

I'm so humbled by the honor
of having been the third representative
of the People of Wyoming chosen to
share with the Senate & the National
Press Washington Farewell Address.

In a time when the American
people have sent us to the place
with a mandate for a smaller
Government more responsive to the
needs of its citizens - we are in
this speech reminded of ideal & principle
that lead us down the path of democracy -

Craig Thomas

Senator
Wyoming
