participating in programs carried out under this part.

“(8) PUBLIC INFORMATION.—The local educational agency shall make available to parents of children with disabilities and to the general public all documents relating to the eligibility of such agency under this part.

“(9) RECORDS REGARDING MIGRATORY CHILDREN WITH DISABILITIES.—The local educational agency shall cooperate in the Secretary’s efforts under section 1308 of the Elementary and Secondary Education Act of 1965 to ensure the linkage of records pertaining to migratory children with a disability for the purpose of electronically exchanging, among the States, health and educational information regarding such children.

“(b) EXCEPTION FOR PRIOR LOCAL PLANS.—

“(1) IN GENERAL.—If a local educational agency or State agency has on file with the State educational agency policies and procedures that demonstrate that such local educational agency, or such State agency, as the case may be, meets any requirement of subsection (a), including any policies and procedures filed under this part as in effect before the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the State educational agency shall consider such local educational agency or State agency, as the case may be, to have met such requirement for purposes of receiving assistance under this part.

“(2) MODIFICATION MADE BY LOCAL EDUCATIONAL AGENCY.—Subject to paragraph (3), an application submitted by a local educational agency in accordance with this section shall remain

in effect until the local educational agency submits to the State educational agency such modifications as the local educational agency determines necessary.

“(3) MODIFICATIONS REQUIRED BY STATE EDUCATIONAL AGENCY.—If, after the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the provisions of this title are amended (or the regulations developed to carry out this title are amended), there is a new interpretation of this title by Federal or State courts, or there is an official finding of noncompliance with Federal or State law or regulations, then the State educational agency may require a local educational agency to modify its application only to the extent necessary to ensure the local educational agency’s compliance with this part or State law.

“(c) NOTIFICATION OF LOCAL EDUCATIONAL AGENCY OR STATE AGENCY IN CASE OF INELIGIBILITY.—If the State educational agency determines that a local educational agency or State agency is not eligible under this section, then the State educational agency shall notify the local educational agency or State agency, as the case may be, of that determination and shall provide such local educational agency or State agency with reasonable notice and an opportunity for a hearing.

“(d) LOCAL EDUCATIONAL AGENCY COMPLIANCE.—

“(1) IN GENERAL.—If the State educational agency, after reasonable notice and an opportunity for a hearing, finds that a local educational agency or State agency that has been determined to be eligible under this section is failing to comply with any requirement described in subsection (a), the State educational agency shall reduce or shall not provide any further payments to the local educational agency or State agency until the State educational agency is satisfied that the local educational agency or State agency, as the case may be, is complying with that requirement.

“(2) ADDITIONAL REQUIREMENT.—Any State agency or local educational agency in receipt of a notice described in paragraph (1) shall, by means of public notice, take such measures as may be necessary to bring the pendency of an action pursuant to this subsection to the attention of the public within the jurisdiction of such agency.

“(3) CONSIDERATION.—In carrying out its responsibilities under paragraph (1), the State educational agency shall consider any decision made in a hearing held under section 615 that is adverse to the local educational agency or State agency involved in that decision.

“(e) JOINT ESTABLISHMENT OF ELIGIBILITY.—

“(1) JOINT ESTABLISHMENT.—

“(A) IN GENERAL.—A State educational agency may require a local educational agency to establish its eligibility jointly with another local educational agency if the State educational agency determines that the local educational agency will be ineligible under this section because the local educational agency will not be able to establish and maintain programs of sufficient size and scope to effectively meet the needs of children with disabilities.

“(B) CHARTER SCHOOL EXCEPTION.—A State educational agency may not require a charter school that is a local educational agency to jointly establish its eligibility under

subparagraph (A) unless the charter school is explicitly permitted to do so under the State's charter school law.

“(2) AMOUNT OF PAYMENTS.—If a State educational agency requires the joint establishment of eligibility under paragraph (1), the total amount of funds made available to the affected local educational agencies shall be equal to the sum of the payments that each such local educational agency would have received under section 611(f) if such agencies were eligible for such payments.

“(3) REQUIREMENTS.—Local educational agencies that establish joint eligibility under this subsection shall—

“(A) adopt policies and procedures that are consistent with the State's policies and procedures under section 612(a); and

“(B) be jointly responsible for implementing programs that receive assistance under this part.

