

# Behavioral Health Information Network (BHIN)

## Ordering Guidelines:

- The preferred distribution method is ordering online.
- Bulk orders are not supported for these reasons: large orders deplete the inventory resulting in delayed availability of publications; and the Branch frequently updates materials to guarantee the most current resources.
- The Branch may approve bulk orders in support of community events such as conferences or other large joint initiatives. Send request for bulk orders to [cosc@usmc.mil](mailto:cosc@usmc.mil)

## Shipping Guidelines:

- All orders are shipped via government official mail.
- Orders will be shipped weekly.
- Expedited shipping is not available.
- If an item is not available for any reason, you will be contacted by phone and/or e-mail to discuss any delays pertaining to your order.
