

Flying through Blue Space

An Update on Underwater Flight

Please join us!

Attend a special free presentation by Graham Hawkes, Founder and Chief Technology Officer of Hawkes Ocean Technologies to learn about underwater flight. During the month of February, Hawkes Ocean Technologies will be diving its DeepFlight Super Falcon two-man submersible in the Hawaiian Islands Humpback Whale National Marine Sanctuary. The expedition's mission is to listen to humpback whale songs and experience the humpback whales Hawaiian habitat during peak whale season.