“(4) REQUIREMENTS FOR EDUCATIONAL SERVICE AGENCIES.—

“(A) IN GENERAL.—If an educational service agency is required by State law to carry out programs under this part, the joint responsibilities given to local educational agencies under this subsection shall—

“(i) not apply to the administration and disbursement of any payments received by that educational service agency; and

“(ii) be carried out only by that educational service agency.

“(B) ADDITIONAL REQUIREMENT.—Notwithstanding any other provision of this subsection, an educational service agency shall provide for the education of children with disabilities in the least restrictive environment, as required by section 612(a)(5).

“(f) EARLY INTERVENING SERVICES.—

“(1) IN GENERAL.—A local educational agency may not use more than 15 percent of the amount such agency receives under this part for any fiscal year, less any amount reduced by the agency pursuant to subsection (a)(2)(C), if any, in combination with other amounts (which may include amounts other than education funds), to develop and implement coordinated, early intervening services, which may include interagency financing structures, for students in kindergarten through grade 12 (with a particular emphasis on students in kindergarten through grade 3) who have not been identified as needing special education or related services but who need additional academic and behavioral support to succeed in a general education environment.

“(2) ACTIVITIES.—In implementing coordinated, early intervening services under this subsection, a local educational agency may carry out activities that include—

“(A) professional development (which may be provided by entities other than local educational agencies) for teachers and other school staff to enable such personnel to deliver scientifically based academic instruction and behavioral interventions, including scientifically based literacy instruction, and, where appropriate, instruction on the use of adaptive and instructional software; and

“(B) providing educational and behavioral evaluations, services, and supports, including scientifically based literacy instruction.

“(3) CONSTRUCTION.—Nothing in this subsection shall be construed to limit or create a right to a free appropriate public education under this part.

“(4) REPORTING.—Each local educational agency that develops and maintains coordinated, early intervening services under this subsection shall annually report to the State educational agency on—

“(A) the number of students served under this subsection; and

“(B) the number of students served under this subsection who subsequently receive special education and related services under this title during the preceding 2-year period.

“(5) COORDINATION WITH ELEMENTARY AND SECONDARY EDUCATION ACT OF 1965.—Funds made available to carry out this subsection may be used to carry out coordinated, early intervening services aligned with activities funded by, and carried out under, the Elementary and Secondary Education Act of 1965 if such funds are used to supplement, and not supplant, funds made available under the Elementary and Secondary Education Act of 1965 for the activities and services assisted under this subsection.

“(g) DIRECT SERVICES BY THE STATE EDUCATIONAL AGENCY.—

“(1) IN GENERAL.—A State educational agency shall use the payments that would otherwise have been available to a local educational agency or to a State agency to provide special education and related services directly to children with disabilities residing in the area served by that local educational agency, or for whom that State agency is responsible, if the State educational agency determines that the local educational agency or State agency, as the case may be—

“(A) has not provided the information needed to establish the eligibility of such local educational agency or State agency under this section;

“(B) is unable to establish and maintain programs of free appropriate public education that meet the requirements of subsection (a);

“(C) is unable or unwilling to be consolidated with 1 or more local educational agencies in order to establish and maintain such programs; or

“(D) has 1 or more children with disabilities who can best be served by a regional or State program or service delivery system designed to meet the needs of such children.

“(2) MANNER AND LOCATION OF EDUCATION AND SERVICES.—

The State educational agency may provide special education and related services under paragraph (1) in such manner and at such locations (including regional or State centers) as the State educational agency considers appropriate. Such education and services shall be provided in accordance with this part.

“(h) STATE AGENCY ELIGIBILITY.—Any State agency that desires to receive a subgrant for any fiscal year under section 611(f) shall demonstrate to the satisfaction of the State educational agency that—

“(1) all children with disabilities who are participating in programs and projects funded under this part receive a free appropriate public education, and that those children and their parents are provided all the rights and procedural safeguards described in this part; and

“(2) the agency meets such other conditions of this section as the Secretary determines to be appropriate.

“(i) DISCIPLINARY INFORMATION.—The State may require that a local educational agency include in the records of a child with a disability a statement of any current or previous disciplinary action that has been taken against the child and transmit such statement to the same extent that such disciplinary information is included in, and transmitted with, the student records of non-disabled children. The statement may include a description of any behavior engaged in by the child that required disciplinary action, a description of the disciplinary action taken, and any other information that is relevant to the safety of the child and other individuals involved with the child. If the State adopts such a policy, and the child transfers from 1 school to another, the transmission of any of the child’s records shall include both the child’s current individualized education program and any such statement of current or previous disciplinary action that has been taken against the child.

