6	AGE	40-44		0.21466203	1.239

Notes

- (1) Coefficients estimated using a logistic regression in SAS on the 2000 State Inpatient Data (SID) for 27 states
- (2) All reported coefficients are significant at $p < 0.05$
- (3) Intercept reports the PSI rate for the reference population (and populations not significantly different than the reference population); all other covariates reported as the ratio to the reference population