“(j) STATE AGENCY FLEXIBILITY.—

“(1) ADJUSTMENT TO STATE FISCAL EFFORT IN CERTAIN FISCAL YEARS.—For any fiscal year for which the allotment received by a State under section 611 exceeds the amount the State received for the previous fiscal year and if the State in school year 2003–2004 or any subsequent school year pays or reimburses all local educational agencies within the State from State revenue 100 percent of the non-Federal share of the costs of special education and related services, the State educational agency, notwithstanding paragraphs (17) and (18) of section 612(a) and section 612(b), may reduce the level of expenditures from State sources for the education of children with disabilities by not more than 50 percent of the amount of such excess.

“(2) PROHIBITION.—Notwithstanding paragraph (1), if the Secretary determines that a State educational agency is unable to establish, maintain, or oversee programs of free appropriate public education that meet the requirements of this part, or that the State needs assistance, intervention, or substantial intervention under section 616(d)(2)(A), the Secretary shall prohibit the State educational agency from exercising the authority in paragraph (1).

“(3) EDUCATION ACTIVITIES.—If a State educational agency exercises the authority under paragraph (1), the agency shall use funds from State sources, in an amount equal to the amount of the reduction under paragraph (1), to support activities authorized under the Elementary and Secondary Education Act of 1965 or to support need based student or teacher higher education programs.

“(4) REPORT.—For each fiscal year for which a State educational agency exercises the authority under paragraph (1), the State educational agency shall report to the Secretary the amount of expenditures reduced pursuant to such paragraph

and the activities that were funded pursuant to paragraph (3).

“(5) LIMITATION.—Notwithstanding paragraph (1), a State educational agency may not reduce the level of expenditures described in paragraph (1) if any local educational agency in the State would, as a result of such reduction, receive less than 100 percent of the amount necessary to ensure that all children with disabilities served by the local educational agency receive a free appropriate public education from the combination of Federal funds received under this title and State funds received from the State educational agency.

20 USC 1414.

“SEC. 614. EVALUATIONS, ELIGIBILITY DETERMINATIONS, INDIVIDUALIZED EDUCATION PROGRAMS, AND EDUCATIONAL PLACEMENTS.

“(a) EVALUATIONS, PARENTAL CONSENT, AND REEVALUATIONS.—

“(1) INITIAL EVALUATIONS.—

“(A) IN GENERAL.—A State educational agency, other State agency, or local educational agency shall conduct a full and individual initial evaluation in accordance with this paragraph and subsection (b), before the initial provision of special education and related services to a child with a disability under this part.

“(B) REQUEST FOR INITIAL EVALUATION.—Consistent with subparagraph (D), either a parent of a child, or a State educational agency, other State agency, or local educational agency may initiate a request for an initial evaluation to determine if the child is a child with a disability.

“(C) PROCEDURES.—

“(i) IN GENERAL.—Such initial evaluation shall consist of procedures—

“(I) to determine whether a child is a child with a disability (as defined in section 602) within 60 days of receiving parental consent for the evaluation, or, if the State establishes a timeframe within which the evaluation must be conducted, within such timeframe; and

“(II) to determine the educational needs of such child.

“(ii) EXCEPTION.—The relevant timeframe in clause (i)(I) shall not apply to a local educational agency if—

“(I) a child enrolls in a school served by the local educational agency after the relevant timeframe in clause (i)(I) has begun and prior to a determination by the child’s previous local educational agency as to whether the child is a child with a disability (as defined in section 602), but only if the subsequent local educational agency is making sufficient progress to ensure a prompt completion of the evaluation, and the parent and subsequent local educational agency agree to a specific time when the evaluation will be completed; or

“(II) the parent of a child repeatedly fails or refuses to produce the child for the evaluation.

“(D) PARENTAL CONSENT.—

“(i) IN GENERAL.—

Deadline.

“(I) CONSENT FOR INITIAL EVALUATION.—The agency proposing to conduct an initial evaluation to determine if the child qualifies as a child with a disability as defined in section 602 shall obtain informed consent from the parent of such child before conducting the evaluation. Parental consent for evaluation shall not be construed as consent for placement for receipt of special education and related services.

“(II) CONSENT FOR SERVICES.—An agency that is responsible for making a free appropriate public education available to a child with a disability under this part shall seek to obtain informed consent from the parent of such child before providing special education and related services to the child.

“(ii) ABSENCE OF CONSENT.—

“(I) FOR INITIAL EVALUATION.—If the parent of such child does not provide consent for an initial evaluation under clause (i)(I), or the parent fails to respond to a request to provide the consent, the local educational agency may pursue the initial evaluation of the child by utilizing the procedures described in section 615, except to the extent inconsistent with State law relating to such parental consent.

“(II) FOR SERVICES.—If the parent of such child refuses to consent to services under clause (i)(II), the local educational agency shall not provide special education and related services to the child by utilizing the procedures described in section 615.

“(III) EFFECT ON AGENCY OBLIGATIONS.—If the parent of such child refuses to consent to the receipt of special education and related services, or the parent fails to respond to a request to provide such consent—

“(aa) the local educational agency shall not be considered to be in violation of the requirement to make available a free appropriate public education to the child for the failure to provide such child with the special education and related services for which the local educational agency requests such consent; and

“(bb) the local educational agency shall not be required to convene an IEP meeting or develop an IEP under this section for the child for the special education and related services for which the local educational agency requests such consent.

“(iii) CONSENT FOR WARDS OF THE STATE.—

“(I) IN GENERAL.—If the child is a ward of the State and is not residing with the child’s parent, the agency shall make reasonable efforts to obtain the informed consent from the parent (as defined in section 602) of the child for an

initial evaluation to determine whether the child is a child with a disability.

“(II) EXCEPTION.—The agency shall not be required to obtain informed consent from the parent of a child for an initial evaluation to determine whether the child is a child with a disability if—

“(aa) despite reasonable efforts to do so, the agency cannot discover the whereabouts of the parent of the child;

“(bb) the rights of the parents of the child have been terminated in accordance with State law; or

“(cc) the rights of the parent to make educational decisions have been subrogated by a judge in accordance with State law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the child.

“(E) RULE OF CONSTRUCTION.—The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services.

“(2) REEVALUATIONS.—

“(A) IN GENERAL.—A local educational agency shall ensure that a reevaluation of each child with a disability is conducted in accordance with subsections (b) and (c)—

“(i) if the local educational agency determines that the educational or related services needs, including improved academic achievement and functional performance, of the child warrant a reevaluation; or

“(ii) if the child’s parents or teacher requests a reevaluation.

“(B) LIMITATION.—A reevaluation conducted under subparagraph (A) shall occur—

“(i) not more frequently than once a year, unless the parent and the local educational agency agree otherwise; and

“(ii) at least once every 3 years, unless the parent and the local educational agency agree that a reevaluation is unnecessary.

“(b) EVALUATION PROCEDURES.—

“(1) NOTICE.—The local educational agency shall provide notice to the parents of a child with a disability, in accordance with subsections (b)(3), (b)(4), and (c) of section 615, that describes any evaluation procedures such agency proposes to conduct.

“(2) CONDUCT OF EVALUATION.—In conducting the evaluation, the local educational agency shall—

“(A) use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information, including information provided by the parent, that may assist in determining—

“(i) whether the child is a child with a disability; and

“(ii) the content of the child’s individualized education program, including information related to enabling the child to be involved in and progress in the general education curriculum, or, for preschool children, to participate in appropriate activities;

“(B) not use any single measure or assessment as the sole criterion for determining whether a child is a child with a disability or determining an appropriate educational program for the child; and

“(C) use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.

“(3) ADDITIONAL REQUIREMENTS.—Each local educational agency shall ensure that—

“(A) assessments and other evaluation materials used to assess a child under this section—

“(i) are selected and administered so as not to be discriminatory on a racial or cultural basis;

“(ii) are provided and administered in the language and form most likely to yield accurate information on what the child knows and can do academically, developmentally, and functionally, unless it is not feasible to so provide or administer;

“(iii) are used for purposes for which the assessments or measures are valid and reliable;

“(iv) are administered by trained and knowledgeable personnel; and

“(v) are administered in accordance with any instructions provided by the producer of such assessments;

“(B) the child is assessed in all areas of suspected disability;

“(C) assessment tools and strategies that provide relevant information that directly assists persons in determining the educational needs of the child are provided; and

“(D) assessments of children with disabilities who transfer from 1 school district to another school district in the same academic year are coordinated with such children’s prior and subsequent schools, as necessary and as expeditiously as possible, to ensure prompt completion of full evaluations.

“(4) DETERMINATION OF ELIGIBILITY AND EDUCATIONAL NEED.—Upon completion of the administration of assessments and other evaluation measures—

“(A) the determination of whether the child is a child with a disability as defined in section 602(3) and the educational needs of the child shall be made by a team of qualified professionals and the parent of the child in accordance with paragraph (5); and

“(B) a copy of the evaluation report and the documentation of determination of eligibility shall be given to the parent.

“(5) SPECIAL RULE FOR ELIGIBILITY DETERMINATION.—In making a determination of eligibility under paragraph (4)(A), a child shall not be determined to be a child with a disability if the determinant factor for such determination is—

“PART D—NATIONAL ACTIVITIES TO IMPROVE EDUCATION OF CHILDREN WITH DISABILITIES

“SEC. 650. FINDINGS.

20 USC 1450.

“Congress finds the following:

“(1) The Federal Government has an ongoing obligation to support activities that contribute to positive results for children with disabilities, enabling those children to lead productive and independent adult lives.

“(2) Systemic change benefiting all students, including children with disabilities, requires the involvement of States, local educational agencies, parents, individuals with disabilities and their families, teachers and other service providers, and other interested individuals and organizations to develop and implement comprehensive strategies that improve educational results for children with disabilities.

“(3) State educational agencies, in partnership with local educational agencies, parents of children with disabilities, and other individuals and organizations, are in the best position to improve education for children with disabilities and to address their special needs.

“(4) An effective educational system serving students with disabilities should—

“(A) maintain high academic achievement standards and clear performance goals for children with disabilities, consistent with the standards and expectations for all students in the educational system, and provide for appropriate and effective strategies and methods to ensure that all children with disabilities have the opportunity to achieve those standards and goals;

“(B) clearly define, in objective, measurable terms, the school and post-school results that children with disabilities are expected to achieve; and

“(C) promote transition services and coordinate State and local education, social, health, mental health, and other services, in addressing the full range of student needs, particularly the needs of children with disabilities who need significant levels of support to participate and learn in school and the community.

“(5) The availability of an adequate number of qualified personnel is critical—

“(A) to serve effectively children with disabilities;

“(B) to assume leadership positions in administration and direct services;

“(C) to provide teacher training; and

“(D) to conduct high quality research to improve special education.

“(6) High quality, comprehensive professional development programs are essential to ensure that the persons responsible for the education or transition of children with disabilities possess the skills and knowledge necessary to address the educational and related needs of those children.

“(7) Models of professional development should be scientifically based and reflect successful practices, including strategies for recruiting, preparing, and retaining personnel.

“(8) Continued support is essential for the development and maintenance of a coordinated and high quality program of research to inform successful teaching practices and model curricula for educating children with disabilities.

“(9) Training, technical assistance, support, and dissemination activities are necessary to ensure that parts B and C are fully implemented and achieve high quality early intervention, educational, and transitional results for children with disabilities and their families.

“(10) Parents, teachers, administrators, and related services personnel need technical assistance and information in a timely, coordinated, and accessible manner in order to improve early intervention, educational, and transitional services and results at the State and local levels for children with disabilities and their families.

“(11) Parent training and information activities assist parents of a child with a disability in dealing with the multiple pressures of parenting such a child and are of particular importance in—

“(A) playing a vital role in creating and preserving constructive relationships between parents of children with disabilities and schools by facilitating open communication between the parents and schools; encouraging dispute resolution at the earliest possible point in time; and discouraging the escalation of an adversarial process between the parents and schools;

“(B) ensuring the involvement of parents in planning and decisionmaking with respect to early intervention, educational, and transitional services;

“(C) achieving high quality early intervention, educational, and transitional results for children with disabilities;

“(D) providing such parents information on their rights, protections, and responsibilities under this title to ensure improved early intervention, educational, and transitional results for children with disabilities;

“(E) assisting such parents in the development of skills to participate effectively in the education and development of their children and in the transitions described in section 673(b)(6);

“(F) supporting the roles of such parents as participants within partnerships seeking to improve early intervention, educational, and transitional services and results for children with disabilities and their families; and

“(G) supporting such parents who may have limited access to services and supports, due to economic, cultural, or linguistic barriers.

“(12) Support is needed to improve technological resources and integrate technology, including universally designed technologies, into the lives of children with disabilities, parents of children with disabilities, school personnel, and others through curricula, services, and assistive technologies.
